INDEPENDENT AUDITORS' REPORT

To the Trustees and Administrative Committee of
McChrystal Group LLC 401(k) Profit Sharing Plan
Alexandria, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of McChrystal Group LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of McChrystal Group LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of McChrystal Group LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence

we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McChrystal Group LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McChrystal Group LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McChrystal Group LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4(a) – Schedule of delinquent participant contributions and Form 5500, Schedule H, Line 4(i) – Schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. MCCHRYSTAL GROUP LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

Note 1 Description of plan

The following description of the McChrystal Group LLC 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of McChrystal Group LLC (“Company” or “Plan Sponsor”) excluding non-United States residents who received no earned income from the Plan Sponsor within the United States, independent contractors and union employees. Eligible employees are enrolled into the Plan on the first day of the month after eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code (“IRC”). The Plan also allows participants to make after-tax Roth contributions subject to certain limitations determined by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may at any time elect a different contribution percentage (including 0%) with respect to his or her compensation. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined contribution plans (“rollover contributions”).

The Company contributes safe-harbor matching contributions in an amount equal to 100% of the participant’s elective deferrals to the Plan not to exceed 4% of eligible compensation. Matching contributions are calculated based on the employee’s pay and 401(k) elective deferrals for the payroll period. The plan does not include a true-up provision. Employer safe-harbor matching contributions are subject to certain limitations under the IRC. For the year ended December 31, 2024, the Company made safe-harbor matching contributions of \$591,377.

The Company may also elect to contribute a discretionary profit sharing contribution. Employer discretionary profit sharing contributions are subject to certain limitations under the IRC. During 2024, no discretionary profit sharing contribution was made.

Employee contributions and employer matching contributions are recognized on the pay date to which they relate. Employer discretionary profit-sharing contributions are recognized in the year as designated by the Board of Directors.

Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary contributions and, (b) Plan earnings (losses), and (c) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 1 Description of plan (continued)

Investment options

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in a number of investment fund options. Participants may change or transfer their investment options at any time via telephone or a secure internet website.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 95% of one-half of their vested account balance. The maximum term of a note for general purposes may not exceed 5 years unless used for the purchase of a primary residence. Participants are allowed to have two outstanding notes at any given time. Principal and interest are paid ratably through payroll deductions. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, which is commensurate with local prevailing rates as determined by the Plan administrator. As of December 31, 2024, interest rates ranged from 8.00% to 9.50%

Vesting

Participants are vested immediately in their contributions, employer safe harbor and profit sharing contributions plus actual earnings thereon.

Payment of benefits

On termination of service due to death, disability, normal retirement age (age 65), in-service at age 59.5, a participant may receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. Participants may also elect to withdraw amounts from their accounts in the event of a proven financial hardship. Terminated participants are required by law to receive minimum distributions by April 1 of the year following the year they turn 72 (73 if they reach age 72 after December 31, 2022).

Upon termination of employment, if a participant's vested interest in their account exceeds \$7,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to payout by the participant and their spouse, if applicable.

If the participant's vested account is \$7,000 or less, the vested account balance is paid out in the form of a lump sum distribution. In event of a mandatory distribution greater than or equal to \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

Forfeited accounts

Forfeitures of non-vested Company contributions are used to reduce future employer contributions or pay plan expenses. At December 31, 2024 and 2023 there were no unused forfeited nonvested accounts.

MCCHRYSTAL GROUP LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2024 and 2023

Note 1 Description of plan (continued)

Legislative changes

President Biden signed into law the Setting Every Community Up for Retirement Enhancement 2.0 (SECURE 2.0) Act on December 29, 2022. The SECURE 2.0 Act provisions aim to enhance retirement savings access and flexibility while helping participants manage financial needs. Plan management evaluated key provisions available under the SECURE 2.0 Act, including: eliminating required minimum distributions for Roth accounts during a participant's lifetime, permitting penalty-free emergency withdrawals of up to \$1,000 per year with repayment options, allowing employer matching contributions for qualified student loan payments, offering non-highly compensated employees a Roth emergency savings account with a \$2,500 annual contribution limit and limited tax-free withdrawals, and continuing eligibility for long-term part-time employees with at least 500 hours of service for three consecutive years and age 21. The plan document is required to be amended by December 31, 2026, per IRS Notice 2024-2, to reflect the applicable provisions.

