INDEPENDENT AUDITORS' REPORT

To the Administrator of the
Genesee Education Consultant Services Inc.
403(b) ERISA Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Genesee Education Consultant Services Inc. 403(b) ERISA Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Genesee Education Consultant Services Inc. 403(b) ERISA Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan investment information by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section below —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Genesee Education Consultant Services Inc. 403(b) ERISA Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Genesee Education Consultant Services Inc. 403(b) ERISA Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report above, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Genesee Education Consultant Services Inc. 403(b) ERISA Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Genesee Education Consultant Services Inc. 403(b) ERISA Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that is agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**GENESEE EDUCATION CONSULTANT SERVICES, INC. 403(B) ERISA PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

A) DESCRIPTION OF PLAN

Genesee Education Consultant Services, Inc. 403(b) ERISA Plan (the "Plan") is a defined contribution plan sponsored by Genesee Education Consultant Services, Inc. (the "Company"), a Michigan tax-exempt organization, for the benefit of its employees. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1) General

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan was established effective January 1, 2015 and was amended and restated effective February 21, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2) Plan Administration

Management of the Company has the sole responsibility for appointing and removing the Plan's custodian, recordkeeper, and other service providers. Ascensus Trust Company is the custodian of plan assets. Ascensus, Inc. ("Ascensus") provides recordkeeping and administrative services to the Plan. PlanMember Services Corporation provides plan consulting and regulatory support services. PlanMember Securities Corporation, an affiliate of PlanMember Services Corporation, is the named fiduciary responsible for performing investment fiduciary services including the selection of investment products and management of asset allocation portfolios offered to plan participants.

3) Eligibility

An employee is eligible to enter the Plan and begin elective deferrals and receive employer contributions (other than employer matching contributions) upon hire. An employee is eligible to begin receiving employer matching contributions after completing six consecutive months of eligibility service during which the employee completes at least 500 hours of service. On February 21, 2020, the Plan was amended to remove any service requirement for receiving employer matching contributions. However, all highly compensated employees and employees other than office administrative employees assigned to work at the Company's main office are excluded from receiving employer matching contributions. The effective date of participation for employer matching contributions shall be the first day of the month on or next following the date eligibility requirements are met.

4) Contributions

Participants may defer up to 100% of their annual compensation, as defined in the Plan, on a pre-tax or after-tax Roth basis, not to exceed the limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have at least 15 years of service with a qualifying 501(c)(3) tax-exempt organization are eligible to make special catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may, at its discretion, make matching contributions or contribute additional amounts (i.e., non-elective contributions).

5) Participant Accounts

Each participant's account is credited with the participant's contributions (including any rollover of distributions received from other qualified plans) and allocations of (a) the Company's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Plan earnings are

allocated based on the participant's share of net earnings or losses of the participant's respective elected investment options. Allocations of administrative expenses are based on the participant's respective elected investment options or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6) Investment Options

Participants direct the investment of contributions into various investment options offered by the Plan. As of December 31, 2024, the Plan offers participants thirty-one investment options in mutual funds including eight investment options in PlanMember asset allocation portfolios. Each asset allocation portfolio is comprised of multiple mutual funds, but is "unitized" to appear as a single investment option for the ease of participants.

Participants must contact Ascensus to begin participation in the Plan. Participants may change their level of contribution, change their investment elections for future contributions, and make transfers between investment options at any time by contacting Ascensus. If a participant does not follow the Plan's procedures for making investment elections timely, contributions made on his or her behalf will be invested in the PlanMember Index III asset allocation portfolio.

Certain mutual fund companies have implemented market-timing restrictions designed to protect the long-term investors in the mutual fund. These restrictions limit the number of exchanges an investor may initiate within a given period of time. Prior to July, 2019, certain mutual funds charged a redemption fee. Sales to fund distributions to plan participants and purchases from payroll contributions are not subject to the restrictions.

7) Vesting

Participants are immediately vested in their voluntary contributions (including any rollover of distributions received from other qualified plans) plus actual earnings thereon. For employer matching contributions, employees vest over a 3 year graded schedule (0 yr of service, 0%, 1 yr – 25%, 2 yrs - 50%, 3 yrs – 100%). For other employer elective contributions, employees vest over a six year graded schedule (0-1 yr of service, 0%, 2 yrs – 20%, 3 yrs -40%, 4 yrs – 60%, 5 yrs – 80%, and 6 yrs – 100%).

