## **Independent Accountant's Report**

Plan Administrator  
About Faces 401(k) Plan  
Towson, Maryland

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of About Faces 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and the related statement of changes in net assets available for benefits for the year then ended, the statement of changes in net assets available for benefits for the period from January 1, 2024 to August 31, 2024, the statement of net assets available for benefits in liquidation as of December 31, 2024 and the statement of changes in net assets available for benefits in liquidation for the period from September 1, 2024 to December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of About Faces 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the About Faces 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Basis of Accounting**

As described in Note 8 to the financial statements, the Plan Administrator approved a plan of liquidation on August 31, 2024. As a result, the Plan changed its basis of accounting for periods after August 31, 2024, from the going concern basis to the liquidation basis in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about About Faces 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of About Faces 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matter—Supplemental Schedules Required by ERISA

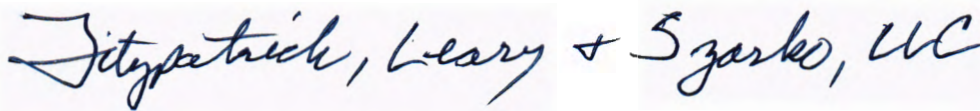

The supplemental schedules of Delinquent Participant Contributions and Assets Held for Investment Purposes at End of Year as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 1. Description of Plan

The following description of the About Faces 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Faces Enterprises Towson d/b/a About Faces Day Spa (the “Plan Sponsor” or “the Company”) is the Plan sponsor.

##### **General**

The Plan is a defined contribution profit-sharing plan which provides for an individual account for each participant and provides benefits upon retirement based on amounts contributed by employee and employer profit-sharing contributions plus earnings on those contributions under section 401(k) of the Internal Revenue Code. The Plan was established on January 1, 1992 and has been amended from time to time since its inception. Most recently, effective January 23, 2019, the Plan was amended to eliminate the six-month suspension of contributions following a hardship withdrawal, and to eliminate the requirement to take all Plan loans prior to requesting a hardship withdrawal.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

As mentioned in Note 8, during 2024 the Plan Sponsor elected to terminate the Plan, and as a result the Plan adopted the liquidation method of accounting effective September 1, 2024.

##### **Participation**

The Plan covers all employees of the Plan Sponsor and participating affiliates who have 60 days of service and who are age 21 or older. An employee becomes eligible to participate in the Plan the first day of the first month following the month in which the age and service requirements are met.

##### **Contributions**

Each year eligible participants may contribute a minimum of 1% up to a maximum of 75% of their eligible compensation, subject to the maximum percentage allowable not to exceed the limits of Internal Revenue Code (“IRC”) Sections 401(k), 402(g), 404 and 415, of \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. The participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan Sponsor may make discretionary contributions as determined by the Plan Sponsor’s Board of Directors. The discretionary contribution would be made subsequent to the Plan’s year end for employees who are eligible participants and are employed by the Plan Sponsor as of the last day of the Plan year or for participants who were terminated prior to December 31, due to death, disability or attainment of age 65, the Plan’s normal retirement age.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 1. Description of Plan (continued)

##### Contributions (continued)

The Plan Sponsor did not make any discretionary contributions for the years ended December 31, 2024 and 2023. All employees over the age of 50 before the close of the Plan year are eligible to make catch-up contributions totaling \$7,500 per employee per year for the years ended December 31, 2024 and 2023, under IRC Sections 401(a)(30), 402(g), and 414(v). Participant and Plan Sponsor contributions are directed by the participant into various investment options offered by the Plan.

##### Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's discretionary contributions and Plan earnings, less an allocation of any administrative expenses. The discretionary contribution is allocated based on the participant's eligible compensation as compared to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. The participant may redirect their investments at any time to any of the available funds in the Plan.

##### Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of service. The standard measure for one year of service is the completion of 1,000 hours during the Plan year. Participants vest at a rate of twenty percent per year starting with year two. A participant is one hundred percent vested after six years of credited service and participation in the Plan. If a participant terminates employment due to death, disability or attainment of age 65, the Plan's normal retirement age, the participant becomes 100% vested in their total account balance. Any employer discretionary contributions that are not vested are forfeited upon termination.

If a terminated participant receives a distribution of their vested balance, as defined by the Plan, is re-employed prior to incurring five consecutive one-year breaks in service, and such participant restores their vested balance, the amount forfeited will be restored to their account. If the participant does not return, the forfeitures may be treated as additional Plan Sponsor contributions for the Plan year in which the forfeitures occurred.

##### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to or from the investment fund, to or from the Participant Notes fund. Loan terms range from six months to 5 years or, up to 25 years if the loan was used for the purchase of a primary residence.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 1. Description of Plan (continued)

##### Notes Receivable from Participants (continued)

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. As of December 31, 2024, and 2023, participant loans outstanding amounted to \$18,285 and \$30,993, respectively. Participant loans outstanding have been reduced by an allowance for doubtful accounts of \$-0- at December 31, 2024 and 2023. Interest rates on loans ranged from 5.25% to 10.50% for the years ended December 31, 2024 and 2023. Principal and interest are paid ratably through bi-weekly payroll deductions.

