Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Pension Committee, Plan Administrator and Plan Participants
Report on each Major League Baseball Pension Plan for Non-Uniformed Personnel
(Adopted by Certain Major League Baseball Clubs)

Opinion on each Major League Baseball Pension Plan for Non-Uniformed Personnel (Adopted by Certain Major League Baseball Clubs)

We have audited each of the financial statements of the Major League Baseball Pension Plan for Non-Uniformed Personnel (Adopted by Certain Major League Baseball Clubs) (the "Plans"), as listed in Note 1 of the financial statements, employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), which each comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements of each of the Plans present fairly, in all material respects, the net assets available for benefits of each plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for each plan for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion on each plan

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on each plan.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about each plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

For each plan, management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion for each plan. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about each plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of each of the audits, significant audit findings, and certain internal control-related matters that we identified during each audit.

Supplemental schedules required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) of the Major League Baseball Group Pension Trust (the "Group Trust") as of December 31, 2024, and the schedule of reportable transactions of the Group Trust for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required

by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements of each plan and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements of each plan as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

**NOTE 1 - DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN FOR
NON-UNIFORMED PERSONNEL**

The Major League Baseball Pension Plan for Non-Uniformed Personnel (the NUPP) is a noncontributory defined benefit plan that was established, effective January 1, 1981, to provide retirement and death benefits to eligible employees of the participating Major League Baseball Clubs (Participating Employers or Plan Sponsors). Adoption of the NUPP by a Participating Employer creates a separate single-employer plan (Participating Plan) covering only eligible employees of the Participating Employer. As of December 31, 2024 and 2023, 24 separate single-employer plans (collectively referred to as the Participating Retirement Plans, or Plans, and individually as the Plan) had been created:

Major League Baseball Pension Plan for Non-Uniformed Personnel:

- Athletics Investment Group, LLC
- AZPB Limited Partnership
- Baltimore Orioles, LP
- Boston Red Sox Baseball Club Limited Partnership
- Braves Holdings LLC
- Chicago White Sox, Ltd.
- The Cincinnati Reds, LLC
- Cleveland Guardians Baseball Company, LLC
- Colorado Rockies Baseball Club, Ltd.
- Detroit Tigers, Inc.
- Kansas City Royals Baseball Club, LLC
- Los Angeles Dodgers LLC
- Marlins Teamco LLC
- New York Yankees Partnership
- Padres, L.P.
- The Phillies
- Pittsburgh Associates
- Rangers Baseball, LLC
- San Francisco Baseball Associates LLC
- QB JV Holdings, LLC
- St. Louis Cardinals, L.L.C.
- Tampa Bay Rays Baseball, Ltd.
- Washington Nationals Baseball Club, LLC

Excluded Participating Plan

The Baseball Club of Seattle, LLLP is not included in the list above. On September 6, 2024, this Plan received a determination letter from the Internal Revenue Service (IRS), satisfying the final contingent condition necessary for liquidation to be considered imminent under accounting principles generally accepted in the United States (U.S. GAAP). Accordingly, this Participating Plan adopted the liquidation basis of accounting effective September 6, 2024. The financial statements of this Participating Plan are presented in another report.

Plan Provisions

The Internal Revenue Code (the Code) Section 415(b) maximum benefit limit was \$275,000 for 2024 and \$265,000 for 2023. The Participating Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The NUPP is presently administered by a nine-member Pension Committee consisting of the Senior Vice President/Controller, Executive Vice President/Chief Financial Officer, and Senior Vice President/Chief Employment Counsel, all of the Office of the Commissioner of Baseball (BOC), and six individuals appointed by a majority vote of the Participating Employers.

The investments of the Participating Plans are held by U.S. Bank (the Trustee) in the Major League Baseball Group Pension Trust (the Group Trust) (see Note 3).

The Plan Sponsors have agreed to voluntarily contribute such amounts as are necessary to meet the benefits expected to be paid to participants. The contributions by the Participating Employers are not to be used to pay benefits to participants employed by any other Participating Employer. Such contributions are made in amounts sufficient to meet the minimum funding requirements set forth in ERISA, plus such additional amounts as may be determined to be appropriate from time to time. Such minimum funding requirements have been met for 2024 and 2023.

