Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GREERWALKER LLP**

(2) EIN: **56-1434747**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITORS' REPORT

To the Pension Committee and Participants of the Continental Consolidated Defined Benefit Pension Plan - Auto:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Continental Consolidated Defined Benefit Pension Plan - Auto (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the period then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024, and for the period then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (the "ERISA-required supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the ERISA-required supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

CONTINENTAL CONSOLIDATED DEFINED BENEFIT PENSION PLAN - AUTO

NOTES TO FINANCIAL STATEMENTS
FOR THE PERIOD ENDED DECEMBER 31, 2024

1. DESCRIPTION OF PLAN

The following description of the Continental Consolidated Defined Benefit Pension Plan - Auto (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined benefit pension plan created on December 31, 2024 and covers certain employees of Continental Automotive, Inc. (the "Employer"), as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2024, participants who were covered under the Continental Teves and AM divisions of the Pension Plan for Salaried Employees of Continental Automotive, Inc. and Certain Affiliated Companies (the "Legacy Salaried Plan") and the Pension Plan for Hourly-Paid Employees of Continental Automotive, Inc. and Certain Affiliated Companies (the "Legacy Hourly Plan") were merged into the Plan and the related assets of those participants, which were held by State Street Bank & Trust Company and KeyBank National Association, totaling \$131,098,209 were legally transferred effective that date. Effective December 31, 2010, the Legacy Salaried Plan and the Legacy Hourly Plan were closed to new entrants who did not qualify to participate as of that date and those plans no longer accrued any future benefits.

Effective December 31, 2024, participants of the Continental NA Pension Plan were merged into the Plan and the related assets of those participants, which were held by State Street Bank & Trust Company and KeyBank National Association, totaling \$86,691,367 were legally transferred effective that date. Effective December 31, 2010, the Continental NA Pension were closed to new entrants who did not qualify to participate as of that date and the plan no longer accrued any future benefits.

Effective December 31, 2024, participants of the Continental NA Automotive Union Pension Plan (Huntsville) (the "Huntsville Plan") were merged into the Plan and the related assets of those participants, which were held by State Street Bank & Trust Company and KeyBank National Association, totaling \$20,288,763 were legally transferred effective that date. Effective February 26, 2011, the Continental NA Automotive Union Pension Plan (Huntsville) were closed to new entrants who did not qualify to participate as of that date and the plan no longer accrued any future benefits.

Master Trust - As of December 31, 2024, the assets of the Plan are maintained, for investment purposes only, on a commingled basis with the assets of the Continental Consolidated Defined Benefit Pension Plan - Tire (collectively, the "Participating Plans") in the Continental Automotive, Inc. Master Trust (the "Master Trust"). These plans own specific assets of the Master Trust. Investment earnings for each plan are allocated based on the ownership interest of the specific assets of each plan in the Master Trust.

Funding Policy - The Plan's funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. For the period ended December 31, 2024, no contributions were necessary in order for the Plan to meet the annual ERISA minimum funding requirement.

Pension Benefits

Legacy Salaried Plan and Legacy Hourly Plan Participants

Under the terms of the plan document, participants with five or more years of service are entitled to monthly pension benefits beginning at the normal retirement age of 65. The amount of benefits is based upon a formula that takes into account the years of service, age and the amount of participant contributions that were allowed prior to December 1, 1979. The Plan permits early retirement at age 55 with a minimum of 10 years of service or at any age with 30 or more years of service. Participants may qualify for supplemental benefits, payable to age 62, with minimum age and service requirements of 55 and 30 years, respectively. Participants may elect to receive benefits under one of several actuarially equivalent forms of payment. Participants are not vested until they complete their fifth year of continuous service. Upon completion of their fifth year of service, participants are fully vested in the plan benefits.

Continental NA Pension Plan Participants

Non-union participants accrue benefits based on either a cash balance formula or a final average pay formula which was in effect for participants hired or rehired prior to January 1, 2001. All participants in the Plan are 100% vested at all times. Under the cash balance formula, eligible participants earn interest credits based on a percentage of their account balance and pay credits based on their years of vesting service. Under the final average pay formula, benefits are calculated using average compensation and years of service. Under both methods participants may elect to receive benefits under one of several actuarial equivalent forms of payment.

Union participants accrue benefits based on a cash balance formula. Under the cash balance formula, eligible participants earn interest credits based on their account balance and pay credits based on their years of vesting service. Participants may elect to receive benefits under one of several actuarial equivalent forms of payment. Participants that were part of the Union Plan on December 31, 2007 are 100% vested in the Plan. Participants that were not part of the Union Plan on December 31, 2007 will become vested upon completing three years of service or attaining normal retirement age.

Huntsville Plan Participants

Participants with one or more years of credited service are entitled to monthly pension benefits beginning at the normal retirement age of 65. Participants who lose seniority under the labor agreement prior to age 65 and have 5 or more years of credited service (and are not eligible for early retirement or other plan benefits) or lose seniority after the later of age 65 or the fifth anniversary of their participation in the Plan are vested in a deferred pension service which was earned prior to April 1, 2004 and counted for vesting purposes. The monthly normal retirement benefit, payable for life, is based on a dollar amount that is assigned to the participant's benefit class code (as defined in the plan document) multiplied by the participant's number of years of credited service. Only service credited after March 31, 2004 is counted in calculating the monthly pension amount.

For a deferred pension benefit, the former employee can elect to start his or her benefit at the earlier of age 65 (computed using the normal retirement formula described above using the number of years of credited service as of the date he or she lost seniority), age 60 (computed using the benefit formula described above with a reduction equal to 5/9 of 1% multiplied by the number of months by which the participant is less than the age of 65 at the date his/her pension commences), or at the attainment of ages 55 through 60 if the combined age and years of credited service add up to 85 or more (computed using the benefit formula described above multiplied by a percentage specified in the plan document which is based on the participant's age when his or her pension commences, and ranges from between 42.5% at age 55 to 66.7% at age 60).

The Plan provides an early retirement benefit to participants who are: (a) age 60 to 64 with 10 years or more years of credited service, (b) age 55 to 59 with a combined age and years of credited service adding up to 85 or more, or (c) less than age 55 with at least 30 years of credited service. Service accrued prior to April 1, 2004 is counted in determining eligibility for early retirement. Only service credited after March 31, 2004 is counted in computing the monthly pension amount. The early retirement benefit amount is the sum of the basic pension amount computed as the normal retirement benefit using credited service up to the participant's early retirement date multiplied by an early retirement percentage specified in the plan document (this percentage, which is based on the participant's age when his or her pension commences, ranges from between 21% at age 42 to 100% at age 62 or older). If the participant retires early with 30 or more years of credited service or 85 or more points, the early retirement benefit amount is the sum of: (i) the basic pension amount is recalculated after the participant attains age 62 and one month, with no reduction for commencing benefits prior to age 62 and one month), (ii) an early retirement supplement (which is paid to participants with 30 or more years of credited service prior to the attainment of age 62 and one month), and (iii) an interim supplement (which is paid to participants with less than 30 years of credited service and prior to the attainment of age 62 and one month). The early retirement supplement is calculated as the difference between the total monthly benefit amount specified in the plan document, which is based on the benefit commencement date and the basic pension amount computed in (i) above. The interim supplement amount is calculated by multiplying the number of months of credited service times the appropriate interim supplemental rate (specified in the plan document) divided by 12. The early retirement supplement or interim supplement amounts are reduced or eliminated if the participant is entitled to receive Social Security benefits, becomes reemployed by the Employer, or if the total monthly pension payments paid by the Plan would exceed 70% of the participant's final base pay.

Death and Disability Benefits

Legacy Salaried Plan, Legacy Hourly Plan and Huntsville Plan Participants

If a participant with five or more years of service dies at age 55 or older, an immediate benefit is payable to the participant's surviving spouse in the form of a 50% joint and survivor annuity. If the participant's death occurs prior to age 55, spousal benefits commence on the first day of the month following the 55th anniversary of the participant's birth date unless the lump-sum present value of such benefits is less than \$5,000, in which case the spouse is entitled to an immediate lump sum payment in lieu of future monthly payments.

If an active participant with 10 or more years of service becomes permanently and totally disabled, at any age, unreduced retirement benefits are payable for life or until permanent and total disability ceases. Disability recipients may elect to receive benefits under one of several actuarially equivalent forms of payment.

Continental NA Pension Plan Participants

If a non-union participant using the cash balance formulas dies while still employed, the Plan provides that the participant's beneficiary shall be paid the participant's accrued benefits commencing on a benefit commencement date elected by the beneficiary.

If a non-union participant using the final average pay formula dies before retirement or after retirement but prior to their benefit commencement date, the surviving spouse will receive a life annuity equal to 50% of the vested benefit. Benefit payments to the surviving spouse will commence on the later of the first day of the month following the participant's death or first day of the month following the 55th anniversary of the participant's birth date.

Cash balance non-union participants, who become disabled prior to retirement will continue to accrue interest credits through their benefit commencement date, but will not continue to accrue pay credits after the date they are determined to be disabled.

Final average pay non-union participants, who either received workers compensation in connection with the disability or having completed at least ten years of employment, shall have the period of the participant's disability treated as benefit service and employment under the Plan.

