Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BOBER, MARKEY, FEDOROVICH & COMPANY**

(2) EIN: **34-1523030**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		30000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Diebold Nixdorf, Incorporated U.S. Pension Plan
North Canton, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Diebold Nixdorf, Incorporated U.S. Pension Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and accumulated plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Note 1: Description of the Plan

The following brief description of the Diebold Nixdorf, Incorporated U.S. Pension Plan (the “Plan”) is provided for general information purposes only. Participants and users of the financial statements should refer to the Plan document for more complete information.

General

The Plan is a defined benefit pension plan sponsored by Diebold Nixdorf, Incorporated (the “Company”) that covers substantially all salaried employees hired prior to July 1, 2003. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan has been amended and restated to either provide additional benefits or options, or to comply with changes in the law. The Plan was closed to new hires effective July 1, 2003. In July 2013, the Company's board of directors approved freezing the Plan benefits effective as of December 31, 2013 for U.S.-based employees who joined the Company prior to July 1, 2003. The plan was amended effective November 1, 2024, to offer a limited period lump sum option during 2024 to certain terminated vested and eligible active participants in the Plan. The lump sum option concluded in November 2024, and approximately \$68.8M was paid from the Plan in November 2024 related to the limited period lump sum option.

Retirement Dates

The normal retirement date of a participant is the later of the 65th anniversary of his or her date of birth or the 5th anniversary of the date the associate commenced participation in the Plan. A participant who has attained age 50 and whose combined age and years of credited service equals or exceeds a total of 70, or a participant who has completed 30 or more years of benefit service regardless of attained age, may retire at any time thereafter under early retirement. A participant who has completed 15 or more years of credited service and becomes incapacitated by total and permanent disability may retire and receive a disability retirement benefit. If, for any reason other than death, the services of a participant are terminated after completion of at least five years of vesting service with the Company but prior to normal or early retirement, such participant shall have a deferred vested benefit to commence distribution at the normal retirement date.

Credited Service

Credited service is the total number of years of service accumulated by a participant prior to his or her retirement. A participant accumulates credited service based upon the total period of continuous service covered under the Plan. For each full year of continuous service, a participant receives credit for one year of credited service. The maximum number of years of credited service cannot exceed 30 years. No additional credited service accrues after December 31, 2013.

Trust Fund Management

Under the terms of the trust agreement between Russell Investments (the “Trustee”) and the Plan, the Trustee manages the trust funds and executes transactions on behalf of the Plan. All investments, as of December 31, 2024 and 2023, and a portion of the investment income for the year ended December 31, 2024 included in the financial statements have been reported to the Plan by the Trustees as having been determined through the use of fair values of all assets of the trust fund.

Vested Benefit

Vested benefit is the retirement benefit to which a participant, whose service terminated after his or her vesting date, is entitled. After five years of vesting service, such vested benefit is 100 percent of the participant's accrued benefit derived from the Company contributions. A participant earns vesting service based upon the total period of service covered under the Plan including service after the Plan freeze date of December 31, 2013.

Normal Retirement Benefit

The normal monthly retirement benefit is equal to the greater of:

- Benefit calculated as 0.8 percent of final average monthly compensation, as defined, up to covered compensation, as defined, plus 1.25 percent of final average monthly compensation in excess of covered compensation, multiplied by credited service (maximum of 30 years);
- Sixteen dollars per month per year of credited service, plus 20 percent of the portion of final average monthly compensation which exceeds \$1,200 (reduced proportionately for credited service under 30 years); or
- Accrued benefit as of July 31, 1991 under the Plan prior to the Plan amendment, which became effective January 1, 1992.

DIEBOLD NIXDORF, INCORPORATED U.S. PENSION PLAN
Notes to Financial Statements
December 31, 2024 and 2023

In addition, all participants retiring after January 1, 1992, receive a monthly retiree medical supplement equal to \$4.20 times years of credited service up to a maximum of 30 years.

Death Benefit

A surviving spouse of a vested participant who dies prior to retirement is entitled to a spouse's benefit. The spouse's benefit is a pension payable for the life of the spouse equal to the amount that would have been payable to the surviving spouse had the participant retired immediately preceding his or her death and elected a 50 percent joint and survivor option.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and are in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Due to investments in partnerships within the Diebold, Incorporated Pension Master Trust ("Master Trust") not being traded on an active market, the values as of any particular date are not necessarily indicative of amounts that may ultimately be realized as a result of future sales or other dispositions of investments held. The estimated values may differ significantly from the values that would have been used had an active market for the securities existed. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. Significant assumptions underlying the actuarial computations include:

- Assumed retirement based on a table of retirement rates beginning at age 50 through age 70 which result in an average retirement age of 60;
- Assumed valuation interest rates for 2024 and 2023 was 6.60 percent and 6.30 percent, respectively, compounded annually;
- Assumed turnover and disability rates based on published statistical data and tables;
- Assumed mortality rates based upon the Pri-2012 base table ("Pri-2012") with no collar adjustment, separate for employees, retirees, contingent survivors, and disabled participants, with the MP-2021 generational mortality improvement projection scale to reflect the updated assumption in 2024 and 2023.