8) Notes Receivable from Participants

Participants may borrow the lesser of one-half of their vested account balance or \$50,000. Roth 403(b) funds will be included when calculating the loan amount available to the participant but will not be an account that is available for loan distributions. The minimum loan available is \$1,000. Loan terms range from one to five years. Participant loans are secured by the balance in the participant's account and are repaid through payroll deductions. Interest is earned on the participant loans at rates that equal the federal prime rate in effect on the date the loan is Made plus 1.00%. The participant notes receivable balance at December 31, 2024 and 2023 was \$10,700, and \$4,691 respectively.

9) Payment of Plan Benefits

Upon termination of employment due to death, disability, retirement or other reasons, a participant (or beneficiary in the case of death) can request withdrawal of his or her account equal to the value of the vested balance in the participant's account in a lump sum cash distribution. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$1,000. If the vested account balance is greater than \$1,000, a participant, if desired, can leave the account balance in the Plan until the participant attains

age 70 and 1/2. However, the Plan requires that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 and 1/2.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

10) Forfeited Accounts

Forfeiture of a terminated participant's non-vested account occurs as of the earlier of a) the last day of the plan year in which the former participant incurs five consecutive one year breaks in service, or b) the distribution of the entire vested portion of the participant's account. Forfeitures may be used to offset plan expenses or reduce future employer contributions. As of December 31, 2024 and 2023, forfeited non-vested accounts total \$0 and \$0, respectively.

B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and charges therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

3) Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across all participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial instruments.

4) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximate fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. As of December 31, 2024, the outstanding notes receivable was \$10,700. As of December 31, 2023, the outstanding notes receivable was \$4,691.

B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Ascensus and PlanMember Services Corporation. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

6) Payment of Plan Benefits

Plan benefits are recorded when paid.

7) Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain legal and accounting fees and certain administrative expenses relating to the Plan are paid by the Company and will not be reimbursed by the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Under a recordkeeping service agreement between the Company and Ascensus, Ascensus is paid fees for performing recordkeeping and administrative services to the Plan as described below under *Related Party-in-Interest Transactions*. Under a service agreement between the Company and PlanMember Financial Corporation and its affiliates ("PlanMember"), PlanMember is paid fees for performing plan consulting and regulatory support, and investment fiduciary services (including asset allocation portfolio services) as described below under *Related Party-in-Interest Transactions*. Total fees paid by the Plan during the years ended December 31, 2024 to Ascensus and PlanMember amounted to \$22,582 and are included in administrative expenses shown on the statements of changes in net assets available for plan benefits.

Mutual fund operating expenses charged to the Plan for investments in mutual funds are deducted from income or loss on a daily basis and are not separately reflected on the statement of changes in net assets available for benefits. Consequently, such expenses are included in net appreciation (depreciation) of fair value of investments.

8) Subsequent Events

The Plan has evaluated subsequent events through August 13, 2025. the date the financial statements were available to be issued.

C) INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of the following information of the plan as of December 31, 2024 and 2023 and the years then ended.

	2024	2023
Investments at fair value	\$ 3,159,897	\$ 2,248,676
Total investment income/(Loss)	423,839	384,694
Participant Notes Receivable	10,700	4,691

D) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.) or inputs that are derived principally from or corroborated by market data by correlation or other means.
- Level 3 – Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value (there have been no changes in methodologies used at December 31, 2024 and 2023):

- Mutual Funds (Pooled Separate Accounts) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These securities have been classified within Level 1.
- Separately Managed Funds (consisting of mutual funds) – Valued based on the fair value of the underlying investments as reported by the investment manager based upon the daily closing price reported on the active market on which the individual mutual fund securities are traded. These securities have been classified within Level

2 because the funds have been "unitized."

