(1) Name: **HUNGERFORD**

(2) EIN: **38-2184825**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X

INDEPENDENT AUDITOR'S REPORT

October 14, 2025

To the Plan Administrator of
the Innotec Employee Stock Ownership Plan
Zeeland, Michigan

Opinion

We have audited the accompanying financial statements of Innotec Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Innotec Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Innotec Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Innotec Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Innotec Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Innotec Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A – Description of Plan

The following description of the Innotec Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Innotec, Corp. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Contributions

Effective January 1, 2024, full-time employees who have attained age 18 are eligible to participate in the Plan on the date of hire. Part-time employees become participants on the first entry date after one year of service (1,000 hours in a 12-month period) and attainment of age 18. Prior to January 1, 2024, the minimum age for participation in the Plan was age 20.

Contributions to the Plan consist of discretionary amounts of cash or common shares, as determined by the Board of Directors. For the years ended December 31, 2024 and 2023, the Company contributed \$550,000 and \$588,899 in cash to the Plan, respectively. The Company contributed no shares of Company common stock to the Plan for the Plan years ended December 31, 2024 and 2023.

Plan Operations

The Company acts as plan administrator and has appointed a third party to act as Trustee. The Trustee is responsible for holding the investment assets of the Plan, voting shares of Company stock, executing investment transactions, and making distributions to participants. The plan administrator interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions from the Plan to participants.

Participant Accounts

Each participant's account is credited with an allocation of Company contributions and Plan earnings or losses. Allocations are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Put Option

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants and is not readily tradable on an established market includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is equal to the value of the stock on the most recent valuation date. The Company can pay for the purchase with interest over a period of five years or in a lump-sum payment. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTES TO FINANCIAL STATEMENTS

INNOTECH EMPLOYEE STOCK OWNERSHIP PLAN

December 31, 2024 and 2023

Note A – Description of Plan (Continued)

Vesting and Forfeitures

The Company's contributions vest according to a graduated schedule based on years of continuous service. A participant is 100% vested after six years of credited service.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participants terminated prior to December 31, 2006 became fully vested after seven years of credited service.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each qualified participant. In each of the first five years, a participant may diversify up to 25% of the value of shares allocated to their account, less any shares previously diversified. In the sixth year, the participant may diversify up to 50% of the value of shares allocated to their account. Participants who elect to diversify receive a cash distribution.

Payment of Benefits

Upon termination of service due to death, disability, or retirement after age 65, a participant may request a distribution during the first plan year following the end of the plan year in which the termination occurred or in any subsequent plan year.

Upon termination of employment for any other reason, a participant may request a distribution during the second plan year following the end of the Plan year in which the termination occurred or in any subsequent plan year.

Distributions of vested benefits of \$5,000 or under will be made in a single lump-sum payment. If the vested benefits are more than \$5,000, payment will be made in substantially equal annual installments over a period of four years; however, if the vested benefits are less than \$25,000, the participant may request a single lump-sum payment instead of installment payments.

Note A – Description of Plan (Continued)

Operating Expenses

As provided in the Plan Agreement, administrative expenses may be paid by the Plan or by the Company.

Voting Rights

All Company common stock held by the trust shall be voted by the trustee, as the trustee determines. In certain situations, a participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee shall vote any unallocated shares held by the trust, as well as any allocated shares for which a participant has failed to give timely voting direction.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments and Income Recognition

Investment in Company common stock is reported at estimated fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid or as in accordance with the Plan document.

Note B – Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events have been evaluated by management through October 14, 2025, the date the financial statements were available to be issued.

Note C – Investments

Investments consist solely of Company common stock. At December 31, 2024, the Plan held 11,668 shares of the Company common stock with an estimated fair value of \$9,813,027. At December 31, 2023, the Plan held 11,777 shares of the Company common stock with an estimated fair value of \$8,930,841.

Note D – Fair Value Measurements

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodology was used to measure the fair value of the Plan's investments:

Common Stock - The fair value of Company common stock is valued at estimated fair value based upon an independent appraisal. This appraisal is based upon an income approach, specifically using a discounted future cash flow method.

NOTES TO FINANCIAL STATEMENTS

INNOTEK EMPLOYEE STOCK OWNERSHIP PLAN

December 31, 2024 and 2023

Note D – Fair Value Measurements (Continued)

The valuation process involves the Plan Trustee’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company, as well as Company operating and sales forecasts. The appraiser prepares a preliminary report that Plan management, along with the employee stock ownership plan (ESOP) trustee, reviews in detail, discusses, and approves. The results of this process are documented in minutes of the ESOP Committee.

The Plan’s valuation method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value on a recurring basis as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
<u>Level 3 Investments</u>		
Innotec, Corp. common stock	\$ 9,813,019	\$ 8,930,842

The Plan distributed 109 shares valued at \$83,010 during the year ended December 31, 2024.

Note E – Risks and Uncertainties

The Plan invests primarily in the Company common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note F – Plan Transfers

Plan participants can elect to diversify balances in accordance with the Plan provisions described in Note A. There were no balances diversified during the year ended December 31, 2024. Participants diversified balances totaling \$42,096 during the year ended December 31, 2023. These assets were transferred, as defined in the Plan document, into the Innotec Employee 401(k) Profit Sharing Plan.

Note G – Party-in-Interest Transactions

All Plan investments are shares of the Company common stock. The Company did not contribute additional shares of Company common stock for the Plan years ended December 31, 2024 and 2023. The investment-related activities qualify as party-in-interest transactions, which are exempt from prohibited transaction rules of ERISA.

Note H – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note I – Tax Status

The Plan obtained its latest determination letter dated July 7, 2014 in which the internal revenue service stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended subsequent to the IRS ruling. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

The Company intends to correct an operational error related to Plan benefit payments using self-correction programs. Plan management and its legal counsel do not believe the Plan's qualified tax status is in jeopardy related to this matter.
