Independent Auditors' Report

To the Plan Participants and Plan Administrator
Barclays 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Barclays 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Barclays 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of Plan

The following brief description of the Barclays 401(k) Plan (the "Plan") is intended to give a general summary of the Plan's principal provisions. Participants should refer to the Plan's summary plan description for more complete information. Barclays Services Corporation ("BSC" or the "Company") is the Plan sponsor.

General

The Plan, originally established on January 1, 1980, is a defined contribution plan which provides benefits to eligible employees of BSC or affiliates (collectively, the "Company") upon enrollment in the Plan. The assets of the Barclays Bank Delaware 401(k) Plan were merged into the Plan, effective December 2, 2015. Empower-Retirement ("Empower") is the trustee and recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions to the Plan are accumulated in a Trust fund (the "Trust") held by the trustee. These contributions are remitted by the trustee to designated common collective trusts, mutual funds, and investment institutions for the funds. The trustee records the purchase and sale of the investments in accordance with participant direction. Transfers from and to the participants' loan accounts reflect borrowing and repayment of loans made by Plan participants. The 401(k) and Deferred Compensation Committee (the "Committee") selects the Plan's investment funds, managers and advisors and reviews the investment performance of the funds and their investment managers at least quarterly and delegates the administration and legal compliance for the Plan to a subcommittee (the "Subcommittee"). Willis Towers Watson provides investment advisory services to the Committee.

Eligibility

Under the terms of the Plan, employees who are regularly scheduled to work 20 or more hours of service per week and are employed in the United States by BSC or affiliates thereof which is designated as a participating employer of the Plan (the "Employers") are eligible to participate in the Plan upon hire.

Participants' contributions

Each year, participants may contribute up to 50% of pre-tax, Roth after-tax contributions, or a combination. Participants may also contribute up to 6% of after-tax eligible compensation, as defined in the Plan. The combined percentage of pre-tax and after-tax contributions may not exceed 56% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain annual Internal Revenue Service ("IRS") limitations. Under the Internal Revenue Code (the "Code"), the maximum allowable pre-tax and Roth after-tax contribution amount was \$23,000 for 2024 and the maximum allowable catch-up contribution was \$7,500 for 2024.

Employer contributions

Each participant who contributes pre-tax dollars to the Plan during a payroll cycle shall be eligible to receive the Company's matching contribution. If the employee's base pay is \$60,000 or less, the Company will match \$1.50 for every \$1 contributed, up to 6% of the employee's base salary each pay period. If the employee's base pay is more than \$60,000, the Company will match \$1 for every \$1 contributed, up to 6% of the employee's base salary each pay period.

Rollover contributions

A participant may make a rollover contribution to the Plan from another plan qualified under the Code, whether directly or through an individual retirement account, at any time. Any amounts rolled over to the Plan are fully vested and nonforfeitable.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as investment earnings or losses. Participant accounts are charged for certain administrative expenses. The retirement benefit to which a participant is entitled is the vested balance in his or her account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service subject to the vesting percentages as set forth below:

Years of Vesting Service	Vesting Percentage
One, but less than two	25%
Two, but less than three	50%
Three, but less than four	75%
Four or more	100%

Additionally, full vesting occurs upon the death, retirement or total disability of the participant.

Barclays 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Forfeited accounts

Should a participant terminate employment prior to becoming 100% vested, the Company's nonvested matching contributions are forfeited by the participant and applied to restore forfeited accounts for employees that are reemployed by the Company, pay Plan administrative expenses or reduce matching contributions.

In 2024, employer contributions were reduced by \$5,061,474 of forfeitures and plan administrative expenses of \$1,312,179 were paid from forfeitures. At December 31, 2024 and 2023, unallocated forfeitures were \$5,191,279 and \$2,976,495, respectively.

Payment of benefits

After termination of employment, a participant may receive his or her vested account balance.

Distributions upon termination of employment are made in the form of a lump sum, unless the participant elects to receive payment in annual installments over a period not to exceed 15 years. A terminated participant may defer the receipt of their account balance until their required minimum distribution age if their account balance is \$1,000 or greater. In addition, a terminated participant may elect to rollover his or her vested account balance into another qualified plan.

A participant may elect to make a withdrawal from his account during employment. The Plan generally permits two types of withdrawals, hardship and in-service. Hardship withdrawals may generally be made for any of the following reasons provided the participant does not have other resources readily available:

1. To pay college or secondary educational expenses for dependents
2. The purchase or construction of a primary residence.
3. To pay large uninsured medical or dental expenses.
4. To pay expenses related to a death in the immediate family.
5. To prevent eviction or foreclosure on the participant's primary residence or
6. To repair damage to employee's primary residence which would qualify for the casualty deduction under Section 165 of the Code.

