## Independent Auditor’s Report

To the Plan Administrator, Trustees and Participants  
National Resilience, Inc. 401(k) Plan  
La Jolla, California

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of National Resilience, Inc. 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (“DOL”)’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor’s Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NATIONAL RESILIENCE, INC. 401(k) PLAN

Notes to Financial Statements

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

### NOTE 1 – DESCRIPTION OF THE PLAN

The following description of National Resilience, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### General

The Plan, established January 1, 2021, is a participant-directed defined contribution plan covering all employees of National Resilience, Inc. (the “Company,” “Employer” or “Plan Sponsor”) who are defined as eligible employees as defined in the Plan. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. Assets of the Plan are held by a trust established under the Plan with T. Rowe Price Trust Company (“T. Rowe Price” or the “Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective May 1, 2024 to include the most recent regulations.

#### Plan Administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has appointed the Administrative Committee to oversee the operation and administration of the Plan. The Trustee serves as the Plan’s directed trustee and asset custodian and an affiliate of T. Rowe Price provides record-keeping services and manages participant accounts and participant related transactions.

#### Contributions

Each year, participants may contribute to the Plan, on a pre-tax basis up to 100% of compensation, with dollar limits established by the Internal Revenue Code (“IRC”). The Plan requires an automatic deferral contribution of 6% of compensation for new employees, unless the participant elects not to make a contribution or elects a different percentage. Such contributions are excluded from the participant’s Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also elect to contribute to the “after tax,” Roth 401(k) Deferral Contribution. Except, with respect to the application of income taxes to Roth Deferral Contributions, Roth Deferral Contributions are subject to the same rules applicable to “pre-tax” Deferral Contributions, as described above. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). During 2024, the maximum annual 401(k) pre-tax contribution limit was \$23,000, and the maximum annual catch-up contribution for participants aged 50 and older was \$7,500.

The Plan provides for a discretionary employer matching contribution on a percentage of a participant’s compensation. For 2024, the employer matching contribution was 100% of the first 6% of base compensation that a participant contributed to the Plan and totaled \$10,548,237. Employee rollover contributions from other qualified plans and catch-up contributions are excluded from the Company’s salary match. During the year ended December 31, 2024, \$273,976 in forfeitures were used to reduce employer matching contributions and \$5,063 of forfeitures were allocated to participant accounts in accordance with Plan provisions. The Company may make qualified non-elective contributions (“QNECs”) in addition to employer matching contributions and employer discretionary matching contributions. The Company did not make any QNECS to the Plan during 2024.

Notes to Financial Statements (Continued)  
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Participant Accounts**

Each participant's account is credited or charged with the participant's contribution and allocations of (i) employer's discretionary contributions, (ii) the participant's share of earnings or losses on both employer and employee contributions, (iii) withdrawals, and (iv) administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions, rollovers and QNECs plus actual earnings thereon. Vesting in the Employer's matching and non-elective contribution portion of their accounts plus actual earnings thereon is 100% after one year of service.

**Investment Options**

Participants direct the investment of their contributions in 1% increments, into various investment options offered by the Plan. Participants may change their contribution investment options daily, transfer part or all of past investments to other funds daily and may elect to change their deferral percentage or stop making contributions at any time.

**Notes Receivable from Participants**

Participants may borrow from their vested fund account balance at a minimum of \$1,000 and up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 15 years) with interest fixed at the prime rate (7.50% and 8.50% as of December 31, 2024 and 2023, respectively) plus 1% at the time of the approval of the loan. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. A participant may have no more than three loans outstanding at any time. The loans are secured by the balance in the participant's account, bear interest from 3.25% to 9.50% and mature at various dates through July 2051. Principal and interest are paid ratably through payroll deductions.

**Hardship and In-Service Withdrawals**

The Plan Administrator may authorize a lump-sum distribution of the participant's salary deferrals (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. The minimum hardship withdrawal is \$500 and the annual limit on withdrawals is 2 events per year. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

**NATIONAL RESILIENCE, INC. 401(k) PLAN**  
Notes to Financial Statements (Continued)  
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Deemed Distributions**

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded when the loan was defaulted. These amounts are no longer included in net assets available for benefits and are recorded as benefits paid to participants. There were \$419,258 deemed distributions for the year ended December 31, 2024.

**Benefit Payments**

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are generally entitled to a fully vested lump-sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lumpsum distribution. Under the terms of the Plan, if the vested value of the account of a participant is \$7,000 or less, the Plan Administrator will direct the Trustee to distribute it to the participant as a lump sum distribution without the participant's consent. As of December 31, 2024 and 2023, all employees who elected to withdraw from the Plan had been paid.

**Other Income**

T. Rowe Price provides fee credits to the Plan in recognition of amounts T. Rowe Price (and its affiliates) receives from Plan investment options. Subject to any plan sponsor imposed de minimis rules, the fee credits are allocated to the Plan accounts of participants in proportion to their account balances invested in those investment options. To be eligible for an allocation of fee credits, a participant must maintain a balance in the Plan on the last day of the quarter. Fee credits are generally allocated after the end of the quarter during which the fee credits are earned.

**Forfeited Accounts**

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. Unvested forfeitures may be used to pay expenses of the Plan or to reduce the Employer's matching contribution. During the year ended December 31, 2024, \$273,976 in forfeitures were used to reduce employer matching contributions.

**Expenses of the Plan**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

**NATIONAL RESILIENCE, INC. 401(k) PLAN**  
Notes to Financial Statements (Continued)  
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared in accordance on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan.

**Payment of Benefits**

Benefits are recorded when paid.

**Investment Valuation and Income Recognition**

All Plan investments are held by the Custodian. Mutual funds are stated at fair market value as determined by quoted market prices. The common collective trust’s fair value is determined using the Net Asset Value (“NAV”) provided by the administrator of the fund under the practical expedient approach (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation in fair market value of investments for such investments.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements (Continued)  
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Subsequent Events**

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, October 8, 2025.

**NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor (“DOL”)’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in the fair value of the investments, interest and dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2024.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board (“FASB”) established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**NATIONAL RESILIENCE, INC. 401(k) PLAN**  
Notes to Financial Statements (Continued)  
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

**NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)**

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the quoted market prices of share or units held by the Plan. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Stable value common collective trust:* Valued using the NAV provided by T. Rowe Price. The fund is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant directed redemptions have no restrictions; however, the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund.

*Common collective trust:* Valued using the NAV provided by T. Rowe Price. These funds are primarily invested in stocks, bonds and other short-term investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets required to be measured at fair value:

As of December 31, 2024:	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 24,480,447</u>	\$ 24,480,447
Total assets in the fair value hierarchy	<u>\$ 24,480,447</u>	
Investments measured at NAV practical expedient (1)		<u>91,911,768</u>
Investments at fair value		<u>\$ 116,392,215</u>
As of December 31, 2023:	<u>Level 1</u>	<u>Total</u>

**NOTE 5 – EXEMPT PARTY-IN-INTEREST**

At December 31, 2024, certain Plan investments were managed by T. Rowe Price, the Custodian, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the T. Rowe Price totaled \$110,704 for the year ended December 31, 2024. Notes receivable from participants also qualify as party-in-interest transactions.

**NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**NOTE 7 – TAX STATUS**

The Company adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement (“CODA”), sponsored by T. Rowe Price. The Internal Revenue Service has issued a favorable opinion letter dated August 19, 2020 on the pre-approved plan that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan’s financial statements.

Notes to Financial Statements (Continued)

As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

**NOTE 7 – TAX STATUS (Continued)**

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan's management does not believe it has any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2021.

**NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of the statement of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2024 and 2023:
