Board of Trustees
Onion River Co-op 401(k) Plan
Burlington, Vermont

Attention: John Tashiro, Trustee

This letter is to inform the Trustees of the Onion River Co-op 401(k) Plan (the Plan) about significant matters related to the conduct of our audit as of and for the year ended December 31, 2024, so that it can appropriately discharge its oversight responsibility and we comply with our professional responsibilities.

The following required communications summarize our responsibilities regarding the financial statement audit as well as observations from our audit that are significant and relevant to your responsibility to oversee the financial reporting process

Our Responsibilities

We described our responsibilities under auditing standards generally accepted in the United States of America (GAAS) to you in our Statement of Work dated June 11, 2025. Our audit of the financial statements does not relieve management or you of your responsibilities, which are also described in the Statement of Work.

As management determined that it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.

Planned Scope and Timing of the Audit

We previously issued a separate communication dated August 19, 2025 regarding the planned scope and timing of our audit and identified significant risks.

Significant Accounting Practices, Including Policies, Estimates and Disclosures

We do not have anything specific to call to your attention relative to our views on the Plan's significant accounting practices, including significant policies, significant unusual transactions, accounting estimates and financial statement disclosures; there have been no significant changes from the prior year.

Audit Adjustments and Uncorrected Misstatements-

There were no audit adjustments made to the original trial balance presented to us to begin our work.

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

Form 5500 Filing

GAAS requires that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to dating our auditor's report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify any material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.

ERISA-Required Supplemental Schedule

We subjected the information included in the ERISA-required supplemental schedule, other than that agreed to, or derived from, the certified investment information, to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedule, other than the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole; whether the form and content of the ERISA-required supplemental schedule are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and whether the certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditor's report for the ERISA-required supplemental schedule. We did not identify any inconsistencies with the audited financial statements or the certified investment information.

Reportable Findings

In planning and performing our audit, we considered Plan provisions relevant to designing audit procedures for the purpose of expressing our opinion on the Plan's financial statements but not for the purpose of expressing an opinion on the Plan's compliance with those provisions. Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan provisions or other specified criteria that might be considered reportable findings.

A reportable finding is one or more of the following:

- A matter that is identified as an instance of noncompliance or suspected noncompliance with laws or regulations.
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process.
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties but is of sufficient importance to merit management's attention.

We are required to communicate, in writing, to those charged with governance any reportable findings from the audit procedures performed relating to the Plan provisions. We have identified the following reportable finding:

- We noted that the filed Form 5500 for 2023 reflected an incorrect audit opinion and firm EIN number on Schedule H, and also had not attached the required audit report and audited financial statements. To address these discrepancies, we advise management to amend its 2023 Form 5500 filing to correct the Schedule H and ensure that the audited financial statements and audit report are properly attached. This amendment will help ensure compliance with Department of Labor reporting requirements and maintain the accuracy, completeness, and integrity of the Plan's financial reporting.

Disagreements With Management

We had no disagreements with management during the performance of our audit.

Consultation With Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Shared Responsibilities: AICPA Independence

The American Institute of Certified Public Accountants (AICPA) regularly emphasizes that auditor independence is a **joint responsibility** and managed most effectively when management, audit committees (or their equivalents), and audit firms work together in considering compliance with AICPA independence rules. For Gallagher, Flynn & Company, LLP (GFC) to fulfill our professional responsibility to maintain and monitor independence, management, the Board of Trustees, and GFC each play an important role.

Our Responsibilities

- AICPA rules require independence, both of mind and in appearance, when providing audit and other attestation services. We are to ensure that the AICPA's General Requirements for performing non-attest services are adhered to and included in all letters of engagement.
- Maintain a system of quality management over compliance with independence rules and firm policies.

Your Responsibilities

- Timely inform us, before the effective date of transactions or other business changes, of the following:
 - New affiliates, directors or officers.
 - New beneficial owners of the Plan Sponsor's stock that have significant influence.
 - Changes in corporate structure impacting affiliates, such as add-on acquisitions or exits.
- Provide necessary affiliate information, such as new or updated investment structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations.
- Understand and conclude on the permissibility prior to the Plan and its affiliates, including the Plan Sponsor, and the officers, directors or people in a decision-making capacity engaging in business relationships with us.

- Not entering into relationships resulting in close family members of our covered people temporarily or permanently acting as an officer, director or person in an accounting or financial reporting oversight role at the Plan or the Plan Sponsor.

Management Representations

Attached is a copy of the management representation letter.

Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the Plan.

This report is intended solely for the information and use of the Board of Trustees and is not intended to be, and should not be, used by anyone other than this specified party.

