Board of Trustees
Lansing Local 826 Glaziers'
Retirement Trust Fund
P.O. Box 189
Jackson, MI 49024-0189

Trustees:

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Lansing Local 826 Glazier's Retirement Trust Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lansing Local 826 Glazier's Retirement Trust Fund's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note L to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lansing Local 826 Glazier's Retirement Trust Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lansing Local 826 Glazier's Retirement Trust Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lansing Local 826 Glazier's Retirement Trust Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lansing Local 826 Glazier's Retirement Trust Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

Note A: **Description of the Plan**

The following brief description of the Lansing Local 826 Glazier's Retirement Trust Fund (the "Plan") as in effect on December 31, 2024, is provided for general purposes only. For more complete information, refer to the Plan document.

1. General – The Pension Plan was established effective January 1, 1995, as a result of collective bargaining. The Plan is a defined contribution pension plan covering all employees working under the collective bargaining agreements. It is a multi-employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The plan has a "force out" feature in which account balances with no activity and less than \$5,000 balances are automatically sent to "Rollover Systems" if there is no response to a request for information from the member after 30 days.

2. Contributions – The Plan is funded in accordance with the terms of a contract between the union and various employers. The contract provides for employers to make monthly contributions at a specified rate based on the number of hours worked by covered employees. During 2022, a new contract was signed for June 1, 2022 through May 31, 2026. In 2024 and 2023, the contribution rate was \$7.00. The trustees of the Plan may elect to make limited changes in the allocation of contract funds between the Plan and a health and welfare plan covering the same employees.
3. Retirement Benefits – On termination of service due to death, disability, or normal retirement at age 60 or age 55 with 20 years of services, a participant may elect to receive a lump-sum amount equal to the value of their vested account balance or to purchase an annuity of the same value. For termination of service due to other reasons, a participant may receive the value of the vested interest in the account as a lump sum distribution.
4. Participant Accounts – Each participant's account is credited with their share of their employer's contribution and an allocation of Plan earnings and forfeitures of certain non-vested balances. Allocations are based on a weighted average of account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
5. Vesting – Vesting in the plan is based on years of continuous services. A participant is vested at 25% per year after the second year and 100% vested after five years of credited service, in which 1,000 hours are worked with the year. A participant also becomes 100% vested upon death, disability, or normal retirement age.

Note B: Summary of Significant Accounting Policies

1. Basis of Accounting – The accounting records of the Plan are maintained on the accrual basis of accounting. Contributions received subsequent to December 31, 2024, attributed to hours worked prior to January 1, 2025, have been reflected as contributions due from employers as of December 31, 2024, in accordance with the consistent policy of the Fund.
2. Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent asset and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.
4. Benefits – Benefits are recorded when paid.
5. Administrative Expenses – All expenses of maintaining the plan are paid by the Plan. Certain costs are shared with the Lansing Local 826 Glazier's Health and Welfare Trust Fund and allocated between the plans.

Note C: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
|---------|---|

LANSING LOCAL 826 GLAZIER'S RETIREMENT TRUST FUND

NOTES TO FINANCIAL STATEMENTS
(Continued)

Note C: Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies have been used to value the Fund's investments:

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

Common collective trust funds – Common collective trust funds are valued at net asset value per shares (or its equivalent) of the funds, which is based on the fair value of the Fund's underlying net assets.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective investment fund at contract value on a daily basis. Were the Plan to initiate a full redemption of the collective investment fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to twelve months in order to ensure that securities liquidations will be carried out in an orderly manner.

Note C: Fair Value Measurements (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the fair value measurements as of:

Fair Value Measurement at December 31, 2024

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Common collective trust:					
Gartmore Morley Stable Value Fund	\$ 2,648,566	\$ 2,941,209	\$ -	Daily	N/A

Note D: Investments

The Plan's investments consist of mutual funds and common collective trusts held by Alerus Financial under a recordkeeping services agreement whereby participants may direct their contributions to any of the various funds provided by Alerus Financial as approved by the Board of Trustees. Empower maintains each participant's account and allocates contributions, income, and expenses. Investments that represent 5% or more of the Plan's net assets are separately identified.

The following is a comparison of cost to market value of investments, other than cash, held at December 31, 2024.

	Market Value	Cost	Market Value Over (Under)
Mutual funds	\$ 31,297,035	\$ 29,198,425	\$ 2,098,610

Note D: Investments (Continued)

During the Plan years ended December 31, 2024 and 2023 the Plan's investments (including investments bought, sold, and held during the year), appreciated in value by \$ and \$3,579,027, respectively, as follows:

	Years ended December 31,	
	2024	2023
Net appreciation in fair value:		
Mutual funds	\$ 2,502,749	\$ 3,502,189
Common collective trusts	72,346	76,838
	\$ 2,575,095	\$ 3,579,027

Note E: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Section 401(a) and 501(a) respectively of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter dated October 28, 2009 from the Internal Revenue Service and the Plan sponsor believes the Plan, as amended, continues to qualify, and operate as designed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note F: Plan Termination

In the event the Plan is terminated, the net assets after payment of administrative and liquidation expenses will be distributed to participants and beneficiaries. In the event of Plan termination, participants will become 100% vested in their account balances.

**NOTES TO FINANCIAL STATEMENTS
(Continued)**

Note G: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note H: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant directed investments to be disclosed separately in the financial statements as a reportable transaction.

Note I: Forfeited Accounts

At December 31, 2024 and 2023, there were no forfeited nonvested accounts. Pursuant to the provisions of the plan, forfeited nonvested accounts are reallocated to pay plan expenses.

Note J: Party-in-Interest Transactions

Plan investments are held at Alerus Financial, N.A. (the custodian). The transactions of the custodian qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment manager, investment advisor, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.