Eligible employees participate in the applicable Participating Plan after they have attained age 21 and completed at least 1,000 hours of service. Benefits under the Participating Plans fully vest upon completion of five years of vesting service, which includes cumulative years of service prior to the establishment of the applicable Plan. If a participating employee earned a benefit, he or she may receive the benefit from that Club in the form of a lump-sum payment if the present value of the benefit is less than \$5,000, provided they are not employed in baseball. If the present value of the benefit exceeds \$5,000, he or she will have to wait until retirement age to collect a monthly benefit. The Participating Plans do not provide benefits for services rendered by participants prior to the adoption of the NUPP by the Plan Sponsor unless specified in the Plan Document.

Should one or more of the Participating Plans terminate by action of the Plan Sponsor at some future time, their net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of these benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Plan Amendments

The Boston Red Sox Baseball Club Limited Partnership executed a Plan amendment, approved by the Pension Committee, to formally terminate their plan, effective October 31, 2024. The unvested accrued benefits of all active and terminated participants who have not yet forfeited such unvested accrued benefits will be fully vested. The termination is contingent on receipt of a favorable determination letter from the IRS in connection with the plan termination and approval of the plan termination by the PBGC.

Effective October 6, 2023, the Pension Committee amended the NUPP to allow Participating Employers to adopt a limited-time lump sum distribution window provision at their discretion.

The Colorado Rockies Baseball Club, Ltd., executed a Plan amendment, approved by the Pension Committee, to formally terminate their plan, effective December 31, 2023. The unvested accrued benefits

of all active and terminated participants who have not yet forfeited such unvested accrued benefits will be fully vested. The termination is contingent on receipt of a favorable determination letter from the IRS in connection with the plan termination and approval of the plan termination by the PBGC.

Additional information about the Participating Plans, including the vesting and benefit provisions and the PBGC's benefit guarantee, is available through the BOC or the Plan Sponsor and related Plan documents.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies in accordance with accounting principles generally accepted in the United States of America ("US GAAP") followed in the preparation of the financial statements.

Basis of Accounting

The Participating Plans' financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plans' management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the respective Participating Plans' provisions to services rendered by the employees through the valuation date (January 1 of each year).

Monthly benefits are determined by a formula provided for in the respective Plan document. Such monthly benefits are limited under IRS guidelines in 2024 and 2023 to the lesser of \$22,917 and \$22,083 for 2024 and 2023, respectively, or the employees' highest average monthly compensation for three consecutive years that the participant is employed by the Participating Employers. Benefits currently payable are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered at the valuation date.

Investments and Valuation

The Plans participate in the Group Trust, as further described in Note 3.

Investments held by the Group Trust are stated at fair value. Fair value is defined as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net investment gains and losses include gains and losses on investments bought and sold as well as held during the year.

**Major League Baseball Pension Plan for Non-Uniformed Personnel
(Adopted by Certain
Major League Baseball Clubs)**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The Pension Committee is responsible for determining the Group Trust's valuation policies and analyzing information provided by the investment managers and issuers, which is used to determine the fair value of the Group Trust's investments.

Benefit Payments

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The Plans participate in a Rev. Rule 81-100 Group Trust. Each Participating Plan in the Group Trust owns a percentage of the underlying assets of the Group Trust and not the individual assets themselves. The assets of the Group Trust are comprised of investments in equity mutual funds, U.S. Government obligations, corporate bonds and notes, hedge funds, and cash and cash equivalents.

