## **Report of Independent Auditors**

To the Participants and Trustees of  
Teamsters Local Union No. 727  
Trade Show 401(k) Plan

### ***Opinion***

We have audited the financial statements of Teamsters Local Union No. 727 Trade Show 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Teamsters Local Union No. 727 Trade Show 401(k) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

***Responsibilities of Management for the Financial Statements (continued)***

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of financial statements; and
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Teamsters Local Union No. 727  
Trade Show 401(k) Plan**

**Notes to Financial Statements**

December 31, 2024 and 2023

**Note 1. Description of the Plan**

Teamsters Local Union No. 727 Trade Show 401(k) Plan (the Plan) is a multiemployer defined contribution retirement plan established July 1, 2019 pursuant to collective bargaining agreements between Teamsters Local Union No. 727 (the Union) and participating employers in the trade show industry to provide benefits for eligible participants upon termination, retirement or death. Effective July 1, 2023, the Plan was expanded to allow participating employers in the valet industry to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Individuals become a participant in the Plan after performing one hour of work for a participating employer.

Participants may elect to contribute pre-tax contributions up to a maximum of 90% of annual compensation, as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2024, participants may make Roth deferrals into their account. As described in Note 2, certain employers make non-elective contributions on behalf of participants. Rollover contributions from other qualified retirement plans are also permitted.

Contributions to the Plan are invested as directed by the participants in various investment options. In the absence of participant direction, contributions are invested in a qualified default investment alternative account until changed by the participant. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their account balance to be lower than contributions made to the Plan.

Individual accounts are maintained for each participant. Participant accounts are credited with the employers' contribution and the participant's contribution, if any, as well as allocations of investment earnings or losses and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Note 1. Description of the Plan (continued)**

Participants are immediately fully vested in their elected deferrals, rollovers and the earnings thereon. Under current provisions, participants in the trade show industry become fully vested in employer contributions after one year of service. One year of service is earned when a participant completes 200 hours of work in covered employment during a Plan year. Effective January 1, 2025, the Plan was amended to provide that participants in the trade show industry will become fully vested in employer contributions after one hour of work. Participants in the valet industry become fully vested in employer contributions after one hour of work.

In accordance with specific provisions of the Plan, upon termination of service due to death, disability, retirement or termination of employment, a participant (or beneficiary, in the case of death) will receive the entire vested interest in the participant's account.

Effective January 1, 2025, the plan of benefits was amended to allow participants to make hardship withdrawals from their account.

Included in net assets available for benefits are forfeited nonvested accounts of \$3,830 and \$378 as of December 31, 2024 and 2023, respectively. Forfeited nonvested accounts may be used to pay Plan administrative expenses or redistributed among participants working in covered employment.

Participants should refer to the summary plan description for more complete information.

## **Note 2. Summary of Significant Accounting Policies**

**Method of Accounting** - The accompanying financial statements have been prepared using the accrual basis of accounting.

**Investments** - The investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

## **Note 2. Summary of Significant Accounting Policies (continued)**

**Contributions Receivable** - Contributions due but not yet received at year end are recorded as contributions receivable. Employer contributions and any late fees due as determined by payroll compliance audits are recorded upon settlement with the employer. An allowance for uncollectible amounts is considered unnecessary and has not been provided.

**Property and Equipment** - Property and equipment are recorded at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation and amortization are computed by the straight-line method over estimated useful lives of five years.

**Revenue Recognition** - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked and the contribution rates set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 1 within a jurisdiction primarily located in Chicago and surrounding areas in Illinois.

**Payment of Benefits** - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2024 or 2023.

**Expenses** - Certain investment related expenses are included in net appreciation in fair value of investments.

**Reclassifications** - Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

**Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Subsequent Events** - Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

## **Note 3. Priorities upon Termination**

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries, except that provision may be made for the payment of necessary expenses resulting from the termination of the Plan. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

#### **Note 4. Tax Status**

The Plan obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Section 401(a) of the Internal Service Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. They therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 5. Fair Value Measurements**

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following provides a description of the three levels of the fair value hierarchy:

##### Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurement hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Investment cash is classified within Level 2 of the fair value measurement hierarchy. Investment cash includes short-term cash balances held with the investment custodian and is valued at cost, which approximates fair value.

