Independent Auditor's Report

The Plan Administrator
Cable Television Laboratories, Inc. Profit Sharing Plan
Louisville, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cable Television Laboratories, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cable Television Laboratories, Inc. Profit Sharing Plan

Notes to Financial Statements

1. Plan Description

The following description of Cable Television Laboratories, Inc. Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established by Cable Television Laboratories, Inc., which was adopted effective January 1, 1989 and most recently amended and restated on May 20, 2022. NetworkFX, Inc. dba Kyrio, Inc., a wholly owned subsidiary, was added as a participating employer effective July 1, 2015, and Society of Cable Telecommunications Engineers, Inc., a wholly owned subsidiary, was added as a participating employer effective July 1, 2021. Cable Television Laboratories, Inc.; NetworkFX, Inc. dba Kyrio, Inc.; and Society of Cable Telecommunications Engineers, Inc. are collectively referred to as the Company.

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or Trustee). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company.

The Profit Sharing Investment Committee determines the Plan's investment offerings and monitors investment performance. Participants are allowed to direct their accounts for investment in various mutual funds and a money market mutual fund.

Eligibility

Employees of the Company are eligible to enroll in and begin contributing to the Plan on the first day of the month following his or her employment date. Employees will be automatically enrolled in the Plan at a pre-tax deferral rate of 6% unless they actively elect to enroll in the Plan at a different deferral rate or actively elect to opt out of participation in the Plan.

Leased workers, interns, and non-resident aliens are not eligible for the Plan.

Contributions

Eligible participants can contribute to the Plan on a pre-tax or Roth basis up to 100% of their qualifying annual compensation, subject to certain IRC limitations. After-tax contributions are limited to 10% of qualifying annual compensation.

The Plan also allows catch-up contributions for participants aged 50 and over based on IRC limitations. Participants may change the allocation of invested funds or future contributions at any time during the Plan year and may cease making contributions at any time.

Cable Television Laboratories, Inc. Profit Sharing Plan

Notes to Financial Statements

The Company may make matching and/or discretionary contributions at amounts to be determined annually by the Company. During 2024, the Company made a dollar-for-dollar matching contribution up to 6% of employees' eligible compensation. The Company also made a discretionary contribution of 8% of employees' eligible compensation in 2024.

Both employee and Company contributions are invested in funds in accordance with the participants' direction and the Plan's provisions.

Rollovers

Participants are allowed to transfer funds to the Plan from Individual Retirement Accounts and tax-qualified pension, profit-sharing, or stock bonus plans that they participated in prior to their employment at the Company.

Payment of Benefits

Deferral contributions, Company matching and discretionary contributions, and related earnings, as defined by the Plan, may be distributed to participants in a lump sum or installments upon (i) termination of employment, (ii) becoming disabled, (iii) retirement, (iv) attainment of age 59½ for in-service withdrawal, or (v) demonstration by the participants to the Plan administrator that they are suffering an immediate and heavy financial need (such as the purchase of a primary residence or obligations for educational or medical expenses) and other resources are not reasonably available to meet their financial needs. Balances less than \$7,000 are subject to mandatory distribution as further described in the Plan Document.

Vesting

Participants are immediately vested in their participant contributions and rollover contributions plus actual earnings thereon. Participants vest in the Company's contributions based upon years of continuous service. A participant is credited with a year of vested service for each consecutive 12-month period he or she is employed with the Company beginning on his or her hire date.

Participants who terminated prior to September 17, 2018 become vested in the Company's contributions as follows:

<u>Years of Service</u>	<u>Vested (%)</u>
1	33
2	67
3	100

Participants who have at least one hour of service on or after September 17, 2018 become vested in the Company's contributions as follows:

<u>Years of Service</u>	<u>Vested (%)</u>
1	50
2	100

Forfeitures

When a termination of participation in the Plan occurs and the participant requests a distribution, the nonvested portion of the participant's account represents a forfeiture as defined by the Plan. If a participant does not elect to take a distribution of their account within five years after date of termination, the participant's nonvested portion of their account is forfeited. Forfeitures may be used to reduce future Company contributions to the Plan or pay Plan administrative expenses. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be restored. For the Plan year ended December 31, 2024, forfeitures in the amount of \$28,100 were used to fund Company contributions. Amounts available to reduce contributions or pay Plan expenses were \$63,585 and \$9,350 as of December 31, 2024 and 2023, respectively.

