INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Sumitomo Rubber USA, LLC Employee Savings Plan for
Salaried Employees
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Sumitomo Rubber USA, LLC Employee Savings Plan for Salaried Employees ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to

meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Sumitomo Rubber USA, LLC Employee Savings Plan for Salaried Employees (the “Plan”), are maintained on the accrual basis of accounting.

Plan Year

The Plan Year is a calendar year.

Trust Assets

The Plan’s investments are held directly in a trust by Empower Trust Company, LLC (the “Trustee”), except for the Plan’s investment in the Stable Value Fund, which is accounted for as an individual master trust account, referred to as the Stable Value Fund Trust. The Stable Value Fund provides information to the Trustee who records the Plan’s portion of the balance daily and has included the investment in their certified statements.

Recordkeeper

Empower Retirement, the retirement services business of Great-West Financial, is the recordkeeper of the Plan.

Investment Valuation and Income Recognition

The investments of the Plan, except for the Plan’s interest in the Stable Value Fund Trust (the “Master Trust”), are reported at fair value. The fair value of investments held by the Plan, except for its interest in the Master Trust, is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (See Note 7). The value of the Plan’s interest in the Master Trust is based on the beginning of the year value in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Investment income and expenses of the Master Trust are allocated on a monthly basis to the Plan based on the Plan’s interest in the Master Trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the respective periods.

Notes Receivable from Participants

The Plan allows notes from participants in accordance with the Plan document. These notes are reported at the unpaid principal balance plus accrued interest, less an estimated provision for uncollectible loans. Notes are deemed distributions by the Plan when they are determined to be in default.

Concentration of Credit Risk

The Stable Value Fund invests part of the fund in investment contracts of financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that are intended to maintain safety and liquidity.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and related notes to financial statements. Changes in such estimates may affect amounts reported in future years.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

NOTE 2 – GENERAL DESCRIPTION AND OPERATION OF THE PLAN

General

The Plan is a defined contribution plan covering salaried employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All salaried employees, including officers, of the Company are eligible to participate in the Plan as of the first enrollment date after completing ninety days of continuous service with the Company. Newly eligible employees are automatically enrolled at 4% of compensation for the employee deferral, and commencing on the first day of May following their first full calendar year of participation, annual 1% incremental increases up to 10% of compensation unless the employee elects otherwise.

Vesting

Employee contributions are fully vested. Company contributions vest after the participant has completed two years of continuous service with the Company.

Contributions

Eligible employees may elect to contribute from 1% to 50% of earnings, including wages, certain bonuses, commissions, overtime and vacation pay into the Plan, subject to certain limitations under the Internal Revenue Code. In addition, the Plan permits catch-up contributions by participants who have attained age 50 by December 31 of each year.

Participating employees may elect to have their contributions invested in any of the funds available for employees at the time of their contributions. The Company calculates and deducts employee contributions from gross earnings each pay period based on the percent elected by the employee. Employees may change their contribution percent at any time. The change will become effective as soon as administratively possible after it is submitted. Employees may suspend their contributions at any time.

All participants are entitled to elect employee contributions to be on a pre-tax, post-tax, or Roth 401(k) contribution basis, subject to certain limitations under the Internal Revenue Code.

The Plan has been established under Section 401 of the Internal Revenue Code. Therefore, employee (except for Roth 401(k) and post-tax contributions) and employer contributions to the Plan are not subject to Federal income withholding tax, but are taxable when withdrawn from the Plan.

The Plan provides a Company Retirement Contribution equal to 3% of compensation and a Company matching contribution equal to 50% of the first 4% of compensation that the employee contributes to the Plan. Associates hired before April 1, 2007 are eligible for additional age-based employer contributions of up to 6% of compensation. The employee can elect to invest Company contributions in any of the investment options available for employee contributions.

Participants may transfer amounts attributable to employee or employer contributions from one fund to the other on a daily basis subject to compliance with applicable trading policies of the Plan.

During 2024, the Company failed to remit certain participant contributions and loan repayments on a timely basis in accordance with Department of Labor (“DOL”) regulations. The Company remitted the late contributions to the Plan on April 12, 2024. In addition, the Company calculated and paid lost earnings to the participants’ accounts on April 24, 2025 to fully compensate for the delay.

Participant Accounts

A variety of funds have been established for each participant in the Plan. All accounts are valued by the Trustee at the close of business following each business day.