##### Payment of Benefits

Upon termination of service, a participant shall be entitled to receive the nonforfeitable balance in the participant's account. The participant's account balance will be determined as of the valuation date which shall be as soon as administratively practicable after the distribution is requested or required to be distributed. If the nonforfeitable portion of a participant's account balance, as of the valuation date coincident with or immediately after the termination of employment is not more than \$5,000, the nonforfeitable portion of the account balance will be paid in a lump sum as soon as practicable after allowing a participant sufficient time to elect whether to receive the distribution in cash or as a direct rollover. In the event of a mandatory distribution that is greater than \$1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the administrative committee will pay the distribution in a direct rollover to an individual retirement plan designated by the administrative committee. If the nonforfeitable portion of a participant's account balance is more than \$5,000, the administrative committee shall notify the participant of the right to defer payment of the nonforfeitable portion.

Upon termination of service due to death, the benefit payable to a beneficiary equals the sum of the participant's account balance as of the valuation date coincident with the date of distribution. The beneficiary will be paid the benefit as soon as practicable after the administrative committee has been notified of the participant's death, unless payment is impracticable or the beneficiary cannot be located. Benefits to the beneficiary shall be payable in a lump sum.

Each participant who has attained age 59-1/2 may withdraw, as of the valuation date coincident with or next following the filing of an application with the administrative committee, all or any part of the nonforfeitable portion of the participant's account balances.

Each participant who has not attained age 59-1/2 may make a hardship withdrawal if the participant demonstrates to the administrative committee that the withdrawal is necessitated by the participant's immediate and heavy financial need (subject to certain requirements ) and the participant lacks the available resources. The administrative committee may rely on the participant's representations and such other facts as are known to the administrative committee.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 1. Description of Plan (continued)

##### Payment of Benefits (continued)

A hardship withdrawal may not exceed the amount of the immediate and heavy financial need, and is limited to the participant's elective deferrals and the related earnings as of the end of the last Plan year plus the vested portion of the participant's employer contribution account. Before receiving a hardship withdrawal, a participant must obtain all available distributions other than hardship distributions, such as distributions from any rollover contribution, if available. Prior to January 23, 2019, participant's requesting a hardship withdrawal were also required to obtain all nontaxable loans then available under all plans maintained by the company (to the extent the loan would not increase the hardship). The Plan was amended effective January 23, 2019 to remove the loan requirement.

During the year ended December 31, 2020, the Plan adopted the distribution provisions provided under the Coronavirus Aid, Relief, Economic Security Act (CARES Act) enacted on March 27, 2020. In general, the CARES Act provides for expanded distribution options and favorable tax treatment for up to \$100,000 of COVID related distributions to qualified individuals, as well as special rollover rules with respect to such distributions.

##### Forfeited Accounts

The balance in the forfeited non-vested accounts was \$-0- and \$6,672 at December 31, 2024 and 2023, respectively. The balances in these accounts may be treated as a reduction of the Plan Sponsor's contributions for the Plan year in which the forfeitures occurred. These amounts may also be used to pay Plan expenses. There were \$6,695 and \$3,388 of forfeitures used to reduce the Plan Sponsor's expenses for the years ended December 31, 2024 and 2023, respectively.

#### 2. Summary of Significant Accounting Policies

##### Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

As described in Note 8, the Plan Sponsor approved a resolution on August 31, 2024 to terminate the Plan. Accordingly, the accompanying financial statements have been prepared using the liquidation basis of accounting for the period from September 1, 2024 to December 31, 2024.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 2. Summary of Significant Accounting Policies (continued)

##### **Basis of Accounting**

Under this basis, assets are stated at estimated realizable values and liabilities at estimated settlement amounts.

##### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Investment Valuation and Income Recognition**

Investments are reported at fair value (except for investments in fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 4 for discussion of fair value measurements.

Income is recognized using a daily valuation method based on the daily changes in the market value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized gains and losses on investments bought and sold during the year and the Plan's unrealized gains and losses on the investments held at year end.

##### **Notes Receivable from Participants**

Notes receivable from participants are to be measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. The allowance for credit losses totaled \$-0- at December 31, 2024 and 2023 related to uncollectible loans.

##### **Plan Expenses**

Certain expenses incurred in maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Expenses for the trustee and certain record keeping fees are paid directly from the Plan.

**2. Summary of Significant Accounting Policies (continued)**

**Funding Policy**

Contributions are funded as accrued.

**Payment of Benefits**

Benefit payments are recorded when paid.

**3. Certified Information**

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to certain information certified by Ascensus Trust Company for the years ended December 31, 2024 and 2023 (the Plan trustee), except for comparing such information certified by the trustee to information included in the Plan’s financial statements and supplemental schedules.

Accordingly, the following information related to investments and notes receivable from participants, including investments and notes receivable held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company for the respective years:

### 4. Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023, respectively:

	<i>Assets at Fair Value as of December 31, 2024</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy - mutual funds	\$ 7,971,854	\$ -	\$ -	\$ 7,971,854

	<i>Assets at Fair Value as of December 31, 2023</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy - mutual funds	\$ 6,351,304	\$ -	\$ -	\$ 6,351,304

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

#### 5. Investment Contract

The Plan invests in the T. Rowe Price Stable Value Fund which invests in synthetic guaranteed investment contracts. Investments in this fund held by the Plan totaled \$805,207 and \$2,136,229 at December 31, 2024 and 2023, when valued at contract value, respectively.

The trustee maintained the contributions in a general account. The account is credited with deposits and earnings on the underlying investments, and is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is variable based on a formula agreed upon by the issuer, but it may not be less than 0%, and is reset at least quarterly.

The stable value fund is considered fully benefit-responsive. In accordance with generally accepted accounting principles, funds held by a defined-contribution plan that meet the fully benefit responsive criteria are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 5. Investment Contract (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) material amendment to the contract without the issuer's consent, (c) violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan is in liquidation at December 31, 2024, and therefore assets valued at contract value should instead be shown at their fair value. There was not a material difference between the contract value and the fair value of the Stable Value Fund at December 31, 2024, therefore no adjustment was made, and contract value was used throughout the accompanying financial statements to value these assets.

#### 6. Related Party / Party-in-Interest Transactions

The Company sponsors the Plan. Personnel within the employer organization perform certain administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses. Expenses for the custodian, audit and outside administration services are paid directly by the Plan Sponsor. Certain administrative processing and transaction fees may be paid by the Plan.

Certain Plan expenses were paid to the third-party administrator (Ascensus) and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for third party administrator services amounted to \$55,636 and \$13,458 for the years ended December 31, 2024 and 2023, respectively. Ascensus Trust Company also received indirect compensation from various mutual funds held by the Plan. Such indirect compensation is netted in the investment income reported in the accompanying statements of changes in net assets in liquidation.

## **About Faces 401(k) Plan**

### **Notes to Financial Statements**

For the years ended December 31, 2024 and 2023

#### **7. Nonexempt Prohibited Transactions**

During the year ended December 31, 2023, the Plan Sponsor remitted one deposit late to the Plan due to a payroll coding error. As a result, that deferral was reported on Schedule H Item 4a. Total delinquent participant contributions were \$224 during the year ended December 31, 2023, which was self-corrected by the plan during the year ended December 31, 2024.

#### **8. Plan Termination / Liquidation Method of Accounting**

During the year ended December 31, 2024, and effective August 31, 2024, the Plan Sponsor sold its assets to a new ownership group. The new ownership group will operate under a new corporate entity, and employees of the Plan Sponsor will become employees of the new entity. The new ownership group opened a new 401(k) plan for its employees. The Plan Sponsor decided to terminate the About Faces 401(k) Plan effective September 9, 2024, and to distribute the assets of the plan to the participants. The plan termination is in process and is expected in January 2025. All plan participants will become fully vested prior to any distributions from the plan. Plan participants will have the option to roll their distributions into the new plan, as well as other options. Any participants with outstanding loans will have their loan balance net against their investment balance prior to rollover into the new plan.

While the effective date of the termination was September 9, 2024, and contributions were frozen as of this date, the date in which the Plan's liquidation became imminent was August 31, 2024, the effective date of the sale of the Plan Sponsor, as noted above. The Statement of Changes in Net Assets Available for Benefits has been separated between ongoing operations through August 31, 2024 and in liquidation between September 1, 2024 and December 31, 2024.

Because all of the plan assets other than the stable value fund are already recorded at fair market value, there was not any significant adjustments or impact on moving to the liquidation basis of accounting. Additionally, management reviewed the fair market value adjustment of the stable value fund and ultimately determined that the variance between fair market value and contract value was immaterial. Additionally, management believes that the stable value fund will ultimately liquidate / transfer at a value closer to contract value rather than the fair market or net asset value of the underlying assets, because that is how the agreement is defined.

#### **9. Tax Status**

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified and the related trust is tax-exempt.

## About Faces 401(k) Plan

### Notes to Financial Statements

For the years ended December 31, 2024 and 2023

#### 9. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan administrator believes the Plan is subject to income tax examinations by tax authorities for the current year and the last three years.

#### 10. Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets in liquidation. Plan assets are not FDIC insured.

#### 11. Subsequent Events

Subsequent events were evaluated through October 7, 2025, the date the financial statements were available to be issued.

##### Termination of Plan

Subsequent to year end, the plan termination was completed. All plan participants became fully vested prior to any distributions from the plan. Plan participants had the option to roll their distributions into the new plan, as well as additional options. Plan termination took place January 17, 2025 with all remaining assets distributed by that date.

There were no additional subsequent events requiring disclosure.
