INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Fayez Sarofim & Co. Profit Sharing Plan:

Opinion on the 2024 Financial Statements

We have audited the financial statements of Fayez Sarofim & Co. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2024, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - Modified Cash Basis as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule - modified cash basis, we evaluated whether the supplemental schedule - modified cash basis, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule - modified cash basis is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

2023 Financial Statements

The financial statements of Faye Sarofim & Co. Profit Sharing Plan as of December 31, 2023, were audited by Pannel Kerr Forster of Texas, P.C., who joined WithumSmith+Brown, PC on June 1, 2025. Their report dated September 24, 2024, expressed an unmodified opinion on those statements and included an other-matter paragraph that provided an opinion that the information in the 2023 supplemental scheduled was fairly stated in all materially respects in relation to the financial statements as a whole.

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The books and records of the Fayez Sarofim & Co. Profit Sharing Plan (the “Plan”) are maintained on the modified cash basis of accounting and its financial statements and supplemental schedule are prepared on the same basis of accounting. Under this method, income is recorded when received, including withholdings on foreign dividends are recorded as other receivables, rather than when earned and contributions to be made by the employing companies (sponsors) are accrued at year-end. Vested interest distributions are recorded when paid.

Determination of Realized and Unrealized Gain or Loss on Investments

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gain or losses recognized in prior years. Unrealized appreciation or depreciation and realized gains or losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits - modified cash basis.

Valuation of Plan Assets

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Use of Estimates

The preparation of financial statements, in conformity with the modified cash basis of accounting, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. DESCRIPTION OF THE PLAN

General

The description of the Plan noted below provides only general information. Employees should refer to the summary plan description for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering employees of Fayez Sarofim and Co. (the “Company”) and other entities owned and commonly controlled. Effective February 28, 2023, the name of the Company was changed to Fayez Sarofim and Co., LLC. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Effective August 28, 2023, The Sarofim Foundation has adopted the Plan. Effective December 31, 2023, FSS & RGW Services, Inc. (“FSS & RGW”) employees are no longer eligible to participate in the Plan.

Eligibility

Employees automatically become participants of the Plan on January 1, immediately following their date of employment. No action on the part of the employee is necessary. The Plan excludes interns and independent contractors.

Contributions

During the year ended December 31, 2024, the Company contributed an amount which, when added to the forfeitures, if available, was equal to 25% of compensation paid to all eligible participants for all participating employers of the Plan, except for Sarofim Realty Advisors Co. and 33-35, LLC, which were paid 10% of compensation, and Sarofim Foundation which was paid 20% of compensation. Compensation taken into account for purposes of the Plan cannot exceed an indexed dollar amount per individual per year (\$345,000). Furthermore, the total amount of the Company contributions (and forfeitures) allocated in any year on behalf of a participant under this plan cannot exceed the lesser of \$69,000, (as adjusted for cost-of-living increases) or the percent of compensation described above. All contributions are placed in a trust fund to be invested for the exclusive benefit of the participants. Participants are not allowed to contribute to the Plan.

Participant Accounts

Each participant's account is credited with an allocation of the Company's contributions, Plan earnings/losses, and forfeitures of non-vested accounts of terminated participants. Allocations of Company contributions and participant forfeitures are determined by dividing the total compensation each participant received during the Plan year by the total compensation received by all Plan participants during the Plan year. Allocations of investment income/loss and investment appreciation/depreciation are determined by dividing the participant's account value on the preceding valuation date by the total participants' account values on the preceding valuation date. All investments held in the Plan are non-participant directed.

Vested Interest Distributions and Vesting Schedule

Participants are vested in their accounts based on years of vesting service. One year of vesting service requires completion of 1,000 hours of service. A participant is 20% vested after two years of service and vests 20% each year thereafter until fully vested.

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the account, annual installment payments over a 20-year period, or a commercial life annuity.

