INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Fry Communications, Inc. Retirement Plan
Mechanicsburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Fry Communications, Inc. Retirement Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Fry Communications, Inc. Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Fry Communications, Inc. Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Fry Communications, Inc. Retirement Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Fry Communications, Inc. Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fry Communications, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of the **Fry Communications, Inc. Retirement Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan is a single-employer plan of an affiliated service group.

General

The Plan is a defined contribution 401(k) Plan covering all eligible employees of the affiliated service group which includes Fry Communications, Inc., Fry Publications, Inc., NPI Ventures, LLC, and Maplewood Transportation, Inc. (collectively the "Companies" or "Plan Sponsor"). The Plan was established effective January 1, 1990, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings.

The Plan is following regulatory changes related to the Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0. The Plan Sponsor intends to amend the Plan to formally incorporate these provisions by the Plan year ended December 31, 2026.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan Document; however, the participant's contributions cannot exceed amounts allowable under applicable federal regulations. Participants can designate all or a portion of their elective deferrals as Pretax Deferrals or Roth Elective Deferrals. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from qualified plans and Individual Retirement Accounts (IRAs).

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a qualified default investment until changed by the participant.

For the years ended December 31, 2024 and 2023, the Companies matched 50% of the first 4% of eligible compensation that a participant contributed to the Plan under the discretionary employer match provisions of the Plan. Additional profit-sharing amounts may be contributed at the option of the Companies' Board of Directors. There were no profit-sharing contributions during the years ended December 31, 2024 and 2023. The matching and profit-sharing contributions are invested as directed by the participant into the same investment options offered by the Plan for employee contributions. Contributions are subject to certain annual limitations.

Participant Accounts

A record-keeping account is set up in each participant's name to show the value of his or her retirement benefit. Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of all contributions into various investment options offered by the Plan. In the absence of such a participant directive, a default investment has been determined by the Plan.

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 1 - DESCRIPTION of PLAN (Continued)

Eligibility

An employee becomes eligible to be a participant in the Plan after the completion of 1 year of service and 1,000 hours of service with the Plan Sponsor. The entry date will be on the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following date requirements are met. Residents of Puerto Rico, non-resident aliens, and leased employees are not eligible to participate in the Plan. The Plan also allows eligibility for long-term part-time employees to participate in the Plan under the provisions of the SECURE Act of 2019.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participant salary deferrals, plus or minus any earnings or losses, and participant rollovers are 100% vested. Employer contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the number of years of service, a participant's account balance becomes fully vested when the participant is employed on or after his/her normal retirement age, or if he/she dies or becomes disabled.

Retirement Benefits and Distributions

Upon termination of employment, normal retirement, disability, or death, the participant may receive a distribution of the vested portion of some or all of the accounts in the Plan. In the absence of an affirmative participant election, vested balances of less than \$5,000 will be automatically distributed. Effective January 1, 2024, the Plan adopted the SECURE Act 2.0 provision to increase the maximum force out limit to \$7,000.

In-service withdrawals are available to participants who attain age 59½. A participant may request a hardship withdrawal of all or part of the eligible balance in his or her account.

Each participant designates a person or persons who are to receive benefits under the Plan in the event of the participant's death.

Forfeiture Accounts

Forfeited amounts can be used to reduce future employer contributions or offset Plan expenses. Forfeitures in the amount of \$9,874 and \$7,472 were used to reduce employer contributions for the years ended December 31, 2024 and 2023, respectively. Forfeitures in the amount of \$11,611 and \$10,181 were used to reduce Plan expenses for the years ended December 31, 2024 and 2023, respectively. Forfeited nonvested accounts totaled \$7,692 and \$8,235 as of December 31, 2024 and 2023, respectively.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimated amounts.

Cash and Cash Equivalents

Cash represents amounts held by the Plan's custodian pending investment or distribution. It also includes deposits in transit for pending trades, participant transfers, or other transactions that were initiated prior to year-end but had not yet settled in the Plan's investment accounts. These amounts are recorded as cash until the related investment transaction is completed. The carrying amount approximates fair value due to the short-term maturity of these instruments.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for its fully benefit-responsive contract, which is reported at contract value (Note 5). Fair value is determined and certified by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Pending trade settlements and transactions executed but not yet settled at year-end are recorded as receivables or payables. Amounts due to broker represent pending obligations for unsettled trades or transactions and are carried at cost, which approximates fair value. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan Sponsor has absorbed a portion of the Plan's administrative expenses which are excluded from these financial statements. In addition, certain plan expenses are paid from revenue sharing generated as part of an agreement between the Plan and the third-party administrator.

