## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the  
TFG 401(k) Savings Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of TFG 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TFG 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of TFG 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TFG 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TFG 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TFG 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Sikeston, Missouri

NOTES TO FINANCIAL STATEMENTS

For the Plan Years Ended December 31, 2024 and 2023

A. Description of Plan:

The following description of the TFG ("Company") 401(k) Savings Plan ("Plan"), formerly Health Facilities Management Corporation, Inc. 401(k) Savings Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* - The Plan is a defined contribution plan. Employees of the Company are eligible to participate in the Plan after ninety days of service and an attained age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was renamed, effective January 1, 2017, to TFG 401(k) Savings Plan. This change did not affect the operation or administration of the Plan.
2. *Contributions* - Upon meeting the eligibility requirements, participants may contribute up to 100% of their eligible compensation, as defined by the Plan, not to exceed \$23,000 for 2024, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Plan allows the Company to make discretionary matching contributions. For the years ended December 31, 2024 and 2023, the Company matched 10% of the first 3% of plan compensation that a participant contributed to the Plan. The Company matching contributions are invested as directed by the participant. For the year ended December 31, 2024, the Company made matching contributions of \$50,371.

Participants may also contribute certain rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations.

3. *Participant Accounts* - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting* - Participants are immediately vested in their contributions. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.
5. *Investment Options* - Upon enrollment in the Plan, a participant may direct the investment of their contributions into various investment options available through the Lincoln Financial Group. Plan participants are able to change their investment allocations daily.
6. *Forfeited Accounts* - Forfeitures will be used to reduce the administrative expenses of the Plan and then to reduce employer matching contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$6,629 and \$4,106, respectively. In 2024, employer contributions were reduced by \$7,125 from forfeited non-vested accounts.

For the Plan Years Ended December 31, 2024 and 2023

A. Description of Plan (Continued):

7. *Payment of Benefits* - On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the vested balance is less than \$5,000, a distribution will occur as soon as administratively feasible following the participant's separation from service. If the vested balance is greater than \$1,000 but less than \$5,000, the participant may elect to receive the distribution or to roll the distribution to another retirement plan. If no election is made the distribution will be rolled over to an IRA. The IRA provider will invest the rollover funds in a type of investment to preserve principal and provide a reasonable rate of return and liquidity. The IRA provider will charge the account for any expenses associated with the establishment and maintenance of the IRA and with the IRA investments. If the vested balance is greater than \$5,000, participant consent must be obtained before a distribution can be made. At December 31, 2024 and 2023, \$2,637,955 and \$3,381,002, respectively, is allocated to terminated persons, but has not been paid. Benefits are recorded when paid.
8. *Notes Receivable from Participants* - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 less the highest outstanding loan balance during the previous twelve-month period. The maximum number of loans that a participant may have at any one time is one. Loan terms range from six months to five years for general purpose or hardship and up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Current participant notes receivable bear interest at rates ranging from 4.25% to 9.50% which is commensurate with local prevailing rates. The interest rate in effect at the origination of the loan will remain in effect for the duration of the loan. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, December 31, 2024 and 2023, the Plan had outstanding notes to participants with principal balances totaling \$258,045 and \$283,816, respectively.
9. *Administrative Expenses* - All administrative fees and recordkeeping expenses are paid by the employer.

B. Summary of Accounting Policies:

*Date of Management's Review* – Subsequent events were evaluated through October 2, 2025, which is the date the financial statements were available to be issued.

*Use of Estimates* - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Basis of Accounting* - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

NOTES TO FINANCIAL STATEMENTS

For the Plan Years Ended December 31, 2024 and 2023

B. Summary of Accounting Policies (Continued):

*Notes Receivable from Participants* - Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024.

*Investment Valuation and Income Recognition* - The Plan's investments are stated at fair value as certified by Lincoln Financial Group. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when declared. Dividends and capital gains paid by pooled separate accounts are reinvested. The change in market value from year-to-year is reported as gains (losses) for the pooled separate account. Investment income exclusive of net appreciation or depreciation is not provided by the investment company and is not presented.

*Payment of Benefits* - Benefits are recorded when paid.

C. Fair Value Measurements:

Fair value measurements in accordance with current accounting standards, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by the correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Sikeston, Missouri

NOTES TO FINANCIAL STATEMENTS

For the Plan Years Ended December 31, 2024 and 2023

C. Fair Value Measurements (Continued):

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023.

*Pooled Separate Accounts:* Are offered through a group annuity contract and are valued daily by the annuity provider using the quoted net asset value of the shares of the underlying mutual funds adjusted for any dividends or distributions received by Lincoln Financial Group and the daily equivalent of any fee charged by Lincoln Financial Group pursuant to the contract. The Lincoln Financial Group PSA unit prices are not traded in the public exchange market. Therefore, the PSA unit prices and resulting valuation of their investment cannot be verified against quoted prices publicly available. From this perspective, a practical expedient is being used when using the NAV equivalent of the underlying mutual funds or securities.

*Stable Value:* The stable value fund is backed by the general account of Lincoln Financial. The issuer declares rates and back the principal and interest of the stable value fund, and guarantees are subject to the claims paying ability of the insurance company. The stable value fund is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at the fair value as of December 31, 2024 and 2023:

December 31, 2024	Total	Fair Value Measurements at the End of the Reporting Period Using:	
		Level 1	Level 2
Investments Measured at Net Asset Value	\$ 11,629,616	\$ 11,629,616	\$ -

		Level 1	Level 2

NOTES TO FINANCIAL STATEMENTS

For the Plan Years Ended December 31, 2024 and 2023

D. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or discontinue the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

E. Federal Income Tax Status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

F. Certified Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial Group (the custodian of the Plan).

G. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Sikeston, Missouri

NOTES TO FINANCIAL STATEMENTS

For the Plan Years Ended December 31, 2024 and 2023

H. Investment Contracts with Insurance Companies:

The Plan has entered into an investment contract with Lincoln Financial Group. The contract includes pooled separate account funds and a fully benefit-responsive fund option in the insurance company's investment offerings. The fees and commissions paid to this company's agents totaled \$671 during the year ended December 31, 2024.

The pooled separate account fund is valued daily using quoted market prices with the participants bearing the investment risks. The pooled separate account fund is reported at market value.

The fully benefit-responsive funds are reported at contract value, because this fund has no stated maturity and the interest rates are reset monthly, the contract value is also the fair market value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investments options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures on spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The fully benefit-responsive funds have no stated maturity and cannot be terminated by the insurance companies. Average yields for the years ended December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
