Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **ARMANINO LLP**

(2) EIN: **33-2514127**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Sift Science 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Sift Science 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sift Science 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Sift Science 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sift Science 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sift Science 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sift Science 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of Sift Science 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2024, indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of Sift Science 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Sift Science, Inc. (the "Employer," "Plan administrator," "Plan Sponsor," or "Company") pursuant to Section 401(k) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 2014, and most recently restated effective August 1, 2023. The Plan is designed to provide participants with a means to defer a portion of their eligible compensation for retirement and to provide benefits in the event of retirement, disability, death, termination of employment or financial hardship. The Plan covers substantially all employees of the Employer who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Employer is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. The Employer has contracted Charles Schwab Trust Bank (the "Trustee") for the trustee services, custody and management of the Plan's investments. Recordkeeping services are provided by Schwab Retirement Plan Services, Inc. ("Schwab").

Eligibility

All employees are eligible to participate in the Plan, with the exception of interns. Eligible employees, unless affirmatively elected otherwise, are automatically enrolled in the Plan at a contribution rate of 5% of pretax compensation. Contributions are mapped into a qualified default investment alternative (QDIA), as determined by the Plan administrator, based on the participant's expected retirement date, unless the participant elects otherwise.

Sift Science 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants are permitted to make elective contributions of up to 100% of their eligible pre-tax or Roth after-tax annual compensation, as defined by the Plan. Contributions may not exceed limitations established under the IRC. Participants who have attained age 50 before the end of the Plan year may contribute additional catch-up contributions to the Plan also subject to IRC limits. The Plan accepts rollover contributions from other eligible retirement plans. Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The Employer may make an Employer discretionary matching contribution and an Employer discretionary non-elective profit-sharing contribution. If a participant terminates employment for any reason other than retirement, death or disability, the participant will not be eligible to receive an Employer discretionary non-elective profit-sharing contribution. For the year ended December 31, 2024, the Employer did not make an Employer discretionary matching contribution or Employer discretionary non-elective profit-sharing contribution. During the year ended December 31, 2024, the Employer made a Qualified Non-Elective Contribution in the amount of \$4,442.

Participant accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, rollovers, and allocations of the Employer's contributions, an allocation of forfeitures, if any, and Plan earnings, and charged with an allocation of administrative expenses, if applicable and Plan losses, if any. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollovers, plus actual earnings or losses thereon. Vesting in the Employer discretionary matching contribution and the Employer discretionary non-elective profit-sharing contribution portion of their accounts is based on years of service. Participants are vested in Employer contributions at 25% each year and are fully vested after completing four years of service. Participants become fully vested in the Employer contributions upon death or disability.

Forfeitures

Forfeitures are retained in the Plan and can be allocated to the accounts of eligible participants, as defined by the Plan, in proportion to the participants' eligible compensation for each Plan year, or to reduce the Employer's contributions and/or to pay administrative expenses.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants ("participant loans") are issued directly from the participant's account balance and are reported as notes receivable from participants in the statements of net assets available for benefits. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the value of the participant's vested interest in their account. The \$50,000 maximum participant loan amount is reduced by the highest outstanding participant loan balance during the previous twelve months. The participant loans are secured by the balance in the participant's account and bear interest decided based upon the reasonable rate of interest charged by persons in the business of lending money, as defined in the plan document. Principal and interest are paid ratably through payroll deductions over a maximum of five years unless the loan is used for the purchase of a principal residence, which may permit a longer repayment term, not to exceed 10 years. As of December 31, 2024, interest rates on outstanding loans ranged from 8.75% to 10.25% with various maturities through December 2028.

Payment of benefits

Distributions and withdrawals are payable upon attainment of age 59 1/2, retirement, termination of employment, being called to active military duty, disability or death. If a participant's account balance is equal to or less than \$1,000 upon termination, a lump-sum distribution will be made. If a participant's account balance is greater than \$1,000 and less than or equal to \$5,000 upon termination, the Plan administrator shall pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator, unless the participant elects a rollover into another qualified plan or a lump-sum distribution. If a participant's account balance is greater than \$5,000 upon termination, the participant may elect to receive a lump-sum distribution or partial payments, direct a rollover into another qualified plan, or postpone payment to a later date and remain in the Plan as described in the Plan document. Effective January 1, 2024, the Plan's involuntary cash out and automatic rollover provision amount was increased from \$5,000 to \$7,000.

Upon attaining the age of 59 1/2, the participant may, while still employed by the Employer, request a withdrawal from their account balance. Under certain circumstances of financial hardship, as defined in the plan documents, the participant is allowed to withdraw funds from their account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Non-elective Employer contributions, if any, are recorded in the year they are earned to coincide with the year in which the Employer records the contributions in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. If a participant ceases to make participant loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan including Trustee, recordkeeping, auditing, consulting and legal advisor fees unless paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. The Plan is not required to reimburse the Employer for expenses paid on its behalf. Participants are charged for an allocation of expenses and other transactional fees. Administrative expenses paid by the Plan are recorded when incurred.

Investment fees, which may vary according to the individual funds selected, are offset against earnings on the related investments at the individual fund level.

Subsequent events

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability.

The asset or liability's fair value measurement level within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2024 and 2023. There have been no changes to the methodologies used as of December 31, 2024 and 2023.

Money market and mutual funds: This category consists of publicly traded funds of registered investment companies valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value and to transact at that value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Money market and mutual funds	<u>\$ 20,860,982</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,860,982</u>

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Money market and mutual funds	\$ 16,424,477	\$ -	\$ -	\$ 16,424,477

4. TAX STATUS

The Plan has adopted the Schwab Retirement Plan Services, Inc. Pre-Approved Defined Contribution Plan Basic Plan Document #13. The Internal Revenue Service has determined and informed Schwab by a letter dated September 21, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC, and is appropriate for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the financial statements.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution, has certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024.

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

6. RELATED PARTY AND PARTY-IN INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Also, the Employer pays certain fees on behalf of the Plan. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.
