INDEPENDENT AUDITOR'S REPORT

To the Trustees of
P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets (deficit) available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets (deficit) available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

P.T. SERVICES REHABILITATION, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1 – PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General: P.T. Services Rehabilitation, Inc. (the “Company” or “Employer”) established the P.T. Services Rehabilitation, Inc. Employee Stock Ownership Plan (the “Plan”) effective as of January 1, 2011. The Plan operates as a leveraged employee stock ownership plan (“ESOP”) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the “Code”), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is administered by five Trustees consisting of certain employees of the Company as appointed by the Company's Board of Directors.

In 2011, the Plan purchased Company common stock from LAMH Investments, Inc., formerly the sole shareholder of the Company, through borrowings from the Company and issuance of a related promissory note payable to the Company for \$11,000,000 (see Note 5). The Company financed the transaction through outside bank financing and the issuance of notes payable to LAMH Investments, Inc. The Plan holds the common stock in a trust established under the Plan. The Plan’s loan payable to the Company will be repaid over a period of 15 years from fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal and interest, a proportional percentage of stock is allocated to eligible employees’ accounts in accordance with applicable regulations under the Code. Shares vest fully after three years of service.

The Plan’s loan payable to the Company is collateralized by the unallocated shares of common stock. The Company has no rights against shares of common stock once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

1. the accounts of employees with vested rights in allocated common stock (allocated) and
2. common stock not yet allocated to employees (unallocated).

Eligibility: Employees of the Company are generally eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of the Company contributions for such year.

Contributions: The Plan is funded by contributions made by the Employer, either in cash or in shares of Company stock, as determined by the Board in its sole discretion. Employer contributions in cash shall first be used to make interest and/or principal payments required to be made under the terms of the Plan’s loan payable to the Company. Employer contributions in Company stock and any financed shares shall be released to the Company stock accounts of participants. Cash contributions not used for principal or interest payments shall be allocated to the employer contribution account of participants. Employee contributions are not allowed.

Payment of benefits: No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions of a participant's benefits are made in cash. The Company's Code of Regulations does not currently permit participants to elect to have their benefits be distributed in the form of Company stock.

Distributions to participants who terminate employment with balances that do not exceed \$15,000 are made in one lump sum.

Distributions to participants with account balances greater than \$15,000 who terminate employment after age sixty-five, after age sixty with ten years of service, or because of death or disability, are made in five substantially equal annual payments commencing in the Plan year following termination.

If a participant's balance exceeds \$1,380,000, the five-year distribution period is extended one additional year for each \$275,000, or fraction thereof, by which the account balance exceeds \$1,380,000. The foregoing dollar amounts may be adjusted annually to take into account changes in the cost of living, at which point the Internal Revenue Service may increase the dollar amounts.

The Plan requires distributions to commence as soon as administratively practicable after the valuation date immediately following the Plan year in which the participant became entitled to a distribution. Distributions relating to 2023 participant terminations totaled \$353,157 of which \$350,366 were paid in 2024 and \$2,791 were accrued at year end. Additionally, distributions totaling \$7,323 relating to 2023 participant diversification elections were made. Such distributions were paid from employer cash contributions to the Plan. During 2024, the Plan redeemed 57.84 shares of common stock relating to participant distributions, which were reallocated to remaining participants. Eligible distributions for participants terminated prior to December 31, 2024, totaled \$301,320 to be paid in future years.

Administrative expenses: All expenses of maintaining the Plan are paid by the Company.

Voting rights: Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. The Trustees are not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustees are required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Participant accounts: The Plan is a defined contribution plan under which a separate individual account is established for each participant. On the last day of each Plan year each participant's account is credited with an allocation of shares of the Company's common stock released by the Trustees from the unallocated account, forfeitures of terminated participants' nonvested accounts, and the reallocation of vested shares repurchased from the terminated participants. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting: Vesting in the participant's account balance is based on years of service. A participant vests 100% at three years of service with no vesting before that time.

Put option: Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right for the participant to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company is permitted to pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The Company's Code of Regulations does not currently permit participants to elect to have their benefits be distributed in the form of Company stock. If such election is permitted in the future, then the Company will issue a put option that allows participants to sell the Company stock back to the Company.

Diversification: Participants approaching normal retirement age have the opportunity to redirect a portion of the value of their investment in the Company stock into investments which are more diversified. Participants attaining age 55 with 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may transfer the diversification amounts among three investment options or receive a distribution of Company stock or cash, as determined by the plan administrator.

