Independent Auditor's Report

The Plan Administrator and Plan Management
Hillcrest Health 401(k) Plan
Bellevue, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hillcrest Health 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets held at end of year and schedule H, line 4a - schedule of delinquent participant contributions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the Hillcrest Health 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

This Plan is a defined contribution plan covering qualified employees of Hillcrest Health Systems, Inc., and its affiliates Red Oak Health Services, Inc., Hillcrest Mable Rose LLC, Hillcrest Home Care, Hillcrest Development Company (dba Hillcrest Country Estates), Hillcrest Shadow Lake, LLC, Innovate Rehab and Wellness, LLC, Hillcrest Firethorn LLC, Hillcrest Millard LLC, HCE-Cottages LLC, Hillcrest Silver Ridge LLC (dba SilverRidge), Hillcrest Hospice LLC, and Hillcrest Grand Lodge, LLC (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Employees become eligible to make participant deferrals after attaining age 21 and completing 90 days of service. Employees age 21 and older become eligible to receive Employer discretionary matching contributions after completing one year of service (defined as a 12-consecutive month period during which the employee completes 1,000 or more hours of service).

Entry Date

Employees may enter the Plan on the first day of the month coinciding with or next following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may elect to make contributions of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Employer may make matching contributions equal to a discretionary percentage, to be determined annually by the Employer based upon the participants' deferral election and completed years of service. For the 2024 Plan year, the Employer elected to make matching contributions equal to 100% of elective deferrals of 1% for employees with 1 to 3 years of service, up to 3% for employees with 4 to 5 years of service, and up to 7% for employees with 6 years or more of service.

Participant Accounts

Each participant's account is credited with the participant's contribution (including rollovers) and the Employer's discretionary matching contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals, rollovers, and the Employer's discretionary matching contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately and fully vested in their contributions (including rollovers) plus actual earnings thereon. Vesting in Employer discretionary matching contributions and actual earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
Less than three years	0%
Three or more years	100%

Separate provisions apply in the event of normal or early retirement age, death or disability, if earlier.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$-0-. These accounts will be used to reduce future Employer contributions or offset Plan expenses. During the year ended December 31, 2024, Employer contributions were reduced by \$17,294 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest are paid ratably through semi-monthly payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the note terms can range up to 30 years. A participant may have no more than one outstanding note at any one time.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or a beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. If the participant's account balance is less than \$1,000, the Plan can automatically cash out the account at the participant's termination. In the event of a mandatory distribution greater than \$1,000 made in accordance with the Plan, if the participant does not elect to have such distribution paid directly to an eligible plan or to receive the distribution directly, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account. For balances greater than \$7,000, a participant must elect to receive the distribution, or the vested benefit will continue to be invested in the Plan's assets. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½, disability, or hardship as defined in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company.

The fair value of pooled separate accounts is determined by the net asset value (NAV) of its underlying investments held at year end adjusted for any dividends or distributions received by American United Life Insurance Company (AUL) and the daily equivalent of any fee charged by AUL pursuant to the contract. The NAV, as provided by AUL, is used as a practical expedient to estimate fair value. There has been no change in the methodology used at December 31, 2024 and 2023.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Contributions

Participant contributions and the related Employer discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Note 3 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by AUL (the custodian of the Plan).

Note 4 - Investments Measured Using the NAV Per Share Practical Expedient

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2024 and 2023:

	2024 Fair Value	2023 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

- (a) This category seeks highest level of total return consistent with its asset mix which consists of equity, fixed income and cash positions.
- (b) This category seeks long-term capital appreciation by investing in foreign market securities. These funds invest primarily in the common stock of companies in both developed and developing foreign markets.
- (c) This category seeks to provide a high level of current income with a secondary investment objective of capital appreciation. These funds invest primarily in higher yielding and generally lower quality debt securities (rated Ba1 or below or BB+ or below).
- (d) This category includes funds that invest in a well-diversified portfolio of primarily corporate and other investment-grade U.S. fixed-income securities.
- (e) This category seeks capital appreciation by investing primarily in large capitalization companies. Although it invests primarily in U.S. securities, investments in foreign companies may be made.
- (f) This category includes funds that are designed to seek a high total return relative to the participant's target retirement year. These funds invest in a mixture of stocks, bonds, and cash. Asset allocations become more conservative over time.

- (g) This category seeks long-term capital appreciation by investing in primarily mid-sized companies or smaller. Although it invests primarily in U.S. securities, investments in foreign companies may be made.
- (h) This category seeks capital appreciation by investing primarily in small capitalization companies. These funds generally invest in companies with growth characteristics or those believed to be undervalued.
- (i) This category seeks long-term growth of capital and has few geographical limitations. These funds invest primarily in common stocks of well-established companies located around the world. These funds may also invest in issuers in developing countries.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by OneAmerica Financial Partner, Inc., which received an advisory letter from the Internal Revenue Service (IRS), dated August 19, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contracts with Insurance Company

The Plan entered into traditional fully benefit-responsive investment contracts with AUL. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value, as reported to the Plan by AUL, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contracts at December 31, 2024 and 2023 was \$2,043,019 and \$2,278,483, respectively.

