INDEPENDENT AUDITOR'S REPORT

October 10, 2025

To the Participants and Plan Administrator of the
Constellation Brands, Inc. 401(k) and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Constellation Brands, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Constellation Brands, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONSTELLATION BRANDS, INC. 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees meeting eligibility requirements. The Plan covers the employees of Constellation Brands, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company sponsors and administers the Plan. Empower Trust Company, LLC (Empower) is the trustee and custodian of the Plan's assets. Empower Retirement is the record keeper of the Plan information.

Transfer of Assets

During the years ended December 31, 2024 and 2023, an eligible class of employees from an affiliated plan related through the common plan sponsor transferred assets totaling \$61,412 and \$455,359 into the Plan, respectively.

Eligibility

Under the provisions of the Plan, substantially all employees of the Company, with the exception of employees covered by a collective bargaining agreement, non-resident aliens, leased employees, independent contractors, and those temporary employees not meeting certain eligibility requirements as defined by the Plan, are eligible for participation in the Plan and to receive matching and non-elective safe harbor basic contributions from the Company on the date of hire or employment status change. Employees become eligible to receive additional discretionary contributions following one year of service and must be employed as of the last day of the Plan sponsor's fiscal year-end unless they achieved 15 years of service. A year of service is defined as the employee's first year of employment or any subsequent plan year in which the employee works at least 1,000 hours.

Contributions

Participants may make voluntary pre-tax contributions in the form of salary reductions up to 75% of their annual compensation, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The Company makes a matching contribution at a rate equal to 50% of participant elective contributions, up to 6% of eligible compensation. The Company also makes a non-elective safe harbor employer basic contribution to the Plan each pay period on behalf of each participant in an amount equal to at least 3% of their eligible compensation for the Plan year. Effective January 1, 2025, the safe harbor matching contribution will increase to at least 5% of compensation.

-

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Additionally, the Company has the ability to make discretionary profit-sharing contributions as determined by its board of directors or the human resources committee of the board. The Company did not make a discretionary contribution for the years ended December 31, 2024 and 2023.

Participants may direct the investment of their contributions and all Company contributions and related earnings/losses thereon into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision for non-contributing eligible employees, unless the employee affirmatively elects not to participate. The automatic deferral percentage is 3% of eligible wages.

The Plan includes an automatic escalation feature unless the employee affirmatively elects otherwise. Participant deferral percentages increase by 1% annually in June until a deferral rate of 10% is reached.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and safe harbor employer basic contributions and allocations of (a) the Company's discretionary profit-sharing contribution and (b) the participant's share of the Plan's income and expenses. Allocations are based on participant earnings and losses on account balances, as defined.

Vesting

Participants are vested immediately in their contributions and the safe harbor employer basic contributions plus actual earnings and losses thereon. Prior to January 1, 2024, participants vest in all other Company contributions ratably over a five-year period. As of January 1, 2024, any new participants vest in all other Company contributions ratably over a three-year period.

Benefits Paid to Participants

Participants generally are eligible to receive distributions of their vested benefits upon retirement, termination of employment, or due to death or disability. Additionally, the Plan provides for in-service withdrawals once a participant has reached the age of 59½, even if still employed. The Plan allows for distributions of any portion of a participant account attributable to rollover contributions. The Plan also provides for minimum distributions once a participant reaches the later of retirement or the applicable age, as defined by the plan document.

Notes Receivable from Participants

Participants generally may borrow up to the lesser of 50% of their vested account balance or \$50,000, subject to provisions of the Plan. The loans are secured by the participant's account and bear interest at the prime rate plus 1% at the date of issuance. Loans must be repaid over a maximum term of 5 years, except for loans issued in connection with the purchase of a primary residence, which generally are payable over 15 years.

