Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **THE GATTUSO GROUP, INC**

(2) EIN: **20-3907569**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

To the Trustees of the FNCB Bank 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FNCB Bank 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) Audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with the auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter – Plan Merger

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 1 to the financial statements, effective June 28, 2024, the Plan's sponsor approved to merge the Plan into the Peoples Security Bank 401(k) Profit Sharing Plan, which indicates that the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon the merger. Our opinion is not modified with respect to that matter.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FNCB Bank 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the FNCB Bank 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of FNCB Bank (Bank) and the Bank's subsidiary, 1st Equipment Finance, Inc. (1EF), (collectively, Company) who have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for the oversight of the Plan and determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the Company's Board of Directors.

Effective September 27, 2023, the Bank's parent, FNCB Bancorp, Inc., entered into an Agreement and Plan of Merger dated September 27, 2023 with Peoples Financial Services Corp. (Merger Agreement). Pursuant to the terms of the Merger Agreement, the Bank was merged into Peoples Security Bank & Trust (PSBT), which also became the owner of 1EF, effective July 1, 2024. As a result of the merger, the final payroll related to the Plan was June 28, 2024 and no additional contributions were permitted to the Plan after June 28, 2024 other than those contributions based on compensation earned or that have accrued on behalf of participants on or before June 28, 2024, corrective contributions, or contributions required by law. Eligible participants are permitted to continue to receive loans and benefit payments from the Plan and make loan payments.

Plan Amendment

The Plan was amended effective July 1, 2024 to change the vesting schedule; all participants became 100% for employer matching contributions and non-elective contributions.

Plan Merger

On June 26, 2024 the Company's Board of Directors approved the merger of the Plan into the Peoples Security Bank 401(k) Profit Sharing Plan (PSB Plan). It is anticipated that the investments will be liquidated and the assets will be transferred to the PSB Plan prior to December 31, 2025. After the merger and transfer of assets, the Plan will cease to exist.

Notes to Financial Statements
December 31, 2024 and 2023

Contributions

Contributions to the Plan were not permitted after June 28, 2024; prior to that date:

A participant could elect to reduce their eligible compensation, as defined in the Plan, by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral. There were two types of salary deferrals, pre-tax 401(k) deferrals and Roth 401(k) deferrals. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other eligible retirement plans and certain IRAs. The Plan also included an auto-enrollment provision whereby all newly eligible participants were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions were invested in the applicable target date fund based on the participant's date of birth until changed by the participant. Participants who were automatically enrolled had their contributions increased by 1% each year on January 1 until a deferral rate of 5% was reached; the first period of application was January 1 of the second subsequent plan year.

The Company's discretionary matching contribution for 2024 was 100% of the first 2% and 50% of the next 4% of eligible compensation that a participant contributed to the Plan. The Plan also provided for a Company discretionary profit sharing contribution for eligible participants; no contribution was made for 2024.

Participants directed the investment of all contributions into various investment options offered by the Plan. The Plan offers various separate accounts and a fully benefit-responsive investment contract, the Voya Fixed Account, (Note 5) as investment options for participants. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FNCB Bank 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Effective July 1, 2024 all participants became 100% vested in the Company's contribution portion of their accounts. Previously, vesting in the Company's contribution portion of their accounts was based on years of credited service and a graduated vesting schedule, with 100% vesting after completion of four years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a fixed rate of interest based on the prime interest rate in effect at the time the loan was established plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On separation from service with the Company, a participant may elect to receive the vested portion of their account in a single sum payment, installments over a period of not more than their assumed life expectancy, or partial withdrawals of at least \$5,000. The Plan also provides for the following in-service withdrawals, subject to the Plan's provisions:

- Hardship withdrawals
- Withdrawals after age 59½
- Withdrawals of rollover contributions

Forfeited Accounts

There were no forfeited accounts at December 31, 2024 and forfeited accounts totaled \$1,209 at December 31, 2023. These accounts may be used to pay Plan expenses or to reduce employer contributions. In 2024, forfeitures were used to pay \$3,232 of Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

FNCB Bank 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-response investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by investment advisers, the third party administrator, and Voya Retirement Insurance and Annuity Company (Custodian). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

FNCB Bank 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the payment of benefits and administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2025, the date the financial statements were available to be issued.

3. Information Certified by Custodian

The Plan sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information included in the accompanying Schedule H, Line 4i, schedule of assets (held at end of year) as of December 31, 2024

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Separate Accounts: Valued at net asset value (NAV) of units held as determined by the Custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

In accordance with FASB ASC 820-10, the Plan's investments in separate accounts, which are measured at NAV per share (or its equivalent), have not been classified in the fair value hierarchy.

FNCB Bank 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023. Since the individual separate accounts do not file a Form 5500 as a direct filing entity, the individual separate accounts are grouped by their significant investment strategies.

	<u>2024</u>	<u>2023</u>
Asset Allocation (a)	\$ 6,483,714	\$ 5,981,853

Balanced (f)	1,307,757	1,280,277
Bonds (g)	531,688	725,269
Stability of Principal (h)	24,206	1,209
Total separate accounts	<u>\$19,078,331</u>	<u>\$16,969,697</u>

There were no unfunded commitments, the redemption frequency was immediate, and there was no redemption notice period for investments in separate accounts at December 31, 2024 and 2023. Investment strategies are as follows:

- (a) Asset Allocation – also known as LifeStyle or LifeCycle funds, invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money market funds. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the investment manager. Managers of these funds review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and target allocations of the particular fund. Different constructs can be based on risk tolerance or length of time to investment goal.
- (b) Large Cap Growth – Large cap growth funds invest primarily in stocks of larger U.S. companies employing an investment style of growth. A growth fund invests in the stocks of companies that are growing rapidly. Growth companies tend to reinvest all or most of their profits for research and development rather than pay dividends. Growth funds are focused on generating capital gains rather than income. Funds emphasizing growth stocks will typically have higher price/earnings ratios and make little or no dividend payments. Large capitalization companies tend to be more established, with lower relative volatility, than more aggressive small and mid-cap stock funds.
- (c) Large Cap Value/Blend – These funds seek long-term growth of capital or combination of growth and income by investing primarily in stocks of larger, mature companies. The investment styles exhibited are value and blend. Stocks are selected for price appreciation and for the value of the current income provided through dividends. These funds generally exhibit a lower level of price volatility, due to the types of companies they favor, such as those able to pay dividends along with older, mature companies.

FNCB Bank 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2024 and 2023

- (d) Small/Mid/Specialty – Small cap, mid cap and specialty funds are in this category, employing investment styles of growth, value or a blend of growth and value. These funds seek capital appreciation by investing primarily in stocks of small and medium sized companies. Generally, these companies are striving to develop new products or markets and have above average earnings growth potential. Because of their smaller size, these companies may face greater business risk, and investments in these funds generally carry much higher risk than other domestic equity funds. Specialty or sector funds invest in stocks of companies in a particular industry. This narrow focus can significantly increase the risk and volatility of such funds.
- (e) Global/International – There are three main types of funds in this category. International funds can have an investment style of foreign large value, foreign large blend, foreign large growth, foreign small/mid value or foreign small/mid growth. These funds invest in stocks of companies outside of the United States. Global funds have an investment style of world stock. These funds invest in stocks of companies in the United States and developed countries outside of the United States. Emerging markets funds invest in securities of developing countries and demonstrate the greatest volatility of performance due to the unstable nature of their economies, political structures, and currencies. International investing may provide greater diversification benefits to a U.S. based portfolio than investing in domestic securities alone. However, foreign investing does involve additional risks not present in U.S. securities.
- (f) Balanced – These funds seek to balance growth of principal and current income by investing in a combination of stocks and bonds (generally holding 60-70% equity and 30-40% fixed income). The investment style used here is either moderate allocation or conservative allocation. Some funds have fixed asset allocations and others allow managers discretion to allocate between equities and bonds, depending on their view of return and risk.
- (g) Bonds – Assets are invested fixed income securities that have determined to be appropriate for its investment goal. Investors here are primarily seeking income or growth of income, with less emphasis on capital appreciation. Funds in this asset class vary greatly in their risk profiles. The issuer, credit quality of the underlying investments, and the average duration of the portfolio play important roles in determining the risk profile of the fund. Fixed-income funds that have significant investments in below investment grade bonds or bonds of foreign issuers would be categorized as high yield or international bonds. Portfolios consisting of investment grade corporate bonds, mortgages, government bonds and, to a lesser degree, preferred stock, foreign or convertible bonds typically land in the intermediate term bond category. Shorter duration and high credit quality funds are typically categorized as short-term bond or short-term government funds.

- (h) Stability of Principal – Assets are invested in conservative investment options that seek, but not necessarily guarantee, to hold the principal value of an investment stable through all market conditions. These options may credit a stated rate of return or minimum periodic interest rate that may vary. Dividend rates and income levels fluctuate with market conditions and are not guaranteed. The investment options, including, money market portfolios, are neither insured nor guaranteed by the U.S. government.

5. Investment Contract with the Custodian

The Plan entered into a fully benefit-responsive investment contract (Contract) with the Custodian. Under the Contract, participants may invest in the Voya Fixed Account, which is a deposit liability of the Custodian, who maintains the contributions in a general account. The account is credited with interest and charged for participant withdrawals and fees. The repayment of the principal and interest credited to the participants holding the investment is a financial obligation of the Custodian.

The crediting interest rate is reviewed on an annual basis for resetting by the Custodian and may not be less than 1%. Interest is added daily to amounts held in the Voya Fixed Account. The crediting interest rate was 1.65% at December 31, 2024 and 2023.

The Voya Fixed Account meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Custodian, represents contributions made to the Voya Fixed Account, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract value of the Voya Fixed Account was \$1,175,571 at December 31, 2024 \$1,789,326 at December 31, 2023. Participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value.

The Plan's ability to receive amounts due is dependent on the Custodian's ability to meet its financial obligations. The Custodian's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the Custodian. Such events include total or partial discontinuance of the Contract. The Custodian has been notified of the pending merger of the Plan (Note 1). Based on this notification, no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Custodian or the participants.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants in the Plan became 100% vested in the employer contributions portion of their account on July 1, 2024 related to the merger of the Plan into the PSB Plan that is expected to be completed by December 31, 2025 (Note 1).

7. Tax Status

The Plan adopted a non-standardized pre-approved profit sharing plan with cash or deferred arrangement, which received a favorable opinion letter from the IRS dated June 30, 2020 indicating that Plan was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees (Opinion Letter). Although the Plan has been amended since receiving the Opinion Letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

The Plan had investments of \$4,603,766 at December 31, 2024 and \$3,703,875 at December 31, 2023 concentrated in two investments.