The actuarial cost method used by the actuary is the unit credit cost method. This is a method under which an accrued benefit is calculated as of the beginning of the year and as of the end of the year for each benefit that may be payable in the future. The accrued benefit is based on the Plan's accrual formula and upon service as of the beginning or end of the year. For benefits where the Plan's accrual formula is not relevant, benefits are assumed to accrue on a straight-line basis over the period during which the employee earns credited service.

The actuarial accrued liability is the present value of the accrued benefits as of the beginning of the year for the employed participants and is the present value of all benefits for other participants.

Subsequent Events

The Company has evaluated subsequent events through the date of the Plan financial statements were available to be issued, October 10, 2025. There were no subsequent events which required recognition or disclosure in the financial statements.

Note 3: Funding Policy

The Company contributes such amounts as are necessary to provide sufficient assets to meet the benefits to be paid to Plan participants and satisfy the ERISA minimum funding requirements. The Plan has met the ERISA minimum funding requirements for 2024 and 2023.

DIEBOLD NIXDORF, INCORPORATED U.S. PENSION PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of permanent termination of the Plan, the assets then remaining in the trust fund, subject to provision for expenses incident to such termination, are allocated in the following priority: first, to retirees who began receiving benefits at least three years before termination, including benefits to individuals who would have received benefits for at least three years had they retired that long ago; second, to all other individuals guaranteed under the termination insurance provisions of ERISA; third, among all other non-forfeitable benefits; and fourth, among all other benefits under the Plan. In the event the Plan assets are not sufficient to accomplish the above method of termination, the assets are distributed pro rata to participants based on the present value at termination date of their individual benefits, with all accrued funded rights non-forfeitable in any case.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”) if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling on the amount of an individual’s monthly benefit that the PBGC guarantees.

Note 5: Investments

The Company has adopted a pension investment policy designed to achieve an adequate funding status based on expected benefit payouts and to establish an asset allocation that will meet or exceed the return assumption while maintaining a prudent level of risk. The Company utilizes the services of an outside consultant in performing asset and liability modeling, setting appropriate asset allocation targets along with selecting and monitoring professional investment managers. As of December 31, 2024 and 2023, all investments of the plan were within the Master Trust.

The Company has elected the method of compliance permitted by 103(a)(3)(C) for the year ended December 31, 2024 and December 31, 2023. Accordingly, all investment information applicable to the Master Trust and at the Plan level is certified complete and accurate or derived from information certified complete and accurate by the Trustee as of December 31, 2024 and 2023 and the year ended December 31, 2024 with the exception of certain alternative investments within the Master Trust. The fair value of these investments within the Master Trust was \$15,869,330 and \$12,830,906 as of December 31, 2024 and 2023, respectively, with related appreciation of \$2,038,082 for the year ended December 31, 2024.

Assets of the Plan are maintained in a Master Trust for investment purposes, with the allocation of assets, earnings, and expenses among the funds maintained by the Trustee as of December 31, 2024 and 2023 and for the year ended December 31, 2024.

The assets of the Master Trust as reported by the Trustee as of December 31 were:

	<u>2024</u>	<u>2023</u>
Investments:		
Cash and short-term investments	\$ 184,544	\$ 270,224

Note 6: Fair Value Measurement

The fair value framework described in FASB Auditing Standards Codification (“ASC”) 820, Fair Value Measurements, requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to value the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment.

The three levels are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Unadjusted quoted prices in active markets for similar assets or liabilities, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs, other than quoted prices in active markets that are observable either directly or indirectly.

Level 3: Unobservable inputs for which there is little or no market data.

