## **INDEPENDENT AUDITOR'S REPORT**

To the Administrative Committee of  
EMR USA Retirement Savings Plan  
New Orleans, Louisiana

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of EMR USA Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C)" audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EMR USA Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the EMR USA Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EMR USA Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if

there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EMR USA Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EMR USA Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) [supplemental schedule] is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## EMR USA Retirement Savings Plan Notes to the Financial Statements

### **Note 1: DESCRIPTION OF PLAN**

The following description of the EMR USA Retirement Savings Plan (the “Plan”) provides only general information. Refer to the Plan Document for a more complete description of the Plan’s provisions.

#### ***General***

The Plan is a defined contribution plan established to provide eligible employees of EMR (USA Holdings) Inc. and its various subsidiaries (the “Company,” “Employer,” or the “Plan Sponsor”) with the opportunity to contribute to the Plan a specified portion of their compensation and to have their contributions, together with the Plan contributions made by the Employer, invested in income generating assets. The Plan is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”) and is intended to be a qualified retirement plan under Internal Revenue Service (“IRS”) Code Section 401(k). The Employer generally pays the administration, recordkeeping, distribution, and related fees for the Plan. The Board of Trustees is responsible for oversight of the Plan. The Plan’s Administrative Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Charles Schwab Trust Bank, the trustee and custodian and the qualified institution for the Plan, which invests contributions and Plan earnings, makes investment transactions as directed by the Investment Committee and provides certain recordkeeping services. It also acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

#### ***Eligibility***

Employees may become a participant of the Plan and begin deferring compensation immediately upon hire provided they are at least eighteen (18) years old. Participants may begin receiving an employer match the first day of the subsequent quarter following six months of continuous service.

#### ***Contributions***

Each year, participants may contribute to the Plan up to a maximum of fifty percent (50%) of his or her compensation, subject to the limitations prescribed by the Internal Revenue Code (“IRC”) section 401(k). Participants who are age fifty (50) or older by the end of the calendar year may also make a catch-up contribution. Participants may also contribute rollover distributions received from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

## EMR USA Retirement Savings Plan Notes to the Financial Statements

### Note 1: DESCRIPTION OF PLAN (Continued)

#### *Contributions (continued)*

The Plan includes an auto-enrollment provision, effective January 1, 2018, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Annually, at the beginning of the Plan year, participants in the automatic savings increase program will have their deferral rate increase 1% until a max of 10% unless a participant opts out of the annual increase.

The Employer's matching contribution to the Plan is 100% of the participant's contributions up to 3% of the participant's compensation and 50% of the amount of the participant's contributions on the next 2% of eligible compensation, but in no case will matching contributions exceed 4% of the participant's compensation. Additional amounts may be contributed at the discretion of the Employer. Additional contributions made by the Employer will be allocated amongst the participants at the same rates as the ratio of their compensation to the total compensation of all participants for the Plan year. The Employer made contributions to the Plan of \$3,151,691 for the year ended December 31, 2024. For the year ended December 31, 2024, the Company did not make additional discretionary non-elective contributions.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company's matching and discretionary non-elective contribution as well as the earnings or losses attributable to the specific funds in which the accounts are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are 100% vested in their contributions, employer safe harbor matching contributions, and non-elective contributions and actual earnings when allocated.

#### *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate ranging from 4.25% to 9.50%, determined monthly, is set at the local prime bank rate, as defined. Principal and interest is paid ratably through payroll deductions.

### Note 1: DESCRIPTION OF PLAN (Continued)

#### ***Benefits Payments***

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or a series of annual, semi-annual, or quarterly installment payments over a specified period of time. For termination of service for other reasons, a participant may receive the value of vested interest in his or her account as a lump sum distribution.

#### ***Forfeitures***

At December 31, 2024 and 2023, forfeited accounts totaled \$4,526 and \$7,499, respectively. The amount in the forfeited account may be used to pay Employer's matching contributions, Plan expenses, or used for other specified purposes as provided by the Plan agreement. During the year ended December 31, 2024, the Plan used \$8,727 of forfeited account amounts to pay Plan expenses.

#### ***Hardship Withdrawals***

As permitted by the IRC, and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### ***Basis of Accounting***

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Financial Accounting Standards Board ("FASB") provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification ("ASC") and related Accounting Standards Updates ("ASUs").

#### ***Use of Estimates***

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

## EMR USA Retirement Savings Plan Notes to the Financial Statements

### **Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### ***Investment Valuation and Income Recognition***

Investments generally are reported at fair value, but may also be reported at net asset value (“NAV”). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The Plan’s Administrative Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus the accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

#### ***Payment of Benefits***

Distributions to participants are recorded when paid.

#### ***Administrative Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

#### ***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan’s financial statements.

### Note 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statement was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the qualified institution:

- a) Total investments, at fair value, included in the statements of net assets available for benefit at December 31, 2024 and 2023.
- b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2024 and 2023.
- c) Investment income, net appreciation in the value of investments, and interest income from notes receivable, included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- d) All amounts included in Note 4, *Fair Value Measurements*.
- e) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2024.

### Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

*Level 1:* Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

*Level 2:* Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## EMR USA Retirement Savings Plan Notes to the Financial Statements

### Note 4: FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market deposit account: Valued at the daily closing price as reported by the fund. These interest-bearing accounts held by the Plan are money market deposit accounts unlike the regular money market accounts which are actively traded at \$1 per share. These accounts have been categorized as level 2 investments.

Participant-directed brokerage account: The fair value of the participant-directed brokerage account is determined by the types of assets held within the account. The participant-directed brokerage account may contain a blend of assets each of which may fall within a different level of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

## EMR USA Retirement Savings Plan Notes to the Financial Statements

### Note 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

### Note 5: TAX STATUS

The Plan has adopted the Trustee's prototype plan which the IRS has determined and informed the Trustee by a letter dated June 19, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **EMR USA Retirement Savings Plan Notes to the Financial Statements**

### **Note 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan assets are investments managed by the Trustee (Charles Schwab Trust Bank). The Trustee is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

### **Note 7: PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

### **Note 8: SUBSEQUENT EVENTS**

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 10, 2025, and determined there were no events that occurred that required disclosure. No events occurring after this date have been evaluated for inclusion in these financial statements.
