INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the 401(k) Plan of the
Polish National Alliance of the US of NA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 401(k) Plan of the Polish National Alliance of the US of NA, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 401(k) Plan of the Polish National Alliance of the US of NA financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520. 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 401(k) Plan of the Polish National Alliance of the US of NA and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan of the Polish National Alliance of the US of NA's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 401(k) Plan of the Polish National Alliance of the US of NA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan of the Polish National Alliance of the US of NA's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedule of assets held as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN OF THE POLISH NATIONAL ALLIANCE
OF THE UNITED STATES OF NORTH AMERICA

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

1. Description of Plan

The following brief description of the 401(k) Plan (The Plan) of the Polish National Alliance of the United States of North America and its subsidiaries (The Alliance) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering all employees of the Alliance and its subsidiaries who are age twenty-one and older and have completed three months of service. Employees of a collective bargaining group are not eligible to participate, unless negotiated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax and after tax annual compensation up to the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Polish National Alliance and its subsidiaries contributes up to 100% of the first 6% of participant contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the matching contribution from the Alliance. Investment earnings related to the participant's investment options are also credited to their account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Alliance's contribution portion of their accounts plus actual earnings is based on years of continuous service. Participants are 20% vested after two years of service which is increased by 20% for each year thereafter up to 100% after six years of service.

Payment of Benefits

Participants are entitled to a retirement distribution upon attainment of age 65 or the fifth anniversary of participation in the Plan, whichever is later. Participants are eligible for an early retirement distribution upon attainment of age 55 and completion of ten years of participation in the Plan. In addition, the Plan also provides for other types of distributions including termination of employment, disability, death, and hardship. Additional information regarding payment of benefits is available in the Plan agreement.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through monthly payroll deductions.

Forfeitures

When an employee is terminated before they are fully vested, they receive 100% of the money that they contributed to the Plan. They are also entitled to their vested percentage of the employer's contribution in accordance with the Plan's schedule. The percent of the employer's contribution that the employee is not entitled to is forfeited back to the Alliance. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$58,002 and \$53,426 respectively. These accounts will be used to reduce future employer contributions.

Administrative Expenses

The Plan and the Alliance pay for the administrative costs that are incurred by the Plan.

Trustee Certification

The Plan's trustee has certified amounts included in the December 31, 2024 and 2023 statement of net assets and the changes in net assets for the years then ended.

401(k) PLAN OF THE POLISH NATIONAL ALLIANCE
OF THE UNITED STATES OF NORTH AMERICA

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

1. Description of Plan (Continued)

Plan Termination

The Alliance anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event that the Plan is terminated, the assets remaining in the fund shall be allocated between the participants and beneficiaries of the Plan in the following order:

- A) Complete distribution of the assets in the trust fund to the participants, in cash or in kind, in one lump-sum payment as soon as the trustee deems it to be in the best interest of the participants, but in no event later than two years after such termination; or
- B) Continuation of the trust created by the agreement and distribution of benefits at such time and in such manner as though the plan had not been terminated.

Upon any termination (full or partial) or complete discontinuance of contributions, all amounts credited to the affected participant's accounts shall become 100% vested and shall be allocated to the accounts of all participants in accordance with the above provisions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Investment income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when incurred.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified to conform to the current year presentation.

3. Tax Status of the Plan

The Plan is exempt from federal income taxes under the Internal Revenue Code. The Plan obtained its latest determination letter dated September 10, 2010, in which the Internal Revenue Service stated that the Plan, then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Trustees of the Plan are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax years in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

4. Information Certified By Trustee

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. Charles Schwab has provided certification as to the completeness and accuracy of the investments presented in the accompanying statements of net assets available for plan benefits as of December 31, 2024 and 2023 and in the statement of changes in net assets available for benefits for the year ended December 31, 2024. The accompanying supplemental schedule also includes investment information certified by Charles Schwab as being complete and accurate.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust - The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV for this fund is based on the audited financial statements of the fund. Participant transactions (purchased and sales) may occur daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Former Participants

The Plan has accounts for terminated participants. The total amount allocated to such accounts was \$7,158,506 in 2024, and \$5,817,039 in 2023.

7. Related Party and Party in Interest Transactions

The Alliance absorbs the cost of audit fees related to the Plan, some administrative fees and the cost of fidelity bonds. The Alliance provides administrative services on behalf of the Plan. As the Plan does not reimburse the company for the cost of such services, they are not included in these financial statements.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides to the Plan and an employer whose employees are covered by the Plan.

8. Date of Management's Review

Subsequent events were evaluated through October 8, 2025 which is the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events relevant for financial statement adjustment or disclosure.
