Independent Auditors' Report

Plan Administrator for
The Unison Risk Advisors 401(k) Plan and Trust
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Unison Risk Advisors 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE UNISON RISK ADVISORS 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

Effective July 1, 2024, the name of the Plan changed from The James B. Oswald Company 401(k) Plan and Trust to The Unison Risk Advisors 401(k) Plan and Trust. The following description of The Unison Risk Advisors 401(k) Plan and Trust ("Plan") is provided for general information purposes only. The James B. Oswald Company ("Plan Sponsor") is a wholly-owned subsidiary of Unison Risk Advisors Inc. ("Company"). More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan established by The James B. Oswald Company on January 1, 1995, under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") and includes a qualified cash or deferral arrangement ("CODA") as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Plan Sponsor and participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participants are not permitted to direct their deferrals to invest in shares of Company stock nor can they direct a liquidation of Company stock held in their account to reinvest in other investment options within the Plan, except as provided by the Plan consistent with the Unison Risk Advisors Inc. Bylaws which govern, among other items, when and how shares of Company stock may be transacted. The Plan provides participants with diversification opportunities beginning at age 60. Upon attainment of age 60, participants who hold shares of Company stock within the Plan may elect to redeem up to 15% of their shares of Company stock and may redeem up to an additional 15% in each subsequent year until the participant reaches age 67. Redemption rights are cumulative to the extent not fully exercised in a given year. Upon attaining age 67, participants have the ability to redeem 100% of their shares. The Bylaws also provide Unison Risk Advisors Inc. the ability to call a participant's shares at fair value subject to the same schedule. Participants who terminate employment are not permitted to hold Company stock under the Bylaws. Shares of Company Stock held in accounts of participants who have terminated employment will be redeemed inside the Plan as soon as administratively feasible.

Administration

The Plan is administered by an advisory committee appointed by the Board of Directors of the Company.

Eligibility and Participation

All employees who are at least 20½ years of age are eligible to participate in the Plan following the completion of 60 days of service. Certain classes of employees (certain union, non-resident alien employees and leased employees) are not eligible to participate in the Plan. Participation in the CODA portion of the Plan is voluntary. The Plan provides for an automatic enrollment/deferral election in the absence of an affirmative election being made by the employee.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of the Plan (Continued)

Contributions

Eligible employees may make pre-tax or Roth 401(k) contributions of an amount up to 100% of their annual compensation, as defined by the Plan, subject to certain limitations under the IRC. The Plan also provides that participants who have attained age 50 before the end of the taxable year and who are eligible to make elective deferral contributions to the Plan may also make catch-up contributions, subject to certain limitations under the IRC. Unless employees elect otherwise upon becoming eligible to participate in the Plan, they are automatically enrolled to contribute 6% of their pre-tax eligible compensation. The Plan Sponsor may provide a discretionary matching and/or profit sharing contribution as authorized by the Board of Directors of Unison Risk Advisors Inc. For 2024, the Board of Directors authorized a discretionary matching contribution of thirty-five percent (35%) of deferrals made by eligible participants, on the first 6% of each participant's annual compensation, as defined, and a discretionary profit sharing contribution equal to 2% of each participant's eligible compensation, as defined. The discretionary matching contribution is made in cash or stock based on the election of eligible participants and the profit sharing contribution is made in stock.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching/profit sharing contributions, as well as the participant's allocated share of the Plan's income and any related administrative expenses. Allocations are based on each participant's eligible compensation, account balance or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions to the Plan and the earnings thereon. Vesting in employer matching and profit sharing contributions is based on years of service. A participant vests in employer contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	0%
3	100%

For purposes of the above vesting schedule, a "year of service" is any Plan year during which an employee has at least 1,000 hours of service with the Company.