If a union participant dies while still employed, the participant becomes 100% vested. The Plan provides that the participant's beneficiary shall be paid the participant's accrued benefits commencing on a benefit commencement date elected by the beneficiary.

Union participants, who become disabled prior to retirement, will continue to accrue interest credits through their benefit commencement date, but will not continue to accrue pay credits after the date they are determined to be disabled. Participants will be credited with employment for vesting purposes for the period of the participant's disability up to 12 months. If the period of participant disability exceeds 12 months the participant becomes 100% vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Concentration of Credit Risk - The Master Trust and the Plan place their temporary cash and cash equivalents with high credit quality financial institutions. At times, such cash may be in excess of the Federal Depository Insurance Corporation insurance limit. Management believes these financial institutions have strong credit ratings and that credit risk related to these deposits is minimal.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for disclosure of fair value measurements.

Investments, and the income and losses therein, are allocated to the Participating Plans based on each plan's actual ownership amounts in the investment options within the Master Trust. Accordingly, the Plan's investment income includes its allocable share of the Master Trust's income and net appreciation in fair value of investments.

The Plan's interest-bearing cash held outside of the Master Trust records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's expenses are paid either by the Plan or by the Employer, as provided in the plan document. Expenses that are paid directly by the Employer are excluded from the accompanying financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Investment related expenses are included in the Plan's interest in the Master Trust's income in the accompanying statements of changes in net assets available for benefits.

Subsequent Events - Management has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEES

The following is a summary of the Plan's asset information as of December 31, 2024, and for the period then ended, included in the financial statements and the ERISA-required supplemental schedule, that was prepared by, or derived from, information prepared by State Street Bank & Trust Company ("State Street") and KeyBank National Association ("KeyBank"), the Trustees of the Plan, and furnished to management. Management has obtained certifications from the Trustees that such information is complete and accurate as of and for the period ended December 31, 2024.

Assets:

Plan interest in the Master Trust	\$ 236,285,100
Interest-bearing cash	\$ 1,793,239

4. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust and the Plan have the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Government and corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issues with similar credit ratings.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by State Street, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Interest-bearing cash and cash equivalents: Valued as of the ending cash balance plus any accrued interest held by the Master Trust and the Plan as of year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Master Trust's and the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024. The following table does not include the Plan's interest in the Master Trust because that information is presented in a separate table (Note 5).

Interest-bearing cash	\$ <u>1,793,239</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>1,793,239</u>

5. INTEREST IN MASTER TRUST

The value of the Plan's interest in the Master Trust is based on the beginning of period value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Investment earnings and administrative expenses for each plan are allocated based on the ownership interest of the specific assets of each plan in the Master Trust.

The following is a summary of the net assets of the Master Trust as of December 31, 2024, and for the period then ended, that was prepared by, or derived from, information prepared by State Street and furnished to management.

Collective trust fund - Small cap	\$1,020,844	None	Daily	90 days

6. RISKS AND UNCERTAINTIES

The Master Trust and the Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

7. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated September 29, 2016, that the Legacy Salaried Plan was then designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The IRS has determined and informed the Employer by a letter dated August 26, 2016, that the Legacy Hourly Plan was then designed in accordance with the applicable sections of the IRC. The IRS has determined and informed the Employer by a letter dated August 26, 2016, that the Continental NA Pension Plan was then designed in accordance with the applicable sections of the IRC. The IRS has determined and informed the Employer by a letter dated October 27, 2016, that the Huntsville Plan was then designed in accordance with the applicable sections of the IRC. Although the Plan has not received a determination letter specific to the Plan itself, management and the Plan's tax counsel, believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan, pending approval of applicable requirements under the collective bargaining agreements, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding the Plan's termination.
- Other vested benefits insured by the Pension Benefits Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Any funds remaining after the satisfaction of all liabilities under the Plan with respect to participants, transferred retirees or their beneficiaries shall be returned to the Employer. In the event of a partial termination of the Plan, the interests in the Plan of all participants affected by such partial termination shall be fully vested and non-forfeitable to the extent funded as of the date of such partial termination.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Employer and the level of benefits guaranteed by the PBGC.

9. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain investments of the Master Trust and the Plan are managed by the State Street and KeyBank. State Street and KeyBank are Trustees of the Master Trust and the Plan, as defined by the master trust agreement and plan document, and therefore, these transactions qualify as exempt party in interest transactions. The Trustees receive investment and administrative fees as a result of these activities. Certain other third-party administrative expenses were paid by the Employer on behalf of the Plan. These transactions qualify as exempt party in interest transactions.