The assets of Participating Plans are not guaranteed as to principal or income. Investment income and all gains and losses, whether or not realized, are recognized on the accrual basis.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

With respect to investments in the Group Trust, on a quarterly basis, each Participating Plans' net assets are remeasured. This is done by first adjusting the Participating Plans' beginning balance for employer-specific items, such as contributions, benefit payments, withdrawals, and any specific expenses incurred. Investment income and loss, investment fees and expenses, and realized and unrealized gains or losses on investments are then allocated to each Participating Plan based on the percentage of its fair value to the combined fair value of all Participating Plans in the Group Trust. As of December 31, 2024 and 2023, the Participating Plans owned the following portions of the total fair value of the underlying investments comprising the Group Trust:

	Participating Plans' Ownership % in Group Trust	
	2024	2023
Athletics Investment Group, LLC	3.27%	3.27%

During the years ended December 31, 2024 and 2023, the investments in the Group Trust, including investments bought, sold, and held during the applicable period, appreciated in fair value by \$49,716,805 and \$175,092,546, respectively. Interest and dividends reported by the Group Trust were \$72,626,951 and \$65,765,879 for the years ended December 31, 2024 and 2023, respectively. The Plan's allocable shares of these amounts are reported in the net investment income (loss) from the Group Trust in the statements of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for investments measured at fair value pursuant to the fair value hierarchy.

Cash and cash equivalents include highly liquid investments with original maturities of 90 days or less, which is indicative of Level 1.

Mutual funds are valued at the daily closing price in an active market based on their daily net asset value (NAV). Mutual funds are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price, which indicate Level 1 securities.

Government and corporate obligations are valued using market-based models, which consider yield, price of comparable securities, coupon rate, maturity, credit quality and dealer-provided prices. Fixed income securities, other than U.S. Treasury securities, generally do not trade on a daily basis. The fair value estimates of such fixed income securities are based on observable market information rather than market quotes as of the measurement date. Accordingly, the estimates of fair value for such fixed income securities, as provided by the pricing service, are included in Level 2 of the hierarchy. U.S. Treasuries are generally included in Level 1 of the hierarchy when values are based on unadjusted market prices as of the measurement date.

Hedge funds are valued at the NAV per unit based on the fair value of the underlying investments. The underlying investments are primarily in publicly traded securities, which are valued at the closing price reported on the active market on which the individual securities are traded. In addition, these funds may have underlying investments in non-publicly traded securities for which quoted prices are not readily available. Such securities are valued by the investment management firm at an amount that approximates fair value, which is generally based on the verifiable fair value of similar securities at the valuation date. Plan management uses NAV as a practical expedient for measuring fair value; therefore, these investments do not require classification.

The methods described above may produce a fair value calculation that may not indicate net realizable value or reflect future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Group Trust's assets carried at fair value as of December 31, 2024:

A Participating Plan's right to redeem its hedge fund investments varies according to the contractual agreements with each of the individual hedge fund management firms. Some of the hedge funds do not permit redemption for an initial period of time following an investment in the fund, which, for the Group Trust's hedge fund investments, range between six months and three years. Additionally, the Group Trust's hedge fund investment managers may limit the portion of an investment that can be redeemed at any one time, either by an individual investor or in the aggregate by all of the investors in the hedge fund. These limits vary and limit the portion of an investment that may be redeemed at any one time or restrict both the portion and term of such redemptions.

NOTE 5 - ACCUMULATED PLAN BENEFITS

The accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Participating Plans' provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Participating Plans are accumulated based on participants' years of credited service. The Participating Plans provide for the accumulation of benefits for services rendered by participants from the later of their respective dates of hire or the date their employer adopted the NUPP. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered by the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The Participant Plans' actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

NOTE 6 - ACTUARIAL ASSUMPTIONS

The more significant assumptions used by the actuary of the Participating Plans to, among other things, calculate accumulated plan benefits and determine funding levels at December 31, 2023, are as follows:

Actuarial method - plan funding	Unit credit cost method
Mortality	Pri-2012 base tables, projected with MP-2021 full generational improvement scale (Pri-2012, projected with MP-2021 full generational improvement scale in prior year)
Average retirement age	Age 62

The discount rate for accumulated plan benefits for each Plan was as follows:

