INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
George E. DeLallo Co., Inc. Salary-Reduction and Profit-Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of George E. DeLallo Co., Inc. Salary-Reduction and Profit-Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP)
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated June 24, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and

Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GEORGE E. DELALLO CO., INC. SALARY-REDUCTION AND PROFIT-SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the George E. DeLallo Co., Inc. Salary-Reduction and Profit-Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective January 1, 1992 and was amended effective March 3, 2024. Substantially all employees of George DeLallo Company, Inc. and certain affiliates (the "Company") who meet specified service and age requirements are eligible to participate in the Plan.

The Plan is administered by the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting periods. Actual results could differ from these estimates.

Contributions - Eligible employees may contribute between 1% and 85% of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Employee rollover contributions represent contributions from other plans and are not subject to the IRC contribution limits.

The Plan provides for an employer matching contribution of 50% of up to 6% of compensation deferred. The Plan also provides for a discretionary employer profit sharing contribution. No discretionary profit sharing contributions were made for the years ended December 31, 2024 and 2023.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the undistributed realized gains or losses and the unrealized appreciation (depreciation) on these investments, in the statements of changes in net assets available for benefits. Gains and losses on securities sold or redeemed are determined on the basis of specific identification.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of their respective employer's contribution, as applicable. Plan earnings are charged with an allocation of

administrative expenses. Allocations are based on a participant's earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. For Company matching and discretionary contributions, the Plan utilizes a 3-year cliff vesting schedule in which participants have no vesting in these balances until year 3, at which time they are 100% vested.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts may be used to pay for plan expenses or to reduce employer contributions. As of December 31, 2024 and 2023, the available balance in the forfeitures account was \$904 and \$10,880, respectively. During the years ended December 31, 2024 and 2023, there were forfeitures of \$22,252 and \$17,705. Forfeitures used to offset employer contributions for the years ended December 31, 2024 and 2023 were \$33,323 and \$17,705, respectively.

Benefits - Upon termination of service due to death, disability, retirement or other reasons and subject to certain restrictions, a participant or designated beneficiary may elect to receive either a lump-sum amount equal to the vested interest in their account, a rollover to another qualified plan or individual retirement account, or partial withdrawals, subject to applicable tax withholding requirements. Participants who face hardship or attain age 59 1/2 may also be eligible for distributions. All distributions are subject to the provisions of the Plan. After termination, if a participant's vested balance is less than or equal to \$1,000 the vested account may be distributed to the participant in cash. If the terminated participant's vested balance is greater than \$1,000, but does not exceed \$5,000 (or \$7,000, effective April 1, 2024), the vested balance may be transferred to an individual retirement account established in the participant's name.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. Participants may elect to have their accounts invested in the available options by allocating the contributions evenly among the investment options or by designating specific allocations among the options. Participants may change their investment allocations at any time.

Notes Receivable from Participants - The Plan permits participant loans to eligible participants of up to the lesser of 50% of the participant's vested account balance or \$50,000 less the participant's highest outstanding loan amount during the previous year with the minimum available loan being \$1,000. The custodian determines a reasonable interest rate comparable to the rate charged by lending institutions. Loans are generally required to be repaid over a five-year period in equal monthly installments, unless the purpose of the loan is to purchase a principal residence, with interest at a rate equal to the Prime rate plus 1% at loan inception. Participant loans of \$226,039 and \$195,870 were outstanding at December 31, 2024 and 2023, respectively, with interest rates ranging from 4.25% to 9.50%.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds*: Each mutual fund is valued using a quoted price in an active market (Level 1).
- *Pooled Separate Accounts (PSAs)*: Each PSA invests mainly in domestic stocks, which are valued using publicly quoted pricing inputs. The fair values of all of these stocks are used to determine the NAV of each PSA. The NAV is not publicly quoted but is available to current investors. The NAV is the basis for current transactions, and each PSA can be redeemed at NAV as of the measurement date. Therefore, each PSA has a readily determinable fair value (Level 2 input).

There have been no changes to the methodologies used at December 31, 2024 and 2023. These methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Administrative Expenses - Administrative expenses may be paid by the Company or by the Plan, as provided by the Plan document.

Risks and Uncertainties - The Plan assets are comprised of various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of

investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications - Certain amounts previously reported in the 2023 financial statements have been reclassified to conform to the 2024 presentation.

Subsequent Events - The Plan administrator has analyzed subsequent events for recognition and disclosure purposes through October 14, 2025, the date which the financial statements were available to be issued.

2. GUARANTEED INCOME FUND

At December 31, 2024 and 2023, investments include an investment contract, the Empower Guaranteed Income Fund ("Fund"), with Empower Annuity Insurance Company (EAIC). EAIC maintains the contributions to the Fund in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and fees.

The concept of a value other than contract value does not apply to this Fund as, even upon a discontinuance of the contract, the contract value would be paid no later than 90 days from the date the sponsor provides notice to discontinue. As such, the contract, which is considered to be fully benefit-responsive, is measured at contract value and is not subject to the fair value hierarchy.

EAIC is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with EAIC, but may not be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate is established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. The average yield based on actual earnings was approximately 2.08% and 1.93% for the years ended December 31, 2024 and 2023, respectively. The interest rate credited to participant accounts for these investment contracts was 2.08% and 1.93% at December 31, 2024 and 2023, respectively. Contract values were \$8,301,779 and \$8,388,087 at December 31, 2024 and 2023, respectively.

3. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized, pre-approved profit sharing plan from Great-West Trust Company, LLC. The Internal Revenue Service has stated in a letter dated

September 16, 2022 that the plan is acceptable for use by employers under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Management believes that there is no liability related to uncertain tax positions at December 31, 2024 and 2023. The Plan is no longer subject to tax examinations for years prior to 2021.

5. CERTIFIED FINANCIAL INFORMATION

Empower Trust Company, LLC, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.

- The schedule of assets held for investment purposes as of December 31, 2024, as shown on the accompanying schedule.

6. PARTIES-IN-INTEREST TRANSACTIONS AND RELATED PARTIES

Empower Trust Company, LLC, the trustee of the Plan, provides access to certain investments and, therefore, is considered to be a party-in-interest.

Neither the Company nor employees involved in the administration of the Plan receive compensation from the Plan.