There were no assets that fell within the Level 2 and Level 3 valuation hierarchy as of December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Master Trust’s investments at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total investment held by Master Trust:

Investments measured using net asset value (“NAV”) per share as a practical expedient				215,102,344
Total Investments				<u>\$ 215,286,888</u>

The following table sets forth by level, within the fair value hierarchy, the Master Trust’s investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured using NAV per share as a practical expedient				299,540,930
Total Investments				<u>\$ 299,811,154</u>

For the years ended December 31, 2024 and 2023, there were no transfers between levels.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at NAV per share are not classified in the fair value hierarchy. The fair value

amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Plan's total investments at fair value. Valuation methodologies used for assets measured at fair value are as follows:

- Cash, short-term investments and corporate stocks: Valued based on period end closing prices in active markets on which the individual securities are traded.
- Common collective trusts and alternative investments using NAV per share practical expedient: Valued at the Plan's interest in private equity, hedge and property funds. The value is determined based on the NAV as reported by the underlying investment managers.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7: Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated June 29, 2017 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). As of December 31, 2024, the Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Company and Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for the income taxes has been included in the Plan's financial statements.

Note 8: Party-In-Interest

Certain Plan investments are managed by the Trustee and, therefore, these transactions are party-in-interest transactions. Fees are paid by the Master Trust for asset custody and management to parties-in-interest. These fees are pursuant to arrangements exempted from the prohibited transaction rules.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial assumptions for January 1, 2024 funding valuation**

Discount rate sponsor elections		
• Segment rates or full yield curve	Segment	
• Look-back months	4	
•	Stabilized	Nonstabilized
• First 5 years	4.75%	3.62%
• Next 15 years	4.87%	4.46%
• Over 20 years	5.59%	4.52%
Mortality sponsor elections		
• Healthy participants	Section 430(h)(3) prescribed generational annuitant and non-annuitant mortality tables for 2024 plan year funding valuations. These tables are based on the Pri-2012 mortality tables projected with IRS-modified MP-2021 mortality improvement scale, in accordance with IRS regulations 1.430(h)(3)-1.	
• Disabled participants	Alternative disabled life mortality tables as defined under Revenue Ruling 96-7.	
Other economic assumptions		
• Expected Investment Return	5.70% per year for 2024 5.90% per year for 2023	
• Expenses	\$3,145,000 of assumed expenses included for the 2024 plan year. \$3,300,000 of assumed expenses included for the 2023 plan year.	
Demographic assumptions		
• Withdrawal	Participants are assumed to leave the Company at a rate of 6% for all ages.	
• Disability incidence	The rates at which participants are assumed to become disabled follow the Wyatt 1985 Disability Study Class 1 rates for males and females. See table of sample rates.	
• Retirement age	Attained age	Percentage
	50-59	6.00%
	60-61	8.00
	62-64	15.00
	65	25.00

	70 and above	100.00
• Benefit commencement age for		
– Future vested deferred	Later of age 65 (Normal Retirement Age) or 5 years of participation	
– Current vested deferred	Former Salaried participants: Later of age 63 or termination of employment Former Hourly participants: age 65, or attained age if later	

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

• Spouse assumptions	Male participants	Female participants
– Percentage married	85% (former Salaried participants) 80% (former Hourly participants)	50%
– Spouse age difference	3 years younger	3 years older
• Form of payment	Former Salaried participants: 50% of participants are assumed to elect a joint and survivor option and 50% of participants are assumed to elect a single life annuity. Former Hourly participants: 100% of participants are assumed to elect a single life annuity.	

Table of sample rates

Attained age	Disability incidence	
	Male	Female
25	0.38%	0.47%
30	0.48%	0.80%
35	0.69%	1.36%
40	1.17%	2.11%
45	2.02%	3.23%
50	3.58%	5.33%
55	7.22%	9.52%
60	12.56%	11.59%

Rationale for significant economic assumptions

- **Discount Rate for funding** – Prescribed assumptions by the IRS. The 2024 stabilized interest rates reflect the relief contained in the American Rescue Plan Act of 2021.
- **Mortality for funding** – Prescribed assumptions by the IRS.
- **Expected investment return** – The expected rate of return on plan assets is based on a blend of the hypothetical past performance of the plan’s current asset mix, adjusted for current market conditions, and a reasonable range of simulated investment return using capital market assumptions published in Mercer Investment Consulting’s Capital Markets Outlook for the plan’s current asset mix. The expected return on assets assumption is net of the adjustment of expected passive expenses assumed to be paid from plan assets.
- **Expenses** – Administrative expenses are estimated by determining the actual expenses paid from the trust in the preceding year, adjusted to reflect the estimated change in the total PBGC premium.

