## INDEPENDENT AUDITORS' REPORT

To: The Plan Administrator of  
MAPFRE PRAICO Retirement and Savings Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MAPFRE PRAICO Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MAPFRE PRAICO Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE POWER OF BEING UNDERSTOOD**  
ASSURANCE | TAX | CONSULTING

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MAPFRE PRAICO Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MAPFRE PRAICO Retirement and Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MAPFRE PRAICO Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about MAPFRE PRAICO Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

---

### 1) Plan Description:

The following brief description of the MAPFRE PRAICO Retirement and Savings Plan (the Plan) is provided for information purposes only. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

- A) General – The Plan is a defined contribution plan that covers substantially all of the employees of MAPFRE PRAICO Corporation and its subsidiaries (collectively the Employers, the Group and Plan Sponsor) except those who are compensated exclusively on a commission or fee basis, and/or those who are employed outside of Puerto Rico who are not Puerto Rico residents. The Plan is intended to qualify under the provisions of Section 1081.01 (d) of the Puerto Rico Internal Revenue Code of 2011 (PRIRC), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan administrator is the MAPFRE PRAICO Corporation, and the trustee is Banco Popular de Puerto Rico Trust Division (the Trustee). Other relevant information is as follows:

Effective date	:	January 1, 2002
Plan year	:	December 31
Normal retirement	:	The later of participant attaining age 65 or the fifth anniversary after becoming a participant
Plan entry date	:	Monthly Entry Dates. The first day of each month date

- B) Eligibility – All employees, except leased employees, who have attained 21 years of age and have completed three months or more of service are eligible to participate in the Plan.
- C) Contributions – Each year participants may contribute an amount not to exceed the maximum deferral amount specified by the Puerto Rico tax law. Annual deferral limit under PRIRC is \$15,000 for the years ended December 31, 2024 and 2023. Total annual contributions made by the Employers and participants are limited to the lesser of \$69,000 or the total compensation paid by the Employers to participant during the Plan year, as provided by PRIRC, Section 1081.01. During the year ended December 31, 2024, the Plan did not meet the requirements of the total annual contribution limit. Amount payable to participants for contributions in excess of amounts allowed are recorded as a liability in the accompanying statements of net assets available for benefits with a corresponding reduction to contributions in the accompanying statement of changes in net assets available for benefits. The Plan will distribute excess contributions to the applicable participants during the year ending December 31, 2025.

Participants can also make after tax contributions to the Plan up to a maximum of 10% of the participants' annual base compensation. The Group contributes 100% of the first 6% of base compensation that a participant contributes to the Plan. In addition, participants who are age 50 or older at the end of a calendar year can make additional pre-tax contributions (catch-up contributions) of up to \$1,500 per calendar year. Participants' pre-tax contributions (including catch-up contributions) shall be credited to the separate accounts maintained for each participant. Participants direct all or a portion of the investment of their contributions into various investment options offered by the Plan.

The Group also makes an additional 4% of base compensation profit-sharing contribution for all those employees who were hired on or before August 31, 2004, whether or not the employees contribute to the Plan. The Group's contributions are made bi-weekly with each payroll period and participants' contributions are deducted directly from each participant's salary and sent to the Trustee.

Eligible participants are automatically enrolled with opt-out options.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

- D) Participant accounts – Each participant's account is credited with the participant contribution and allocations of (a) the Participants' and Employers' discretionary contributions, (b) Plan earnings and (c) any related expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. Allocations of income or loss are based on the proportion that each participant's account balance bears to the total of all participant's account balances.
- E) Vesting – Participants are immediately vested in their contributions, rollover contributions plus actual earnings thereon. Vesting in the Employers' matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service since plan inception, as follows:

<u>Years in the plan</u>	<u>Vesting percentage</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

- F) Investment elections – Participants may decide how the contributions allocated to them are invested among the investment options offered by the Plan. The Plan currently offers cash and cash equivalents, mutual funds and fixed income as investment options for participants. Any investment election may be changed with respect to future contributions.
- G) Payment of benefits – Upon retirement, death, disability or termination of employment, a participant may receive a lump-sum amount equal to the vested value of their account. Participants are also allowed to make after-tax withdrawals up to their after-tax funds account balance. In addition, hardship distributions are permitted if certain criteria are met. Periodical payments are permitted only for participants who attain normal early retirement age (monthly, quarterly, semiannual or annual installments of substantially equal amounts over a certain period of years not to exceed 10 years).
- H) Participant loans – Participants may borrow from their Plan accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are paid ratably through bi-weekly payroll deductions over periods ranging from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% or as determined by the Plan administrator. Loans used to acquire a principal residence shall provide for repayment over a reasonable period of time but not to exceed ten years. Principal and interest payments are allocated to the participant's account. Principal and interest are paid ratably through mandatory bi-weekly payroll deductions.
- I) Forfeited allocations – Forfeitures of non-vested account balances in any given year are used to reduce the Plan's administrative expenses. As of December 31, 2024 and 2023, forfeited non-vested accounts amounted to approximately \$53,000 and \$400, respectively.
- J) Administrative expenses – All administrative expenses, except for the contractual fees, are normally paid by the Plan Sponsor. As explained in note 1I, the amounts forfeited can also be used to cover certain expenses incurred in connection with the general administration of the Plan. Expenses that are paid by the Employers are excluded from these financial statements.

## NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

### 2) Summary of Significant Accounting Policies:

- A) Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.
- B) Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- C) Interest in Master Trust – Investment assets of the Plan are maintained in the Master Trust administered by Banco Popular de Puerto Rico, as Trustee. The Plan participates in one Master Trust.

The interest in the Master Trust represents the Plan’s specific interest in the assets of the Master Trust. The assets consist of funds that are maintained by Banco Popular de Puerto Rico. Contributions, benefit payments and certain administrative expenses are specifically identified and charged to the Plan.

- D) Investment valuation and income recognition – The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Retirement Committee determines the Plan’s valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan’s interest in Master Trust gains and losses on investments bought and sold as well as held during the year.

- E) Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.
- F) Contributions – Employees and employers’ matching contributions are recorded in the period in which the Plan Sponsor makes the payroll deductions from the participant’s earnings.
- G) Payment of benefits – Benefit payments to participants are recorded when paid.
- H) Administrative expenses – Expenses that are paid by the Plan are recorded when incurred. Fees related to the administration of the notes receivable from participants are charged directly to the participant’s account and are included as administrative expenses. Investment related expenses are included in net appreciation (depreciation) of investments.

### 3) Information Certified by Banco Popular de Puerto Rico (Trustee):

The following is a summary of the Plan’s asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan’s financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

The Trustee also certified to the completeness and accuracy of investment income from the Plan's interest in Master Trust amounting to \$7,937,288 for the year ended December 31, 2024.

### 4) Plan's interest in Master Trust:

The Plan's investments are included in the investments of the Master Trust. Each participant in the retirement plan directs their investments into the funds within the Master Trust. The Plan's recordkeeper maintains supporting records for the purpose of allocating net assets and net gains and losses of each of the investments of the plans and to each participant's account based on participant direction.

The following table presents the investments and other assets of the Master Trust, and the Plan's interest in the Master Trust, as of December 31, 2024 and 2023:

# MAPFRE PRAICO RETIREMENT AND SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

The net investment income of the Master Trust and the Plan's interest of the net investment income for the year ended December 31, 2024, are presented below:

Description	Master Trust	Plan's Interest in Master Trust
Net appreciation in the fair value of investments	\$ 151,832,435	\$ 5,627,215
Interest	3,491,874	691,701
Dividends and other income	27,606,205	1,618,372
Total investment income	<u>\$ 182,930,514</u>	<u>\$ 7,937,288</u>

Net appreciation in the fair value of the Plan's interest in the Master Trust, consists of the Plan's specific share of realized gains or losses and unrealized appreciation or depreciation on those investments. The net appreciation and interest and dividends are allocated to the participating plans based upon participant Plan account balances.

Information of the Master Trust's investment by level was not readily available. Investments held by the Plan within the Master Trust are classified as Level 1 type investments within the fair value hierarchy, except for the investment in obligations of U.S. governmental agencies that are considered Level 2.

Refer to Note 5 for description of the valuation methodologies used.

### 5) Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Master Trust's market assumptions.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan or Master Trust has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

# MAPFRE PRAICO RETIREMENT AND SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's interest assets measured at fair value within the Master Trust. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest bearing cash and cash equivalents – The carrying amount of interest-bearing cash and cash equivalents are reasonable estimates of the fair value due to its short-term maturity. These interest-bearing cash are available upon demand, hence, classified as Level 1 within the fair value hierarchy.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

U.S. government securities – Valued using pricing models maximizing the use of observable inputs for similar securities. These U.S. government securities are classified as Level 2 within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The carrying amounts of investments and notes receivable from participants approximate their fair values because of the relatively short-term maturities of these financial instruments. For investment information related to the Master Trust refer to Note 4.

Transfers between levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers between levels.

### 6) Non-discrimination Test:

The Plan passed the discrimination test for the years ended December 31, 2024 and 2023. There were no excess contributions for the years ended December 31, 2024 and 2023, as determined by the Actual Deferral Percentage Test (Discrimination Test).

## NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

### 7) Tax Status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of ERISA, as amended, and with PRIRC. The latest determination letter received from the Puerto Rico Treasury Department was dated September 25, 2023, with an effective date of January 1, 2020. The Plan was amended and restated effective as of June 1, 2020 to reduce the waiting period for entrance to the Plan, adopt automatic enrollment with opt-out options, and to reduce 1% the interest rate over the prime rate on loans. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of PRIRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department. The Plan administrator evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2024 and 2023, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2020.

### 8) Risks and Uncertainties:

The Plan's investments may be exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 9) Party-in-interest Transactions:

Banco Popular de Puerto Rico (BPPR) is a party-in-interest as defined by ERISA. The Plan's investment transactions are managed by BPPR which is the Trustee, custodian, and recordkeeper of the Plan's assets. During December 31, 2024 and 2023 party-in interest transactions were \$1,382,333 and \$1,295,161, respectively. There were no prohibited party-in-interest investments or transactions as of December 31, 2024 and 2023 and for the year ended December 31, 2024.

### 10) Plan Termination:

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employers' contributions.

### 11) Subsequent Events:

The Plan administrator is not aware of subsequent events, which would require recognition and/or disclosure in the financial statements. The Plan administrator has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.
