INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Schuler, Inc. Salary Savings Plan
Canton, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Schuler, Inc. Salary Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Schuler, Inc. Salary Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuler, Inc. Salary Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuler, Inc. Salary Savings Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schuler, Inc. Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuler, Inc. Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 1 - Description of Plan

The following summary description of the Schuler, Inc. Salary Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

General - The Plan is a defined contribution plan available to all employees of Schuler, Inc. and BCN Technical Services, Inc. (Company) who have met the eligibility requirements outlined below. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan assets are held in a trust and are managed by Fidelity Management Trust Company (Trustee), who was appointed by the Company. The 401(k) Plan committee is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's 401(k) Plan committee.

Eligibility - Except for employees covered by a collective bargaining agreement, leased employees or non-resident aliens, an employee is eligible to become a participant in the Plan at the beginning of each month, provided the employee has attained the age of 18. A participant is eligible to receive safe harbor matching contributions and discretionary non-elective contributions after they have completed six months of service.

The Plan includes an automatic enrollment provision whereby eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a portfolio of mutual funds based on their date of birth, until changed by the participant. The participant may affirmatively elect to opt-out of the plan.

Contributions - Contributions to participant accounts are made by employees through tax-deferred and post-tax salary deductions and by the Company from its earnings. Participants may voluntarily contribute up to 75% of their eligible compensation to the Plan, not to exceed the maximum amount currently allowed by the Internal Revenue Code (IRC) limitations. Participants direct the investment of their contribution into various investment options offered by the Plan. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Participants may elect to change contribution percentages each payroll period. Participants may directly "roll over" their assets from a qualified plan into their Plan account.

The Company's safe harbor matching contributions are calculated on a payroll basis as 100% of deferrals up to 1% of compensation, plus 50% of the next 5% of the eligible participant's compensation contributed to the Plan.

The Company may also make a discretionary non-elective matching contribution to all eligible participants of the Plan, provided they have met the eligibility requirements above. The Company elected to make a 1.5% discretionary non-elective matching contribution for the Plan year ended December 31, 2024.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 1 - Description of Plan - (Continued)

Participant accounts - Each participant's account is credited with the participant's contributions and Company's safe harbor matching contributions as well as allocations of the Company's non-elective matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is immediately vested in the Company's qualified safe harbor matching contributions. A participant is 100% vested after four years of credited service in the Company's discretionary non-elective contribution.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Repayments are made through payroll deductions and all payments of principal and interest are credited back to the participant's account. Interest rate is set by the Plan administrator in accordance with local prevailing rates for similar types of loans.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation of employment, a participant, or beneficiary thereof, shall be eligible to receive a distribution of the balance of the participant's vested interest in his or her account.

Forfeited accounts - At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$11,455 and \$10,100, respectively. These accounts will be used to pay Plan expenses and reduce future employer contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 2 - Summary of Significant Accounting Policies - (Continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions for Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. The Plan pays third party administrative fees and are included in administrative expenses.

Subsequent events - The Plan has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued. There were no subsequent events that required disclosure.

NOTE 3 - Certification of Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds - Valued at the cash equivalent value at year end.

Corporate stocks - Valued at the closing price reported on the active market on which the individual securities are traded.

SCHULER, INC. SALARY SAVINGS PLAN

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 4 - Fair Value Measurements - (Continued)

Brokerage link accounts - Investments in brokerage link accounts are valued as common stock traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. The value of securities traded in markets that are not considered active are based on quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments at fair value	<u>\$ 23,416,554</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,416,554</u>

NOTE 5 - Related Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement between the Company and Fidelity. Fidelity receives revenue from certain fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services for the Plan.

For year ended December 31, 2024, the Plan also made payments to Fidelity for administrative expenses not covered by revenue sharing.

For year ended December 31, 2024, the Plan also made payments to Sageview Advisor Group and Strategic Advisors Inc. for advisory services.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to amend, modify, terminate, or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

NOTE 7 - Tax Status

The Company adopted a volume submitter plan. The volume submitter plan has received a favorable letter from the Internal Revenue Service indicating that the Plan meets the requirements of Section 501(a) of the Internal Revenue Code and is exempt from taxation. Accordingly, no provision for Federal income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During 2023, contributions of \$191 were not remitted within the required time period. These were corrected during 2024.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Schuler, Inc. Salary Savings Plan
Canton, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Schuler, Inc. Salary Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Schuler, Inc. Salary Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuler, Inc. Salary Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuler, Inc. Salary Savings Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schuler, Inc. Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuler, Inc. Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 1 - Description of Plan

The following summary description of the Schuler, Inc. Salary Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

General - The Plan is a defined contribution plan available to all employees of Schuler, Inc. and BCN Technical Services, Inc. (Company) who have met the eligibility requirements outlined below. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan assets are held in a trust and are managed by Fidelity Management Trust Company (Trustee), who was appointed by the Company. The 401(k) Plan committee is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's 401(k) Plan committee.

Eligibility - Except for employees covered by a collective bargaining agreement, leased employees or non-resident aliens, an employee is eligible to become a participant in the Plan at the beginning of each month, provided the employee has attained the age of 18. A participant is eligible to receive safe harbor matching contributions and discretionary non-elective contributions after they have completed six months of service.

The Plan includes an automatic enrollment provision whereby eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a portfolio of mutual funds based on their date of birth, until changed by the participant. The participant may affirmatively elect to opt-out of the plan.

Contributions - Contributions to participant accounts are made by employees through tax-deferred and post-tax salary deductions and by the Company from its earnings. Participants may voluntarily contribute up to 75% of their eligible compensation to the Plan, not to exceed the maximum amount currently allowed by the Internal Revenue Code (IRC) limitations. Participants direct the investment of their contribution into various investment options offered by the Plan. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Participants may elect to change contribution percentages each payroll period. Participants may directly "roll over" their assets from a qualified plan into their Plan account.

The Company's safe harbor matching contributions are calculated on a payroll basis as 100% of deferrals up to 1% of compensation, plus 50% of the next 5% of the eligible participant's compensation contributed to the Plan.

The Company may also make a discretionary non-elective matching contribution to all eligible participants of the Plan, provided they have met the eligibility requirements above. The Company elected to make a 1.5% discretionary non-elective matching contribution for the Plan year ended December 31, 2024.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 1 - Description of Plan - (Continued)

Participant accounts - Each participant's account is credited with the participant's contributions and Company's safe harbor matching contributions as well as allocations of the Company's non-elective matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is immediately vested in the Company's qualified safe harbor matching contributions. A participant is 100% vested after four years of credited service in the Company's discretionary non-elective contribution.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Repayments are made through payroll deductions and all payments of principal and interest are credited back to the participant's account. Interest rate is set by the Plan administrator in accordance with local prevailing rates for similar types of loans.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation of employment, a participant, or beneficiary thereof, shall be eligible to receive a distribution of the balance of the participant's vested interest in his or her account.

Forfeited accounts - At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$11,455 and \$10,100, respectively. These accounts will be used to pay Plan expenses and reduce future employer contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 2 - Summary of Significant Accounting Policies - (Continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions for Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. The Plan pays third party administrative fees and are included in administrative expenses.

Subsequent events - The Plan has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued. There were no subsequent events that required disclosure.

NOTE 3 - Certification of Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds - Valued at the cash equivalent value at year end.

Corporate stocks - Valued at the closing price reported on the active market on which the individual securities are traded.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 4 - Fair Value Measurements - (Continued)

Brokerage link accounts - Investments in brokerage link accounts are valued as common stock traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. The value of securities traded in markets that are not considered active are based on quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Assets at Fair Value as of December 31, 2024</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments at fair value	<u>\$ 23,416,554</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,416,554</u>

NOTE 5 - Related Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement between the Company and Fidelity. Fidelity receives revenue from certain fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services for the Plan.

For year ended December 31, 2024, the Plan also made payments to Fidelity for administrative expenses not covered by revenue sharing.

For year ended December 31, 2024, the Plan also made payments to Sageview Advisor Group and Strategic Advisors Inc. for advisory services.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to amend, modify, terminate, or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

NOTE 7 - Tax Status

The Company adopted a volume submitter plan. The volume submitter plan has received a favorable letter from the Internal Revenue Service indicating that the Plan meets the requirements of Section 501(a) of the Internal Revenue Code and is exempt from taxation. Accordingly, no provision for Federal income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During 2023, contributions of \$191 were not remitted within the required time period. These were corrected during 2024.