D) FAIR VALUE MEASUREMENTS (CONTINUED)

The following table presents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2024 and 2023:

December 31. 2024	<u>Fair Value</u>	<u>Quoted Prices Level 1</u>	<u>Observable Values Level 2</u>	<u>Significant Unobservable Inputs Level 3</u>
Mutual Funds	\$ <u>3,159,897</u>	\$ <u>2,023,752</u>	\$ <u>1,136,145</u>	\$ <u>-</u>

December 31. 2023	<u>Fair Value</u>	<u>Quoted Prices Level 1</u>	<u>Observable Values Level 2</u>	<u>Significant Unobservable Inputs Level 3</u>
Mutual Funds	\$ <u>2,248,676</u>	\$ <u>1,425,485</u>	\$ <u>823,191</u>	\$ <u>-</u>

There were no transfers of investments between Level 1 and Level 2 and no transfers in or out of Level 3 during the years ended December 31, 2024 and 2023.

E) RELATED PARTY-IN-INTEREST TRANSACTIONS

The Plan does not consider Company contributions to be party-in-interest transactions and the Company provides administrative services to the Plan at no cost to the Plan.

Certain plan investments are invested in asset allocation portfolios consisting of multiple publicly traded mutual funds. The asset allocation portfolios are managed by PlanMember Securities Corporation, a named fiduciary to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

Under a recordkeeping service agreement between the Company and Ascensus, Ascensus is paid fees for performing recordkeeping and administrative services to the Plan as follows: Ascensus charges certain transactional fees which are deducted directly from a participant's account. Ascensus also charges the plan for its recordkeeping/administrative services which will be debited from an Administrative Fee Credit Account ("AFCA"). Ascensus receives indirect compensation from certain Plan investments (such as sub-transfer agency fees, shareholder service fees, or revenue sharing or other similar fees) and float income earned by Ascensus Trust Company – such indirect compensation received will be credited to the AFCA. To the extent the amounts credited to the AFCA exceed the fees submitted for payment from such account, the excess amounts may be allocated to the accounts of participants on a pro-rata basis as directed by the Company. To the extent the recordkeeping/administrative service fees exceed the amount

of the AFCA, the shortage shall be first paid from the Plan's forfeiture account and then billed to the Company for payment. During the years ended December 31, 2024 and 2023, \$0 and \$0, respectively, were as allocated to the accounts of participants and \$ -0- and \$0 respectively, was withdrawn from the Plan's forfeiture account. Total fees paid by the Plan to Ascensus were \$22,582 and \$14,429 during the years ended December 31, 2024 and 2023, respectively.

Under a service agreement between the Company and PlanMember, PlanMember is paid fees for performing plan consulting and regulatory support, and investment fiduciary services (including asset allocation portfolio services) as follows: Fees for all services except asset allocation portfolio services are asset-based and collected from all participant accounts. Fees for asset allocation portfolio services are also asset-based fees but are deducted only from those participants investing in the asset allocation portfolios.

Total fees paid by the Plan to Ascensus and PlanMember are included in administrative expenses shown on the statement of changes in net assets available for plan benefits and qualify as party-in-interest transactions under ERISA regulations that are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

F) AMOUNTS ALLOCATED TO PARTICIPANTS WHO HAVE TERMINATED EMPLOYMENT

Benefit claims that have been processed and approved for payment prior to December 31, 2024, but not yet paid as of that date amounted to \$0.

G) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

H) TAX STATUS AND PLAN AMENDMENTS

The Company is a Michigan not-for-profit corporation that qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code, classified by the IRS as other than a private foundation.

The Plan was established as of January 1, 2015. Effective August 15, 2017, the Plan was restated. As restated, the Plan is an adaptation of Ascensus, Inc. Volume Submitter 403(b) Plan for Section 501(c)(3) tax-exempt organizations. Ascensus has obtained a favorable tax opinion letter for the volume submitter plan dated April 1, 2018.

The Plan was amended effective February 21, 2020 to change the service requirement for matching contributions from six consecutive months of eligibility service during which the employee completes at least 500 hours of service to no service requirements.

The Plan administrator believes that the Plan, as adapted and amended, is currently designed and being operated in compliance with IRC Section 403(b) and therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an

uncertain position that more likely than not would not be sustained upon examination by the federal government. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to income tax examinations for three years including the year ended December 31, 2024.

DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)			
4a			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d			
e Was this plan covered by a fidelity bond?			
4e			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
4f			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
4i			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k			
l Has the plan failed to provide any benefit when due under the plan?			
4l			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n