<u>Plan</u>	<u>Discount Rate</u>
Baltimore Orioles, LP, Detroit Tigers, Inc., Kansas City Royals, Baseball Club, LLC, Padres, L.P., and Pittsburgh Associates	5.15% (5.45% in prior year)
Athletics Investment Group, LLC, AZPB Limited Partnership, Braves Holdings LLC, Boston Red Sox Baseball Club Limited Partnership, Chicago White Sox, Ltd., The Cincinnati Reds, LLC, Cleveland Guardians Baseball Company, LLC, Marlins Teamco LLC, The Phillies, and St. Louis Cardinals, L.L.C.	5.15% (5.50% in prior year)
QB JV Holdings, LLC, San Francisco Baseball Associates LLC, and Tampa Bay Rays Baseball, Ltd.	5.25% (5.55% in prior year)
Los Angeles Dodgers LLC	5.30% (5.60% in prior year)
New York Yankees Partnership	5.25% (5.60% in prior year)
Rangers Baseball, LLC	5.25% (5.55% in prior year)
Washington Nationals Baseball Club, LLC	5.30% (5.65% in prior year)

These actuarial assumptions are based on the presumption that the Plans will continue. Were the Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

In connection with the termination of the Participating Plan sponsored by The Colorado Rockies Baseball Club, Ltd., as disclosed in Note 1, the actuarial present value shown above as of December 31, 2023 is presented on a termination basis. The adoption of this basis for the actuarial valuation includes the following termination specific assumptions:

- 70% and 50% of active and terminated vested participants, respectively, were assumed to take a lump sum. It was assumed that annuities will be purchased for the remaining participants, as well as 100% of the in-payment participants.
- For lump sum takers, the December 2023 417(e) segment rates and 417(e) mortality tables were used to value the lump sums.
- For the participants with annuities purchased, the discount rate is 5.15% and the mortality is the Pri-2012 base tables, projected with MP-2021 full generational improvement scale.
- For the participants with annuities purchased, the annuity purchase liabilities included a load of 15% applied for active and terminated vested participants and 5% for in-pay participant liabilities.

NOTE 7 - INCOME TAX STATUS

The Participating Plans have received determination letters from the IRS stating that the Participating Plans are qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Participating Plans are required to operate in conformity with the Code to maintain their qualification. The Participating Plans have been amended since issuance of the determination letters. However, the Plan Administrator believes the Participating Plans are being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Participating Plans, as amended, are qualified and the related trust is exempt from taxation.

U.S. GAAP requires the Participating Plans' management to evaluate tax positions taken by the Participating Plans and recognize a tax liability if the Participant Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Participating Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - ADMINISTRATIVE EXPENSES

Certain actuarial, auditing fees, PBGC premiums, legal and administrative expenses are paid by the Participating Plan's respective Plan assets in the Group Trust. Certain other administrative expenses are paid by the applicable Plan Sponsors directly.

NOTE 9 - RISKS AND UNCERTAINTIES

Through the Group Trust, the Participating Plans invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and to uncertainties in estimates and assumptions, it is at least reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE 10 - PARTY-IN-INTEREST TRANSACTIONS

The Group Trust invests in certain securities managed by the Trustee and the investment manager, SEI Investments Company, and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 11 - SUBSEQUENT EVENTS

Management evaluated subsequent events for the Participating Plans through October 2, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to freeze benefit accruals and participation for employees of QB JV Holdings, LLC. Vesting service continues to be credited for purposes of benefit entitlement and early retirement eligibility.

The Boston Red Sox Baseball Club Limited Partnership received a favorable determination letter from the IRS in connection with their plan termination dated September 22, 2025.

No other material events were identified requiring disclosure.

Plan-related expenses Expense load of \$308,000 is equal to \$100,000 for non-PBGC related administrative expenses plus estimated PBGC premiums for the current plan year.

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used and are used to determine the PBGC FTAP and the PBGC 4010 FS.

Demographic and Other Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality Separate rates for non-annuitants and annuitants based on Pri-2012 “Employees” and “Healthy Annuitants” (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).

beginning of the current plan year by 10.00% to reflect additional items included in the plan's definition of pensionable earnings.

At-risk assumptions Not applicable for current plan year.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits as required by regulations under IRC §430.

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.