Forfeitures

Forfeitures of non-vested employer contribution account balances are used to reduce employer contributions to the Plan and/or offset administrative expenses. Forfeitures, including gains and losses, totaled \$1,222,962 and \$671,982 during 2024 and 2023, respectively. The balance of unallocated forfeited non-vested accounts totaled \$951,299 and \$763,218 at December 31, 2024 and 2023, respectively. Total forfeitures used to reduce employer contributions or pay administrative expenses were \$1,034,881 and \$595,555 for the years ended December 31, 2024 and 2023, respectively. All forfeitures are invested in the Vanguard Retirement Savings Trust II common collective trust fund.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Administrative expenses include, but are not limited to, fees to the fund manager, as well as operating and administrative costs of the Plan and its mutual funds. The Plan charges all participants a share of Empower's cost of services to the Plan such as Plan compliance services, trustee services, and accounting and recordkeeping services. All participants pay Empower directly for these services via a charge to their participant account at a rate of \$49 per Plan participant each year. In addition, certain additional expenses may be incurred by a participant for transaction-specific fees, which are deducted directly from the individual participant receiving the service. The Plan invests in several common collective trusts (CCTs) and mutual funds in the lowest cost share-class available or mutual funds that are not required to pay 12b-1 fees or provide other revenue-sharing forms of payment of administrative expenses. Administrative expenses not paid by the Plan are paid by the plan sponsor.

Hardship Withdrawals

The Plan permits hardship withdrawals for participants who meet specified criteria, as defined by the Plan. Participants that receive a hardship distribution are eligible to continue to make compensation reductions to the Plan and elective or employee contributions to all other such plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases, sales, and interest income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Fair Value Measurements - Definition and Hierarchy

Generally accepted accounting principles provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the fair value hierarchy is provided in Note 4.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the financial statements.

Benefits Paid to Participants

Benefits are recorded when paid.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to use estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

In accordance with Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information was certified as complete and accurate by Empower, the trustee, as of and for the years ended December 31, 2024 and 2023, respectively, and is included in the accompanying financial statements and supplemental schedule:

	<u>2024</u>	<u>2024</u>
Investments, at fair value	<u>\$1,095,243,536</u>	<u>\$ 971,488,635</u>

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 270,672,614	\$ -	\$ -	\$ 270,672,614

Common collective trust funds using NAV as practical expedient ^(a)				<u>796,683,217</u>
				<u>\$1,095,243,536</u>

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 244,804,128	\$ -	\$ -	\$ 244,804,128

	<u>\$ 261,007,267</u>	<u>\$ -</u>	<u>\$ -</u>	261,007,267
Common collective trust funds using NAV as practical expedient ^(a)				<u>710,481,368</u>
				<u>\$ 971,488,635</u>

- (a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: valued at fair value based on quoted market prices.

Self-directed brokerage accounts: valued based on quoted market prices of the equity securities held at year end.

Common collective trust funds: valued at fair value using the net practical expedient (NAV) per share practical expedient based on the value of the underlying investments as reported by the trust company using a market approach. The Plan's CCTs are invested in various growth and income-based investments. The investment strategies of the growth based CCTs are to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends, and interest. The primary objectives of the income-based CCTs are to seek income while preserving principal and provide daily liquidity at fair value for participant withdrawals and transfers. The net asset value of the funds are then calculated each day. There are no restrictions on participant withdrawals or unfunded obligations related to these investments.

The Plan's investment in the Vanguard Retirement Savings Trust II is wholly-invested in the Vanguard Retirement Savings Master Trust (the Master Trust). Certain events limit the Plan's ability to transact at contract value with the Master Trust. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at fair value with Plan participants are probable of occurring.

4. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTY-IN-INTEREST TRANSACTIONS

Empower is the trustee of the Plan and custodian of the Plan's assets. Therefore, transactions between Empower and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

Certain mutual funds and common collective trust funds invest in common stock of the Company. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. TAX STATUS

The Plan obtained its latest determination letter on February 22, 2016, in which the IRS stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested and will be entitled to the entire amount credited to their account.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. However, net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to Form 5500 in total as of and for the years ended December 31, 2024 and 2023.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

October 10, 2025

To the Participants and Plan Administrator of the
Constellation Brands, Inc. 401(k) and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Constellation Brands, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Constellation Brands, Inc. 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter – Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONSTELLATION BRANDS, INC. 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Constellation Brands, Inc. 401(k) and Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees meeting eligibility requirements. The Plan covers the employees of Constellation Brands, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company sponsors and administers the Plan. Empower Trust Company, LLC (Empower) is the trustee and custodian of the Plan's assets. Empower Retirement is the record keeper of the Plan information.

