## INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor and Participants  
Pisgah Legal Services 401(k) Retirement Plan

### **Opinion**

We have audited the accompanying financial statements of Pisgah Legal Services 401(k) Retirement Plan, an employee benefit plan subject to the Employment Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Pisgah Legal Services 401(k) Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pisgah Legal Services 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pisgah Legal Services 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pisgah Legal Services 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pisgah Legal Services 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Delinquent Participant Contributions and Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## PISGAH LEGAL SERVICES 401(K) RETIREMENT PLAN

Notes to Financial Statements  
December 31, 2024 and 2023

### Note 1 - Description of Plan

The following description of the Pisgah Legal Services (Organization) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a calendar year, defined contribution Plan covering substantially all employees of the Organization. The Plan was established on January 1, 1999, and most recently restated as of March 1, 2022. Employees are eligible to begin making elective deferrals upon the first day of the quarter following the completion of six months of service. Employees are eligible for employer contributions on the first day of the quarter following the completion of six months of service in which they complete at least 500 hours of service. Each plan year, employer contributions are calculated and funded in arrears for the required minimum service hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Participant Accounts

Each participant's account is credited with the participant's contributions, and Organization's contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses paid by the Plan, and any costs directly attributable to the participant (distribution and loan fees). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Contributions

Participants may contribute up to 100% of their eligible compensation (subject to limits on elective deferrals and annual additions), as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

All employer contributions are discretionary and determined annually by the Organization's management. As of December 31, 2024 and 2023, the discretionary contribution was 6.5% of eligible participant compensation. Contributions are invested in the investment options elected by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and money market funds as investment options for participants. Contributions are subject to certain statutory limitations.

## **Note 1 - Description of Plan (continued)**

### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on a six-year graded schedule. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

### Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest, as determined by Plan management, by reviewing the interest rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through bi-weekly payroll deductions over a period no longer than five years unless the loan is used to acquire a principal residence in which Plan management may permit a longer repayment term.

### Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments for a period not to exceed the life expectancy of the participant or the participant's beneficiary or the joint life expectancies of the participant and the participant's designated beneficiary, or payments from an annuity. For termination of service due to severance, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows in-service distributions upon reaching age 59½ and hardship distributions. As of the Plan restatement date, updates to in-service distributions include single minimum distribution of \$1,000 that can only be made from fully vested accounts. Distributions from a Roth elective deferral account may only be made if the in-service distribution is considered a qualifying distribution.

### Forfeitures

Forfeitures are excess contributions either from employee deferrals or employer contributions. Forfeitures shall be determined at least once during each Plan year. Forfeitures may be disposed of in accordance with plan management direction. Forfeitures are most commonly used to pay administrative expenses or reduce employer contributions. For the year ended December 31, 2024, \$179,891 in forfeitures was used to reduce employer contributions and \$10,197 was used to pay plan expenses. For the year ended December 31, 2023, \$16,115, in forfeitures was used to pay plan expenses.

## **Note 2 - Summary of Significant Accounting Policies**

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses as incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant does not make the required loan repayments and the Plan administrator considers the loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as deemed distributions based on the terms of the Plan document. For the years ended December 31, 2024 and 2023, deemed distributions were \$0 and \$12,172, respectively.

### Payment of Benefits

Benefits are recorded when paid.

## **Note 2 - Summary of Significant Accounting Policies (continued)**

### Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are therefore excluded from these financial statements. Fees for the administration of notes receivable from participants are recorded separately from other administrative expenses and are charged directly to the participant's account. Fees related to recordkeeping and information management are paid by the Plan and allocated among the accounts of all participants, if not paid through redemption of forfeitures. Investment related expenses are included in net appreciation in fair value of investments.

## **Note 3 - Fair Value Measurements and Disclosures**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The Plan applies U.S. GAAP authoritative guidance for fair value measurements and disclosures, which defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The standard describes three levels of inputs to be used to measure fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets and liabilities within the fair value hierarchy are based on the lowest (or least observable) input that is significant to the measurement. The Plan's assessment of the significance of an input requires judgement, which may affect the valuation and classification within the fair value hierarchy.

### **Note 3 - Fair Value Measurements and Disclosures (continued)**

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Money market funds: investments consist of high-quality short-term money market instruments and seek to provide current income while maintaining liquidity at a stable share price of \$1.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

### **Note 4 - Related-Party and Party-in-Interest Transactions**

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the custodian are considered party-in-interest transactions. For the years ended December 31, 2024 and 2023, fees paid by the Plan for investment management services amounted to \$14,963 and \$16,945, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

### **Note 5 - Plan Termination**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan would be allocated to participant accounts and distributed by the Organization in accordance with Plan provisions.

### **Note 6 - Risks and Uncertainties**

The Plan invests in various investment options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 7 - Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits and net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2024 and 2023:

|  | <u>2024</u>         | <u>2023</u>         |

### **Note 8 - Tax Status and Uncertain Tax Positions**

The underlying prototype non-standardized plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Organization has determined that it is eligible and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

### **Note 9 - Subsequent Events**

The Plan administrator has evaluated subsequent events through October 9, 2025, which is the date the financial statements were available to be issued.