Effective July 2021, the Employer entered into an agreement with AUL to freeze future contributions to the underlying AUL Fixed Fund and begin directing future contributions under this contract to the AUL Stable Value Fund.

AUL maintains the contributions from the contracts in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed interest rate for the AUL Fixed fund is based on a formula agreed upon with the issuer but may not be less than 4%. The guaranteed interest rate for the AUL Stable Value fund is subject to market rates but may not be less than 0%.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents; (2) changes to the Plan's prohibition on competing investment options; or (3) significant withdrawals from the Plan. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and fully benefit-responsive investment contracts managed by AUL, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

The Plan's registered investment advisor provides services to the Plan pursuant to an agreement between the Plan and the custodian. The custodian receives income from mutual fund service providers for services provided to the funds. Such amounts may be applied to offset Plan administrative expenses or allocated to the accounts of the participant. During the year ended December 31, 2024, income in the amount of \$34,941 was used to offset administrative expenses.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Prohibited Transactions

During Plan year ended December 31, 2023, the Employer inadvertently failed to deposit \$293,822 of participant contributions and loan repayments within the required timeframe as stated by Department of Labor regulations. The contributions were remitted during 2023. The Employer contributed lost earnings pertaining to 2023 to correct these failures during 2024. The Employer will file Form 5330 and pay applicable excise tax to the IRS. Any excise taxes, if applicable, will be made from the Employer's assets and not from assets of the Plan.

Note 10 - Plan Amendments

In connection with the SECURE 2.0 Act, the Plan has not yet been formally amended. However, the Plan is required to operate in accordance with required provisions in accordance with the effective date of each new provision, as well as any optional provisions as elected by the Plan. Effective for distributions made after December 31, 2023, the Plan has elected to apply a threshold of \$7,000 for involuntary cash-out distributions.

Effective July 5, 2024 the Plan was amended for the following: Hillcrest Home Care has clarified its name to be Hillcrest Home Care, Inc., Hillcrest Grand Lodge, LLC has clarified its name to be Hillcrest Development Company LLC dba Hillcrest Grand Lodge, LLC, Hillcrest Grand Lodge, LLC is a newly created entity from Hillcrest Development Company LLC dba Hillcrest Country Estates, LLC, HSL, LLC is a newly created entity from Hillcrest Shadow Lake, LLC, HSR, LLC is a newly created entity from Hillcrest Silver Ridge LLC dba SilverRidge and Hillcrest Caring Companions LLC is a newly created entity from Hillcrest Home Care, Inc.

In addition, Advanced Mobile Medicine LLC, Hillcrest Grand Lodge, LLC, Hillcrest Caring Companions LLC, Mable Rose Estates, Inc., Hillcrest Highlands of Gretna, HSL, LLC, and HSR, LLC adopted the Plan and became participating Employers, effective as of July 5, 2024.

For any eligible employee of Mable Rose Estates, Inc. employed by Mable Rose Estates, Inc. on January 1, 2020, any eligible employee of Hillcrest Grand Lodge, LLC employed by Hillcrest Grand Lodge, LLC on December 16, 2020, any eligible employee of HSL, LLC employed by HSL, LLC on January 1, 2022, any eligible employee of HSR, LLC employed by HSR, LLC on January 1, 2022, any eligible employee of Hillcrest Caring Companions LLC employed by Hillcrest Caring Companions LLC on April 1, 2022, any eligible employee of Advanced Mobile Medicine LLC employed by Advanced Mobile Medicine LLC on November 1, 2022, any eligible employee of Hillcrest Highlands of Gretna employed by Hillcrest Highlands of Gretna on January 1, 2023, the Plan's eligibility requirements are waived if they are employed on July 5, 2024.

Note 11 - Subsequent Events

Effective January 1, 2025, SECURE 2.0 provisions for eligibility of long-term part-time (LTPT) employees were adopted. In addition, effective January 1, 2025, the Plan was amended to allow Roth deferral contributions and Roth rollover contributions.

Effective January 1, 2025, Voya Financial acquired the OneAmerica Financial full-service retirement plan business. As part of that transaction, Voya purchased OneAmerica Retirement Services LLC and OneAmerica Investment Advisory Services. Group annuity contracts issued by AUL will be administered by Voya Retirement Insurance and Annuity Company (VRIAC).

Administrative and recordkeeping services will be provided by VRIAC or Voya Institutional Plan Services, LLC. Certain registered representatives of OneAmerica Securities, Inc. who support the affected businesses are now registered with Voya Financial Partners, LLC or Voya Financial Advisors, Inc. OneAmerica Financial continues to provide information and services to Voya through a transition services agreement.

In April 2025, the Plan sponsor elected to retire the existing AUL Fixed Fund and transfer the remaining balance to the AUL Stable Value Fund.

The Plan has evaluated subsequent events through October 13, 2025, the date which the financial statements were available to be issued.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