Note 2 Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are held by Principal Trust Company, the custodian, in various mutual funds and a fully benefit-responsive investment contract. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividend income, if any, is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

MCCHRYSTAL GROUP LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 2 Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan Administrator has evaluated events and transactions that occurred after the statement of net assets date through October 8, 2025, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred that require recognition or disclosure in the financial statements.

Note 3 Information certified by the custodian of the Plan (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplementary schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 4 Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Mutual funds are valued at the daily closing prices as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MCCHRYSTAL GROUP LLC 401(K) PROFIT SHARING PLAN

**NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

Note 4 Fair value measurements (continued)

For the year ended December 31, 2024, there were no significant transfers between Levels 1 and 2, and no transfers to Level 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2024 and 2023:

Assets at fair value as of December 31, 2024				
	Total	Fair value Hierarchy Level		
		(Level 1)	(Level 2)	(Level 3)
Investment by fair value level:				
Mutual funds	\$ 11,007,295	\$ 11,007,295	\$ -	\$ -
Total investments in the fair value hierarchy	\$ 11,007,295	\$ 11,007,295	\$ -	\$ -

Assets at fair value as of December 31, 2023				
	Total	Fair value Hierarchy Level		
		(Level 1)	(Level 2)	(Level 3)
Investment by fair value level:				
Mutual funds	\$ 9,857,767	\$ 9,857,767	\$ -	\$ -
Total investments in the fair value hierarchy	\$ 9,857,767	\$ 9,857,767	\$ -	\$ -

Note 5 Investment contract with Principal Trust Company

The Company has a benefit-responsive guaranteed investment contract with Principal Trust Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

MCCHRYSTAL GROUP LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 5 Investment contract with Principal Trust Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer, such events include the following (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Total contract value for each type of investment contract is as follows as of December 31, 2024 and 2023:

	2024	2023
Fully benefit-responsive investment contract	\$ 1,998,065	\$ 2,070,776

Note 6 Related-party and party in interest transactions

The Plan's investments were managed by Mid Atlantic Trust Company through June 15, 2023, and Principal Trust Company from then on. Mid Atlantic Trust Company and Principal Trust Company were the custodians of the Plan during 2023, and Principal Trust Company was the custodian for the entirety of 2024, therefore, these transactions qualify as party in interest transactions. Notes receivable from participants are also party-in-interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 Income tax status

The Company has adopted the Non-Standardized Pre-Approved Profit Sharing Plan and received a favorable determination letter dated June 30, 2020. The Plan and related trust adopted by the Company has been deemed, by the IRS, in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

MCCHRYSTAL GROUP LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 8 Income tax status (continued)

Plan management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2024 and 2023. The Plan's federal tax return is subject to examination by Internal Revenue Service and tax authorities, generally for a period of three years after the returns are filed.

Note 9 Change of custodian

In June 2023, the Plan Sponsor terminated its relationship with Paychex, Inc. Retirement Services and Mid Atlantic Trust Company and signed a service agreement with Principal Financial Group ("Principal") to act as custodian and recordkeeper of the Plan. The Plan adopted the Principal non-standardized 401(k) and Profit Sharing Plan (the "Principal Plan") on June 1, 2023. All Plan investments were transferred to similar investment offerings under the Principal Plan, during which time Participants were not able to make changes to their retirement accounts.

Note 10 Prohibited transactions

During the year ended December 31, 2023, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$154,331 from its assets within the required time period as specified by the DOL Reg 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. These participant contributions were remitted 14-114 business days after being withheld while the Company had shown it could do it within 4-6 business days. In 2023, \$153,923 was corrected. As of December 31, 2024, the remaining \$408 remains uncorrected.

During the year ended December 31, 2024, the Company failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) totaling \$158,686 from its assets within the required time period as specified by the DOL Reg 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. These participant contributions were remitted 4-10 business days after being withheld while the Company has shown it can do it within 1-2 business days. This has not been corrected as of December 31, 2024.

Note 11 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2024, 3 investments represented approximately 41% of the total investments. As of December 31, 2023, 4 investment funds represented approximately 56% of the total investments. Market risks include global events such as a pandemic or international conflict, which could impact the value of investment securities.
