INDEPENDENT AUDITORS' REPORT

To the Trustees
University Research Co., LLC Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of University Research Co., LLC Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University Research Co., LLC Employee Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of University Research Co., LLC Employee Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University Research Co., LLC Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University Research Co., LLC Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University Research Co., LLC Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2024 and 2023**

1. Description of Plan

The following description of the University Research Co., LLC (the Company) Employee Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a comprehensive description of the Plan's provisions.

General Provisions

The Plan is a defined contribution plan covering substantially all of the employees of the Company and International Business Initiatives Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make salary deferral contributions to the Plan. The amount that may be contributed is limited by the Internal Revenue Code applicable to the type of plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective March 1, 2017, the Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless the participant elects not to participate in the Plan. During 2024 and 2023, the Company contributed 3% of each participant's annual eligible compensation as a safe harbor contribution. In addition, the Company matches employee salary deferrals and 401(k) ROTH employee contributions on a pre-tax basis at 80% towards the first 5% of salary. Additional amounts may be contributed at the option of the Company's Board of Directors. Investments of contributions are participant directed.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of the Plan's earnings. Allocations are based on earnings or account balances, as defined. Forfeited account balances of terminated participants, who have had five consecutive breaks in vesting service, may be used to supplement additional discretionary contributions or offset the cost of administration. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and the Company qualified safe harbor contributions plus actual earnings thereon. Participant vesting on employer matching contributions and earnings thereon is based on years of continuous service as follows:

Years of Service	Vested %
1	20%
2	60%
3 or more	100%

Forfeitures may be used to supplement additional discretionary contributions or to offset plan expenses. As of December 31, 2024 and 2023, there was \$48,959 and \$271,664, respectively, of forfeiture balances available.

Investment Options

Participants make direct contributions to their account and make changes, at their discretion, in any of the investment options offered by the Plan sponsor and investment custodian (Note 4).

Participant Loans

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. All outstanding participant loans have interest rates between 4.25% and 9.50% at December 31, 2024. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or in a deferred annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results, including realization of assets, could differ from those estimates.

Investment Valuation

Investments are carried at their estimated fair value as determined and reported by the investment custodian. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when approved and paid.

Subsequent Events

Management has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

Subsequent to year-end, a partial termination of the Plan was deemed to have occurred due to a significant reduction in the workforce (see Note 5).

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Investments in the *registered investment companies* (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported as of the end of the reporting period. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of levels 1, 2 or 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

4. Investments

At December 31, 2024 and 2023, all Plan investments are held by Fidelity Management Trust Company (Fidelity) in their capacity as custodian of the Plan. The estimated fair value of these assets totals \$46,275,008 and \$39,914,836 at December 31, 2024 and 2023, respectively. The following presents investments held by the Plan for the years ended December 31, 2024 and 2023, respectively.

	<u>2024</u>	<u>2023</u>
Mutual funds		
Stock funds	\$ 20,671,737	\$ 17,657,719
Blended funds	18,693,547	15,712,228
Bond funds	5,190,823	4,554,002
Money market funds	<u>1,718,901</u>	<u>1,990,887</u>
Total	<u>\$ 46,275,008</u>	<u>\$ 39,914,836</u>

For the years ended December 31, 2024 and 2023, the custodian has certified that the investment values and investment income reported in the accompanying financial statements is complete and accurate.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent to year-end, a partial termination of the Plan was deemed to have occurred due to a significant reduction in the workforce. The partial termination was a result of an Executive Order pausing, and subsequently canceling, a significant portion of U.S. foreign assistance funded through the U.S. Agency for International Development (USAID) and the Department of State, leading to a suspension of substantially all contract and grant activities of the Company.

As a result of the partial termination, the Internal Revenue Code requires all affected employees to become 100% vested in their employer contributions, to the extent funded, as of the date of the partial termination.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS). However, the Plan has been subsequently amended and has adopted a prototype defined contribution plan sponsored by Fidelity, the form of which has been approved by the IRS. The trustee and plan administrator, however, believe that the Plan is designed and is currently being operated within the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

7. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation of fair value of investments.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation of fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

10. Reconciliation of Financial Statements to Form 5500

The Annual Return/Report of Employee Benefit Plan (the Form 5500) is prepared on the cash basis. Accordingly, certain balances included on Schedule H (part I and II) of the Form 5500 differ from those included in these financial statements, due to timing differences in recognizing contributions receivable.

The net asset balances and changes in net assets are reconciled as follows:

	<u>2024</u>	<u>2023</u>
Net assets, reflected on Form 5500	\$ 46,561,331	\$ 40,085,056
Add: contributions receivable	<u>54,283</u>	<u>48,224</u>
Net assets, reflected in the financial statements	<u>\$ 46,615,614</u>	<u>\$ 40,133,280</u>
Change in net assets, Form 5500	\$ 6,476,275	\$ 4,170,310
Difference in recognizing contributions receivable	<u>6,059</u>	<u>(5,039)</u>
Change in net assets, financial statements	<u>\$ 6,482,334</u>	<u>\$ 4,165,271</u>
