Independent Auditors' Report

**The Plan Administrator of
Rye Country Day School
403(b) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Rye Country Day School 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have been excluded in the accompanying statements of changes in net assets available for benefits. The amount of the excluded annuity contracts and custodial accounts are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

403(b) Plan**

Notes to Financial Statements
December 31, 2024 and 2023

1. Description of Plan

The following description of the Rye Country Day School 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the plan provisions.

General

The Rye Country Day School 403(b) Plan was initially effective September 27, 1954. The Plan covers all eligible employees of Rye Country Day School (the “School” or “Employer”). The Plan excludes student employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employees may enter the Plan upon employment with the School and first day of each month.

Contributions

As a condition of employment, employee’s must contribute a mandatory contribution of 6% of eligible compensation upon attainment of age 35 and five years of service otherwise contributions are elective. Participants may also voluntarily contribute up to the Internal Revenue Service (“IRS”) maximum allowable amount of their pre-tax annual compensation, as defined by the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans.

The School makes a matching contribution of 6% of eligible compensation for participants with less than ten years of service and after ten years of service, a matching contribution of 8.5% of eligible compensation for participants. Employees must be age 21 and complete one year of service to receive a matching contribution. Matching contributions are only made with respect to elective deferrals of 6% of eligible compensation or more contributed to the participant commencing mandatory contributions. Contributions are subject to certain IRS limitations.

Vesting

A participant is 100% vested in their accounts including allocated earnings thereon at all times.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the School’s contribution, and Plan earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan document. All investments of the Plan are participant directed.

Payment of Benefits

Upon termination of service due to death, disability, retirement, age 59 1/2 or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant’s vested interest in his or her account. Benefits can also be distributed in the event of a participant’s immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

1. Description of Plan (continued)

Notes Receivable from Participants

Loans are permitted in accordance with the Plan Loan Policy and are available from the participant's underlying investments. Loan proceeds are funded from the participants' account and are not collateralized. Participants borrow directly from their account, and interest and principal are paid by the participants directly to Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF"). In accordance with the Plan Loan Policy, loans to participants are limited to 50% of the nonforfeitable account balance. Since the loan relationship is between the participant and the Plan, participant loans are considered plan assets and reported as notes receivable from participants in the statements of net assets available for benefits. Interest is prime rate plus 1% at the time of the loan origination.

At December 31, 2024, interest rates on outstanding notes receivable range from 4.25% to 9.50% with maturities through 2029. At December 31, 2023, interest rates on outstanding notes receivable range from 4.25% to 9.50% with maturities through 2028.

Loans to Participants/Collateralized Assets

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum of \$1,000 up to a maximum of 45% of his/her vested balance not to exceed \$50,000 (whichever is less). Loans with TIAA and CREF are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA and CREF. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits. TIAA and CREF has phased out the collateralized loans.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At December 31, 2024 and 2023, there were 19 and 24 collateralized loans outstanding with total principal balances due of \$163,471 and \$205,252 which also represents a collateralization of participant accounts. As of December 31, 2024 and 2023, there were 9 and 12 deemed distributed balances of \$131,237 and \$1128,061 from these loan balances. At December 31, 2024, interest rates on loans outstanding ranged from 4.00% to 7.65% with maturities through 2029. At December 31, 2023, interest rates on loans outstanding ranged from 4.00% to 7.65% with maturities through 2029.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value (“NAV”) per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. The fully benefit responsive contract is carried at contract value and the non-benefit responsive contract is carried at fair value, which approximates their contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan’s contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The fair value is derived from a discounted cash flow analysis and other factors. The TIAA Stable Value is a group annuity product issued by TIAA and is valued at contract value, which equals the accumulated cash contributions, interest credited, transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

403(b) Plan**

Notes to Financial Statements
December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (*continued*)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment related expenses are included in net appreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 27, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, interest and dividend income, and interest on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

TIAA has been authorized by TIAA Trust, N.A., to certify the investments and investment information for which TIAA Trust, N.A. is the directed trustee and custodian.

4. Investments (continued)

TIAA Traditional Annuity Account

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity (“GSRA”), the Supplemental Retirement Annuity (“SRA”), and the Retirement Choice Plus (“RCP”) contracts. The non benefit responsive contracts are: the Group Retirement Annuity (“GRA”), Retirement Annuity (“RA”) and Retirement Choice (“RC”) contracts. The Plan utilizes the GSRA, SRA and RCP contracts, which are reported at contract value, and the RA, GRA and RC contracts, which are reported at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan’s contracts, and transfers in (if any), less any withdrawals and transfers out (if any). Contract value approximates a discounted cash flow value calculated using a risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity’s historical crediting rates. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 4.50%-4.75%; SRA – 4.50%-4.75%; RCP – 4.75%-5.00%; RA – 5.25%-5.50%; GRA – 5.25%-5.50%; and RC – 5.50%-5.75%.

Under GSRA and SRA contracts, lump sum withdrawals and transfers can be done at any time without any restrictions or charges. Under RCP contracts, lump sum withdrawals and transfers are allowed at any time without any surrender charges. Certain RCP contracts impose a 90-day equity wash rule. Under RA contracts, lump sum withdrawals are not permitted and all withdrawals and transfers must be paid in 10 annual installments. Under RC contracts, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers must be paid in 84 monthly installments. Under GRA contracts, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers must be paid in 10 annual installments.

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity represents approximately 21% and 24% of the Plan’s net assets available for benefits as of December 31, 2024 and 2023, and represents an obligation from TIAA to repay as amounts come due.

**Rye Country Day School
403(b) Plan**

Notes to Financial Statements
December 31, 2024 and 2023

4. Investments (continued)

TIAA Stable Value

TIAA Stable Value (the “SV Contract”) is offered through a benefit-responsive group annuity contract issued by TIAA. Participants who are invested in the SV Contract receive a guaranteed minimum rate of interest which will always be between 1% and 3% before contract fees are deducted. The minimum guaranteed rate may be reset every six months (on January 1 or July 1). TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. Since the SV Contract is liquid, withdrawals and transfers are paid without any surrender charges or adjustments based on market fluctuations.

During the accumulation phase, the SV Contract is structured as a separate account of TIAA. If the separate account’s assets are insufficient to meet contractual guarantees, the TIAA General Account would cover any shortfall.

TIAA Real Estate

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account’s value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. The TIAA Real Estate Account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter. There are no unfunded commitments on the Plan’s investments.

5. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Plan Records Management

In November 2007, the Department of Labor (“DOL”) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan’s 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. Consequently, the financial statements and supplemental schedule have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan’s financial statements cannot be determined.

7. Tax Status

The School has adopted a restated prototype plan document effective January 1, 2010 which is intended to satisfy the IRS's final 403(b) regulations. The prototype plan document preparer received an opinion letter dated August 7, 2017 from the IRS. The School believes that the Plan is designed and currently being operated in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

8. Party-In-Interest Transactions

Certain investments are managed by TIAA and CREF and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the School may also participate in the Plan or perform administrative services to the Plan at no cost to the Plan.

The Plan and TIAA and CREF entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is a cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Revenue Credit Account balance was \$89,852 and \$60,820 at December 31, 2024 and 2023. During 2024 and 2023, \$70,949 and \$31,207 of these funds were used to pay Plan expenses and \$0 and \$90,000 were allocated to participants from the Revenue Credit Account.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
