INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of Central Virginia Family Physicians, Inc.
401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Central Virginia Family Physicians, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (a "qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, continued

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, when considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, when considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT, continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. Plan Description:

The following description of the Central Virginia Family Physicians, Inc. (Employer) 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

- a. General – The Plan is a defined contribution plan consisting of a cash or deferred arrangement (401(k)). The Plan covered substantially all full-time employees of the Employer who had reached 21 years of age and had completed at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Employer. Various costs of the Plan, such as legal and auditing expenses, are absorbed by the Employer.
- b. Contributions – Under the Plan, participants were able to elect to contribute a percentage, not to exceed the dollar limitation contained in the Internal Revenue Code, of their compensation. The Employer, at its discretion, made matching contributions as a uniform percentage of compensation to the plan. To maintain “safe harbor” status, the Employer had to contribute at least 3% of base compensation as a non-elective contribution which was fully vested to eligible employees. Additional discretionary profit sharing contributions could also be contributed to the plan by the Employer. Any discretionary profit sharing contributions were allocated to eligible participants divided into groups differentiated by seniority, authority, and/or skill level and became vested with participants per the Plan's vesting schedule.
- c. Participant Accounts – Each participant's account was credited with the participant's contribution, Employer's contribution, and an allocation of Plan earnings and charged with an allocation of investment expenses. Allocations were based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. Vesting – Under the Plan, participants are automatically 100 percent vested in their elective contributions and any “safe harbor” contributions made by the Employer plus actual earnings thereon. Participants become vested in the Employer's discretionary profit sharing contributions and matching contributions based on years of continuous service. A participant becomes 100 percent vested in these discretionary and matching contributions after six years of credited service or if termination occurs due to retirement, disability, or death.
- e. Forfeitures – Although forfeitures may be used for any permissible purpose, they were normally used to reduce Employer contributions.
- f. Payment of Benefits - Upon termination of service, distribution of a participant's vested account balance will normally be made as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

1. Plan Description, continued:

- g. Plan Termination – The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.
- h. Participant Directed Programs – Under the terms of the Plan, participants direct the investment of their accounts among established investment options.
- i. Notes Receivable from Participants – Under the terms of the Plan, participants can borrow funds from their accounts. The minimum loan amount that a participant can borrow is \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Repayment terms range from one to five years and longer for the purchase of a primary residence. The loans are secured by the participant’s vested account balance and bear interest at a rate commensurate with local prevailing rates as determined by the Employer. The interest rates on the loans were between 4.25 percent and 9.50 percent. Principal and interest are paid ratably through periodic payroll deductions.

2. Summary of Significant Accounting Policies:

The Plan’s accounting policies conform to U.S. generally accepted accounting principles applicable to employee benefit plans. Policies considered to be significant are described as follows:

- a. Investment Valuation – Investments are reported at fair value. The Financial Accounting Standards Board (FASB) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy as established by FASB are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

-continued-

CENTRAL VIRGINIA FAMILY PHYSICIANS, INC.
401(k) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

-continued-

2. Summary of Significant Accounting Policies, continued:

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued based on quoted net asset values of the shares held by the Plan at year end.

Stable value collective trust fund – A stable value fund that is composed primarily of a fully benefit-responsive group annuity contract with Metropolitan Life Insurance Company that is valued at the net asset value of units of the collective trust and for which the primary investment strategy is to provide a stable return on the investment. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Withdrawals resulting from an employer or plan sponsor-initiated event (e.g., a decision to terminate the plan's participation in the collective trust) could result in a payment less than the guaranteed value if the contract's market value is less than the guaranteed value. Furthermore, the Plan's management believes that an event limiting the ability of plan participants to transact at contract value is not probable of occurring.

Cash values of life insurance policies – Valued at the cash surrender value as established by the issuing insurance company.

There have been no significant changes in the methodologies used at December 31, 2024 and 2023.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies, continued:

- b. Participant loans – Notes receivable from participants are presented at their unpaid principal balances plus any significant accrued but unpaid interest.
- c. Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates and assumptions.
- d. Other – Net appreciation or depreciation in the fair values of investments (including investments bought, sold, and held during the year) is reflected in the statement of changes in net assets available for benefits.

3. Significant Transactions with Related Parties:

Certain plan investments are shares of a stable value collective trust fund offered through Unified Trust Company, a division of American Trust Company, the trustee of the Plan. This fund is presented in the accompanying statements of net assets available for benefits at fair value which amounted to \$4,308,097 and \$6,997,338 as of December 31, 2024 and 2023, respectively. Fees paid by the Plan for the investment management and trustee services of American Trust Company amounted to approximately \$63,600 for the year ended December 31, 2024. Certain administrative functions are performed by officers or employees of the Employer. These officers and employees are also plan participants. No such officer or employee received compensation from the Plan.

4. Tax Status:

The Internal Revenue Service (the “IRS”) has notified the Plan’s trustee that the Plan qualified under the Internal Revenue Code (the “Code”) of 1954, as amended, and is, therefore, considered to be exempt from federal income taxes under the appropriate sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, also believes that the Plan remains qualified and the related trust remains tax-exempt.

U.S. generally accepted accounting principles require the Plan’s management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

5. Forfeitures:

As of December 31, 2024, the Plan had forfeitures amounting to approximately \$ -0-.

6. Subsequent Events:

Subsequent events were evaluated through October 13, 2025, which is the date these financial statements were available to be issued.

7. Plan Suspension, Merger, and Transfers:

As a result of the Employer's 2018 affiliation with Privia Health, all eligible Plan participants began participating in Privia Health's retirement plan effective January 1, 2019. As a result, the Plan no longer accepts contributions or new participants after December 31, 2018. Plan participants were allowed to transfer their account balances to the Privia plan and, as a result, a number of participants transferred their account balances amounting to approximately \$1,269,736 to the Privia plan in February 2021.

In 2019, Medical Associates of Central Virginia, Inc. 401(k) Profit Sharing Plan and Trust was merged into this Plan.
