Independent Auditors' Report

To the Trustees of the
365 Data Centers 401(k) Plan
Norwalk, CT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 365 Data Centers 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Trustees of the
365 Data Centers 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Trustees of the
365 Data Centers 401(k) Plan

In performing an audit in accordance with GAAS, we:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) – modified cash basis as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Trustees of the
365 Data Centers 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

365 Data Centers 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

1. Description of Plan

The following description of the 365 Data Centers 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

365 Operating Company, LLC. (the "Company" or "Sponsor") established the Plan, a voluntary, participant directed, defined contribution profit sharing plan which became effective January 1, 2007. The Plan was amended and restated to bring the Plan into compliance with the Pension Protections Act of 2006 as of July 1, 2016. The Plan offers options in which participants may elect to direct Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan management oversees governance of the Plan. The trustee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's management.

On November 1, 2022, the Company acquired SunGard Availability Services ("SunGard"). The Plan was amended and restated on January 13, 2023, to allow the employees of SunGard that were hired and enrolled in the SunGard Availability Services U.S. Savings Plan to recognize their service under their previous employment with SunGard Availability Services for eligibility, vesting and contribution allocations. The participants were permitted to rollover their account balances and participant loans into the 365 Data Centers 401(k) Plan. The rollovers of participant balances amounted to \$2,416,593 and the participant's loan balances transferred into the plan amounted to \$138,198.

Plan Transfer of Assets

The Plan transitioned from Nationwide Trust Company to Lincoln Financial Group Trust Company, Inc., effective August 1, 2024. The Plan assets were liquidated, transferred and subsequently reinvested on August 1, 2024. The blackout period for the plan was from July 26, 2024, through August 18, 2024, and during this time participants were unable to direct or diversify assets credited to their plan account, obtain loans from the plan, or obtain distributions from the plan.

Administration of the Plan

The general administration of the Plan and the responsibility for carrying out its provisions is the responsibility of 365 Operating Company, LLC. The Company shall be the Plan administrator and has the authority to appoint or remove the trustee. The Company has engaged Nationwide Trust Company and Lincoln Financial Group Trust Company, Inc. to assist with the performance of its duties. Nationwide Trust Company and Lincoln Financial Group Trust Company, Inc. serve as trustees and record keepers of the Plan (the "Trustees") for the period from January 1, 2024 through July 31, 2024 and August 1, 2024 to December 31, 2024, respectively.

Eligibility

The Plan is a defined contribution plan covering both full-time and part-time employees. Employees of the Company are eligible to participate in the Plan after 3 consecutive months of service, if they are at least 18 years of age, and complete at least 1 hour of service during the 3 consecutive months of employment. Such employees are eligible to participate in the Plan on the first day the month following the satisfactory of the eligibility requirements.

Contributions

Each year, participants may contribute up to the maximum amount allowed by law, of pretax annual compensation, as defined by the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a group annuity contract as investment options for participants.

The Company may make discretionary matching contributions to the Plan, matching 50% of the first 4% of the participant's eligible compensation, on a pay period basis. The Company may also make nonelective profit sharing contributions to the Plan, in which all eligible employees will receive a proportionate amount of the Company's contribution. During the years ended December 31, 2024 and 2023, there was no discretionary profit-sharing contributions made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, discretionary employer matching contributions, and allocations of Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's employer matching contributions and nonelective profit sharing contributions, plus actual earning thereon is based on years of continuous service. A participant is 100% vested after 4 years of credited service.

Vesting for plan participants is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 full year	0%
1 full year	25%
2 full years	50%
3 full years	75%
4 full years	100%

Notes Receivable From Participants

Participants may borrow from their accounts, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. No loans will be made if a prior loan is currently outstanding.

Participant loans generally have terms ranging from up to five (5) years, are secured by the balance in the participant's account and bear interest rates determined by the Plan administrator based on prevailing interest rates at the time of the loan. Principal and interest is paid ratably through payroll deductions. Interest rates range from 4.25% to 10.5% at December 31, 2024 and 2023.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments for Participants or Beneficiaries who must receive required minimum distributions under Code §401(a)(9). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

Forfeitures of terminated participants' non-vested balances are available to offset future employer contributions or pay plan expenses, at the Company's discretion. During the years ended December 31, 2024 and 2023, employer contributions were reduced by \$17,000 and \$0, from forfeited nonvested accounts. At December 31, 2024 and 2023 there was \$12,260 and \$7,855, respectively in forfeited non-vested accounts available.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Therefore, with the exception of appreciation in the market value of investments, income and expense items are recognized only as cash is received or paid and receivables (other than notes receivable from participants), and accrued expenses are not reflected.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on when received. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account.

No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan's administrator has evaluated subsequent events and transactions that occurred after December 31, 2024 through the date of the independent auditors' report and the date the financial statements were available to be issued, October 9, 2025. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with the modified cash basis of accounting. The Plan administrator has determined that there are no unrecognized subsequent events that require additional disclosure.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirement of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

5. Certified Investments (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Nationwide Trust Company and Lincoln Financial Group Trust Company, Inc., (the Trustees of the plan) for the period from January 1, 2024 through July 31, 2024 and August 1, 2024 to December 31, 2024, respectively are as follows:

6. Party-In-Interest Transactions

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Whole or partial termination of the Plan shall result in the full and immediate vesting of employer discretionary contributions and earnings thereon.

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits – modified cash basis.

9. Group Annuity Contract with Nationwide Life Insurance Company

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company. The investment at contract value at December 31, 2023 totaled \$951,933. Nationwide Life Insurance Company maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The contract was terminated as part of the change in custodian on July 31, 2024.

The crediting rate is based on a formula established by the contract issuer. The Fixed Select Contract crediting rate is reset quarterly. The Fixed Select rates were 1.57% (first quarter), 1.67% (second quarter), 1.67% (third quarter), and 1.79% (fourth quarter) for 2023. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.
