Plan Administrator
K-Solv 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the K-Solv 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

October 14, 2025
K-Solv 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

October 14, 2025
K-Solv 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

K-SOLV 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note 1 - Plan Description

The following brief description of the K-Solv 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of K-Solv LP and adopting employers (collectively, the Company and plan administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 2001 and has been amended and restated from time to time. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee.

Eligibility and Contributions

An employee, as defined, becomes eligible to participate in the Plan upon completion of three months of service and attainment of 18 years of age. The Plan includes a savings feature designed to permit employees and the Company to contribute to the Plan, as allowable under Section 401(k) of the Internal Revenue Code (IRC).

Employee pre-tax and Roth contributions are made to the Plan by an employee electing to defer from 1% to 100% of their compensation, as defined. All eligible employees are automatically enrolled in the Plan at an initial deferral rate of 5% of the employee's compensation unless another election (including an election to defer 0%) is chosen by the employee. Employees who have reached age 50 by the close of the plan year are eligible to make catch-up contributions in accordance with the IRC.

The Company makes safe harbor employer matching contributions equal to 100% of an employee's contributions up to a total of 3% of an employee's compensation plus 50% of an employee's contributions between 3 - 5% of an employee's compensation. The Company may also make discretionary employer matching contributions to the Plan; however, none were made for the 2024 plan year. Contributions are subject to IRC limitations.

Vesting

Participants are fully vested in their employee contributions, employer contributions and earnings thereon at all times.

Forfeitures

Forfeitures attributable to the nonvested matching contributions made by the Company are to be used either to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2024 and 2023, the forfeiture balance was \$35,375 and \$29,946, respectively. For the year ended December 31, 2024, forfeitures of \$13,707 were used to pay plan expenses. No forfeitures were used to offset employer matching contributions during 2024.

See independent auditor's report.

K-SOLV 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Participant Accounts

Separate accounts are maintained for each participant. Upon enrollment in the Plan, a participant may direct the investment of his or her account balance. Participants may change their investment options at any time.

Investment earnings and losses are allocated daily to participant accounts in the same ratio as the participant's investment in each fund bears to the total of all participants' investments in each fund.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts. The loans bear interest at rates similar to the rates available at commercial lending institutions and are determined by the plan administrator. The loans are repaid through payroll deductions. Loans must be for a minimum of \$1,000 and may not exceed the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of the participant's vested plan balance. Loan terms are limited to five years unless for the purchase of a principal residence. Loans for the purchase of a principal residence are limited to terms of ten years. Participants may only have one loan outstanding at a time.

Benefit Payments

Distributions may be made to participants upon termination of employment, disability, retirement, hardship or death. In-service distributions are allowed for participants who have reached the age of 59½ as well as for other permitted reasons. Upon termination, participants with an account balance of \$1,000 or less receive an automatic lump-sum distribution from the Plan. Participants with an account balance between \$1,000 and \$7,000 receive a direct rollover to an individual retirement account in the participant's name. Upon withdrawal from the Plan or termination of employment, participants may be subject to tax on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Plan and methods of applying those principles are summarized below:

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

See independent auditor's report.

K-SOLV 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as unrealized gains or losses on investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which no payment is made. Defaulted loans are accounted for as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefits paid to participants or their beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company at its discretion.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participant account balances and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

See independent auditor's report.

K-SOLV 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023

Note 3 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants and all the related information in the supplemental schedule of assets (held at end of year) is presented solely in reliance upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See independent auditor's report.

**K-SOLV 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: These investments are valued daily based upon their quoted market prices.

Common/Collective Trust Fund: This investment is valued at its net asset value (NAV) as determined by the issuer based on quoted market prices of the underlying investments, when available, net of certain expenses. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,011,901	\$ -	\$ -	\$ 20,011,901
Investment measured at NAV (practical expedient)				32,387
Total investments at fair value				\$ 20,044,288

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,568,364	\$ -	\$ -	\$ 17,568,364
Investment measured at NAV (practical expedient)				54,219
Total investments at fair value				\$ 17,622,583

See independent auditor's report.

**K-SOLV 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2024 and 2023**

The following table provides additional information for the common/collective trust fund which is measured using NAV as a practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for this investment. The redemption notice period for the retirement income fund is applicable only to the Plan and does not apply to participant directed transactions.

<u>Investment Class</u>	<u>Fair Value December 31,</u>		<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2024</u>	<u>2023</u>			
Stable Value	<u>\$ 32,387</u>	<u>\$ 54,219</u>	None	Daily	Up to 12 months

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete termination of the Plan, participants shall be fully vested in all amounts allocated to their accounts and such amounts will be distributed.

Note 6 - Federal Income Tax

The pre-approved plan document adopted by the Plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan document has been amended since receiving its IRS letter; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

The Plan engages in investment transactions with funds issued by an affiliate of Fidelity. These transactions qualify as party-in-interest transactions and are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 8 - Nonexempt Prohibited Transactions

As reported on the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, there were unintentional delays within the time frame specified by the DOL's regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company. There were unintentional delays in remitting participant contributions and participant loan repayments to the plan as described below.

	Participant Contributions	Participant Loan Repayments
2024	\$ 1,164	\$ -
2023	10,209	306
2022	30,514	2,599
2021	28,220	3,975
	\$ 70,107	\$ 6,880

The Plan is in the process of calculating and remitting lost earnings related to these amounts.