## **Note 6. Investment Contract with Insurance Company**

The Plan has a traditional benefit-responsive group annuity contract with Empower Annuity Insurance Company of American (Empower), formerly Prudential Retirement Insurance and Annuity Company. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield and crediting interest rates ranged from 2.30% to 2.50% for the years ended December 31, 2024 and 2023.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

## **Note 7. Property and Equipment**

Property and equipment at December 31, 2024 and 2023 consisted of the following:

	<u>2024</u>	<u>2023</u>
Computer software	\$ 20,490	\$ 16,500
Furniture and fixtures	<u>1,644</u>	<u>1,502</u>
Total	22,134	18,002
Less accumulated depreciation and amortization	<u>(11,166)</u>	<u>(7,442)</u>
Net property and equipment	<u>\$ 10,968</u>	<u>\$ 10,560</u>

Depreciation and amortization expense was \$3,724 and \$2,150 for the years ended December 31, 2024 and 2023, respectively.

## **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

## **Note 9. Related Organizations**

The Plan is related to several organizations including a local union, a health and welfare plan, a pension plan, a legal and education assistance plan and a labor management cooperation committee.

The Plan shares office facilities with the health and welfare plan. Office rent and related expenses are initially paid by the health and welfare plan and reimbursed by the Plan on a quarterly basis. During the years ended December 31, 2024 and 2023, the Plan was allocated a total of \$11,066 and \$2,069 respectively, for office rent and related expenses. During 2024, the Plan was allocated software and maintenance costs related to the contribution system that was paid by the health and welfare plan. The Plan was allocated a total of \$8,921 for software cost and maintenance. At December 31, 2024 and 2023, the Plan owed the health and welfare plan \$8,673 and \$14,178 respectively.

The Plan shares employees with the pension plan. Salaries, employee benefits and payroll taxes as well as other shared administrative expenses are initially paid by the pension plan and reimbursed by the Plan on a quarterly basis. During the years ended December 31, 2024 and 2023, the Plan's allocated expenses amounted to approximately \$114,000 and \$53,000 respectively. At December 31, 2024 and 2023, the Plan owed the pension plan \$81,290 and \$19,495 respectively, for shared administrative expenses.

At times, the Plan may owe or have amounts due from related organizations for reimbursements of deposits made in error to either organization.

## **Note 10. Funding Policy**

Participating employers contribute such amounts as specified in their collective bargaining agreements. During the years ended December 31, 2024 and 2023, trade show employers were required to contribute primarily at an hourly rate ranging from \$8.15 to \$12.00. Effective July 1, 2024, valet employers were required to contribute at an hourly rate of \$.75. Effective September 1, 2023 through June 30, 2024, valet employers were required to contribute at an hourly rate of \$.50.

**Note 10. Funding Policy (continued)**

A portion of employer contributions is earmarked for the payment of administrative expenses incurred by the Plan. Trade show employers remitted amounts ranging from \$0.22 to \$0.28 per hour during the years ended December 31, 2024 and 2023. For the years ended December 31, 2024 and 2023, \$.01 per hour for valet employers was set aside for administrative expenses. For the years ended December 31, 2024 and 2023, a total of \$161,272 and \$131,583 respectively, of employer contributions was reserved for administrative expenses.

Net assets available for benefits at December 31, 2024 and 2023 include unallocated amounts of approximately \$231,000 and \$250,000 respectively, which are available to pay administrative costs of the Plan.

**Note 11. Major Employers**

Contributions from two employers accounted for approximately 43% and 50% of employer contributions for the years ended December 31, 2024 and 2023, respectively. In the event these employers were to suspend contributions, the Plan would retain the risk of meeting current fixed administrative expenses until the appropriate adjustments were made.

**Note 12. Party-In-Interest Transactions**

The Plan's investments are held by Empower, and the Plan invests in a group annuity contract managed by Empower. Empower provides certain recordkeeping services to the Plan. Therefore, these transactions qualify as party-in-interest transactions under ERISA.

Report of Independent Auditors On Supplemental Schedules

To the Participants and Trustees of  
Teamsters Local Union No. 727  
Trade Show 401(k) Plan

We have audited the financial statements of Teamsters Local Union No. 727 Trade Show 401(k) Plan (the Plan) as of December 31, 2024 and 2023 and our report thereon dated October 10, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statement as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