Upon attaining the age of 59 ½ years, a participant who has participated in the Plan for at least 60 cumulative months may withdraw from his or her profit sharing account an amount not to exceed the value of such account. Amounts accumulated in the previous pension plan (which was merged into the Plan in 2003) may not be distributed until termination of service. Annual required minimum distributions are necessary for participants over the age of 73 or if later, the year in which they retire. If the account owner is a 5% owner who has reached age 73, they are required to take a distribution regardless of whether they are retired.

Forfeitures

If a participant terminates employment before having a fully vested interest in their account, the non-vested balance of the account will be forfeited. Forfeitures are retained in the Plan and are used to first restore the forfeited amount of a terminated participant if he is reemployed prior to incurring a five consecutive year break in service assuming the participant repays the amount so distributed to him from the Plan within five years from the date the participant is reemployed. A reemployed participant, who had a 0% vested interest on their date of termination of employment, shall be considered to have repaid a distribution of zero dollars on the date of their reemployment. Any remaining forfeitures are used to offset the Company's contribution. The Plan used \$421,780 in forfeitures to offset contributions during 2024. No forfeitures were used to restore participant accounts during 2024. No forfeitures were used to restore participant accounts or offset contributions during 2023. As of December 31, 2024 and 2023, there were \$0 and \$253,945 forfeitures, respectively, that remained in the Plan.

Trustee

The Plan is administered by a committee of at least three members appointed by the directors of the sponsoring companies. A trust has been established to hold and invest employers' contributions and income thereon. Generally, the trust holds, manages, controls, invests, and disposes of the trust fund assets, subject to certain investment limitations in "qualifying securities," as defined in the Plan. Sarofim Trust Co. is the trustee of the Plan.

Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

3. FAIR VALUE MEASUREMENTS

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

Level 1 - quoted prices in active markets for identical assets or liabilities;

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the valuation method is considered appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of the financial instruments could result in a different fair value measurement at the reporting date.

Common stock traded on the New York or NASDAQ Stock Exchanges is valued at the closing market price, while stock traded over-the-counter, if applicable, is valued at the closing bid price.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024		2023	
	Level 1	Total	Level 1	Total
Common stock	\$ 223,045,964	\$ 223,045,964	\$ 216,108,262	\$ 216,108,262

4. PLAN ADMINISTRATION COST

The Company has elected to pay expenses related to the administration of the Plan.

5. OTHER EMPLOYING COMPANIES

Corporations, associations, or partnerships owned or controlled completely by the Company. are part of the Plan. For purposes of the Internal Revenue Code ("IRC"), the Plan, as adopted by all employing companies, is currently a single plan. The Plan's provision allows participation by employing companies not commonly controlled by the Company to operate as a multiple employer plan. All assets in the Plan are available to pay benefits to all participants and their beneficiaries.

6. INCOME TAX STATUS

The Internal Revenue Service ("IRS"), in a determination letter dated May 7, 2015, has ruled that the Plan qualifies under Section 401(a) of the IRC and, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan was amended and restated in its entirety effective January 1, 2014 most recent amendment is dated November 13, 2024. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan was amended and restated in its entirety effective January 1, 2025 (see Note 8).

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. FINANCIAL INSTRUMENTS AND CREDIT RISK

Financial instruments, which potentially subject the Plan to credit risk, include investments in common stock. Investment securities are exposed to various risks, such as interest rate, market, concentration and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis. Plan participants bear the risk of any Plan investment losses. As of December 31, 2023 there was one investment that represented a concentration of greater than 10% of the Plan's net assets available for benefits. There were no investments greater than 10% of the Plan's net assets available for benefits as of December 31, 2024.

8. SUBSEQUENT EVENTS

The Plan was fully amended and restated effective January 1, 2025. Significant changes to the Plan include the removal of Sarofim Realty Advisors, Co. as a participating employer, the requirement for employees to complete 1,000 hours of service before becoming eligible to participate, and participant vesting now reflecting a 1-5 year graded schedule. Additionally, Plan entry dates now occur on the first day of the first and seventh months of the year.

Management has evaluated subsequent events through October 13, 2025, which was the date the financial statements were available to be issued, and has determined that there are no other events requiring disclosure.