Interest and dividends are automatically reinvested in each participant's respective accounts and reflected in the unit value of the fund which affects the value of the participants' accounts.

Plan Withdrawals and Distributions

Participants may take in-service distributions of vested amounts from their accounts if they:

- Attain the age of 59½, or
- Qualify for a financial hardship.

The Internal Revenue Service ("IRS") issued guidelines governing financial hardship. Under the IRS guidelines, withdrawals are permitted for severe financial hardship.

Participant vested amounts can remain in the Plan or are eligible to be paid upon retirement, death or other termination of employment.

All withdrawals and distributions are valued as of the end of the day they are processed, and may be subject to income tax upon receipt. Any non-vested Company contributions are forfeited and applied to reduce future Plan expenses and contributions by the Company. As of December 31, 2024 and 2023, the Plan had forfeiture credits of \$201,581 and \$186,076, respectively.

Notes Receivable from Participants

Eligible employees may borrow money from their participant accounts. The minimum amount to be borrowed is \$1,000. The maximum amount to be borrowed is the lesser of \$50,000 reduced by the highest outstanding balance of any notes during the preceding twelve month period, or 50% of the participant's vested account balance. Participants may have up to two notes outstanding at any time. The interest rate charged is a fixed rate established at the time of the application based on prime plus one percent (8.75% and 9.50% at December 31, 2024 and 2023, respectively).

Repayments, with interest, are made through payroll deductions. If a note is not repaid when due, the outstanding balance is treated as a taxable distribution from the Plan. An allowance for credit losses of approximately \$632,000 and \$73,000 was recorded at December 31, 2024 and 2023, respectively, related to the loan balances that are in default and are believed to be uncollectible.

Rollovers

Employees, Plan participants, or former Plan participants may transfer eligible cash distributions from any other employer sponsored plan qualified under Section 401 of the Internal Revenue Code into the Plan by a direct transfer from such other plan.

Expenses

Expenses of administering the Plan are paid partly by the Company and partly by the Plan's trust. The Trustee's fees and investment advisory fees are paid by the Company. Expenses related to the asset management of the investment funds were paid from such funds which reduce the investment return reported and credited to participant accounts. Recordkeeping fees are paid from funds in which a participant invests.

The Professional Management Program offered by Advised Assets Group, LLC., an affiliate of Great-West Financial, is available to all participants. This program provides personalized portfolio management for participants who elect to delegate their investment decisions about fund choices within the Plan to a professional manager. Participation in the program is paid solely by enrolled participants. The expense reduces the investment return reported and credited to participant accounts.

Termination Provisions

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event of termination, the obligation of the Company to make further contributions ceases. All participants' accounts would then be fully vested with respect to Company contributions.

During the year ended December 31, 2024, a partial plan termination occurred as a result of events described in Note 8 regarding the Plan Sponsor. At the time the partial plan termination occurred, all participant accounts became 100% vested.

NOTE 3 – FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information as of December 31, 2024 and 2023 and for the year ended December 31, 2024 is certified complete and accurate or derived from information certified complete and accurate by Empower Trust Company, LLC, the Trustee of the Plan.

NOTE 4 – TAX STATUS OF PLAN

The IRS has determined and informed the Company by a letter dated April 14, 2014 that the Plan is qualified and the trust established for the Plan is exempt from Federal Income Tax under the appropriate Sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Net Investment Gain	\$ 306

NOTE 7 – FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are classified using the following hierarchy, which is based upon the transparency of inputs to the valuation as of the measurement date:

- Level 1 – Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that were measured at net asset value (“NAV”) per share are not classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to total investments at fair value of the Plan.

SUMITOMO RUBBER USA, LLC
EMPLOYEE SAVINGS PLAN
FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Valuation methodologies used for assets measured at fair value are as follows:

Mutual funds: Valued at the NAV of shares held by the Plan at year end, as determined by the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts: Valued at the NAV of units held by the Plan or Stable Value Fund at year end, as determined by a pricing vendor or the fund family. The common/collective trusts are invested to earn returns that match or exceed U.S. or international equity and fixed income indexes. The NAV, as provided by the trustee of each common/collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any common/collective trust, each investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The common/collective trusts had no unfunded commitments, daily pricing frequency, and full redemption notice periods that extend no greater than 30 days.

Self-directed accounts: The self-directed accounts are invested in various mutual funds and cash and cash equivalents. The mutual funds are valued at the NAV of shares held by the Plan at year end, as determined by the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