The Plan Administrator
Schuler, Inc. Salary Savings Plan
Canton, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Schuler, Inc. Salary Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Schuler, Inc. Salary Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuler, Inc. Salary Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuler, Inc. Salary Savings Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schuler, Inc. Salary Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuler, Inc. Salary Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHULER, INC. SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 1 - Description of Plan

The following summary description of the Schuler, Inc. Salary Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

General - The Plan is a defined contribution plan available to all employees of Schuler, Inc. and BCN Technical Services, Inc. (Company) who have met the eligibility requirements outlined below. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan assets are held in a trust and are managed by Fidelity Management Trust Company (Trustee), who was appointed by the Company. The 401(k) Plan committee is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's 401(k) Plan committee.

Eligibility - Except for employees covered by a collective bargaining agreement, leased employees or non-resident aliens, an employee is eligible to become a participant in the Plan at the beginning of each month, provided the employee has attained the age of 18. A participant is eligible to receive safe harbor matching contributions and discretionary non-elective contributions after they have completed six months of service.

The Plan includes an automatic enrollment provision whereby eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a portfolio of mutual funds based on their date of birth, until changed by the participant. The participant may affirmatively elect to opt-out of the plan.

Contributions - Contributions to participant accounts are made by employees through tax-deferred and post-tax salary deductions and by the Company from its earnings. Participants may voluntarily contribute up to 75% of their eligible compensation to the Plan, not to exceed the maximum amount currently allowed by the Internal Revenue Code (IRC) limitations. Participants direct the investment of their contribution into various investment options offered by the Plan. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Participants may elect to change contribution percentages each payroll period. Participants may directly "roll over" their assets from a qualified plan into their Plan account.

The Company's safe harbor matching contributions are calculated on a payroll basis as 100% of deferrals up to 1% of compensation, plus 50% of the next 5% of the eligible participant's compensation contributed to the Plan.

The Company may also make a discretionary non-elective matching contribution to all eligible participants of the Plan, provided they have met the eligibility requirements above. The Company elected to make a 1.5% discretionary non-elective matching contribution for the Plan year ended December 31, 2024.

NOTE 1 - Description of Plan - (Continued)

Participant accounts - Each participant's account is credited with the participant's contributions and Company's safe harbor matching contributions as well as allocations of the Company's non-elective matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is immediately vested in the Company's qualified safe harbor matching contributions. A participant is 100% vested after four years of credited service in the Company's discretionary non-elective contribution.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Repayments are made through payroll deductions and all payments of principal and interest are credited back to the participant's account. Interest rate is set by the Plan administrator in accordance with local prevailing rates for similar types of loans.

Payment of benefits - Upon termination of service due to death, disability, retirement or separation of employment, a participant, or beneficiary thereof, shall be eligible to receive a distribution of the balance of the participant's vested interest in his or her account.

Forfeited accounts - At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$11,455 and \$10,100, respectively. These accounts will be used to pay Plan expenses and reduce future employer contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

NOTE 2 - Summary of Significant Accounting Policies - (Continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions - Contributions for Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. The Plan pays third party administrative fees and are included in administrative expenses.

Subsequent events - The Plan has evaluated subsequent events through October 3, 2025, the date the financial statements were available to be issued. There were no subsequent events that required disclosure.

NOTE 3 - Certification of Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds - Valued at the cash equivalent value at year end.

Corporate stocks - Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 4 - Fair Value Measurements - (Continued)

Brokerage link accounts - Investments in brokerage link accounts are valued as common stock traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. The value of securities traded in markets that are not considered active are based on quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Assets at Fair Value as of December 31, 2024</u>

NOTE 5 - Related Party Transactions and Party In Interest Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement between the Company and Fidelity. Fidelity receives revenue from certain fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services for the Plan.

For year ended December 31, 2024, the Plan also made payments to Fidelity for administrative expenses not covered by revenue sharing.

For year ended December 31, 2024, the Plan also made payments to Sageview Advisor Group and Strategic Advisors Inc. for advisory services.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to amend, modify, terminate, or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

NOTE 7 - Tax Status

The Company adopted a volume submitter plan. The volume submitter plan has received a favorable letter from the Internal Revenue Service indicating that the Plan meets the requirements of Section 501(a) of the Internal Revenue Code and is exempt from taxation. Accordingly, no provision for Federal income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests for various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During 2023, contributions of \$191 were not remitted within the required time period. These were corrected during 2024.
