Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DermTech, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DermTech, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DermTech, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Going Concern

The accompanying financial statements have been prepared assuming the Plan will continue as a going concern. As discussed in Notes 1 and 10 to the financial statements, during 2024 the company sponsoring the Plan entered into bankruptcy, and subsequently, on September 17, 2025, a formal authorization to terminate the Plan, in accordance with the terms of the Plan, retroactively on August 15, 2025 was made, which indicates the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DermTech, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DermTech, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DermTech, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2024 and Schedule H, Part IV, Line 4i as of December 31, 2024), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DERMTECH, INC. 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 1. DESCRIPTION OF PLAN

The DermTech, Inc. 401(k) Plan (the "Plan") is sponsored by DermTech, Inc. (the "Company" or "Plan Sponsor"). The following description of the Plan, as amended and restated, provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 2000, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code").

On June 18, 2024, DTech Liquidating, Inc. (f/k/a DermTech, Inc. and p/k/a Constellation Alpha Capital Corp.) and its wholly owned subsidiary, DTech Op Liquidating, Inc. (f/k/a DermTech Operations, Inc. and p/k/a DermTech, Inc.) (collectively, as debtors-in-possession, the "Debtors") each filed a voluntary petition under chapter 11 of the U.S. Bankruptcy Code, administered under case number 24-11378 (MFW) (the "Bankruptcy Case"), in the District of Delaware (the "Bankruptcy Court").

On August 21, 2024, the Bankruptcy Court entered an order (the "Sale Order") approving the sale of substantially all of the Debtors' collective assets, including the transfer of substantially all of the Debtors' legacy business operations and then-current personnel to an unaffiliated third-party buyer (the "Sale Transaction"). The Sale Transaction officially closed on August 30, 2024. As the resulting reduction in force caused by the Sale Transaction in connection with the Bankruptcy Case exceeded the 20% threshold, a partial plan termination occurred, and as such, participants became fully vested in all contributions.

As more fully described in Note 10, on July 17, 2025, the Bankruptcy Court confirmed the Debtors' plan of liquidation (the "Liquidation Plan") by entry of an order (the "Confirmation Order"), which became effective on August 12, 2025 (the "Effective Date").

Eligibility

Employees of the Company are eligible to participate in the Plan and are not subject to any age requirements for entry. Certain employee types are excluded from the Plan, as defined.

Contributions

Participant salary reduction contributions – Each pay period, participants may elect to contribute up to 90% of pretax compensation, as defined by the Plan. Employees may also designate salary deferrals as "Roth" contributions. In addition, employees who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") up to 100% of compensation. Participant contributions to the Plan are limited by the maximum allowed by the Code. Effective January 1, 2022, the Plan was amended such that, except for those who affirmatively elected not to participate, employees automatically have 5% of their eligible compensation deferred into the Plan.

Eligible employees may also contribute amounts representing rollover distributions from other qualified sources. Participant contributions are 100% vested and nonforfeitable. Employees may also contribute Roth rollovers to the Plan.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Employer contributions – The Plan allows for discretionary matching contributions, qualified matching contributions, and nonelective (profit-sharing) employer contributions. The Company did not make any such contributions for 2024.

Vesting

Participants are immediately vested in their contributions and employer safer harbor matching contributions plus actual earnings thereon. Vesting in discretionary matching contributions and any employer qualified nonelective contributions is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	25%
2	50%
3 or more	100%

Investment Options

Upon enrollment in the Plan, participants may direct their contributions, and any employer contributions, in any of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between investment options in accordance with Plan provisions.

Participant Accounts

Each participant's account is credited with contributions, allocations of investment earnings or losses, and is charged with administrative expenses where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested interests in their account balances. Such loans are required to be repaid within 5 years unless the loan is to be used to acquire the principal residence of the participant. Loans are secured by the participants' vested interests in their account balances. The loans bear interest at a reasonable rate as determined by the Plan administrator. As of December 31, 2024, the interest rate on outstanding loans ranged from 7.00% to 8.00%. Principal and interest are paid regularly through payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon disability, death, termination, retirement, attaining age 59½, and/or hardship, participants may elect to receive a distribution of their account (as defined) in lump sum or installment payments. Also, at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, and the SECURE 2.0 Act of 2022 (the "SECURE 2.0 Act"), which became law on December 29, 2022, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires except that –
- Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reaches the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of mutual funds includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain of the Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company. Certain distribution and loan fees are paid by the related participants. All of the aforementioned expenses are expensed when incurred.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued (Note 10).

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN/TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation or depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the custodian/trustee of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DERMTECH, INC. 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds (including money market account): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			Total
	Level 1	Level 2	Level 3

Total investments at fair value	<u>\$ 11,646,535</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,646,535</u>

NOTE 5. INCOME TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the opinion letter from the Internal Revenue Service ("IRS"), which states that, in its opinion, the pre-approved plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 6. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the custodian/trustee of the Plan. These transactions qualify as exempt party-in-interest transactions.

DERMTECH, INC. 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2024

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. UNTIMELY PARTICIPANT CONTRIBUTIONS

The Company identified three instances in which amounts withheld from employees during 2024 totaling \$3,329 was not forwarded to the custodian within the reasonableness timeframe established by the Department of Labor. The Company is in the process of calculating lost earnings in order to determine the necessary corrective action related to the delinquent remittance.

Based on such actions, Plan management and the Company believe the delinquent remittance will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 9. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the change to required minimum distributions in Note 1, the SECURE 2.0 Act includes various required and optional provisions that will become effective between 2023 and 2033, certain of which are described below:

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Beginning January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

NOTE 10. SUBSEQUENT EVENTS

Please refer to certain defined terms contained in Note 1.

On the Effective Date, the DermTech Liquidating Trust was established pursuant to the Liquidation Plan, the Confirmation Order, and the Liquidating Trust Agreement and a Liquidating Trustee was appointed to oversee and manage the remaining phase of the Bankruptcy Case, including but not limited to, the wind-down and termination of the Plan.

On September 17, 2025, pursuant to signed written consent and in accordance with the terms of the Plan, the Liquidating Trustee (as the sole remaining official signatory of the Plan Sponsor and the Debtors) formally authorized the termination of the Plan retroactively effective as of August 15, 2025.

Distribution of the participant balances is expected to occur as soon as practicable.
