## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of:

### **DLC RESOURCES, INC. EMPLOYEE STOCK OWNERSHIP PLAN**

#### **Opinion**

We have audited the financial statements of DLC Resources, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of DLC Resources, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DLC Resources, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DLC Resources, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DLC Resources, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DLC Resources, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter—Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**DLC RESOURCES, INC. EMPLOYEE STOCK OWNERSHIP PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF THE PLAN**

The following description of the DLC Resources, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement (Plan Document) for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan and was established by DLC Resources, Inc. (the Company), effective January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of the Company are generally eligible to participate in the Plan once they have completed one year of service and are age 21 or older. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the Plan year are generally not eligible for an allocation of Company contributions for such year. The Plan is administered by the Company.

In 2017, 2014 and 2013, the Plan purchased 57,000, 190,000 and 290,000 of the Company's common stock, respectively, using the proceeds of loans from the Company, and holds the stock in a trust established under the Plan. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees' accounts as of the end of the Plan year, in accordance with applicable regulations under the Code.

Contributions

Contributions to the Plan are at the discretion of the Company, except that the Company must contribute an amount necessary to meet principal and interest payments on the loan incurred by the Plan to purchase the Company's shares of common stock. To the extent necessary, the Company shall contribute to the Plan the amount necessary to provide the top heavy minimum contribution as set forth in IRC.

During 2024, contributions received from the Company totaled \$450,000.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is nonparticipant directed. Each participant's account is increased with allocations of (a) the Company's contribution; (b) Plan earnings; (c) forfeitures of terminated participants' non-vested accounts; (d) dividends paid on DLC common stock; (e) appreciation/depreciation of DLC common stock; and decreased by (f) Plan expenses. Allocations are based on a participant's allocated shares of DLC common stock, relative to the total allocated shares with the Plan owned by all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. However, if employment is terminated because of service, a participant will receive a lump-sum distribution equal to the value of the participant's account if the amount is \$1,000 or less. If the amount is greater than \$1,000, participant can elect to receive either a lump sum amount or leave such amount in the Plan until normal retirement age. Finally, benefits are recorded when paid.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to the participant's account with respect to a corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets or a trade or business, or such similar transaction. If participant's timely right to vote is not exercised, the Trustee will vote such Company stock.

**NOTES TO THE FINANCIAL STATEMENTS, (CONTINUED)**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF THE PLAN, (CONTINUED)**

Vesting

The vesting is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Put Options

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Participants who are at age 55 with at least 10 years of participation in the Plan and at least \$500 in fair market value of Company Stock in their account may elect to diversify a portion of the Company stock included in their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. Participants who elect to diversify receive a cash distribution.

Forfeitures

Participants who terminated their enrollment in the Plan forfeited nonvested accounts totaling \$673 and \$4,473, respectively, for the years ended December 31, 2024 and 2023. These amounts were reallocated to the remaining eligible participants.

Subsequent Events

Management has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. Revenues are recognized when earned, and expenditures are recognized when incurred.

Administrative Costs

The Plan has entered into service contracts with outside consultants and agencies to perform certain administrative services for the Plan. The fees for these services are paid by the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in common stock of the Plan sponsor. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participants' account balances and the amounts reported in the financial statements.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

Cash is valued at the net asset value of shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The common stock of DLC Resources, Inc., the employer, is based on an annual independent appraisal valuation specialist.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<b>December 31, 2024</b>			
	Level 1	Level 2	Level 3	Total
Assets:				
Common Stock	\$ -	\$ -	\$ 16,050,000	\$ 16,050,000
Cash	255,303	-	-	255,303
Total Investments at Fair Value	\$ 255,303	\$ -	\$ 16,050,000	\$ 16,305,303
	<b>December 31, 2023</b>			
	Level 1	Level 2	Level 3	Total
Assets:				
Common Stock	\$ -	\$ -	\$ 15,750,000	\$ 15,750,000
Cash	329,267	-	-	329,267
Total Investments at Fair Value	\$ 329,267	\$ -	\$ 15,750,000	\$ 16,079,267

The following table provides a summary of changes in fair value of the Plan's Level 3 investments in DLC Resources, Inc. common stock for the year ended December 31, 2024:

Balance at beginning of year	\$ 15,750,000
Change in fair value of common stock	300,000
Balance at end of year	\$ 16,050,000

The fair value of the Sponsor Company common stock is determined by an annual independent appraisal. Plan management provided the appraiser with the Company's historical tax returns, internally-prepared financial statements, and other information. The appraiser prepares a preliminary report which plan management and the Trustees review in detail, discuss and approve.

**NOTE 3 – FAIR VALUE MEASUREMENTS, (CONTINUED)**

Both the 2024 and 2023 appraisals were based on a combination of market, income and asset approaches using methods the appraiser believes will provide the best estimate of value. The appraiser took into account historical and projected cash flow and net earnings, the company's assets and liabilities, market comparables, and applicable premiums and discounts.

The methods used to measure fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

**NOTE 4 – TAX STATUS**

The Internal Revenue Service has determined and informed the Plan by a letter dated September 8, 2015, that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan continues to operate in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

**NOTE 5 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

**NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others.

The Plan invests in Company common stock, which is considered a related party and party-in-interest transaction.