Rationale for significant demographic assumptions

- **Withdrawal** – Withdrawal rates were based on the experience study conducted in 2017, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
- **Retirement** – Retirement rates were based on the experience study conducted in 2017, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- **Benefit commencement date for deferred benefit:**
 - Preretirement death benefit – Surviving spouses are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the spouse elects to defer. If the spouse elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value.
 - Deferred vested benefit – Deferred vested former Salaried participants are assumed to begin benefits at age 63 (or current age if later). Based on a 2017 experience study, actual commencement ages have shown a trend to commence on average slightly prior to age 65. Note that deferred vested early commencement factors are not subsidized so the difference between this approach and using assumed commencement rates at other ages is not expected to be significant.
- **Form of Payment** – Based on a 2017 experience study approximately half of retirees choose a joint and survivor option. The form of payment assumption assumes 50% elect a single life annuity and 50% elect a 50% joint and survivor benefit.
- **Marital assumptions:**
 - Percent married –The assumed percentage married is based on general population statistics on the marital status of individuals of retirement age.
 - Spouse age – The assumed age difference for spouses is based on general population statistics of the age difference for married individuals of retirement age.

Actuarial methods for funding

Asset methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as required by IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break-in-service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Minimum funding methods**

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's **valuation date** is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of major plan provisions****For Former Salaried Participants**

Effective date and plan year	Original plan: December 31, 1942 Restated plan: January 1, 2016 Plan year: January 1 through December 31
Status of the plan	The plan was closed to new entrants and rehires as of July 1, 2003. Benefit accruals were frozen as of December 31, 2013. The plan was amended to provide for a Voluntary Early Retirement Program (VERP) effective September 1, 2013.
Significant events that occurred during the year	One-time lump sum window was offered to certain active and terminated vested employees in 2024.
Definitions	
• Covered employees and participation	An employee shall become a Participant on the 1st of the month following his completion of a Year of Participation Service; however, no one hired or rehired on or after July 1, 2003 shall be eligible to participate in the Plan.
• Employee Contributions	None
• Vesting service	A Participant shall receive Service for the period of time between his Date of Hire and Date of Severance in determining eligibility for both benefits and vesting.
• Benefit service	A Participant shall receive Service for the period of time between his Date of Hire and Date of Severance or December 31, 2013, if earlier. Service earned after December 31, 2013 will not be reflected in determining benefit amounts.
• Covered Compensation	Plan compensation is defined as an employee's W-2 compensation, excluding any amount included therein as imputed income for the value of non-cash compensation and any type of expense reimbursement and related tax allowance from an Employer, plus deferrals under the Diebold, Incorporated 401(k) Savings Plan. Annual compensation is limited under Section 401(a)(17) of the Internal Revenue Code. Final Average Compensation is defined as the five highest consecutive calendar years of Annual Compensation divided by 60 out of the 10 calendar years of employment that are immediately prior to retirement or termination of employment. Compensation earned after 2013 is not reflected.
Normal retirement	
• Eligibility	Age 65 or 5 years of participation, whichever is later.
• Benefit	The monthly normal retirement benefit payable on a single life basis is equal to the greater of (a) or (b) plus (c) below: <ul style="list-style-type: none"> a. A benefit calculated as 1/12 of the following: <ul style="list-style-type: none"> i. 0.8% of Final Average Compensation up to Covered Compensation, plus ii. 1.25% of Final Average Compensation in excess of Covered Compensation, times iii. Credited Service (maximum 30 years).

Schedule SB, Part V — Summary of Plan Provisions

- b. \$16.00 per month per year of Credited Service (maximum 30 years), plus 1/12 of 20% of the portion of Final Average Compensation which exceeds \$14,400 (reduced proportionately for Credited Service less than 30 years).
- c. For a participant terminating after January 1, 1992, an amount equal to \$4.20 times Credited Service (maximum 30 years).

For a Participant whose Accrued Benefit as of January 1, 1994, is based on Annual Compensation which exceeds Code Section 401(a)(17) limitations, the amount above may be increased, if larger, to the following sum of (i) and (ii):

- i. the Participant's monthly Accrued Benefit as of December 31, 1993, frozen in accordance with regulations Section 1.401(a)(4)-13, and
- ii. the Participant's monthly Accrued Benefit determined under (a) through (c) above using the Participant's Credited Service accruing after January 1, 1994, but not in excess of 30 years when combined with the Credited Service for all years.

For those active participants (in the Salaried Plan) as of January 1, 2005, who were not highly compensated employees for the 2005 Plan Year, the minimum annual benefit is \$1,800.

For certain officers, the normal retirement benefit is equal to the amount in Exhibit C of Amendment #3 of the Plan and will be paid based on the timing, manner and form of payment noted under **Additional Benefits** in the succeeding pages.

