Independent Auditors' Report

The Plan Administrator
Agero, Inc. Retirement Plan
Medford, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Agero, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AGERO, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Agero, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan with a cash deferral arrangement established by Agero, Inc. (the “Employer”). In accordance with the trust agreement, the Employer administers the Plan. Fidelity Management Trust Company (“Fidelity”) is the Plan’s custodian and trustee. The Plan covers all employees of Agero, Inc., Agero Administrative Service Corp., Financial Recovery Technologies, LLC, CCA Enterprises, Inc., First Medford Insurance Agency, Inc., MBSI Capital Corp, Inc., and SwoopMe, Inc. (See Note 2) (collectively referred to as the “Employer”), who have completed two months of service and have attained the age of 21 (the “Participants”), except employees covered by a collective bargaining agreement and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

Participant Contributions

Participants may contribute up to 60% of their eligible compensation, as defined by the Plan, subject to dollar limits imposed by Federal law. Eligible employees are automatically enrolled into the Plan with a 3% deferral unless the employee affirmatively elects otherwise. Subsequent year contributions are increased by 1% per year to a maximum of 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Rollovers”).

Employer Contributions

Employer Safe Harbor Matching Contributions

Each year, the Employer shall make a safe harbor matching contribution on behalf of each eligible participant equal to 100% of the first 2% of an employee’s eligible compensation and 50% of the next 4% of an employee’s eligible compensation contributed to the Plan. A participant must complete one year of service (defined as 1,000 hours of service) to be eligible for the matching contribution.

The Employer may make an additional matching contribution on behalf of each eligible participant. For the year ended December 31, 2024, no additional matching contributions were made.

AGERO, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Discretionary Contributions

The Employer may make a discretionary contribution to the Plan, subject to certain limitations. A participant must complete one year of service (defined as 1,000 hours of service) and be employed by the Employer on the last day of the Plan year to be eligible for the discretionary contribution. Allocations are made among eligible participants based on the participant's eligible compensation to total eligible compensation of all participants. For the Plan year ended December 31, 2024, the Employer did not make a discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant Contributions

Participants are immediately vested in their deferral and rollover contributions plus earnings thereon.

Employer Matching Contributions

Participants' vested interests are based on years of continuous service. Participants are 100% vested after two years of credited service. A participant also becomes fully vested upon reaching early retirement age, as defined by the Plan, or due to death or disability.

Employer Discretionary Contributions

Participants' vested interests are based on years of continuous service. Participants begin vesting after two years of credited service and are 100% vested after six years of credited service or due to death, disability or reaching early retirement age, as defined by the Plan.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance. The Plan may use the forfeitures to pay Plan expenses or to reduce future Employer contributions. The unused forfeiture balance at December 31, 2024 and 2023 was approximately \$67,000 and \$43,000, respectively. Approximately \$49,000 was used to reduce the 2023 Employer matching contributions funded during 2024. During 2024, approximately \$34,000 of forfeitures were used to reduce administrative expenses. Subsequent to year end, approximately \$84,000 was used to offset a portion of the 2024 Employer matching contributions funded in 2025.

AGERO, INC. RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their elective deferral and rollover contribution accounts plus earnings thereon. Terms range up to five years (or longer for the purchase of a principal residence). Participants may only have one note outstanding at a time. Loans bear interest at prime rate plus 1%. A loan is secured by the vested balance in the Participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants may take an in-service withdrawal from any of their vested accounts upon reaching the age of 59½. Hardship withdrawals are allowed from a participant's deferral account only. The minimum amount for a hardship withdrawal is \$1,000. Participants or their beneficiaries are entitled to their vested account upon death, disability, retirement or termination of employment, payable in a lump-sum amount equal to the value of his or her accounts or the participant or beneficiary may elect to receive installment payments. In addition, upon termination, if a participant's vested account is \$1,000 or less, the Plan administrator will automatically distribute the account balance to the Participant.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) to carry out the operations of the Plan. The Employer, at its discretion, pays operating expenses incurred in the administration of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Contributions

Contributions from Plan participants and the Employer are recorded in the year in which the contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements and accompanying notes. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Subsequent Events

Plan management has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to no longer cover the employees of Financial Recovery Technologies, LLC, CCA Enterprises, Inc., and First Medford Insurance Agency, Inc. As a result, the transfer of approximately \$38,000,000 of plan assets to Cinch Home Services, Inc. and Affiliates 401(k) Retirement Plan occurred on April 1, 2025.

Note 3 - Information Certified by Trustee and Custodian

Plan investments are held in mutual fund accounts by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). The fair value of investments and notes receivable from participant as of December 31, 2024 and 2023 and all investment and notes receivable from participant transactions for the year ended December 31, 2024, including interest and dividends and net appreciation in fair values are certified as complete and accurate as reported to the Plan by Fidelity. Information contained in the supplemental Schedule of Assets (Held at End of Year) has also been certified by Fidelity.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The mutual fund investments at fair value held by the Plan as of December 31, 2024 and 2023 are \$189,456,194 and \$159,196,671, respectively. Based on the fair value hierarchy, the mutual funds are all Level 1 for the years ended December 31, 2024 and 2023.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 - Tax Status

The Plan has adopted the Fidelity Management Trust Company prototype using a standardized adoption agreement that received a favorable opinion letter on June 30, 2020. The Plan has been amended since that date; however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity, the trustee and custodian, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity for investment management and administrative services totaled \$213,979 for the year ended December 31, 2024. Notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.
