DISYS 401(k) PLAN

FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

Independent Auditors' Report

To the Plan Administrator
of **DISYS 401(k) Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the DISYS 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and schedule of delinquent participant contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the DISYS 401(k) Plan (Dexian 401(k) Plan effective as of May 1, 2025) (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Digital Intelligence Systems, LLC (Dexian, LLC effective as of January 1, 2025) (the "Company") for the benefit of its employees who have attained the age of twenty-one and are not excluded by any of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan administration - The plan administrator and plan trustee have the overall responsibility for the operation and management of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust") serves as the custodian and trustee of the Plan, and Principal Life Insurance Company ("Principal Life") serves as the record-keeper of the Plan.

Plan amendments and subsequent events - Effective January 1, 2023, the Signature Consultants 401(k) Plan, a plan sponsored by an affiliate of the Company, was merged into the Plan. There were no significant changes to participant benefits under the Plan as a result of the merger.

Effective January 1, 2024, the MAKE, Inc. 401(k) Profit Sharing Plan, a plan sponsored by an affiliate of the Company, was merged into the Plan. There were no significant changes to participant benefits under the Plan as a result of the merger.

Effective March 3, 2025, Magnetize AI LLC was added as a participating employer to the Plan.

Effective May 1, 2025, the Plan was amended for the following:

- Plan name changed from the DISYS 401(k) Plan to the Dexian 401(k) Plan.
- Plan Sponsor name changed from Digital Intelligence Systems, LLC to Dexian, LLC.
- Age requirement to participate in the Plan changed from the age of twenty-one to eighteen.
- The Company shall make quarterly wage rate contributions based on a formula, as defined in the Plan documents.
- Service requirement for 100% vesting in the Company's contributions changed from 3 years to immediately for employees of Signature Federal Systems, LLC.
- LinTech Global Inc. 401(k) Profit Sharing Plan was merged into the Plan and LinTech Global Inc. became an adopting employer of the Plan.
- A separate deferral election for bonuses is available.

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions - Participants may contribute up to the maximum allowed by the Internal Revenue Code (the "Code") as pre-tax or Roth contributions, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

Under the provisions of the plan document, the Company may make discretionary matching contributions equal to a discretionary percentage, to be determined by the Company's Board of Directors. During the years ended December 31, 2024 and 2023, the Company made discretionary matching contributions of \$2,823,785 and \$3,193,689, respectively. The 2024 and 2023 contribution totals are prior to offsetting forfeitures which are described below. The Company may also make certain discretionary profit sharing contributions. For the years ended December 31, 2024 and 2023, no discretionary profit sharing contributions were made. Contributions are subject to certain Code limitations.

Participant investment account options - The Plan currently offers various pooled separate accounts, registered investment companies, common collective trusts, and a guaranteed interest fund as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. The allocation of administrative expenses is based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after three years of credited service or in the event of death or total permanent disability.

Notes receivable from participants - Participants may borrow from their fund accounts, subject to a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a primary residence.

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits - On termination of service due to death, disability, retirement, other reasons as outlined in the plan document, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), a participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or fixed period or payment installments as specified in the plan document. Participants still employed may receive in-service distributions provided they have reached the age of 59 ½.

Forfeited accounts - Forfeited non-vested accounts may be applied to pay administrative expenses or to reduce Company contributions. At December 31, 2024 and 2023, forfeited accounts totaled approximately \$714,000 and \$329,000, respectively. During the years ended December 31, 2024 and 2023, the Company used approximately \$526,000 and \$203,000, respectively, to reduce Company contributions. During the year ended December 31, 2024, approximately \$38,000 was used to pay Plan expenses.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive guaranteed interest fund which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as capital gain dividends for registered investment companies.

Contributions - Contributions from Plan participants and any contributions from the Company are recorded in the year in which the participant contributions are withheld from compensation.

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the Plan's recordkeeping are charged to the Plan. Costs for the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments:

- Investments at fair value and contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered investment companies: Valued at the daily closing price as reported by the fund. These assets held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded. These funds are required to publish their daily NAV and to transact at that price.

Common collective trusts: Valued at the daily NAV of units of a financial institution collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported daily NAV.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 54,387,126	\$ -	\$ -	\$ 54,387,126
Investments measured at NAV practical expedient (a)				66,099,689
Total investments at fair value				\$ 120,486,815

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 44,489,850	\$ -	\$ -	\$ 44,489,850
Investments measured at NAV practical expedient (a)				58,968,542
Total investments at fair value				\$ 103,458,392

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments measured using the NAV per share practical expedient

The following table summarizes investments for which fair value is based on the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments and the redemption notice period is applicable to the Plan.

Investments	Fair Value 12/31/2024	Fair Value 12/31/2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Fully benefit-responsive investment contract**

The Plan has a fully benefit-responsive investment contract with Principal Life. The investment contract is issued by Principal Life to Principal Trust as the custodian (collectively, "Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.05%.

The crediting rate was 1.55% as of December 31, 2024 and 2023. The crediting interest rate is reviewed on a semi-annual basis for resetting.

Because this investment is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to the guaranteed interest fund. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, participants are generally limited in their ability to transfer their investment in the guaranteed interest fund to other competing investment options available in the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not necessarily limited to, the following: (1) amendments to the plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the Plan's participants are probable of occurring.

(6) **Related party transactions and party-in-interest transactions**

Certain Plan investments are in pooled separate accounts, common collective trusts, and a guaranteed interest fund managed by Principal. Principal is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Related party transactions and party-in-interest transactions (continued)

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan made direct payments to Principal and other service providers totaling approximately \$393,000 and \$326,000 for the years ended December 31, 2024 and 2023, respectively. These direct payments were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations, which were not covered by revenue sharing.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in any Company contributions.

(8) Tax status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of this pre-approved plan document was in compliance with the applicable requirements of the Code. Although the Plan has been amended since adopting the pre-approved plan document, the Plan's management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has identified numerous operational errors made during 2021 through 2024, which relate to employee deferrals, employer contributions, application of Plan terms with respect to deferrals on post-severance compensation, late remittances, and other similar errors. The Company is working closely with its plan recordkeeper to correct such operational errors. Such corrective plan will be in accordance with applicable IRS guidance, which may include a Voluntary Correction Program submission to the IRS.

DISYS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(9) Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024 and 2023, approximately 24% and 22%, respectively, of the Plan's investments were invested in two funds.

(10) Reconciliation of financial statements to Schedule H of Form 5500

Certain investment income line items reported on Schedule H of Form 5500 have been reclassified on the accompanying statements of changes in net assets available for benefits. These reclassifications have no impact on net assets available for benefits at December 31, 2024 and 2023 or changes in net assets available for benefits for the years then ended.

(11) Delinquent participant contributions and subsequent event

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions totaling \$3,326, \$712,793, and \$10,216 were not remitted within the required time period for the years ended December 31, 2024, 2023 and 2022, respectively. In December 2022, January 2023, April 2023, and September 2023, the Company remitted lost earnings as a result of \$9,955 of the 2022 delinquent participant contributions. In November 2023 and December 2024, the Company remitted lost earnings as a result of \$712,793 of the 2023 delinquent participant contributions. In October 2025, the Company remitted lost earnings as a result of \$261 of the 2022 delinquent participant contributions. The Company is in the process of calculating and remitting lost earnings applicable to the remaining \$3,326 of 2024 delinquent contributions.

NOTES TO FINANCIAL STATEMENTS

(12) Transfer in to Plan and merger

As discussed in Note 1, effective January 1, 2023, the Signature Consultants 401(k) Plan merged with the Plan. Accordingly, effective January 1, 2023, participants of the Signature Consultants 401(k) Plan were allowed to begin contributing to the Plan. On January 20, 2023 and July 20, 2023, \$52,787,035 and \$5,726,134, respectively, of the Signature Consultants 401(k) Plan's net assets were transferred to the Plan. These amounts were recorded as transfers in on the 2023 statement of changes in net assets available for benefits.

As discussed in Note 1, effective January 1, 2024, the MAKE, Inc. 401(k) Profit Sharing Plan merged with the Plan. Accordingly, effective January 1, 2024, participants of the MAKE 401(k) Profit Sharing Plan were allowed to begin contributing to the Plan. On January 9, 2024, \$2,206,267 of the MAKE 401(k) Profit Sharing Plan's net assets were transferred to the Plan. These amounts were recorded as transfers in on the 2024 statement of changes in net assets available for benefits.

(13) Excess contributions refundable and subsequent event

The Plan failed limitation and discrimination tests in connection with participant contributions applicable to the years ended December 31, 2024 and 2023. Accordingly, the Plan has recorded excess contributions refundable aggregating to \$288,696 and \$350,590 on the statements of net assets available for benefits as of December 31, 2024 and 2023, respectively. The 2024 and 2023 excess contributions have been refunded by March 7, 2025 and March 12, 2024, respectively.

(14) Subsequent events

The Plan has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued. Other than as disclosed in Notes 1, 11 and 13, no significant matters were identified for disclosure during this evaluation.