Gallagher, Flynn & Company, LLP
725 Community Drive, Suite 401
South Burlington, VT 05403

This representation letter is provided in connection with your audits of the financial statements of Onion River Co-op 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) sponsored by Onion River Cooperative d/b/a City Market (the Plan Sponsor), which comprise the statements of net assets available for benefits as of December 31, 2024, and 2023; the related statement of changes in net assets available for benefits for the year ended December 31, 2024; and the related notes to the financial statements.

We elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodical examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and that the certified information is appropriately measured, presented and disclosed in accordance with accounting principles generally accepted in the United States of America (GAAP).

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, that as of the date of this letter:

31. We have complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan, except as follows.

Lost earnings on the deposits were calculated and deposited to the trust by the Plan Sponsor in 2025. Form 5330 will also be filed to remit the applicable excise tax to the IRS. The correction and any excise taxes, if applicable were paid out of the Plan Sponsor's, and not the Plan's, assets.

35. There are no:
 - a. Non-exempt (prohibited) party-in-interest transactions that were not disclosed in the financial statements or supplemental schedules.

Independent Auditor's Report

To the Trustees and Plan Administrator
Onion River Co-op 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Onion River Co-op 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audits). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Onion River Co-op 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Onion River Co-op 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan covering all employees of Onion River Cooperative, Inc. d/b/a City Market (the Company) who have completed at least 90 days of service, except independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of their compensation, as defined by the Plan. Participants who have reached age 50 before the end of the Plan year are eligible to make an additional catch-up contribution. Participants may also contribute amounts representing rollover distributions from other qualified plans.

The Company may make discretionary matching and other discretionary contributions, as defined by the Plan. Participants must be employed for 12 consecutive months and work at least 1,000 hours to be eligible for the Company's discretionary matching contributions and an allocation of other discretionary contributions for such year.

During 2024, the Company made discretionary matching contributions of 100% of each 1% up to the first 6% each employee's contributions. The Company made no other discretionary contributions in 2024.

Contributions and eligible compensation are subject to certain limitations.

Participant accounts: Each participant's account includes the participant's contributions, the Company's discretionary matching contributions, and allocations of the Company's other discretionary contributions and Plan expenses and earnings. Allocations of the Company's other discretionary contributions and Plan expenses and earnings are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 33% vested after one year of service, 66% vested after two years of service, and 100% vested after three years of service. Participants are automatically fully vested upon disability, death, or normal retirement while under the employment of the Company.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Interest rates range from 4.25% to 9.5% as of December 31, 2024. All loans must be repaid within five years or within 30 years for the purchase of a primary residence. Principal and interest are generally paid ratably through payroll deductions.

Onion River Co-op 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (continued)

Payment of benefits: Benefits may be distributed under the Plan based on the normal retirement date (age 65), disability, death, or the termination of the participant's employment. A participant or beneficiary may elect to receive a lump-sum distribution equal to the vested interest in his or her account or installments for a specific term. Participants can also receive in-service distributions after age 59½ or if they meet certain hardship criteria, as defined by the Plan.

Forfeitures: As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,189 and \$0, respectively. During 2024, forfeitures were used to reduce employer contributions and administrative fees by \$3,027 and \$41, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains on investments bought and sold, as well as held, during the year.

Contributions: Contributions from Plan participants and the related matching contributions from the employer are recorded in the year the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses of the Plan: Substantially all expenses of maintaining the Plan are paid by the Plan. Certain administrative fees are paid by the Company. Certain transaction fees are paid by Plan participants.

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Onion River Co-op 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: Plan management has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company

The following is a summary of the Plan's information as of December 31, 2024 and 2023 and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained from management and agreed to, or derived from, information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, which is a qualified institution:

- All investments and notes receivable from participants;
- All investment income and interest income on notes receivable from participants;
- Information regarding investments in Note 4; and
- Information included on Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2: Observable market-based inputs or observable inputs that are corroborated by market data.

Level 3: Unobservable inputs for assets or liabilities that are not corroborated by market data.

Onion River Co-op 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in the current or prior year.

Mutual funds: Valued at the daily closing price as reported by each fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, therefore, are considered Level 1 investments.

Common collective trusts: Valued based on the NAV of units of the common collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments composing the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Each common collective trust provides for daily redemptions by the Plan at the reported NAV per share, with no advance notification requirement.

Note 5. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS), stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

Onion River Co-op 401(k) Plan

Notes to Financial Statements

Note 7. Related-Party Transactions

ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the qualified institution or an affiliate are considered party-in-interest transactions. Additionally, the Company pays certain administrative fees for the Plan, as described in Note 2.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>

Net assets available for benefits per Form 5500	\$ 11,499,421	\$ 9,706,097

The following is a reconciliation of the net increase per the financial statements to Form 5500 for the year ended December 31, 2024:
