Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of John A. Hudec and Associates, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about John A. Hudec and Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of John A. Hudec and Associates, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about John A. Hudec and Associates, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **2024 Supplemental Schedules Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JOHN A. HUDEC AND ASSOCIATES, INC. 401(K) PROFIT SHARING PLAN

**NOTES TO THE FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2024 AND 2023

---

**NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of the John A. Hudec and Associates, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

**General** – Plan management adopted the Fidelity Basic Plan Document (A Fidelity Volume Submitter Plan Profit Sharing/401(K) Plan) (Fidelity), as amended March 12, 2018.

The Plan is a defined contribution plan covering substantially all employees of John A. Hudec and Associates, Inc. (the Company), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan allows for any employee who attained age twenty-one (21) and completed three months of service to become eligible to participate. Participants enter the plan on the first day of the quarter immediately following or coincident to completion of the eligibility requirements. Additionally, the plan allows for Roth 401(k) deferrals, which permits participants to contribute after-tax contributions. Certain other plan provisions relating to distributions prior to termination were also amended as a result of allowing for Roth 401(k) deferrals.

**Contributions** – Each year, participants may elect to defer a percentage of annual compensation, and up to one hundred percent (100%) of any bonus payments, not to exceed Internal Revenue Service (IRS) limitations. Such deferrals may be made as traditional pre-tax contributions in accordance with code section 401(k) or as after-tax Roth 401(k) contributions under code section 402(a). Participants may also rollover amounts from other qualified benefit plans, excluding after-tax employee contributions. The plan provides for matching contributions determined by the Company at its discretion. The matching contribution for the 2024 and 2023 plan years amounted to fifty percent (50%) of a contributing employee's deferral amount not to exceed three percent (3%) of the contributing employee's compensation. The plan also provides for a discretionary employer profit sharing contributions. There was no discretionary profit sharing contribution to the plan for 2024 or 2023.

**Vesting** – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on the participant earnings, or account balances, as defined by the plan. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests in Company matching or discretionary contributions on a graded schedule and is 100% vested after five years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. Forfeited balances of terminated participants' non-vested accounts are used to pay plan expenses or reduce future Company contributions. Forfeitures of non-vested account balances totaled \$25,884 and \$16,870 in 2024 and 2023, respectively. During 2024, the sponsor utilized \$35,815 of previously forfeited balances to offset the matching contribution described above. Unallocated assets representing non-vested forfeited amounts available for future offset totaled \$26,396 and \$35,274 as of December 31, 2024 and 2023, respectively.

**Investment Options** – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. Participants may change their investment options and transfer funds between investment options daily.

**NOTES TO THE FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2024 AND 2023

---

**NOTE 1 – DESCRIPTION OF PLAN (Con't)**

**Notes Receivable from Participants** – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms do not exceed five (5) years, although the Administrator may allow a longer repayment term for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined not less than quarterly by the plan administrator. Principal and interest paid by a participant is credited to the appropriate account.

**Payments of Benefits** – On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of their account, or if eligible, partial withdrawals to comply with required minimum distributions pursuant to code section 401(a)(9). The Roth 401(k) election allows participants to pay federal income taxes in the year of deferral, but the deferred amount and earnings thereon may avoid taxation at the time of distribution, if qualified.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator in accordance with current regulations.

**Administrative Fees** – The Plan permits payment of certain administrative fees using Plan assets, or the Plan sponsor may pay such administrative fees at its discretion.

**Plan Termination** – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**Adoption of New Accounting Standard** - Effective January 1, 2024, the Plan adopted Accounting Standards Update (ASU) 2016-13, Financial Instruments - Credit Losses (Topic 326). This standard replaced the incurred loss methodology with an expected methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of credit losses using historical experience, current conditions, and reasonable and supportable forecasts and generally applies to financial assets measured at amortized cost. Financial assets measured at amortized cost will be presented at the net amount expected to be collected by using an allowance for credit losses.

The Plan adopted Accounting Standards Codification (ASC) 326 and all related subsequent amendments thereto effective January 1, 2024, using the modified retrospective approach for all financial assets measured at amortized cost which did not have a material impact on the financial statements.

**Basis of Accounting** – The financial statements of the Plan are prepared under the accrual method of accounting.

**Valuation of Investments** – The Plan's investments in registered investment companies are stated at fair value based on the quoted market price of the funds held by the Plan at year end. All investments in the Plan are fully participant directed. The Plan's investment in a group annuity contract, which has underlying assets in fully benefit-responsive investment contracts, is presented at contract value.

**NOTES TO THE FINANCIAL STATEMENTS**  
YEARS ENDED DECEMBER 31, 2024 AND 2023

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Con't)**

**Notes Receivable from Participants** – Participant loans are presented at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded.

**Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**NOTE 3 – INVESTMENTS**

Plan assets, with the exception of an investment in a Group Annuity Contract, are held by Fidelity Management Trust Company (FMTC). At December 31, 2024 and 2023, \$83,934 and \$107,804, respectively, remained with Empower Trust Company (Empower). All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value, dividends, and interest for the year ended December 31, 2024, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by both FMTC and Empower.

The following is a summary of the Plan's financial information and data certified by the Plan Custodian as complete and accurate in accordance with Section 2520.103-5(d) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2024 by the trustees:

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Observable inputs (other than level 1) including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement

**NOTES TO THE FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2024 AND 2023

**NOTE 4 – FAIR VALUE MEASUREMENTS (Con't)**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As promulgated by ASU No. 2015-12, contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

*Money Market Fund:* Valued at cost, which approximates fair value.

*Registered Investment Companies (Mutual funds):* Values obtained from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

*Group Annuity Contracts:* The Key Guaranteed Portfolio Fund and New York Life Anchor Account are fully benefit-responsive investments. The funds are, therefore, reported at contract value (which approximates market value at December 31, 2024) as described above, with contributions made in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024.

**NOTE 5 – INCOME TAX STATUS**

The Fidelity Volume Submitter plan adopted received an opinion letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401 (a) of the Internal Revenue Code (Code) and, therefore, may be relied upon as provided for in Revenue Procedure 2011-49, 2011-44 I.R.B. 608. However, the terms of the plan must be followed in operation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Department of Labor (DOL-ERISA), has a six-year statute of limitation for auditing plans and the Internal Revenue Service follows a three-year statute of limitation commencing with the later of the filing due date or date of filing. As such, management believes that plan years ending before 2018 are no longer open for examination.

**NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST**

Transactions with parties in interest include the plan sponsor and purchases and sales investments offered through the trustee, Fidelity Management Trust Company (FMTC) and the custodian, Great-West Trust Company, LLC (Great-West). Fees paid during the year for services rendered by FMTC and Great-West were based on customary and reasonable rates for such services. The group annuity contract is also managed by Great-West Life and Annuity Insurance Company. Thus, these transactions qualify as party-in-interest transactions. However, these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Other than as disclosed herein, the Plan has no other agreements or transactions with any parties in interest.

**NOTE 7 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