Transfer of Assets

During the years ended December 31, 2024 and 2023, an eligible class of employees from an affiliated plan related through the common plan sponsor transferred assets totaling \$61,412 and \$455,359 into the Plan, respectively.

Eligibility

Under the provisions of the Plan, substantially all employees of the Company, with the exception of employees covered by a collective bargaining agreement, non-resident aliens, leased employees, independent contractors, and those temporary employees not meeting certain eligibility requirements as defined by the Plan, are eligible for participation in the Plan and to receive matching and non-elective safe harbor basic contributions from the Company on the date of hire or employment status change. Employees become eligible to receive additional discretionary contributions following one year of service and must be employed as of the last day of the Plan sponsor's fiscal year-end unless they achieved 15 years of service. A year of service is defined as the employee's first year of employment or any subsequent plan year in which the employee works at least 1,000 hours.

Contributions

Participants may make voluntary pre-tax contributions in the form of salary reductions up to 75% of their annual compensation, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The Company makes a matching contribution at a rate equal to 50% of participant elective contributions, up to 6% of eligible compensation. The Company also makes a non-elective safe harbor employer basic contribution to the Plan each pay period on behalf of each participant in an amount equal to at least 3% of their eligible compensation for the Plan year. Effective January 1, 2025, the safe harbor matching contribution will increase to at least 5% of compensation.

-

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Additionally, the Company has the ability to make discretionary profit-sharing contributions as determined by its board of directors or the human resources committee of the board. The Company did not make a discretionary contribution for the years ended December 31, 2024 and 2023.

Participants may direct the investment of their contributions and all Company contributions and related earnings/losses thereon into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision for non-contributing eligible employees, unless the employee affirmatively elects not to participate. The automatic deferral percentage is 3% of eligible wages.

The Plan includes an automatic escalation feature unless the employee affirmatively elects otherwise. Participant deferral percentages increase by 1% annually in June until a deferral rate of 10% is reached.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching and safe harbor employer basic contributions and allocations of (a) the Company's discretionary profit-sharing contribution and (b) the participant's share of the Plan's income and expenses. Allocations are based on participant earnings and losses on account balances, as defined.

Vesting

Participants are vested immediately in their contributions and the safe harbor employer basic contributions plus actual earnings and losses thereon. Prior to January 1, 2024, participants vest in all other Company contributions ratably over a five-year period. As of January 1, 2024, any new participants vest in all other Company contributions ratably over a three-year period.

Benefits Paid to Participants

Participants generally are eligible to receive distributions of their vested benefits upon retirement, termination of employment, or due to death or disability. Additionally, the Plan provides for in-service withdrawals once a participant has reached the age of 59½, even if still employed. The Plan allows for distributions of any portion of a participant account attributable to rollover contributions. The Plan also provides for minimum distributions once a participant reaches the later of retirement or the applicable age, as defined by the plan document.

Notes Receivable from Participants

Participants generally may borrow up to the lesser of 50% of their vested account balance or \$50,000, subject to provisions of the Plan. The loans are secured by the participant's account and bear interest at the prime rate plus 1% at the date of issuance. Loans must be repaid over a maximum term of 5 years, except for loans issued in connection with the purchase of a primary residence, which generally are payable over 15 years.

