Independent Auditor's Report

RSM US LLP

Administrative Committee
Technical Safety Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Technical Safety Services, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2024, and Schedule H, Line 4i—Schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Technical Safety Services, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Technical Safety Services, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective January 1, 2024, the plan was renamed from Contamination Control and Certification Holdings, Inc. 401(k) Plan to Technical Safety Services, LLC 401(k) Plan.

General: The Plan is a defined contribution plan covering employees of Technical Safety Services, LLC, (the Plan Sponsor), as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: Effective January 1, 2023, employees become eligible immediately upon employment. However, non-elective employer contributions and matching employer contributions are applicable for employees who have completed six months of service. Employees may begin participating in the Plan beginning on the first day of the month immediately following or coinciding with an employee's satisfaction of the eligibility requirements.

Contributions: Participants are permitted to contribute pre-tax and after-tax contributions to the Plan. Participants may make contributions of up to 100% of their annual compensation, as defined in the Plan, subject to an annual limit imposed by the Internal Revenue Code (IRC). Participants who have attained the age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

The Plan includes an automatic salary contribution feature. The Plan Sponsor will automatically withhold a portion of an employee's compensation for each payroll period and contribute to the Plan as a pre-tax contribution. The automatic contribution provision applies to all new eligible employees who become participants on or after the effective date of the automatic contribution provisions. The amount to be automatically withheld from an employee's pay each payroll period will be equal to 3% of compensation. The amount will increase annually by 1% of compensation up to a maximum of 15%. Plan participants have the option to specify their individual contribution rate or opt out of participation altogether and may increase or decrease the amount of contributions at any time.

In addition to participant contributions, the Plan Sponsor may make a discretionary matching contribution equal to a uniform percentage of participant contributions to an active participant during the contribution period. The Plan Sponsor's matching contributions for the year ended December 31, 2024, equaled 2% of participant eligible wages up to total contributions. The Plan Sponsor may make discretionary nonelective contributions at the option of the Plan Sponsor's Board of Directors. No discretionary nonelective contributions were made during the year ended December 31, 2024. Contributions are subject to certain limits.

Investment options: Participants direct the investment of their contributions and any employer contributions into various investments offered by the Plan, which include mutual funds and common collective trust funds. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Plan Sponsor's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service, death, disability or retirement, a participant or beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants may request hardship distributions, as defined. Participants can request in-service distributions upon reaching the Plan's normal retirement age.

If the Participant's vested account is less than or equal to balance exceeds \$5,000, no distribution will be made from the Plan without the participant's consent. If a participant's vested account balance upon termination of service, death, disability or retirement is greater than \$1,000 but less than \$5,000, a participant can elect a distribution option or if no election is made, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan Administrator. If a participant's vested account balance is \$1,000 or less, a lump-sum amount distribution is the required form of distribution on termination of service, death, disability or retirement.

Vesting: Participants are immediately vested in all participant contributions, including catch-up and rollover contributions. Participants are vested in the Plan Sponsor's contributions plus actual earnings thereon based on years of continuous service. A participant vests based on the following years of service:

Years of Service	Vesting Percentage	
	Non Elective employer contribution	Matching Employer Contribution
Less than 1	0%	0%
1	5%	25%
2	20%	50%
3	40%	100%
4	60%	100%
5	80%	100%
6 or more	100%	100%

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

Forfeited accounts: At December 31, 2024 and 2023, forfeited non-vested balance totaled approximately \$55,000 and \$77,000, respectively. Forfeitures can be used to pay plan expenses or to reduce employer matching contributions. During the year ended December 31, 2024, approximately \$100 of forfeitures were used to pay administrative expenses and \$96,000 were used to reduce matching contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 9.50%, on loans outstanding at December 31, 2024 and 2023. The Plan's participant loans mature through July 2032. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan prepares its financial statements on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from Plan participants and the contributions from the Plan Sponsor are recorded in the year in which the participant compensation is paid.

Note receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Plan benefits are recorded when paid.

Subsequent events: Management has evaluated subsequent events through October 6, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution:

	December 31	
	2024	2023
Investments at fair value:		
Mutual funds	\$ 38,214,577	\$ 28,458,942
Common collective trust	5,237,286	4,833,874
Notes receivable from participants	635,437	340,500

During the year ended December 31, 2024, Fidelity Management Trust Company, the trustee, also certified to the completeness and accuracy of \$1,440,215 of interest and dividends, \$35,971 of interest income on notes receivable from participants and \$3,710,208 of net appreciation in fair value of investments (including investments bought, sold and held during the year).

Note 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participant would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs that are not corroborated by market data

When available, quoted market prices are used to determine the fair value of investments held in the Plan and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2024, compared to December 31, 2023.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Common collective trust funds invest primarily in traditional guaranteed investment contracts and other short-term investments. The Plan's investment is not considered a direct investment in investment contracts, and accordingly, the fund is presented at fair value using the net asset value practical expedient. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur immediately.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	Fair Value Measurements as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 38,214,577	\$ 38,214,577	\$ -	\$ -
Total assets in the fair value hierarchy	38,214,577	\$ 38,214,577	\$ -	\$ -
Investments measured at net asset value*:				
Common collective trusts	5,237,286			
Total assets at fair value	<u>\$ 43,451,863</u>			
Description	Fair Value Measurements as of December 31, 2023			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 28,458,942	\$ 28,458,942	\$ -	\$ -
Total assets in the fair value hierarchy	28,458,942	\$ 28,458,942	\$ -	\$ -
Investments measured at net asset value*:				
Common collective trusts	4,833,874			
Total assets at fair value	<u>\$ 33,292,816</u>			

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes additional disclosures of the Plan's investments whose fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023:

	2024 Fair Value	2023 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts (a)	\$ 5,237,286	\$ 4,833,874	\$ -	Daily	None

(a) Investments in this category generally may be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. Participants that transfer out of certain common collective trust investments may be subject to a 90-day wait period prior to transferring funds back to the common collective trust fund.

Note 5. Related Parties and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and administration services amounted to \$107,273 for the year ended December 31, 2024. The Plan Sponsor also paid certain administrative expenses of the Plan.

Technical Safety Services, LLC 401(k) Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their entire accounts.

Note 7. Tax Status

The Plan has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the pre-approved plan document; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to the Form 5500:

	December 31	
	2024	2023

Note 9. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of net increase available for benefits per the financial statements at December 31, 2024, to the Form 5500:

	Year Ended December 31, 2024
Net increase in net assets available for benefits per the financial statements	\$ 10,485,193
Change in employer contributions receivable	(6,211)
Change in employee contributions receivable	(24,998)
Net income per the Form 5500	<u>\$ 10,453,984</u>

Note 10. Nonexempt Transactions

During 2021 through 2024 plan years, the Sponsor inadvertently failed to deposit approximately \$2,958,219 of participant deferrals within the required timeframe as stated by the DOL regulations. The Sponsor intends to reimburse the Plan for lost interest. The Sponsor intends to file Form 5330 and intends to pay the applicable excise tax in 2025. The Sponsor did correct 2022 late deferrals in the amount of \$160,325 through corrections outside of VFCP. The excise tax payments will be made from the Sponsor's assets and not from assets of the Plan. The Sponsor also intends to reimburse the Plan for lost interest and file Form 5330 for late deposits from previous years that are not yet corrected.
