(1) Name: **FORVIS MAZARS, LLP**

(2) EIN: **44-0160260**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		4000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X

Independent Auditor's Report

Plan Administrator and Plan Management
Indiana Professional Management Group, Inc.
Employee Stock Ownership Plan
West Lafayette, Indiana

Opinion

We have audited the financial statements of Indiana Professional Management Group, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Indiana Professional Management Group, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Indiana Professional Management Group, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Indiana Professional Management Group, Inc. Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Indiana Professional Management Group, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Indiana Professional Management Group, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Indiana Professional Management Group, Inc. Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

Effective January 1, 2017, the Plan was established by Indiana Professional Management Group, Inc. (Employer or Company) to provide funds to participants to enable them to acquire stock ownership interest in the Company. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Plan is administered by the ESOP Administrative Committee appointed by the Company's Board of Directors. Great Banc Trust Company serves as the trustee of the Plan. Future Plan by Ascensus serves as the recordkeeper of the Plan. Future Plan by Ascensus was acquired by Principal Financial Group effective in May 2024.

On February 28, 2017, the Plan purchased 1,000,000 shares of the Company's common stock with a loan of \$5,031,094. That loan is due to be paid in full by December 31, 2037 (Note 6). The common stock is held in a trust.

Unallocated and Allocated Shares

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the years then ended present separately the assets and liabilities and changes therein pertaining to:

- (A) The accounts of employees with vested rights in allocated common stock (Allocated), and
- (B) Common stock not yet allocated to employees (Unallocated)

Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service and are age 21 or older. Plan entry is each January 1st or July 1st. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year. Participants are eligible upon termination if due to death, disability, retirement on or after age 65.

Employer Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan along with making scheduled benefit payments to participants. Contributions are allocated to participants based on their eligible compensation during the year, subject to the maximum amount permitted under the IRC. Employee and rollover contributions are not permitted.

Notes to Financial Statements
December 31, 2024 and 2023

Participant Accounts

The Plan is a defined-contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Employer contributions are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

The vesting period is six years of credited service with participants becoming 20% vested after two years of credited service, with an additional 20% for each additional year of credited service thereafter. Vesting is based on the effective date of the Plan of January 1, 2017. Participants terminating due to normal retirement, death or disability will be 100% vested.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Payment of Benefits

The method of distribution shall be determined by the Plan Administrator in accordance with the provisions of the Plan and approved policy. Benefit distributions equal to the participant's vested account balance are payable to the participant or the participant's beneficiaries no later than one year following the close of the Plan year upon normal retirement (age 65 and completion of five years participation in the ESOP) or upon death or disability. Terminated participants, other than those noted above, will receive a lump-sum benefit payment if the participant's account balance is less than \$5,000.

Distributions for terminated participants, other than those noted above, whose account balance is greater than \$5,000 will have benefit payments paid in five annual installments. If a participant's account balance is greater than \$1,080,000, the benefit will be paid in ten annual installments.

The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share. Distributions of participants' accounts holding Company stock previously acquired with the proceeds of an exempt loan will be delayed until the close of the Plan year in which such exempt loan is repaid in full. Redemption of all common stock is required by the Plan Sponsor.

At December 31, 2024 and 2023, Plan assets include approximately \$1,516,000 and \$874,000, respectively, allocated to vested accounts of terminated or retired participants who have not yet been paid.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which a participant has not given instructions. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution, unless eligible for floor price protection, in which case, shares are distributed.

Forfeitures

Forfeitures result from termination of employment under circumstances which do not entitle the participant to be fully vested in the participant's accounts and occur on the earlier of the date benefits are paid or the occurrence of five consecutive breaks in service. The nonvested portion of participant account balances are forfeited upon termination of employment. Participants who are 0% vested at termination will be deemed to have been paid and will forfeit immediately. Forfeited nonvested account balances of terminated participants are reallocated to accounts of remaining participants. Forfeitures are allocated in the same manner as Employer contributions. Forfeitures of approximately \$64,000 and \$37,000 were reallocated amongst active participants in the Plan during 2024 and 2023, respectively.

