## INDEPENDENT AUDITOR'S REPORT

October 13, 2025

To the Plan Administrator and Participants of the  
G&C Foods/Palmer Food Service - 401(k) Retirement Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of G&C Foods/Palmer Food Service - 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of G&C Foods/Palmer Food Service - 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of G&C Foods/Palmer Food Service - 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about G&C Foods/Palmer Food Service - 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## INDEPENDENT AUDITOR'S REPORT

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of G&C Foods/Palmer Food Service - 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about G&C Foods/Palmer Food Service - 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

### Other Matter - Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# G&C FOODS/PALMER FOOD SERVICE – 401(K) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 1. DESCRIPTION OF THE PLAN

The following description of the G&C Foods/Palmer Food Service - 401(k) Retirement Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan’s provisions.

#### **General**

The Plan is a defined contribution plan covering substantially all employees of Palmer Fish Company, Inc. and G&C Food Distributors & Brokers, Inc. (collectively the “Company”). The Plan is subject to the provisions of ERISA.

#### **Administration**

The Company is the Plan sponsor and Plan administrator. Fidelity Management Trust Company (Fidelity) is the custodian and trustee of the Plan and also provides recordkeeping and administrative services for the Plan. The Fiduciary Committee is responsible for the oversight of the Plan and for determining the appropriateness of the Plan’s investment offerings and monitors investment performance.

#### **Eligibility**

Employees that are not nonresident aliens, leased employees, or seasonal employees are eligible for both elective deferral contributions and discretionary employer matching contributions once they have attained age 18 and completed thirty days of consecutive service. Seasonal employees are eligible to participate in the Plan after completing 1,000 hours of service and the attainment of 21 years of age. Entry dates into the Plan for both elective deferrals and discretionary matching contributions are on the first day of the month coinciding with or next following the date of satisfying the eligibility requirements.

Participants are also eligible to receive an allocation of the Company’s discretionary profit-sharing contributions if they have attained age 18, worked at least 1,000 hours during the Plan year, and were employed on the last day of the Plan year.

#### **Contributions**

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation and their contributions treated as a pre-tax deferral, which became effective November 22, 2024. Prior to November 22, 2024, the default deferral rate was 4%. The Plan also includes an auto-increase provision whereby on May 1<sup>st</sup> of each Plan year, participant’s deferral rate will increase by 1% up to a maximum of 10% of compensation. The auto-increase provision applies only to those participants who were auto-enrolled and have not opted out of the auto-increase or completed a salary deferral agreement electing an alternative deferral amount. Participants may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan.

Participants may contribute a percentage of pretax annual compensation (Elective Deferrals), as defined in the Plan, up to the maximum amount allowable in accordance with applicable sections of the Internal Revenue Code (IRC). Participants may also make Roth contributions subject to certain limitations under the IRC

## 1. DESCRIPTION OF THE PLAN (Continued)

### **Contributions (Continued)**

Participants may also rollover contributions from other qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Additional discretionary matching and profit-sharing contributions may be contributed at the option of the Company. The discretionary matching contributions are based on a percentage of a participant's elective deferral amount. For the years ended December 31, 2024 and 2023, the matching percentage was 50% of the first 4% of a participant's elective deferrals contributed each pay period. During 2024 and 2023, discretionary matching contributions totaled \$844,813 and \$921,345, respectively. The Company did not make any discretionary profit-sharing contributions in 2024 or 2023.

### **Participant Accounts**

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the elective deferral contributions, the employer discretionary matching contributions and profit-sharing contributions, and Plan earnings, losses and expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

### **Vesting**

Participants are immediately 100% vested in their Elective Deferrals plus actual earnings thereon. Company discretionary matching and profit-sharing contributions plus actual earnings thereon become 20% vested upon the completion of one year of service and continue to vest at the rate of 20% for each successive year of service until 100% vested after five years of service. Participants are considered to have completed one year of service for vesting purposes upon completion of 1,000 hours of service at any time during the Plan year.

### **Forfeitures**

Forfeitures of non-vested discretionary matching and profit-sharing contributions are used to reduce future employer contributions or offset administrative expenses. Unused amounts are held and invested in a segregated account within the Plan. In 2024 and 2023, there were forfeitures of non-vested employer contributions and earnings on unused amounts totaling \$225,589 and \$141,516, respectively. At December 31, 2024 and 2023, there was \$67,945 and \$71,945, respectively, remaining at year end to reduce future employer contributions or pay administrative expenses. During 2024 and 2023, forfeitures of \$229,590 and \$87,834, respectively, were used to reduce employer contributions and to offset administrative expenses.

### **Notes Receivable from Participants**

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Notes receivable are payable over a period not to exceed 5 years, except when used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator (currently prime plus 1%). Principal and interest are paid ratably through payroll deductions over the term of the loan.

### **Benefit Payments**

The Plan provides for benefit payments upon termination of service, death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in a lump sum amount, in installments, or as a direct rollover into an individual retirement account or another qualified plan.

## 1. DESCRIPTION OF THE PLAN (Continued)

### **Benefit Payments (Continued)**

Vested account balances of \$5,000 or less are paid as lump sum distributions or rollover distributions as soon as administratively possible. The normal retirement age is the date a participant reaches the age of 65. Participants may elect to make an in-service withdrawal of all or part of their account balances upon the attainment of age 59 1/2.

### **Hardship Withdrawals**

Hardship withdrawals from the Plan are permitted under certain circumstances.

### **Administrative Expenses**

The Company elected to pay certain administrative expenses of the Plan which, if not paid by the Company, will be paid by the Plan.

### **Plan Termination**

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

### **Investments and Income Recognition**

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

### **Fair Value Measurements**

The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Fair Value Measurements (Continued)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

### Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to participant contributions.

### Benefit Payments

Benefit payments are recorded when paid.

### Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

### Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no changes to the valuation methodologies used during 2024 and 2023. The following is a description of the valuation methodology used for assets measured at fair value.

*Money market fund and mutual funds:* Valued at fair value based on quoted market prices in active markets.

*Collective trusts:* The collective trusts are valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The collective trust's objective is to seek long term capital growth and appreciation. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trusts, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that the liquidations of the securities will be carried out in an orderly business manner.

#### **4. FAIR VALUE MEASUREMENTS (Continued)**

*Stable value fund:* The stable value fund's objective is to preserve principal and achieve high current income through a diversified portfolio of high-quality investment contracts. The Plan uses the NAV per share of the fund provided by the trustee of the fund as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the trustee reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The fund units are issued and redeemed daily at the constant NAV of \$1 per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### **5. PARTY-IN-INTEREST TRANSACTIONS**

Fidelity served as the custodian and trustee of the Plan's investment assets for the years ended December 31, 2024 and 2023. As such, transactions between the custodian and the Plan qualify as party-in-interest transactions. Additionally, Plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

#### **6. TAX STATUS**

The Plan adopted a pre-approved plan offered by FMR LLC. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
