Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: EIDE BAILLY LLP

(2) EIN: 45-0250958

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No

Independent Auditor's Report

The Plan Trustees
REH Services Company Employee Benefit Plan Trust
Salt Lake City, Utah

Opinion

We have audited the consolidating financial statements of REH Services Company Employee Benefit Plan Trust (the Trust), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits – modified cash basis and trust benefit obligations – modified cash basis as of December 31, 2024, and the related statements of changes in net assets available for benefits and trust benefit obligations – modified cash basis for the year then ended, and the related notes to the consolidating financial statements.

In our opinion, the accompanying consolidating financial statements present fairly, in all material respects, the net assets available for benefits and trust benefit obligations as of December 31, 2024, and the changes in its net assets available for benefits and trust benefit obligations for the year then ended, in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidating Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 of the consolidating financial statements, which describes the basis of accounting. The consolidating financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Consolidating Financial Statements

Management is responsible for the preparation and fair presentation of the consolidating financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidating financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidating financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for one year after the date that the consolidating financial statements are available to be issued.

Management is also responsible for maintaining a current trust instrument, including all trust amendments, administering the Trust, and determining that the Trust's transactions that are presented and disclosed in the consolidating financial statements are in conformity with the Trust's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Consolidating Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidating financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidating financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidating financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidating financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidating financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the consolidating financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year and schedule H, line 4j-schedule of reportable transactions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the consolidating financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidating financial statements. The information has been subjected to auditing procedures applied in the audit of the consolidating financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidating financial statements or to the consolidating financial statements themselves, and other additional procedures in accordance with GAAS.

Auditor's Report on the 2023 Financial Statements

The December 31, 2023 financial statements of REH Services Company Employee Benefit Plan Trust were audited by predecessor auditors whose report dated February 27, 2025 expressed an unmodified opinion on those financial statements and included an other matter paragraph that provided an opinion that the December 31, 2023 supplemental schedules were fairly stated in all material respects in relation to the financial statements as a whole.

REH Services Company Employee Benefit Plan Trust

Notes to Consolidating Financial Statements – Modified Cash Basis For the Plan Year Ended December 31, 2024 and 2023

1. Summary of Plan Description and Accounting Policies

Plan description

The following descriptions of the REH Services Company Employee Benefit Plan Trust (the "Trust") provide only general information. The Trust is a voluntary employees' beneficiary association which includes assets and activities of two plans sponsored by REH Company: the REH Company Medical Plan and the REH Retiree Medical Plan (collectively referred to as "the Plans"). Participants should refer to the Plan agreements for each of the Plans for complete descriptions of the Plan's provisions.

The Trust provides medical, dental and vision insurance, life insurance and long-term disability insurance coverage for all eligible employees and their covered dependents, as defined in the Trust agreement, and certain retirees and other terminated employees of the formerly owned oil subsidiaries of REH Company (the "Employer"). The Employer offers health coverage under high deductible and self-insured Preferred Provider Option (PPO) plans.

Principles of consolidation

The consolidating financial statements include the REH Company Medical Plan and REH Retiree Medical Plan. All significant intercompany accounts and transactions have been eliminated in consolidation.

Accounting basis

The accompanying consolidating financial statements have been prepared on the modified cash basis of accounting. Under the modified cash basis, certain income and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. The modified cash basis differs from generally accepted accounting principles primarily because the financial statements have not recognized contributions, rebate receivables and insurance premiums payable and accrued expenses in the accompanying consolidating financial statements.

General

The Trust provides health and other benefits to active employees (working at least 30 hours a week) and covered dependents. Retired employees and disabled former employees and their dependents are entitled to certain health and other benefits.

Certain Trust assets are held in a voluntary employers' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits

Under the Plan, active employees and their dependents are eligible for medical, dental and vision benefits in accordance with the eligibility requirements defined in the Plan. Retirees under age 65 and their dependents are eligible for medical, dental and vision benefits in accordance with the eligibility requirements defined in the Plan. Retirees age 65 or older and their dependents are eligible for medical, dental and vision benefits in accordance with the eligibility requirements defined in the Plan. Former employees receiving long-term disability income benefits and their dependents as well as surviving dependents of deceased employees and retirees are eligible for benefits, subject to the continuation provisions of the plans. If a disabled participant becomes eligible for Medicare, the participant may continue to participate in the medical plan but Medicare becomes primary and the Sponsor's medical plan becomes secondary.

The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Contributions

In addition to deductibles, copayments and coinsurance, participants are be required to contribute to premium costs for elected benefits within the Plan. The premiums for health care benefits are established based on trended historical claims data and plan administrative costs.

REH Services Company Employee Benefit Plan Trust

Notes to Consolidating Financial Statements – Modified Cash Basis For the Plan Year Ended December 31, 2024 and 2023

The cost of the post-retirement benefit plan is shared by the Sponsor and retirees. For 2024 the contributions made by retirees was 35% of total claims paid as compared to 20% for 2023.

Trust funds

Amounts held by the Trust are currently invested in those investments that are designed to achieve a preservation of capital and generation of income. The Trust is non-participant directed. The Trust provides that the Plan Administrator may allocate monies among various investments within the Trust.

Investment valuation and income recognition

Investments are valued at fair market value as of the last day of the Trust year. Unrealized appreciation or depreciation caused by fluctuations in the fair market value of investments is recognized in income currently. Interest and dividends are reinvested as earned. Purchases and sales of securities are recorded on a trade-date basis.

Claims processing

The Employer functions as the paying agent for the medical plan. Dental claims are outsourced to a third party claims processor.

The Trust "self-funds" the majority of the benefits provided to participants but insures vision, life, accidental death and dismemberment, and long-term disability benefits. As of each December 31, there are claims that have been incurred on which benefit payments will be made subsequent to that date. The liability for claims payable and claims incurred but not reported (IBNR) was estimated by Trust Management using claims submitted in subsequent months and historical data trends.

Premiums paid by the Trust are recorded as premium payments in the accompanying consolidating statement of changes of net assets available for benefits – modified cash basis.

Administrative expenses

The Trust pays administrative expenses that consist primarily of administrative fees paid to (ex. third party claims administrators). These expenses are reported on the statement of changes in net assets available for benefits as Administrative Expenses. All other administrative expenses, such as professional fees, are paid by the Employer on behalf of the Plan and are excluded from these consolidating financial statements.

Plan termination

The Employer has the right to terminate the Trust at any time. In the event of termination, claims incurred prior to the date of termination will be paid by the Trust. The Employer has not expressed any intention to terminate the Trust.

No assets of the trust may revert to the Employer or be used for purposes other than for the exclusive benefit of the Trust's participants.

Postretirement/postemployment benefit obligations

The postretirement benefit obligations presented in the Statement of Trust Benefit Obligations and Changes in Trust Benefit Obligations represent the actuarial present value of those estimated employer-provided future benefits under the Trust that are attributed to employees' service rendered to the date of the consolidating financial statements reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the employer. The postretirement benefit obligation represents the amount that is to be funded by contributions from the employer and from existing plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The postemployment vested benefit obligation is determined in the same manner as the

REH Services Company Employee Benefit Plan Trust

Notes to Consolidating Financial Statements – Modified Cash Basis For the Plan Year Ended December 31, 2024 and 2023

postretirement benefit obligation as noted above. The postemployment non-vested benefit obligation is recognized only after the event giving rise to the liability has occurred, equal to the present value of all employer provided future benefits. Postemployment benefits include benefits provided by an employer to former or inactive employees after employment but before retirement.

The actuarial present value of the expected postretirement and postemployment benefit obligations are determined by the actuarial firm of Roy & Associates, Inc. It is the amount that results from applying actuarial assumptions to adjust the benefit obligations to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

For those eligible to retire, the assumed rates of retirement are as 0% for those aged 55-61, 26% for those aged 62 and 63, 31% for those aged 64 and 100% for those aged 65 and older.

In determining the accumulated benefit obligations for the Trust at December 31, 2024 and 2023 the discount rate used was 5.20% and 4.60%, respectively. For measurement purposes, health care cost trend rates of 8.00% for 2025 decreasing to a constant rate of 5.00% by 2033 were assumed. A one percentage point increase in the assumed health care cost trend rate would increase the accumulated benefit obligation at December 31, 2024 and 2023 by \$2,296 and \$2,301, respectively. The actuarial assumptions included the use of the RPIH-2012 mortality table with projected mortality improvements under MP-2021. For disabled retirees actuarial assumptions included the use of the RPIH-2012 disabled mortality table with projected mortality improvements under MP-2021.

If the Employer was to terminate the Trust, only postretirement obligations to current retirees and dependents would exist. The Employer has not expressed its intention to terminate the Trust. The Employer funds the Trust in order to maintain its tax-exempt status as directed by the actuary.

Medicare subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy.

Use of estimates

The preparation of consolidating financial statements in conformity with the modified cash basis of accounting requires the Trust administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

Investment securities are exposed to various risks, such as market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits - modified cash basis.

The trust benefit obligations were estimated using Plan provisions, the number of eligible participants, and the actual lag patterns of the Plan. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the consolidating financial statements.

2. Income Tax Status

The VEBA trust funding certain benefits of the Plan received an exemption letter from the IRS dated July 1, 1977, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the IRC.

In addition, the Trust is required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

However, from time to time, the Plan is required to pay federal and state taxes on unrelated business income as defined by the Internal Revenue Code (IRC). Unrelated business income consists of the

REH Services Company Employee Benefit Plan Trust

Notes to Consolidating Financial Statements – Modified Cash Basis For the Plan Year Ended December 31, 2024 and 2023

investment income earned on the excess of the net assets available for benefits over the required reserve balance allowable under the IRC. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

3. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy and by investment category the Trust's investments as reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
December 31, 2024:				
Money Market	\$ 282,921	282,921	\$ -	\$ -
US Treasury Obligations	9,425,741	9,425,741	-	-
Corporate Debt Securities	525	-	525	-
Total	\$ 9,709,187	\$ 9,708,662	\$ 525	\$ -
December 31, 2023:				
Money Market	\$ 164,843	164,843	\$ -	\$ -
US Treasury Obligations	8,342,518	8,342,518	-	-
Corporate Debt Securities	1,125	-	1,125	-
Total	\$ 8,508,486	\$ 8,507,361	\$ 1,125	\$ -

Generally accepted accounting principles for fair value measurements establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; Level 3 inputs consist of unobservable inputs developed using estimates and assumptions and have the lowest priority. The Trust uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Trust measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are used only when Level 1 inputs are not available.

Level 1 Fair Value Measurements The fair values of the money market fund, and US treasury bills are based on quoted market prices.

Level 2 Fair Value Measurements The fair value of corporate debt securities is based on investment statements from a nationally recognized broker-dealer

There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

4. Party in Interest

Certain Plan assets are managed by the custodian of the Plan. As described in Note 1, the Plan has several arrangements with service providers. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

5. Concentration of Credit Risk

The Plan is subject to concentrations of credit risk arising from its various financial instruments, including its investment portfolio, which are generally uninsured and not obligations of the Company.

6. Subsequent Events