Participant accounts and forfeitures: Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. During 2024, 2.74 shares of stock were forfeited from non-vested participant accounts and were reallocated to the remaining participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Allocations: The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment valuation and income recognition: The shares of the Company common stock are valued at estimated fair value. See Note 4 for discussion of fair value measurements. S Corporation distributions, if any, are credited to the participants' accounts when the cash distribution is paid to the Plan. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Currently, the Plan's only investment is shares of Company stock.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 9, 2025, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Plan investments are carried at fair market value and consist solely of common stock of P.T. Services Rehabilitation, Inc. The fair market value per share of the Company’s common stock, as determined by the trustee based upon an independent appraiser, is \$6,023 and \$6,232 at December 31, 2024 and 2023, respectively.

The Plan’s investment in P.T. Services Rehabilitation, Inc. common stock at December 31, 2024 and 2023 is as follows:

	December 31, 2024		December 31, 2023	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	459.977	40.023	432.043	67.957
Cost	\$ 10,119,494	\$ 880,506	\$ 9,504,946	\$ 1,495,054
Estimated fair value	\$ 2,770,441	\$ 241,056	\$ 2,692,492	\$ 423,508

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Company common stock: The Plan’s investment, which consists solely of Company stock, is classified as Level 3 within the fair value hierarchy. The fair value of the Company common stock is determined by an annual independent appraisal and is therefore classified as Level 3 within the fair value hierarchy. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraisal is based on a combination of the market and income valuation approaches. The appraiser takes into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums. The appraiser prepares a preliminary report that plan management, along with the ESOP Trustees, reviews in detail, discusses, and approves. The results of this process are documented in the minutes of the ESOP Trustees meetings.

The Trustees determine the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third party information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Trustees believe the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions could result in a different fair value measurement at the reporting date.

There were no transfers between levels of the fair value hierarchy during 2024.

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2024.

	Company common stock
Beginning balance – January 1, 2024	\$ 3,116,000
Unrealized depreciation in estimated fair value	(104,503)
Purchases, sales, issuance, and settlements	-
	<u>\$ 3,011,497</u>

The losses included in changes in net assets (deficit) available for benefits for the year ended December 31, 2024, are reported as net unrealized depreciation in estimated fair value of investment.

NOTE 5 – LOAN PAYABLE

In 2011, the Plan entered into an \$11,000,000 fifteen-year term loan with the Company, the proceeds of which were used to purchase Company common stock from LAMH Investments, Inc., the Company’s former sole shareholder. The loan bears interest at 3.86%. The Company financed the transaction through outside bank financing and the issuance of notes payable to LAMH Investments, Inc. Unallocated shares are collateral for the Plan’s loan payable to the Company. The fair value of the loan payable as of December 31, 2024 and 2023 approximates its carrying amount as the interest rate approximates the rate currently available for issuance of debt with similar terms, maturity dates, and nonperformance risk.

The aggregate maturities of the loan payable during the next three years are as follows:

<u>Year ending December 31,</u>	<u>Amount</u>
2025	733,333
2026	<u>366,667</u>
	<u><u>\$ 1,100,000</u></u>

Interest expense on the loan for 2024 totaled \$60,277.

NOTE 6 – ADMINISTRATION OF PLAN ASSETS

The Plan’s assets, which consist principally of P.T. Services Rehabilitation, Inc. common stock, are held in a trust administered by the Trustees of the Plan.

Company contributions received by the Plan are managed by the Trustees, which invest cash, interest, and any distribution income received and make distributions to participants. The Trustees also administer the payment of interest and principal on the loan, which is reimbursed to the trust fund through contributions as determined by the Company.

Certain administrative functions are performed by a third-party administrator and officers or employees of the Company. Officers and employees do not receive compensation from the Plan. Third-party administrative expenses are paid directly by the Company.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

P.T. Services Rehabilitation, Inc. common stock is held by the ESOP. The Company is a party-in-interest to the Plan.

NOTE 8 – PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Trustees will pay all liabilities and expenses of the trust fund and sell shares of the financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

NOTE 9 – TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated August 9, 2017, stating that the Plan is qualified, under Internal Revenue Code (IRC) Section 401(a) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in accordance with the IRC to maintain its qualification. The plan sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan’s qualified status.

Additionally, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan's investment consists solely of Company stock which has varying degrees of risk, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic, or international conflict. Due to the level of risk associated with this investment, it is reasonably possible that changes in the value of the investment will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets (deficit) available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

In 2025, the Company acquired substantially all of the employees and operating assets of Rehabilitative Services, Inc. Due to the acquisition, the Plan was amended in June 2025 to allow the acquired employees to participate in the Plan after meeting certain eligibility requirements.