For the years ended December 31, 2024 and 2023, asset management fees and audit fees totaling \$83,185 and \$84,534, respectively were paid from revenue sharing earned by the Plan, and fees totaling \$60,223 and \$62,258, were allocated to participants. Other fees related to certain plan distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded in the year which the employee contributions are withheld from compensation.

NOTE 3 - INFORMATION PREPARED and CERTIFIED by the CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, the custodian for the years ended December 31, 2024 and 2023.

	2024	2023
Cash and Cash Equivalents	533,671	18,536
Investments:		
Registered Investment Companies	70,965,615	69,277,929
Guaranteed Investment Contract	16,644,002	18,097,129
Due to Broker for Securities Purchased	<u>(527,983)</u>	<u>(133,149)</u>
	87,615,305	87,260,445

For the years ended December 31, 2024 and 2023, the Plan's investment income certified by the custodian was \$11,892,843 and \$13,379,348, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fry Communications, Inc. Retirement Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023:

Registered Investment Companies: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Life Insurance: Based on the value of invested premium payments plus accrued interest less the related cost of the insurance coverage, which approximates fair value.

The Plan's investments with the exception of the guaranteed investment contract (Note 5) are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	70,965,615	-0-	-0-	70,965,615
Cash Surrender Value of Life Insurance	<u>-0-</u>	<u>-0-</u>	<u>15,912</u>	<u>15,912</u>
	70,965,615	-0-	15,912	70,981,527

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	69,277,929	-0-	-0-	69,277,929
Cash Surrender Value of Life Insurance	<u>-0-</u>	<u>-0-</u>	<u>18,247</u>	<u>18,247</u>

NOTE 5 - GUARANTEED INVESTMENT CONTRACT and CONCENTRATION of CREDIT RISK

The Plan entered into a fully benefit-responsive guaranteed investment contract with Standard Insurance Company (the Standard) totaling \$16,644,002 and \$18,097,129 as of December 31, 2024 and 2023, respectively. The Standard maintains the contributions in a general account named The Standard Stable Asset Fund A. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the conditions to be considered a fully benefit-responsive contract and, therefore, it is reported at contract value. It is a traditional investment contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the Plan's ability to transact at contract value with The Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are likely to occur at this time.

The Standard may terminate the contract with 30 days notice for reasonable cause, which includes the contract owner's failure to abide by state and federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the Plan in a reasonable period of time. Upon termination, a payout value adjustment or other withdrawal restrictions may apply.

	2024	2023
Average Yields:		
Based on Actual Earnings	3.04%	2.78%
Based on Interest Rate Credited to Participants	3.04%	2.78%

The guaranteed investment contract represents approximately 19% and 21% of total Plan assets for the years ended December 31, 2024 and 2023, respectively. The contract is an uncollateralized contractual obligation under which the issuer agrees to pay participants at contract value as defined above. The ability of the contract issuer to pay is subject to credit risk exposure with one insurance company.

NOTE 6 - CASH SURRENDER VALUE of LIFE INSURANCE

Prior to January 1, 2004, Plan participants could elect up to 25% of their elective deferral to be used to purchase a universal life insurance policy. While the Plan is the owner of the policies, each participant holds the contract value of the policy individually in his/her account. Premiums are allocated to the cost of the insurance and the balance accumulates at an interest rate set by the Company. Proceeds will be paid to the owner on the maturity date if the insured is living on that date. The participant can direct the withdrawal or transfer of their investment in the contract. The value of the insurance is based on the cash surrender value of each underlying policy, which represents invested premiums plus accrued interest thereon less the related cost of the insurance coverage. The cash surrender value of each policy approximates fair value.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS

For the years ended December 31, 2024 and 2023, certain Plan investments are in a guaranteed investment contract managed by The Standard. The Standard is the recordkeeper for the Plan assets and participant accounts and, therefore, these transactions are party-in-interest transactions. The Standard also receives indirect compensation based on an agreed-upon formula. As of December 31, 2024 and 2023, the contract value of investments managed by The Standard totaled \$16,644,002 and \$18,097,129, respectively.

The Standard provides certain administrative services to the Plan pursuant to an expense accounting policy between the Companies and The Standard. The Standard receives revenue from service providers for services The Standard provides to the funds. This revenue is used to offset certain amounts owed to The Standard for its administrative services to the Plan. As of December 31, 2024 and 2023, the revenue sharing amount received totaled \$83,185 and \$84,534, respectively.

If the revenue received by The Standard from such service providers exceeds the amount owed under the agreement, The Standard remits the excess to the Plan's trust as agreed. At year-end, any amounts not received by the Plan are carried as receivables due from revenue sharing in the statements of net assets available for benefits. Such amounts may be applied to pay Plan administrative expenses. For the years ended December 31, 2024 and 2023, the excess amounts were used to pay administrative expenses, including audit fees.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2025, which represents the date the financial statements were available to be issued.
