INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Dundee Citrus Growers Association Savings Plan
Dundee, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dundee Citrus Growers Association Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Dundee Citrus Growers Association Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from The Lincoln National Life Insurance Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by The Lincoln National Life Insurance Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dundee Citrus Growers Association Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dundee Citrus Growers Association Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dundee Citrus Growers Association Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dundee Citrus Growers Association Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by The Lincoln National Life Insurance Company agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DUNDEE CITRUS GROWERS ASSOCIATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 - Description of Plan

The following description of the Dundee Citrus Growers Association ("the Association") Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees with 1,000 hours of service within a 12-month computation period who are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An administrative committee oversees governance of the Plan. Lincoln National Life Insurance Company ("Lincoln") serves as the trustee of the Plan and holds the Plan's investments. Participants direct the investment of their accounts into various investment options offered by the Plan.

Contributions - The Association matches 100% of employee contributions up to 3% of compensation plus 50% of employee contributions that exceed 3% but not 5% of compensation. The Association may make an additional contribution (retirement contribution) at its sole discretion which is allocated based on plan compensation to all eligible participants employed by the Association as of the end of the year. Participants may contribute up to 100% of their annual compensation, up to statutory limits. The Association makes contributions to the Plan of the amounts withheld on behalf of participants and the related matching contributions each payroll date. The retirement contribution, if applicable, is made annually.

Participant Accounts - Each participant account is credited with the participant's contributions and withdrawals, as applicable, and allocation of the Association's contributions and Plan earnings and expenses. Plan earnings and most expenses are allocated pro rata within each investment on a daily basis based on the participant's account balance. Annual audit fees paid by the Plan are allocated on a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25% - 9.50% for loans outstanding at December 31, 2024 and 2023. Principal and interest are paid through payroll deductions each pay period, and the loans become due through 2029. The loans are reported at their unpaid principal balances plus any accrued but unpaid interest. At December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Vesting and Forfeitures - Employees are immediately vested in their voluntary contributions, employer matching contributions, and allocated earnings and expenses thereon. The retirement contribution is vested 20% after one year of credited service and an additional 20% is vested for each additional year of service until fully vested after five years. Unvested forfeitures of withdrawn participants may be used to offset subsequent employer contributions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 - Description of Plan - continued

Payment of Benefits - Distributions are available upon death, disability, retirement, termination of employment or financial hardship, subject to certain restrictions and limitations. Distributions are payable in lump sum distributions, partial distributions of a minimum of 25% of the vested account balance, or installment payments. If a participant's vested benefit in the Plan does not exceed \$5,000, the benefit must be distributed in a single lump sum payment as soon as administratively feasible.

Note 2 - Date of Management's Review

In preparing these financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through October 7, 2025, the date the financial statements were available to be

Note 3 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Expenses - Investment-related expenses are included in net appreciation - pooled separate accounts and earnings - guaranteed investment contract. Recordkeeping, trustee, and audit fees are allocated to Plan participants' accounts. Certain administrative expenses directly relating to a participant's account, such as loan processing fees, are specifically allocated and deducted from the specific participant's account.

Payment of Benefits - Benefits are recorded as distributions to participants when paid.

Note 4 - Fair Value Measurements

FASB *Accounting Standards Codification 820, Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
Level 3	Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the asset measured at fair value. There has been no change in the methodology used at December 31, 2024 and 2023.

Pooled Separate Accounts : Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Plan's investment has no restrictions on the net asset value per share or its equivalent. There are no known or anticipated redemptions, no unfunded commitments, and no notice is required to sell the shares/units at any given time.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 - Fair Value Measurements - continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2024				
Pooled separate accounts*	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,778,150</u>
December 31, 2023				
Pooled separate accounts*	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,773,646</u>

*The investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy in accordance with FASB *Accounting Standards Codification 820, Fair Value Measurements*. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5 - Data Certified by Trustee

For 2024 and 2023, substantially all of the Plan's investments were held by Lincoln. The plan administrator has elected the method of compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the plan administrator instructed the independent certified public accountants not to perform any auditing procedures with respect to information certified by the trustee, except for comparing certified information to information included in the financial statements. The following reconciles the certified information to the investment accounts:

	<u>2024</u>	<u>2023</u>

NOTES TO FINANCIAL STATEMENTS

Note 6 - Investment Contract with Insurance Company

For 2024 and 2023, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 3, because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$1,541,207 and \$1,350,631, respectively. The crediting interest rate is discretionary to Lincoln Financial Group and the method used to determine the rate may be changed at any time. Such interest rates are reviewed on a quarterly basis for resetting.

The average gross credited rate for the Guaranteed Account of the Lincoln Director product is as follows:

<u>YEAR</u>	<u>PERCENT</u>
2023	2.54
2024	2.77

Certain events, such as market value adjustments and surrender charges, could limit the ability of the Plan to initiate or complete a transaction at contract value with Lincoln. Furthermore, certain events would allow Lincoln to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (a) contract owner breach of contract, (b) failure of the Plan to meet the requirements of appropriate Internal Revenue Code sections, or (c) failure of the account to grow sufficiently after a reasonable amount of time. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

DUNDEE CITRUS GROWERS ASSOCIATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 7 - Forfeited Accounts

The Plan's forfeited nonvested accounts totaled \$450 and \$5,537 at December 31, 2024 and 2023, respectively. These accounts may be used to reduce future employer contributions. During 2024, \$5,192 of the employer contributions were charged to the forfeited nonvested accounts. During 2023, \$6,178 of the employer contributions were charged to the forfeited nonvested accounts.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 - Related Party/Party-in-Interest Transactions

Plan investments are issued by Lincoln, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to these investments paid by the Plan totaled \$32,708 and \$28,903 for the years ended December 31, 2024 and 2023, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 10 - Income Tax Status

The Plan did not obtain a Plan specific determination letter as it is operating under a volume submitter plan document. The Internal Revenue Service has advised that the volume submitter plan is acceptable under Section 401(a) of the Internal Revenue Code. Therefore, the Plan is exempt from federal income tax under Section 501(a). The Plan has been amended since the advisory letter date. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 12 - Risks and Uncertainties

The Plan provides for various investments in pooled separated accounts and a guaranteed investment contract. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