Benefits

Upon termination of service due to death, disability or retirement (including early retirement as defined by the Plan), a participant (or his or her beneficiary) may elect to receive a payment amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than \$7,000, the plan administrator directs Voya Institutional Trust Company to make a lump-sum distribution. The form of payment is one or more distributions or installments over a specified term. Distributions are made in cash or Company stock. If the distribution is made in Company stock, participants are required to immediately sell the stock back to the Company. The Plan also allows for certain in-service withdrawals subject to plan and IRC provisions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of the Plan (Continued)

Forfeitures

Forfeitures of nonvested account balances may be used to pay Plan expenses or reduce future employer contributions, at the option of the Plan Sponsor. At December 31, 2024 and 2023, there was \$335,036 and \$154,765, respectively, in forfeited non-vested accounts. During 2024, \$74,342 of forfeitures was used to reduce the Plan Sponsor's contribution. During 2024, \$37,560 of forfeitures was used to pay Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, active participants will become fully vested in their account balances.

Notes Receivable From Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance with a minimum loan amount of \$1,000. Loans are secured by the remaining balance in the participant's account. Loans are repayable through payroll deductions over periods ranging up to 60 months or longer when the loan proceeds are used to purchase a primary residence. The interest rate is determined by the plan administrator based on prevailing market conditions and is fixed over the life of the loan.

Note 2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment securities, including common stock of the Company, which are exposed to various risks such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

THE UNISON RISK ADVISORS 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Voya Retirement Insurance and Annuity Company ("Voya"), the Custodian of the participant directed investments. The common stock of the Company is not publicly traded. The investment in common stock of the Company is reported at the fair value of stock as determined by a calculation of value completed by Reagan Consulting, Inc. as of the last business day of the year. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure in these financial statements, through the date of the independent auditors' report.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company or the Plan at the discretion of the Company, while loan processing fees and benefit payment fees are charged directly to the affected participants.

Note 3. Unaudited Information

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, management received certifications from Voya Institutional Trust Company, the Trustee of the Plan, acknowledging the completeness and accuracy of all participant-directed investments and notes receivable reflected in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the related participant-directed investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024, the supplemental schedule of assets (held at end of year) as of December 31, 2024 and participant-directed investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

THE UNISON RISK ADVISORS 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs for which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair value of investments held in mutual funds is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- Private company common stock: The fair value of the common stock is based on third-party valuations performed utilizing and comparing several valuation methodologies including company comparable analysis and earnings multiples. The fair value is based primarily on unobservable inputs, and is classified as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2023 to 2024. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During 2024, the Company consummated a 10:1 stock split in which the Plan received 279,489.1870 shares of common stock in exchange for its 27,948.9187 shares of outstanding stock. During 2024, 39.6805 shares of Company stock were contributed to the Plan and 3,474.3395 shares of Company stock were distributed from the Plan.

The following tables set forth by level the Plan's assets at fair value on December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Total	<u>\$ 106,190,225</u>	<u>\$ -</u>	<u>\$ 83,973,039</u>	<u>\$ 190,163,264</u>

Note 5. Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract values for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

This contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Voya may terminate the contract at any time with notice of 90 days.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

THE UNISON RISK ADVISORS 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Tax Status

The volume submitter document designed by McDonald Hopkins LLC obtained a favorable opinion letter dated June 30, 2020. The Plan Sponsor has not requested a separate determination letter from the Internal Revenue Service ("IRS") for the Plan and related trust. The Plan has been amended since the adoption of the volume submitter document. However, the plan administrator believes that the Plan and related trust are designed and being operated in compliance with the applicable IRS and ERISA requirements to qualify as tax exempt. Therefore, no provision for Federal income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS.

Note 7. Related Party/Party-in-Interest Transactions

The Plan invests in Company stock along with mutual funds and a guaranteed investment contract managed by the Custodian or its affiliates. In addition, administrative expenses were paid to the Custodian during the year ended December 31, 2024. These transactions qualify as related party and party-in-interest transactions.

Note 8. Short-Term Loan

During 2023, the Company made a loan to the Plan for \$9,608,250 so the Plan could fund certain distributions. The loan was unsecured, bore no interest or other fees and was payable as soon as practicable but no later than one year from the date of the loan. At December 31, 2023, the remaining balance of the loan in the amount of \$7,303,338 was collateralized by unallocated shares in the Plan. The loan was repaid with Unison Risk Advisors Inc. common shares in 2024. The loan was intended to comply with Department of Labor Prohibited Transaction Exemption Number 80-26.