Administrative Expenses

The Plan engages an independent investment consultant and trustee on a fee-for-service basis. Participants pay certain loan, distribution, and administrative fees, which are charged directly to the participant's account. Certain investment fees are also net with investment earnings or losses of the investments in the form of an expense ratio charged to each fund.

Revenue sharing, which mutual fund companies would normally pay to an investment broker, is rebated to the Plan and may be used to defray administrative costs. The Plan received \$61,518 in revenue-sharing rebates during the year ended December 31, 2024, which is net within administrative expenses in the accompanying financial statements.

All other administrative expenses are paid by the Company and are not included in the accompanying financial statements.

Notes Receivable from Participants

Participants may borrow from \$1,000 up to the lesser of \$50,000 or 50% of the vested portion of their account balance subject to certain limits imposed by the IRC. Participants may only have two outstanding loans at any given time. Notes receivable from participants are secured by the participant's vested balance and are generally repaid through payroll withholdings. Such loans bear interest at rates commensurate with the prevailing rates of commercial lenders for similar loans and are determined based on the prime rate plus 1% and are fixed for the term of the loan. Loans must be repaid to the Plan within five years unless the loan is used for the purchase of a principal residence, in which case the maximum repayment period is 15 years. The specific terms and conditions of such loans are established by the Plan administrator. The notes receivable from participants held by the Plan at December 31, 2024 bear interest at rates ranging from 4.25% to 9.50%.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings and charged with Plan losses and expenses. The investment earnings or losses are allocated daily to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Contributions

Participant contributions and related matching contributions are recognized in the Plan year during which the Company makes payroll deductions from the participant's compensation. Discretionary contributions are recognized in the plan year to which the participant's compensation relates.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value, as more fully described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends and capital gains are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents the Plan's realized and unrealized gains and losses on investments, as well as the reinvested capital gains received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest was di minimis at December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

3. Fair Value Measurements and Disclosures

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the

Cable Television Laboratories, Inc. Profit Sharing Plan

Notes to Financial Statements

Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

As of December 31, 2024 and 2023, all Plan investments were measured at fair value. These investments are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year-end, and the Plan concludes that these investments should be classified as Level 1 investments.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the date of the financial statements.

A summary of Plan's Level 1 investments measured at fair value is as follows:

<i>December 31,</i>	2024	2023
Mutual funds	\$ 112,509,092	\$ 102,852,850
Money market mutual fund	8,223,948	6,293,337
Investments, at fair value	\$ 120,733,040	\$ 109,146,187

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan be terminated, the assets of the Plan would be distributed to the participants based on their individual account balances, as determined under the provisions of the Plan. Participants would be fully vested upon termination of the Plan.

5. Tax Status

The Plan adopted a pre-approved plan document offered by Fidelity Management & Research Company for which an opinion letter was obtained from the Internal Revenue Service (IRS), dated June 30, 2020, indicating the pre-approved plan document and trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan, as amended, is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan and related trust continue to be tax-exempt; therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments and notes receivable from participants, as reported on the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Interest and dividend income, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment amounts, as reported in the notes to financial statements.
- Investment information included in the ERISA-required supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the ERISA-required supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

7. Risks and Uncertainties

The Plan provides for various investments in mutual funds and a money market mutual fund. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related Party/Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the Trustee, as defined by the Plan. During 2024, fees were paid to Fidelity and its affiliates for recordkeeping and investment management services.

In addition, participants can borrow from their accounts (notes receivable from participants).

The above transactions are party-in-interest transactions under ERISA and are exempt from the prohibited transaction rules.

9. Subsequent Events

Plan management has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