Early retirement

- | | |
|---------------|---|
| • Eligibility | At least age 50 with combined age and years of Vesting Service equal or exceeding a total of 70, or any age with 30 years of Vesting Service. |
| • Benefit | The accrued normal retirement pension as computed above based on Credited Service and Final Average Compensation prior to retirement. The benefit is actuarially reduced for commencement prior to age 65. If the Participant has 30 or more years of Vesting Service at retirement, there is no actuarial reduction for that portion of his monthly benefit which is comprised of \$16.00 per year of Vesting Service. |

Pre-65 Retiree Medical Supplement

- | | |
|---------------|--|
| • Eligibility | Retirement under the early or disability retirement provisions of the Plan on or after January 1, 1992 and before January 1, 1997. |
| • Benefit | The monthly benefit payable from the date of retirement to age 65 determined as a result of taking (a) minus (b) below. <ul style="list-style-type: none"> a. \$9.20 times Credited Service (to a maximum of 30 years). b. The monthly annuity equivalent of the participant's retiree-medical account balance in the Diebold, Nixdorf 401(k) Savings Plan. This benefit will be actuarially reduced for commencement prior to age 63. |

Schedule SB, Part V — Summary of Plan Provisions**Deferred vested**

• Eligibility	Any age and 5 years of Vesting Service.
• Benefit	The accrued normal retirement pension payable at age 65 or, alternatively, an actuarially reduced pension payable early if the employee has a combined age and years of Vesting Service of at least 70.

Disability

• Eligibility	Incapacity by total and permanent disability after completing 15 or more years of Vesting Service.
• Benefit	The accrued normal retirement benefit as computed above is payable until Normal Retirement at which time the Normal Retirement benefit is payable.

Pre-retirement death

• Eligibility	Death after 5 years of Vesting Service.
• Benefit	The surviving spouse will receive the benefit she would have received if the Participant had retired on the first day of the month of his death or earliest retirement date, if later, and had elected a 50% Joint and Survivor Option and then died.

Unpredictable contingent event benefits Not applicable

Other plan provisions

• Additional Benefits	For certain officers an additional benefit is payable at age 62 (or as early as age 60 on a reduced basis). If married, the benefit is payable on an unreduced 100% Joint and Survivor basis with five years of payments guaranteed. Participants hired between October 1, 2002 and December 31, 2002 receive their December 31, 2004, accrued benefit at age 62 with no reduction (or actuarially reduced from age 62 for commencement before age 62). If married, the benefit is payable on a fully subsidized 100% Joint and Survivor basis with five years of payments guaranteed.
-----------------------	---

• Special Termination Benefits	2001 VERP: All participants who were on Diebold's active payroll as of February 7, 2001, had attained age 55 and whose age plus service total at least 65 as of June 30, 2001, were eligible for the VERP.
--------------------------------	--

2005 VERP: All participants who were on Diebold's active payroll as of October 6, 2005, had attained age 55 and whose age plus service total at least 65 as of December 31, 2005, were eligible for the VERP. Participants in certain job classifications were excluded from the VERP.

Under the VERP, participants were eligible for special termination benefits. These special termination benefits provided an additional three years of service (subject to a 30-year cap and three years of age for benefit calculation purposes).

2013 VERP: All active participants in the Plan as of June 30, 2013 with attained age plus vesting service greater than or equal to 70 were eligible

Schedule SB, Part V — Summary of Plan Provisions

for the VERP. Electing participants were required to retire December 1, 2013, or later with prior approval.

Participants electing the VERP received enhanced benefits and the opportunity to receive the pension as a lump sum. Those electing the VERP had their benefit calculated assuming an additional two years of age and service (up to a maximum of 32 years of Credited service).

Those electing the lump sum received the greater of the present value of the enhanced benefit payable immediately and the unenhanced benefit payable at the normal retirement age. For purposes of the VERP, the lump sum present value is determined using 417(e) assumptions including a quarterly stability period and a four-month lookback.

Form of benefits

• Automatic form for unmarried participants	Life Annuity
• Automatic form for married participants	50% Joint & Survivor actuarial equivalent option.
• Optional forms	Joint & Survivor Annuity (75% and 100%; percentage to be specified by Member)
• Optional form conversion factors	Actuarial equivalence is based on the UP-1984 mortality table with a 3-year setback for beneficiaries and 6.5% interest.

Miscellaneous

• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2024, the limit is \$345,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2024, the limit is \$275,000.

Benefits included or excluded

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments excluded:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Late retirement increases:**
 - *Former Hourly Active participants:* Not applicable for the valuation as there are no active participants remaining in the plan.
 - *Former Salaried Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½.
 - *Former Hourly Deferred vested participants:* Not applicable for the valuation as the plan requires deferred vested participants to commence benefits upon reaching age 65.
 - *Former Salaried Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions**Plan provisions specific to funding****Additional benefits included or excluded**

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits for events that occurred before the valuation date but includes contingent event benefits for events that are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.