Forfeitures

Forfeitures of non-vested employer contribution account balances are used to reduce employer contributions to the Plan and/or offset administrative expenses. Forfeitures, including gains and losses, totaled \$1,222,962 and \$671,982 during 2024 and 2023, respectively. The balance of unallocated forfeited non-vested accounts totaled \$951,299 and \$763,218 at December 31, 2024 and 2023, respectively. Total forfeitures used to reduce employer contributions or pay administrative expenses were \$1,034,881 and \$595,555 for the years ended December 31, 2024 and 2023, respectively. All forfeitures are invested in the Vanguard Retirement Savings Trust II common collective trust fund.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Administrative expenses include, but are not limited to, fees to the fund manager, as well as operating and administrative costs of the Plan and its mutual funds. The Plan charges all participants a share of Empower's cost of services to the Plan such as Plan compliance services, trustee services, and accounting and recordkeeping services. All participants pay Empower directly for these services via a charge to their participant account at a rate of \$49 per Plan participant each year. In addition, certain additional expenses may be incurred by a participant for transaction-specific fees, which are deducted directly from the individual participant receiving the service. The Plan invests in several common collective trusts (CCTs) and mutual funds in the lowest cost share-class available or mutual funds that are not required to pay 12b-1 fees or provide other revenue-sharing forms of payment of administrative expenses. Administrative expenses not paid by the Plan are paid by the plan sponsor.

Hardship Withdrawals

The Plan permits hardship withdrawals for participants who meet specified criteria, as defined by the Plan. Participants that receive a hardship distribution are eligible to continue to make compensation reductions to the Plan and elective or employee contributions to all other such plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases, sales, and interest income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Fair Value Measurements - Definition and Hierarchy

Generally accepted accounting principles provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)

The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the fair value hierarchy is provided in Note 4.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the financial statements.

Benefits Paid to Participants

Benefits are recorded when paid.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to use estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

In accordance with Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information was certified as complete and accurate by Empower, the trustee, as of and for the years ended December 31, 2024 and 2023, respectively, and is included in the accompanying financial statements and supplemental schedule:

	<u>2024</u>	<u>2024</u>
Investments, at fair value	<u>\$1,095,243,536</u>	<u>\$ 971,488,635</u>

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 270,672,614	\$ -	\$ -	\$ 270,672,614

Common collective trust funds using NAV as practical expedient ^(a)				<u>796,683,217</u>
				<u>\$1,095,243,536</u>

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 244,804,128	\$ -	\$ -	\$ 244,804,128
Self-directed brokerage accounts	<u>16,203,139</u>	<u>-</u>	<u>-</u>	<u>16,203,139</u>
	<u>\$ 261,007,267</u>	<u>\$ -</u>	<u>\$ -</u>	261,007,267
Common collective trust funds using NAV as practical expedient ^(a)				<u>710,481,368</u>
				<u>\$ 971,488,635</u>

- (a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: valued at fair value based on quoted market prices.

Self-directed brokerage accounts: valued based on quoted market prices of the equity securities held at year end.

Common collective trust funds: valued at fair value using the net practical expedient (NAV) per share practical expedient based on the value of the underlying investments as reported by the trust company using a market approach. The Plan's CCTs are invested in various growth and income-based investments. The investment strategies of the growth based CCTs are to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends, and interest. The primary objectives of the income-based CCTs are to seek income while preserving principal and provide daily liquidity at fair value for participant withdrawals and transfers. The net asset value of the funds are then calculated each day. There are no restrictions on participant withdrawals or unfunded obligations related to these investments.

The Plan's investment in the Vanguard Retirement Savings Trust II is wholly-invested in the Vanguard Retirement Savings Master Trust (the Master Trust). Certain events limit the Plan's ability to transact at contract value with the Master Trust. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at fair value with Plan participants are probable of occurring.

4. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTY-IN-INTEREST TRANSACTIONS

Empower is the trustee of the Plan and custodian of the Plan's assets. Therefore, transactions between Empower and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

Certain mutual funds and common collective trust funds invest in common stock of the Company. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. TAX STATUS

The Plan obtained its latest determination letter on February 22, 2016, in which the IRS stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested and will be entitled to the entire amount credited to their account.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. However, net assets available for benefits and changes in net assets available for benefits per the financial statements agreed to Form 5500 in total as of and for the years ended December 31, 2024 and 2023.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.
