Independent Auditors' Report

The Plan Administrator of
Ka Po'e Hana LLC 401(k) Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ka Po'e Hana LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Ka Po'e Hana LLC 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ka Po'e Hana LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ka Po'e Hana LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ka Po'e Hana LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ka Po'e Hana LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KA PO'E HANA LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan

The following description of the Ka Po'e Hana LLC 401(k) Plan (the "Plan") provides only general information. A complete description of the Plan is contained in the Plan Document which governs the operation of the Plan.

General

The Plan is a defined contribution plan established for employees of The Stephen Case Foundation, Case Impact Network, LLC, Revolution Corporate Services, Inc., Revolution Growth Management Company, Inc., Revolution Ventures Management Company, Inc., ROTR Management Company, Inc., ROTR Real Estate Management Company, Inc., Madison County Wines, LLC, Puakea Golf Management, LLC, Haili Moe, Inc., and Kodani & Associates Engineers, LLC (together, the "Company" or "Plan Sponsor"). Employees are eligible to participate in the Plan after attainment of age twenty-one and they can begin making deferral contributions after their first month of employment. They are eligible for matching and other employer contributions after six months of continuous employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's investments are held with Fidelity Management Trust Company ("Fidelity"), the Plan's trustee. The assets held by the trustee are comprised of mutual funds and investments in common collective trusts. Fidelity also provides record keeping services to the Plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and required changes to plan administration and recordkeeping. The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond.

As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act that included optional employee benefit plan provisions to assist plan sponsors and participants. The Plan elected to allow coronavirus-related distributions and enhanced loans under the provisions of the CARES Act.

Contributions

Participant contributions are determined by each individual participant. Participants may contribute up to 90% of their eligible compensation subject to the limits established by the Internal Revenue Code (\$23,000 for 2024 and \$22,500 for 2023). Participants who are age 50 or older may make additional catch-up contributions up to the maximum amount allowed (\$7,500 for both 2024 and 2023). Participant rollover contributions are also allowed. Participants elect to have their contributions invested in various investment options offered by the Plan's trustee. Each participant's account is credited with the participant's contributions and earnings on these contributions. Allocation of plan earnings is based on the investment options and account balances and is allocated based on the proportion of each participant's account balance as it relates to all participant account balances in that investment option.

The Company may elect to make safe harbor matching contributions up to 4% of eligible participant compensation. Matching contributions are calculated based on a participant's eligible compensation and elective deferrals for each pay period.

KA PO'E HANA LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan (Continued)

Contributions (Concluded)

Safe harbor matching contributions made totaled \$766,782 and \$686,637 for the years ended December 31, 2024 and 2023, respectively. The employee deferral contributions totaled \$1,655,262 and \$1,493,526 while rollover contributions totaled \$57,093 and \$108,280 for the years ended December 31, 2024 and 2023, respectively.

The Company may also elect to make non-elective discretionary contributions. To share in an employer discretionary contribution, a participant must have 1,000 or more hours of service for the Plan year and be employed on the last day of the Plan year. Employer discretionary contributions are allocated to participants using an integration formula as defined in the Plan documents. There were no employer discretionary contributions for the years ended December 31, 2024 or 2023.

Vesting

Participants are immediately vested in their 401(k) elective deferral and rollover contributions to the Plan. Participants are fully vested in employer safe harbor matching contributions. Vesting in employer discretionary contributions is based on years of service. At December 31, 2024 and 2023, the vesting schedule for employer discretionary contributions is as follows:

<u>Years of Service</u>	<u>% Vested</u>
1 year	0%
2 year	20%
3 year	40%
4 year	60%
5 year	80%
6 year	100%

Benefit Payments

The Plan provides for benefit payments upon termination, death, disability, age 59 1/2 in-service distributions or normal retirement at the age of 65, based on the vested balance in the participant's account. Coronavirus-related distributions, hardship withdrawals and participant loans are also permitted if certain conditions are met as outlined in the Plan Document. Benefit payments are recorded when paid. There were no significant benefits payable to terminated participants who have withdrawn from the Plan as of December 31, 2024 or 2023.

Notes Receivable – Participant Loans

Participants may borrow up to one-half of their vested account balance up to a maximum of \$50,000. The notes are secured by a portion of the participant's vested account balance and bear interest at a reasonable rate. Notes are generally repaid within five years.

Administrative Expenses

The Company pays for specific administrative costs of the Plan, and the remaining administrative costs of the Plan are paid from the assets of the Plan and allocated to the Plan participants.

KA PO'E HANA LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan (Concluded)

Forfeitures

A participant who terminates and has vested in the employer non-elective discretionary contributions retains the vested portion and the nonvested portion is forfeited when vested amounts are distributed. Forfeitures may first be used to pay Plan expenses. Any forfeitures remaining after paying Plan expenses are used to offset employer matching contributions. Forfeitures applied to offset administrative expenses and employer contributions were \$0 and \$10,144 for the years ended December 31, 2024 and 2023, respectively. Forfeitures available to offset administrative expenses and employer contributions were \$4,357 and \$1,439 at December 31, 2024 and 2023, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value using quoted market prices. Investments in common collective trusts are measured at net asset value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable - Participant Loans

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Income Tax Status

The Plan adopted a prototype plan designed by Fidelity. The prototype plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (Code). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize an adjustment to taxable income if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities

KA PO'E HANA LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 3. Income Tax Status (Concluded)

The Plan sponsor has analyzed the tax positions taken by the Plan, and is not aware of any uncertain tax positions that would require an adjustment to taxable income or disclosure in the financial statements at December 31, 2024 or 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any open tax period.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* (ASC 820), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of inputs other than quoted prices in an active markets that are observable; and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	<u>Total</u>	<u>Fair Value Measurements Using:</u>		
		<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Other Than Quoted Prices In Active Markets that are Observable (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

(1) In accordance with Accounting Standards Update (ASU) 2015-07, certain investments (common collective trusts) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 6. Plan Termination
