INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of
the Seward & Kissel Retirement Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Seward & Kissel Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Seward & Kissel Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Seward & Kissel Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Seward & Kissel Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Seward & Kissel Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 1 - DESCRIPTION OF THE PLAN

General

The Seward & Kissel Retirement Plan (the “Plan”) is a defined contribution profit-sharing plan formed under Internal Revenue Code Section 401(k) covering all non-legal staff, counsel, and partners of Seward & Kissel LLP (the “Firm”) who have satisfied the eligibility requirements. Effective April 1, 2024, counsel are no longer eligible to participate in the Plan with the exception of “of counsel”. The Plan is administered by a Committee (the “Pension Committee”) appointed by the Firm and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The description of the Plan set forth below reflects the general terms of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Master Trust

Effective January 1, 2008, the Plan became part of the newly formed Seward & Kissel Qualified Retirement Plans Master Trust (“Master Trust”), which includes the commingled assets of the Seward & Kissel Retirement Plan and the Seward & Kissel 401(k) Plan. The year-end of the Master Trust is December 31.

Contributions

Partners and non-legal staff become eligible to join the Plan on a quarterly basis following their commencement of employment or membership with the Firm and attainment of the age of 18.

Upon becoming eligible, a participant may make pre-tax elective contributions. Eligible participants who do not otherwise make an affirmative election regarding elective contributions will be automatically enrolled in the Plan at a pre-tax contribution of 4% of the participant’s eligible compensation. The Plan allows post-tax Roth contributions and allows after-tax contributions of an amount not to exceed \$10,000 annually.

After one year of service, participants who are employed on the last day of the year are entitled to a Firm contribution based on compensation earned.

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

Non-legal staff participants and "of counsel" may make elective contributions to their accounts equal to the amount authorized as compensation reductions through payroll deductions. Partners may make elective contributions to their accounts equal to the amount authorized as a draw or distribution otherwise payable to the partner. Participant contributions are subject to certain limitations.

Beginning with the first elective contribution made by a participant after completion of one year of service, the Firm contributes to each participant for whom an elective contribution is made an amount equal to 50% of each such elective contribution that does not exceed 4% of the participant's compensation, as defined.

Non-matching Firm contributions for participants is a discretionary amount separately determined for the non-legal staff, counsel and the partners. Firm contributions for non-legal staff consist of a discretionary base percentage of compensation (7.5% in 2024 and 2023) and a discretionary additional percentage of compensation (none in 2024 and 2023) that is subject to limitations for a plan year. If the Firm determines an additional percentage, the base percentage for that year must be at least 3%. Firm contributions for of counsel in 2024 and counsel in 2023 consist of a discretionary base percentage of compensation (3% in 2024 and 2023) and a discretionary additional percentage of compensation (6% in 2024 and 2023) that is subject to limitations for a plan year. The discretionary percentage for partners based on compensation is 11.3% in 2024 and 11.1% in 2023.

The Firm contributions for a plan year are allocated to the participant's account in an amount equal to the sum of (1) the base percentage multiplied by the participants' compensation not in excess of the social security base and (2) the additional percentage, if any, multiplied by the participant's compensation above the social security base. The Firm may make an additional Firm contribution to the participants ("Gateway Contribution") in an amount necessary to satisfy the minimum allocation gateway requirement described in the Treasury Regulations. There were no Gateway Contributions for the year ended December 31, 2024. The maximum amount of Firm contributions to of counsel may not exceed \$10,000 in a given plan year.

The Firm may also make an additional special contribution to accounts of non-highly compensated employees to satisfy the average actual deferral percentage limitation in proportion to their respective compensation. There were no special contributions required for the year ended December 31, 2024.

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

For partners, the Firm annually determines the percentage of compensation, as defined, if any, to be contributed by it under the Plan. The contributions are allocated to the partners in an amount equal to the product of the partners' percentage multiplied by the partners' eligible compensation. Eligible compensation for these purposes is limited in accordance with applicable law.

Participants can direct their contributions, Firm and elective, and invest in various funds. Participants may change their contribution allocation between the various funds either by phone or online on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Firm contributions and Plan earnings and charged with an allocation of administrative expenses and investment income. Allocations are based on participant contributions or earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants become vested in Firm contributions (other than matching and special) based on the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	33.3%
2	66.6%
3	100.0%

Participants become fully vested immediately in elective, Firm matching and Firm special contributions. If a participant becomes disabled, attains normal retirement age, or in the event of death, the participant becomes fully vested.

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Loan terms may not exceed five years unless the loan is for the purpose of acquiring a principal residence in which case the term of the loan may not exceed 10 years. No participant may have more than two loans outstanding. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate of interest as determined at the time of the loan application by the Firm. Loans outstanding during the year had interest rates which ranged from 5.25% to 10.50%. Principal and interest are paid ratably through semi-monthly payroll deductions or directly from the borrower and credited to the borrower's account balance.

Payment of Benefits

Depending on a participant's age and account balance or on termination of service, a participant may elect one of a variety of options, among which are a lump-sum amount equal to the value of his or her account, periodic installments over a period not to exceed the life expectancy of the participant or the designated beneficiary, maintenance of the account in the Plan or a rollover into another qualifying account.

Forfeited Accounts

At December 31, 2024 and 2023 forfeited accounts totaled \$61,801 and \$3,718, respectively. These accounts will be used to reduce future Firm contributions. Also, Firm contributions for 2023 received in 2024 were reduced by \$3,600 from forfeited non-vested accounts.