Reinstatement

If a participant becomes a former participant due to severance from employment with the employer and is reemployed before a one-year break in service occurs, the participant may immediately re-enter the Plan. A former participant not fully vested who is re-employed prior to a five-year break in service shall have any forfeited account balance reinstated if the participant repays the full amount previously distributed before the earlier of the date the participant incurs five consecutive breaks in service or the fifth anniversary of the date of re-employment.

Administrative Expenses

The Plan pays for certain expenses incurred by the trustee that are directly related to the administration, execution and interpretation of the Plan.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Committee shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. The valuation of Indiana Professional Management Group, Inc. Employee Stock Ownership Plan common stock held by the Plan is particularly subject to change in the near term.

Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value as determined by the ESOP Administrative Committee (ESOP Committee). The ESOP Committee utilizes an annual independent appraisal as the basis for their determination of fair value. Other investments are recorded at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Dividend income, if any, is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Tax Status

The Plan obtained its latest determination letter on June 18, 2018, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 3. Administration of Plan Assets

The trustee of the Plan holds the Plan's assets, which consist principally of Company common stock.

Company contributions are held and managed by the trustee, which invests cash received, interest and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan, which is reimbursed to the trustee through contributions as determined by the Company.

Note 5. Disclosures About Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

	2024			
	Fair Value Measurements Using			
Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Indiana Professional Management Group, Inc. common stock	\$ 18,910,000	\$ -	\$ -	\$ 18,910,000

	2023			
	Fair Value Measurements Using			
Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Indiana Professional Management Group, Inc. common stock	\$ 15,140,000	\$ -	\$ -	\$ 15,140,000

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. There are no Level 1 securities held by the Plan. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. There are no Level 2 securities held by the Plan. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy and include Indiana Professional Management Group, Inc. common stock.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan trustee. The Plan trustee contracts with an independent valuation specialist to generate fair value estimates on an annual basis. The Plan trustee challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

The per share fair value of the common stock is determined by annual independent appraisals made by ESI Equity as of December 31, 2024 (\$18.91) and 2023 (\$15.14) and approved by Plan management. The Plan's independent trustee is responsible for engaging the valuation specialist including evaluation of the specialist for appropriate credentials. In addition, the independent trustee is responsible for reviewing the overall assumptions made in the valuation report for reasonableness, and finally approves the valuation report. The valuation specialists utilized a discounted cash flow method using forecasting from 2025-2029. The appraisal also included a discount for lack of marketability of 5%.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	<u>Common Stock</u>
Balance, January 1, 2023	\$ 11,610,000
Total unrealized gains	<u>3,530,000</u>
Balance, December 31, 2023	15,140,000
Total unrealized gains	<u>3,770,000</u>
Balance, December 31, 2024	<u>\$ 18,910,000</u>

For the years ended December 31, 2024 and 2023, realized and unrealized gains and losses are included in net increase in net assets available for benefits. During 2023 and 2024, unrealized gains are reported as net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 6. Note Payable

On February 28, 2017, the Plan entered into a \$5,031,094 term loan agreement with the Company. The note bears interest at 2.81% and matures on December 31, 2037. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral for the loan. After the initial purchase of 100,000 shares, shares will be released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of the year's payments, plus all future years' principal and interest payments. The loan requires annual fixed principal payments of \$251,555, plus interest, due December 31st.

The scheduled amortization of the loan for the next five years and thereafter is as follows:

2025	\$	251,555
2026		251,555
2027		251,555
2028		251,555
2029		251,555
Thereafter		<u>2,012,078</u>
	\$	<u>3,269,853</u>

Note 7. Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA. The Company paid all administrative fees during 2024 and 2023.

The Company provides certain administrative services at no cost to the Plan.

Note 8. Risk and Uncertainties

The Plan primarily invests in Company common stock, which is exposed to various risks, such as market and credit risk. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 7, 2025, which is the date the financial statements were available to be issued.