Decrement timing The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

Actuarial value of assets Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the

market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Major League Baseball and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to \$7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor, through both its third party administrator and its trustee, furnished participant data as of 1/1/2024. Information on assets and contributions was supplied by the trustee. Information on plan provisions was provided by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. In consultation with Major League Baseball, the following assumptions were made:

- Estimated accrued benefits were used for certain terminated vested participants or active participants in frozen plans for whom final accrued benefits had not been completed.
- 2023 plan compensation was set equal to estimated 2024 plan compensation for any active participants who were missing 2023 plan compensation.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).
Rates of increase in compensation and CPI	<p>Assumed increases were chosen by the plan sponsor and, they represent an estimate of future experience. We believe that the assumptions chosen do not significantly conflict with what would be reasonable based on historical salary increase experience, and assumed future CPI increases inherent in current bond rates and the historical variability of CPI.</p> <p>Assumed rates of increase in compensation differ by service because of observed and expected differences in the rates of increase in compensation by service.</p>
Assumed return for asset smoothing	The assumed return of 5.59% used for asset smoothing for the 2024 plan year is the third segment rate. Although we have not explicitly determined an expected return on assets under U.S. GAAP, based on an analysis of the plan sponsor's investment policy we believe the rate to be above the third segment rate for the 2024 plan year.

Assumptions Rationale - Significant Demographic Assumptions

Mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Termination Termination rates were based on an experience study conducted in 2022, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed termination rates differ by service because of observed and expected differences in termination rates by service.

For the reasons discussed above, we believe the assumptions selected do not significantly conflict with what would be reasonable.

Retirement Retirement rates were based on an experience study conducted in 2022, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed retirement rates differ by age because of observed and expected differences in retirement rates by age.

For the reasons discussed above, we believe the assumptions selected do not significantly conflict with what would be reasonable.

Benefit commencement date for deferred benefits:

- Preretirement death benefit Beneficiaries are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the beneficiary elects to defer. If the beneficiary elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value.
- Deferred vested benefit Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Prescribed Methods

Funding methods The methods used for funding purposes as described in Statement of Actuarial assumptions/methods, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial

Changes in Assumptions and Methods

Changes in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was changed from using a static projection of mortality improvement to a generational projection as required by guidance issued by IRS under IRC §430.

Changes in methods since prior valuation

There have been no changes in methods since the prior valuation.

Plan Name	Major League Baseball Pension Plan for Non-Uniformed Personnel
Valuation Date	January 1, 2024
Enrolled Actuary	Mark Gengenbach, F.S.A, EA
Enrollment Number	23-07102

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

Plan-related expenses Expense load of \$308,000 is equal to \$100,000 for non-PBGC related administrative expenses plus estimated PBGC premiums for the current plan year.

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used and are used to determine the PBGC FTAP and the PBGC 4010 FS.

Demographic and Other Assumptions

Inclusion date The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees It was assumed there will be no new or rehired employees.

Mortality Separate rates for non-annuitants and annuitants based on Pri-2012 “Employees” and “Healthy Annuitants” (participants and beneficiaries combined) tables, respectively, without collar or amount adjustments and then projected forward with a generational projection as specified in the regulations under §1.430(h)(3)-1 using the IRS adjusted Scale MP-2021 (i.e., MP-2021 with no mortality improvement for 2020-2023 and future mortality improvement capped at 0.78% for years after 2024).

beginning of the current plan year by 10.00% to reflect additional items included in the plan's definition of pensionable earnings.

At-risk assumptions Not applicable for current plan year.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date First day of plan year

Funding target Present value of accrued benefits as required by regulations under IRC §430.

Target normal cost Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.

Decrement timing The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.

Actuarial value of assets Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the

market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. WTW has reviewed the plan provisions with Major League Baseball and, based on that review, is not aware of any significant benefits required to be valued that were not.

The plan pays small benefits (with a present value up to \$7,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Sources of Data and Other Information

The plan sponsor, through both its third party administrator and its trustee, furnished participant data as of 1/1/2024. Information on assets and contributions was supplied by the trustee. Information on plan provisions was provided by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. In consultation with Major League Baseball, the following assumptions were made:

- Estimated accrued benefits were used for certain terminated vested participants or active participants in frozen plans for whom final accrued benefits had not been completed.
- 2023 plan compensation was set equal to estimated 2024 plan compensation for any active participants who were missing 2023 plan compensation.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).
Rates of increase in compensation and CPI	<p>Assumed increases were chosen by the plan sponsor and, they represent an estimate of future experience. We believe that the assumptions chosen do not significantly conflict with what would be reasonable based on historical salary increase experience, and assumed future CPI increases inherent in current bond rates and the historical variability of CPI.</p> <p>Assumed rates of increase in compensation differ by service because of observed and expected differences in the rates of increase in compensation by service.</p>
Assumed return for asset smoothing	The assumed return of 5.59% used for asset smoothing for the 2024 plan year is the third segment rate. Although we have not explicitly determined an expected return on assets under U.S. GAAP, based on an analysis of the plan sponsor's investment policy we believe the rate to be above the third segment rate for the 2024 plan year.

Assumptions Rationale - Significant Demographic Assumptions

Mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Termination Termination rates were based on an experience study conducted in 2022, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed termination rates differ by service because of observed and expected differences in termination rates by service.

For the reasons discussed above, we believe the assumptions selected do not significantly conflict with what would be reasonable.

Retirement Retirement rates were based on an experience study conducted in 2022, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Assumed retirement rates differ by age because of observed and expected differences in retirement rates by age.

For the reasons discussed above, we believe the assumptions selected do not significantly conflict with what would be reasonable.

Benefit commencement date for deferred benefits:

- Preretirement death benefit Beneficiaries are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the beneficiary elects to defer. If the beneficiary elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value.
- Deferred vested benefit Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Prescribed Methods

Funding methods The methods used for funding purposes as described in Statement of Actuarial assumptions/methods, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial

Plan Provisions

Effective date	January 1, 1984. The plan was restated effective January 1, 2020 and the most recent amendment reflected in the following plan provisions was effective in December, 2023.
Covered employees	<p>Any person employed by a participating Major League Baseball Club (excluding any person who is an active participant in the Major League Baseball Players Benefit Plan, a member of a collective bargaining unit not participating, a person compensated on a per-day or per-game basis, employed full-time in Canada, a self-employed partner, proprietor or shareholder-employee, or a member of a group designated not eligible for participation), and who has attained age 21 and completed one year of eligibility service.</p> <p>Effective January 1, 2008, all active minor league employees are covered under the Minor League Players Pension Plan. Effective December 1, 2010, all inactive minor league participants are covered under the Minor League Players Pension Plan.</p> <p>Any employees hired or rehired on or after January 1, 2016 are not considered Covered Employees.</p>
Participation date	Date of becoming a covered employee. Any employees hired or rehired on or after January 1, 2016 are not eligible to participate in the plan.

Definitions

Eligibility service	The 12-consecutive month period, starting at date of employment, in which an employee completes 1,000 hours of service.
Baseball service	Employment in baseball with any Major League Baseball Club, as designated by the Pension Committee.
Vesting service	Completed years from a participant's employment date to the termination of baseball service.

Pension service	Years and months of service as a covered employee (not before January 1, 1984 for Office Employees and not before January 1, 1989 for Minor League Players).
Pensionable pay	W-2 earnings, including any cafeteria plan deferrals, dependent care assistance deferrals, and any other employee deferrals to a qualified retirement plan, but excluding any reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, signing bonuses, severance, IRC Section 132 deductions taken pursuant to the Transportation Equity Act, and any earnings earned as a non-resident alien (assuming the employee earned no income in the US). Playoff and World Series shares are included in pensionable pay. Clubhouse tips are excluded from pensionable pay.
Average earnings	<p>The greater of 1) or 2):</p> <ol style="list-style-type: none">1) The average of an employee's highest five consecutive plan years of annual earnings, during the ten-year period which ends on the earlier of the participant's termination date or retirement date. If the employee does not have five consecutive plan years of annual earnings, the average earnings will be determined by using the greatest number of consecutive plan years in which the employee accrued pension service.2) The average of an employee's last five plan years of annual earnings (which would not necessarily be the highest 5 plan years), whether or not consecutive, during the ten-year period which ends on the earlier of the participant's termination date or retirement date. In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.
Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.
Pension benefit	2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit.)
Preretirement death benefit	If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse or designated beneficiary.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date. For terminated vested participants, benefits are increased from age 65 to the retirement date using an interest rate of 6% and GAR-94 Mortality (unisex).
Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a surviving spouse or designated beneficiary.

Other Plan Provisions

Forms of payment

Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.

Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).

Maximum on benefits and pay

All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

The plan was amended during 2024 to freeze benefit accruals for all participants as of December 31, 2024. The impact of the changes above will first be reflected in the determination of minimum and maximum contributions for the 2025 Plan Year.

No future plan changes were recognized in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The plan was amended in 2023 to allow certain deferred vested participants to elect a one-time lump sum payment in lieu of receiving future annuity payments from the plan. Elections to receive a one-time lump sum payment became irrevocable on December 1, 2023, and lump sum payments were made in mid-December 2023.

There have been no other changes in benefits valued since the prior year.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

Effective date	January 1, 1984. The plan was restated effective January 1, 2020 and the most recent amendment reflected in the following plan provisions was effective in December, 2023.
Covered employees	<p>Any person employed by a participating Major League Baseball Club (excluding any person who is an active participant in the Major League Baseball Players Benefit Plan, a member of a collective bargaining unit not participating, a person compensated on a per-day or per-game basis, employed full-time in Canada, a self-employed partner, proprietor or shareholder-employee, or a member of a group designated not eligible for participation), and who has attained age 21 and completed one year of eligibility service.</p> <p>Effective January 1, 2008, all active minor league employees are covered under the Minor League Players Pension Plan. Effective December 1, 2010, all inactive minor league participants are covered under the Minor League Players Pension Plan.</p> <p>Any employees hired or rehired on or after January 1, 2016 are not considered Covered Employees.</p>
Participation date	Date of becoming a covered employee. Any employees hired or rehired on or after January 1, 2016 are not eligible to participate in the plan.

Definitions

Eligibility service	The 12-consecutive month period, starting at date of employment, in which an employee completes 1,000 hours of service.
Baseball service	Employment in baseball with any Major League Baseball Club, as designated by the Pension Committee.
Vesting service	Completed years from a participant's employment date to the termination of baseball service.

Pension service Years and months of service as a covered employee (not before January 1, 1984 for Office Employees and not before January 1, 1989 for Minor League Players).

Pensionable pay W-2 earnings, including any cafeteria plan deferrals, dependent care assistance deferrals, and any other employee deferrals to a qualified retirement plan, but excluding any reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, signing bonuses, severance, IRC Section 132 deductions taken pursuant to the Transportation Equity Act, and any earnings earned as a non-resident alien (assuming the employee earned no income in the US). Playoff and World Series shares are included in pensionable pay. Clubhouse tips are excluded from pensionable pay.

Average earnings The greater of 1) or 2):

- 1) The average of an employee's highest five consecutive plan years of annual earnings, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

If the employee does not have five consecutive plan years of annual earnings, the average earnings will be determined by using the greatest number of consecutive plan years in which the employee accrued pension service.
- 2) The average of an employee's last five plan years of annual earnings (which would not necessarily be the highest 5 plan years), whether or not consecutive, during the ten-year period which ends on the earlier of the participant's termination date or retirement date.

In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.

Normal retirement date (NRD) First of month coinciding with or next following the attainment of age 65.

Pension benefit 2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit.)

Preretirement death benefit If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse or designated beneficiary.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date. For terminated vested participants, benefits are increased from age 65 to the retirement date using an interest rate of 6% and GAR-94 Mortality (unisex).
Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a surviving spouse or designated beneficiary.

Other Plan Provisions

Forms of payment Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan.

Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).

Maximum on benefits and pay All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

The plan was amended during 2024 to freeze benefit accruals for all participants as of December 31, 2024. The impact of the changes above will first be reflected in the determination of minimum and maximum contributions for the 2025 Plan Year.

No future plan changes were recognized in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The plan was amended in 2023 to allow certain deferred vested participants to elect a one-time lump sum payment in lieu of receiving future annuity payments from the plan. Elections to receive a one-time lump sum payment became irrevocable on December 1, 2023, and lump sum payments were made in mid-December 2023.

There have been no other changes in benefits valued since the prior year.