The taxable portion of a distribution from the Plan prior to age 59-1/2 is subject to a 10% additional tax, as well as ordinary income tax rates. If only a portion of the account is distributed, the remaining balance will continue to be adjusted for any contributions and investment earnings/losses. In-service withdrawals include after-tax account, deductible employee account, rollover account, company match account and 59 ½ withdrawal.

All in-service withdrawals are paid in a single lump sum.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of (1) \$50,000 minus the employees highest outstanding loan balance from the Plan during the past year or (2) 50% of their vested account balance, minus any outstanding loan balance held by the participant. The loans are secured by the balance in the participant's account. Loans must be repaid no later than five years from the date of their origination, except that loans relating to the purchase of a primary residence must be repaid no later than 15 years from the date of their origination. A participant's account will reflect the loan repayment and interest paid on such loan. Loan repayments are made directly through payroll deductions and are applied first to the interest and then to the principal according to the payment schedule. There were \$26,096,824 and \$24,188,615 loans outstanding at December 31, 2024 and 2023, respectively with maturities through 2042. The interest rate charged on Plan loans is based on the prime rate plus 1%. This rate ranged from 4.25% - 9.50% in 2024 and 2023. There were 3,635 and 2,493 outstanding loans as of December 31, 2024. and 2023, respectively.

Note 2 - Summary of accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. The cost of investments sold is calculated using the average cost method. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Barclays 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable is reclassified as benefits paid to participants based upon the terms of the Plan document and applicable law. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance has been recorded as of December 31, 2024 and 2023.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses in the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Administrative expenses principally comprise investment, legal, audit, custodial, insurance and administration expenses of the Plan and are paid through the Plan's employer match forfeiture account.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the Committee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Barclays 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input to the fair value measurement.

Investments at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market - short-term securities	\$ 197,323,782	\$ -	\$ -	\$ 197,323,782
Common collective trusts	3,322,146,941	-	-	3,322,146,941
Total assets, at fair value	\$ 3,519,470,723	\$ -	\$ -	\$ 3,519,470,723
Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Money market - short-term securities	\$ 199,237,507	\$ -	\$ -	\$ 199,237,507
Common collective trusts	2,848,786,822	-	-	2,848,786,822
Total assets, at fair value	\$ 3,048,024,329	\$ -	\$ -	\$ 3,048,024,329

For the years ended December 31, 2024 and 2023, there were no transfers in and out of Levels 1, 2 and 3.

Fair value of investments in entities that use NAV

The Plan's investments in common collective trusts are managed by BlackRock, Inc. and other investment companies. Their redemption frequency is daily with a one-day redemption notice period. There are no unfunded commitments in these investments.

Note 4 - Financial instruments with a concentration of credit risk

The Plan's assets are held by a single trustee in accordance with the Plan document and trust agreement (the "Agreements"). The Plan's exposure to credit risk is associated with the trustee's nonperformance of its fiduciary responsibilities relating to these amounts as specified in the Agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Note 5 - Related party transaction

Personnel and facilities of the Company are utilized by the Plan at no charge. In 2024, certain administrative expenses were paid by the Company.

Note 6 - Party-in-interest

Empower, the trustee, investment managers and Willis Towers Watson are parties-in-interest.

Empower provides recordkeeping and administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") with the Company. For the year ended December 31, 2024, fees paid by the Plan for these services totaled \$847,241. There have been no known prohibited transactions with a party-in-interest.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their nonvested employer contributions.

Note 8 - Risk and uncertainties

The Plan provides for various investment options in any combination of mutual funds, common collective trusts or other investments with various investment objectives. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Barclays 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 9 - Tax status

The IRS has determined and informed the Company sponsor by letter dated March 16, 2017 that the Plan and related Trust are qualified as to form under the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan is drafted, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

The Plan determined that certain contributions for the plan year ended December 31, 2023 were not remitted in a timely manner. The Plan Sponsor remitted the contributions of \$3,283 and lost earnings of approximately \$642 in February 2024.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more than likely would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 10 - Information certified by the plan trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2024 and 2023, and investment income (loss), other loss and interest income on notes receivable from participants for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Empower Retirement, the trustee of the Plan.

Note 11 - Subsequent events

The Plan Administrator has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued and concluded that there are no subsequent events to disclose.
