HENDERSON COMPANIES, INC. 401(k) PLAN AND TRUST

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2024 AND 2023

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Participants of Henderson Companies, Inc. 401(k) Plan and Trust
Lenexa, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Henderson Companies, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2024, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HENDERSON COMPANIES, INC. 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following description of the Henderson Companies, Inc. 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan that covers substantially all employees of Henderson Companies, Inc. and Outcome Construction Services, LLC (collectively, the “Company” or “Henderson”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Empower Annuity Insurance Company and Empower Trust Company (collectively, “Empower”), serves as the custodian of the Plan. Empower Trust Company is the trustee of the Plan. Empower Retirement serves as the Plan’s recordkeeper.

Plan Amendment – The Plan was amended effective January 1, 2024, to remove the option for participants to contribute after-tax elective deferrals to the Plan.

Eligibility – The Plan is open to employees (as defined by the Plan Document) of the Company, who are 21 years old, and have worked 30 days. Once the eligibility requirements have been met, an employee may enter the Plan on the first day of the following month. The Plan excludes the following types of employees from participating:

- Collective bargaining employees
- Nonresident aliens
- Leased employees
- Independent contractors
- Student interns

Temporary employees are excluded from participation until they complete one year of service.

Contributions – Participants may elect to contribute up to 100% of their annual compensation subject to certain Internal Revenue Code (“IRC”) limitations as pre-tax contributions or Roth contributions.

The Plan includes an auto-enrollment provision. Eligible participants will have an automatic deferral amount of 9% of eligible compensation, unless the participant opted in writing to have another amount or 0% withheld. Participants direct their contributions and employer contributions to mutual funds, an insurance contract or a pooled separate account.

The Company may declare a discretionary matching and/or profit-sharing contribution as determined by management. A participant must be employed on the last day of the Plan year, and work 1,000 hours to be eligible for the Company contributions. For the year ended December 31, 2024, the match was equal to 100% of the first three percent of the participant’s annual compensation, 50% on the next three percent of the participant’s annual compensation, and 25% on the next three percent of the participant’s annual compensation. The Company did not make a discretionary profit-sharing contribution for the year ended December 31, 2024. Forfeitures of \$243,721 were used to offset the employer contributions.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, Company discretionary matching contribution and allocations of (a) the Company’s discretionary profit-sharing contribution (b) Plan earnings or losses, and (c) expenses paid by the Plan. Allocation of earnings is based on the investments selected by the participants. Allocation of the discretionary profit-sharing contribution is based on a nonintegrated allocation formula based on an individual allocation group for each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Payment of Benefits – Upon termination of employment, the participant, or in the case of death, the participant’s beneficiary can elect to receive the participant’s account balance in a single lump-sum or in the form of an annuity, in accordance with the Plan document.

Administrative Expenses – Administrative expenses incurred by the Plan may be paid by the Plan or by the Company. During 2024, the Plan paid administrative expenses of \$193,687.

Vesting – Participants’ contributions and earnings thereon are fully vested at all times. Vesting in employer contributions and the related earnings is based on years of service. For vesting purposes, a year of service is defined as a Plan year including 1,000 hours of service. Participants vest in employer contributions and related earnings as follows:

| Years of Service | Vesting Percentage |
|-------------------------|---------------------------|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Notes Receivable from Participants – Participants may borrow a minimum of \$1,000, and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance for either a principal residence or general purpose loan. A participant may have one general purpose loan and/or one principal residence loan outstanding at any one time. The loans are secured by the balance in the participant's account. Loans to participants bear interest equal to the bank prime rate, plus 1%. Principal and interest is paid ratably through payroll deductions.

Forfeitures – Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. Forfeitures of employer contributions are applied as reductions to matching and discretionary contributions for future plan years, or to pay administrative expenses. At December 31, 2024 and 2023, there is \$243,721 and \$261,134 respectively, in forfeitures. Forfeitures in the amount of \$243,721 were used to reduce the employer contribution receivable at December 31, 2024. During 2024, expenses in the amount of \$468 were paid with forfeitures.

In-Service Withdrawals – Hardship withdrawals are available to the plan participants for reasons as defined in the Plan Document. The portion of a participant’s account related to Roth contributions and earnings may not be used for hardship withdrawals.

The Plan allows participants to take an in-service withdrawal upon reaching certain ages. Participants who are at least 60 years old may elect to receive a distribution of their account balances related to employee deferrals and/or rollovers. When a participant reaches the age of 62, all other sources of their account balance are available for distribution.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, the entire balance of the participant’s account will become fully vested, and all remaining Plan assets shall be allocated to the participants as described in the full text of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions – Employer and participant contributions are reported in the year services are rendered to the Company by the Plan participants.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value, except for the insurance company general account (this is fully benefit-responsive, see Note 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

A portion of the management fees and operating expenses charged to the Plan for investments in the mutual funds and variable annuities are deducted from income earned on a daily basis and are not separately reflected. Consequently, a portion of management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance is considered necessary.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management’s Review – Subsequent events have been evaluated through October 3, 2025, which is the date the financial statements were available to be issued, and there were no material events requiring recognition or disclosure.

3. FAIR VALUE OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual Funds – Valued at the published net asset value (“NAV”) of shares held by the plan at year end.

Variable Annuities – The initial pricing input is the quoted price obtained from the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2024 and 2023:

| | Fair Value Measurements Using: | | | Total |
|--|---|----------------|----------------|-----------------------|
| | Level 1 | Level 2 | Level 3 | |
| December 31, 2024: | | | | |
| Mutual Funds | \$ 166,147,838 | _____ | _____ | \$ 166,147,838 |
| Total investments in the fair value heirarchy | <u>\$ 166,147,838</u> | <u>\$ -</u> | <u>\$ -</u> | 166,147,838 |
| Investments measured at net asset value (a) | | | | <u>13,106,296</u> |
| Investments measured at fair value | | | | <u>\$ 179,254,134</u> |
| December 31, 2023: | | | | |
| Mutual Funds | \$ 154,286,610 | _____ | _____ | \$ 154,286,610 |
| Total investments in the fair value heirarchy | <u>\$ 154,286,610</u> | <u>\$ -</u> | <u>\$ -</u> | 154,286,610 |
| Investments measured at net asset value (a) | | | | <u>11,550,678</u> |
| Investments measured at fair value | | | | <u>\$ 165,837,288</u> |

(a) Certain investments are measured at fair value based on the NAV per share practical expedient at December 31, 2024 and 2023. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

- Investments, at fair value and contract value
- Net appreciation in fair value of investments
- Interest and dividend income
- Notes receivable from participants, and related interest
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TAX STATUS

The Company adopted a Prototype Non-Standardized Profit-Sharing Plan with CODA which received a favorable opinion letter from the IRS on September 16, 2022, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2024. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. INSURANCE COMPANY GENERAL ACCOUNT

The Plan has entered into a group annuity contract issued by Empower, which is a fully benefit-responsive investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value. The assets are valued at the contract value, which is equal to fair value. Contract value is the sum of amounts invested, less withdrawals, plus interest computed at the guaranteed interest rate. These contracts do not hold any specific assets.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

When establishing interest crediting rates, Empower considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%.

8. EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments include variable annuities and an insurance company general account managed by the custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays certain fees to Empower and Empower Retirement to administer the Plan. These transactions qualify as party-in-interest. Notes receivable from participants are party-in-interest transactions.
