Marmon Consolidated Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Marmon Consolidated Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Marmon Consolidated Retirement Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

The supplemental schedules of assets held at end of year as of December 31, 2024 and delinquent participant contributions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Marmon Consolidated Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document with supplements and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain participants of the participating employers (the "Companies"). Eligibility is based on the provisions set forth in the applicable supplement for each participating employer. Participant eligibility to make 401(k) and after-tax contributions, if allowed, generally ranges from the completion of one hour of service to the completion of one year of service. Certain supplements are frozen to new participants. Participant eligibility to receive employer contributions, if allowed, generally ranges from the completion of one hour of service to the completion of one year of service. Additional employer contribution eligibility requirements vary by supplement and potentially include a last day rule. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions are based on the provisions and limitations set forth in the applicable supplement for each participating employer. If provided in the applicable supplement, the Plan provides for employee salary deferral and Roth contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. The maximum employee deferral percentage of annual compensation varies by supplement and generally ranges from 6 to 100 percent. As of January 1, 2024, one supplement allows participants to contribute a portion of their compensation on an after-tax basis up to 30 percent of annual compensation. If provided in the applicable supplement, participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

There were delinquent contributions of \$79,535 during the plan year ended December 31, 2024. The Companies corrected the 2024 late contributions and remitted related lost earnings during 2024. There were delinquent contributions of \$270 during the plan year ended December 31, 2023 that were not corrected prior to December 31, 2023. The Companies corrected the 2023 late contributions and remitted related lost earnings during 2024.

If provided in the applicable supplement, the Plan provides for employer matching contributions generally ranging from 15 to 60 percent of the participant's contribution, generally not to exceed 6 percent of the employee's deferred compensation depending on the applicable supplement.

If provided in the applicable supplement, the Plan may make annual discretionary contributions, as determined based on each supplement, which are allocated either on a flat dollar amount per employee or on a per share (hours worked) basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Depending on the type of allocation, allocations are based on participants' compensation, hours worked, deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment. If provided in the applicable supplement, the Plan allows age 59½ and after-tax withdrawals. Based on the applicable supplement, a participant's vested account will be paid in the form of a lump sum or annuity.

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

If provided in the applicable supplement, participants may request that a portion of their accounts, as permitted by the Plan, be distributed in the case of severe financial hardship, as defined in the plan document.

Vesting

Participants are immediately 100 percent vested in employee contributions and rollover contributions and any income or loss thereon. Vesting in the Companies' contribution portion of their accounts, plus actual earnings thereon, is based on years of service, as defined by the plan document and supplements. Participants' vesting varies based on the applicable supplement and ranges from 100 percent vesting upon hire to 0 percent vesting each year, becoming 100 percent vested after three years of service, to a percentage of vesting for each year of service, becoming 100 percent vested after six years of service. Certain supplements are 100 percent vested in all contribution types.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. Unallocated forfeited account balances were approximately \$224,000 and \$59,000 at December 31, 2024 and 2023, respectively. During 2024, approximately \$45,000 was used to fund employer contributions.

Participant Notes Receivable

If provided in the applicable supplement, participants may borrow from their accounts a minimum of \$500 or \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. The participant notes receivable are secured by the participant's account balance and bear interest at rates equal to the prevailing rates determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note receivable outstanding at any time.

Plan Termination

While the plan sponsor has not expressed any intent to do so, the plan sponsor, solely and without consent of the Companies, has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan document, related union agreements, and ERISA. While the Companies have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time subject to the provisions set forth in the plan agreement, related union agreements, and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The fair value of the Plan's interest in the Marmon Defined Contribution Master Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

The common collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The money market fund is valued based on quoted market prices reported in active markets. See Note 5 for additional information.

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Companies, by the plan sponsor, or as a plan expense.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2025, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Empower Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, including master trust information included in Note 5, are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter dated June 28, 2018 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and the Marmon Employees' Retirement Plan. Each participating plan has a divided interest in the Master Trust, which is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Empower Trust Company. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their pro rata share of the investments of the Master Trust.

Note 5 - Interest in Master Trust (Continued)

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