Plan Expenses

The Plan provides that all expenses and charges with respect to the Plan are paid by the Firm unless the Firm elects that all such expenses and charges are paid from Plan assets. The Firm is currently paying all of the expenses of the Plan.

Participants are charged a fixed fee for administration of the Plan, which the Firm has elected to pay for all participants other than terminated participants with balances in excess of \$50,000 and a revised participant revenue credit program allocates a revenue credit to participants who invest in mutual funds for which Fidelity receives revenue. The revenue credit is allocated to the participant quarterly and is reinvested in the fund that generated the credit.

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Transfers

Participant account balances may be transferred to and from the Seward & Kissel 401(k) Plan. Transfers occur as participants change positions within the Firm. Effective April 1, 2024, as counsel are no longer eligible for the Plan (with the exception of “of counsel”), all account balances of counsel were transferred to the Seward & Kissel 401(k) Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the modified cash basis of accounting. Under the modified cash basis of accounting, contributions are recognized when received rather than when receivable as required by accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition (Master Trust)

Investment in the Master Trust is reported at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust, as described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Pension Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of investment securities by the Master Trust are recorded on a trade date basis. Realized gains or losses are calculated based on beginning of the year market value of investments or at the time of purchase during the year. Substantially all of the accounting and other administrative fees charged by the trustee are paid directly by the Firm. Investment transaction fees are paid directly from the Master Trust.

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Master Trust) (Continued)

Investment income (loss) of the Master Trust includes unrealized appreciation (depreciation) (reflected as the difference between the current market value of investments and either the market value of securities held at the beginning of the year, or the cost of securities purchased during the year), realized gains (losses) on the sale of investments and interest and dividends earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded as it is received. Related fees are recorded to the participant's account. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

NOTE 3 - INCOME TAX STATUS

The Plan was amended and restated effective January 1, 2023, and was further amended and restated effective April 1, 2024. The Plan administrator has not requested a determination letter from the Internal Revenue Service ("IRS"). However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when a position is more likely than not, based on technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN'S INTEREST IN MASTER TRUST (UNAUDITED)

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held at December 31, 2024 and 2023, and plan interest in master trust investment income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

The Plan's investments are held in the Master Trust which was established for the investment of assets of the Plan and the Seward & Kissel 401(k) Plan. The Plan's ownership interest in the net assets of the Master Trust does not represent an undivided interest. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income or loss, less actual distributions and allocated administrative expenses. Although assets of both plans are commingled in the Master Trust, the trustee maintains supporting records for the purpose of participation in investment assets and allocating the net gain or loss of the investment account to the participating plans. The net investment gain of the investment assets is allocated by the trustee to each participating plan based on each plan's participation in investment options within the Master Trust.

The following table presents the general types of investments in the Master Trust with the Plan's interest in the Master Trust balance at December 31, 2024 and 2023:

	Master Trust Balances	Plan's Interest in Master Trust Balances
<u>2024</u>

NOTE 4 - PLAN'S INTEREST IN MASTER TRUST (UNAUDITED) (CONTINUED)

The following table presents the changes in net assets for the Master Trust for the year ended December 31, 2024:

Net appreciation in fair value of investments	\$ 51,411,522
Interest and dividends	<u>4,934,836</u>
Net investment income of Master Trust	56,346,358
Net other activity	<u>(4,512,352)</u>

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan also utilizes a practical expedient to estimate the fair value of investments that have calculated net asset value ("NAV") per share. Accordingly, the Plan estimates the fair value of an investment using the NAV of the investment (or its equivalent) without further adjustment unless the Plan determines that the NAV is deemed to be not reflective of fair value.

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. In evaluating the level at which the Plan's investments have been classified, the Plan has assessed factors including, but not limited to price transparency, the ability to redeem at NAV at the year-end and the existence or absence of certain restrictions at year-end.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued based on the NAV of the collective trusts underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. One of the common collective trusts, which is a stable value fund, invests in fixed income securities or bond funds, enters into "wrap" contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds, with the objective of preserving capital and to providing a competitive level of income that is consistent with the preservation of capital.

SEWARD & KISSEL RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS - MODIFIED CASH BASIS

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Custom strategy portfolios: Valued based on the proportional share of NAV of underlying mutual funds held. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is calculated daily and is based on the fair value of the underlying investments held by the portfolio less its liabilities. This practical expedient is not used when it is determined to be probable that the portfolio will sell the investment for an amount different than the reported NAV. The custom strategy portfolios consist of a conservative portfolio, a moderate portfolio and an aggressive portfolio. New Plan participants are auto enrolled in one of these portfolios based on their age and the portfolio objectives vary for each portfolio. The portfolios invest in mutual funds from the mutual fund options available to Plan participants at percentages to meet the portfolio objectives.

The custom strategy portfolios and the common collective trusts have no unfunded commitments, and the portfolios or funds generally provide for daily redemptions by the Plan at reported NAV per share, without any advance notification. The portfolios may, in their sole discretion, impose restrictions on issues and redemptions of units. The Plan administrator does not believe that the occurrence of any such event is probable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2024 and 2023, excluding investments in common collective trusts and custom strategy portfolios. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>2024</u>	<u>Total</u>	<u>Level 1</u>
Mutual funds	<u>\$ 130,987,641</u>	<u>\$ 130,987,641</u>

Total investments at fair value	<u>\$ 268,074,839</u>	<u>\$ 113,767,079</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total net assets in Master Trust presented in Note 4.

NOTE 6 - PLAN TERMINATION

Although it has not expressed an intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Firm determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities through the Master Trust. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).
