**Independent Auditor's Report**

To the Administrator  
Big D Equipment Company Profit Sharing Plan  
Midland, Texas

***Scope and Nature of the ERISA Section 103(a)(3)(c) Audit***

We have performed an audit of the accompanying financial statements of Big D Equipment Company Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Big D Equipment Company Profit Sharing Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information), the trustee of the Plan, by a bank, or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedule of assets held for investment purposes and schedule of reportable transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## BIG D EQUIPMENT COMPANY PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

#### 1. Description of Plan

The following description of the Big D Equipment Company Profit Sharing Plan (the Plan) provides only general information. The Plan is sponsored by Big D Equipment Company. (i.e., the Company, Employer, Sponsor). Participants should refer to the Plan document for a more complete description of the Plan's provisions. This Plan was originally established on July 1, 1980. The trustee and custodian of the Plan's assets is Capital Bank and Trust Company.

General - The Plan is a defined contribution plan covering eligible employees as defined in the Plan document. To become a participant in the Plan, an employee must be twenty years old and is eligible to contribute to the Plan after one year of service (at least 1,000 hours). Plan entry dates are the first day of the quarter coinciding with the date requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. The Plan is not integrated with Social Security. The Plan is amended annually to conform to current rules and regulations under ERISA.

Contributions - Eligible employees may contribute up to \$23,000 and \$22,500 in 2024 and 2023. Participants aged 50 and over may contribute additional "catch up contributions" of \$7,500 and \$7,500 in 2024 and 2023. The Company allows rollover contributions into the Plan. Under the Plan's, safe harbor provision, the Employer commits to match 100% of employee contributions up to 4% of employee earnings. The Company has the option to make discretionary matching contributions, profit sharing contributions, and Qualified Non-Elective Contributions (QNEC).

Participant Accounts - The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions, and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting - Participants are immediately 100% vested in their voluntary contributions, safe harbor contributions, and rollover amounts plus actual earnings thereon. Participants are fully vested in discretionary profit sharing and employer matching contributions plus allocated earnings after six years of credited service (20% per year after the second year of credited service). A participant immediately becomes 100% vested upon death, disability, or attainment of normal or early retirement.

Investment Options - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds.

Payment of Benefits - Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution or partial withdrawals. In-service distributions, including hardship withdrawals, are permitted. Distributions are paid from participants' vested account balances subject to limitations defined in the Plan. Benefits are recorded when paid.

### NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of a) 50 percent of their vested accrued benefit, or b) \$50,000. A participant may have only one note outstanding at a given time. Generally, the note term may not exceed five (5) years. However, if the note is for the purchase of a principal residence, the Administrator may permit a longer repayment term. Generally, notes are repaid through payroll deductions. The notes are secured by the vested balance in the participant's account and bear interest at a commercially reasonable rate as determined at the time of the note by the Plan administrator. Notes to participants are reported at fair value, which is the unpaid principal balances plus any accrued but unpaid interest.

Forfeitures - Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. The balance in the forfeiture account as of December 31, 2024, and 2023 totaled \$130 and \$123. This balance is a result of prior forfeitures from discretionary employer matching contributions. The Plan currently has a safe harbor provision for matching contributions.

## 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement – Investments are stated at fair value on the last business day of the year. In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for the Plan benefits. Fair value of investments is further discussed in Note 4.

Securities transactions are recognized on the trade-date (the date the order to buy or sell is executed). Income from investments is recorded as earned on an accrual basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

**NOTES TO FINANCIAL STATEMENTS**

**3. Notes Receivable from Participants**

Participants of the Plan are permitted to withdraw notes from their account balance as long as they meet certain requirements. The notes are secured by the balance in the participant's account. Interest rates on these notes were 6.00% as of December 31, 2024.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

The following table represents the note receivable balances at December 31, 2024 and 2023:

## BIG D EQUIPMENT COMPANY PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

Concentrations of credit risk exist if a number of investments are engaged in similar activities and have similar economic characteristics that could cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The Plan has invested in a variety of financial instruments and investments involving diverse industries and geographic areas to mitigate exposure to credit risks.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds:* Valued on the Net Asset Value (NAV) of shares held by the Plan as of the close of business of the NYSE at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with FASB ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent), the Collective Investment Trust has been recorded at NAV due to the fact that it is not materially different than its fair market value.

**5. Administration of Plan Assets**

The Plan assets are held by the administrator of the Plan. Employer and participant contributions are invested by the administrator as directed by the participant. Administrative expenses for the Plan are paid directly by the Employer for the first \$5,000, and the balance of the Plan expenses and transaction charges are paid by the participants. Investment related expenses are included in net appreciation in fair value of investments.

**6. Tax Status**

The Internal Revenue Service (IRS) has determined, in the letter dated January 31, 2006, that the prototype standardized profit sharing plan is a qualified plan under Section 401(a) of the Internal Revenue Code. The Plan, which operates under the prototype plan, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

The Plan has adopted the “uncertain tax positions” provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Plan is its filing status as a tax exempt entity. The Plan determined that it is more likely than not that its tax positions would be sustained upon examination by the IRS or other State taxing authority.

The Plan is no longer subject to U.S. federal and state income tax examinations by federal taxing authorities for the years before 2021.

There were no penalties or interest related to income taxes recognized during the years ended December 31, 2024 and 2023.

**7. Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100% vested in their accounts.

**BIG D EQUIPMENT COMPANY PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**8. Related Party Expenses**

Plan investments are managed by the Plan trustee, Capital Bank and Trust Company. Because the Plan pays certain fees to the trustee, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

Investment and administrative fees separately identifiable as expenses paid by the Plan totaled \$75,083 in 2024 and \$62,721 in 2023.

**9. Subsequent Events**

The Plan's management has evaluated subsequent events through September 30, 2025, the date which the financial statements were available for issue.
