INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Legacy Community Federal Credit Union 401(k) Plan and Trust
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Legacy Community Federal Credit Union 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Legacy Community Federal Credit Union 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Legacy Community Federal Credit Union 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Community Federal Credit Union 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Legacy Community Federal Credit Union 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Community Federal Credit Union 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of Legacy Community Federal Credit Union (Sponsor) 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Sponsor. The Plan originated on March 1, 2003. To be eligible to participate in the Plan and for the purposes of the matching contribution, an employee must be twenty-one and must have completed six months of service. An eligible employee may enter the Plan on the first day of the month coinciding with or the next month after eligibility has been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Benefits Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute up to the maximum allowed by law, as defined in the Plan, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute their after-tax annual compensation for Roth elective deferral purposes, subject to certain limitations, with the contributions and earnings thereon being nontaxable when withdrawn from the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Such transfers from other qualified plans are reported as rollover contributions. Employees are automatically enrolled in the Plan at a 3% deferral rate, unless they elect to opt out in a timely manner. The Sponsor may make a matching contribution to participant accounts in a discretionary amount. During 2024, the Sponsor contributed 100% of the first 4% of participant contributions, as defined by the Plan. In addition, the Sponsor may also make a discretionary profit-sharing contribution, as defined in the Plan, to participants who are actively employed at the last day of the Plan year. The Sponsor did not make a discretionary profit-sharing contribution to the Plan during 2024. Participants direct the investment of their contributions into various options offered by the Plan.

Participants' Accounts

Each participant's account is credited with the participant's and the Sponsor's contributions and an allocation of net Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION - Continued

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants vest 20% per year of service and become 100% vested in Sponsor contributions after five years of service.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation of service, a participant may elect to receive a lump-sum distribution or installment payments under various options equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan document. If a terminated participant's vested interest in his or her account is less than \$5,000 and he or she does not elect to receive a distribution from the Plan, benefits will be paid in a single lump-sum distribution as soon as administratively feasible.

Forfeitures

The nonvested portion of a terminated employee's account balance shall be forfeited and used to pay administrative expenses or used to offset employer contributions. Forfeitures of \$3,160 were used to reduce Sponsor contributions for the year ended December 31, 2024. Unallocated forfeiture balances for the Plan years ended December 31, 2024 and 2023 totaled \$3,748 and \$3,147, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. The Sponsor, at its discretion, pays the administrative costs of the Plan associated with any professional services provided to the Plan and the cost of communications to the participants. Administrative expenses recorded in the Plan represent custodian fees, other recordkeeping fees paid directly from the Plan, and any remaining fees not paid by the Sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. In preparing the financial statements, management evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

As required by accounting principles generally accepted in the United States of America, investment contracts held by a defined contribution plan are required to be reported at fair value. The Plan holds an investment in a guaranteed account which is a deposit administration (DA) contract with CUNA Mutual Insurance Society, which is a fully benefit-responsive investment contract. The investment is valued at contract value, which approximates fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of the investment in the DA contract.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Market Risk

As of December 31, 2024, approximately 21% and 12% of the Plan's net assets were invested in one deposit administration contract and one mutual fund. As of December 31, 2023, approximately 22% of the Plan's net assets were invested in one deposit administration contract. The underlying value of the investments is dependent on the performance of the individual investment holding and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the mutual funds and deposit administration contract and their investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

Fair Value

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Deposit Administration Contract

The deposit administration contract (the Fund) is the CMFG Stable Value Fund for the years ended December 31, 2024 and 2023. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value are not probable.

There are certain events that may limit the ability of the Plan to transact at contract value with the issuer and participants. These events may include: premature termination of the contract by the Plan, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. In the event of contract termination, outside of the normal course of business, it is CMFG Life Insurance Company's policy to charge a market value adjustment on the deposit administration contract.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians, CMFG Life Insurance Company and Matrix Trust Company, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and contract value, included in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and net appreciation in fair value of investments, included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024, included in the supplemental information.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - PLAN TERMINATION

Although it has not expressed intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become 100% vested in their employer contributions.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 6 - FAIR VALUES

The following is a description of the valuation methodology used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2024 or 2023.

- *Mutual funds*: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - TAX STATUS

The Plan is a CUNA Mutual Insurance Society volume submitted defined contribution plan. The Internal Revenue Service (IRS) has ruled, in a letter dated June 30, 2020, that the volume submitted plan developed by CUNA Mutual Insurance Society, after which the Plan is modeled, qualifies under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities.

The Sponsor has concluded that as of December 31, 2024 and 2023, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for Plan benefits and changes in net assets available for benefits from the Form 5500 to the financial statements:
